## Positivity Project

This week in Positivity Project we

will begin learning about **Intro Week-Other People Mindset**. This week, our school community will focus on the **Other People Mindset**. People who have a strong "Other People Mindset" are able to build and maintain strong, positive relationships with others by consistently practicing these five Other People Mindset principles:

1. Cheer other people on when they succeed
2. Recognize the good in other people
3. Remain present when giving people your attention
4. Support others when they struggle
5. Understand that everything you say and do affects other people
