***** Mobile app available *****
(for android and iPhones)
Download the app from Google Play or App Store--search for Q ParentConnection. Once installed, enter California in the state field then choose Clovis USD as your district. Within the app, click the login button in the upper right of the screen and use your same PIN/password to login.

Parent Connection gives you the ability to view school news, attendance, schedules, assignments (for classes where Q grade book is used), grades, transcript history, testing information, and cafeteria purchases throughout the school year.
Your Parent Connection account will be available from July 24, 2023 through June 30, 2024.

California Universal Meals Program
The California Universal Meals Program provides free meals to all students regardless of their socio-economic status. However, it's still critical for every family to provide information related to household income. School districts receive additional funding for every student qualifying as living in a low socio-economic household. Every qualifying student generates \$2,200 in State revenues used to enhance the educational experience.
More information on these enhanced services can be found at <https://www.casd.com/UCMS.aspx>. The income related questions are located in the demographics section of the annual information update. Your responses are confidential.

Eligible families may also receive other benefits, including SAT, ACT, and AP test fee waivers, discounted college application fees, and discounted home internet.
