

The Impact

Facility Bonds at Our School

The 2024 Measure A facility bond would fund the following projects at Weldon Elementary School:

- MPR Modernization
- Roof Replacement
- Safety Enhancements
- AV Technology Improvements
- LED Lighting Upgrades

Since 2012, Weldon Elementary School has received the following projects funded by two Measure A facility bonds:

- Updated multipurpose room
- Expanded and reconfigured kitchen and staff dining to include storage, equipment and ancillary spaces
- Expanded kindergarten to include workroom and storage
- Replaced ventilation system in a classroom wing
- Replaced ceilings and added energy efficient lighting
- Repaired interior finish work campus wide
- Repaired playfields and irrigation systems and added water-saving time clocks
- Replaced flooring
- Repaired and upgraded main power distribution system
- Implemented efficiency lighting improvements
- Upgraded classroom audio-visual systems
- Upgraded technology network and wireless access
- Added security cameras
- Replaced plumbing fixtures and upgraded restrooms
- Completed Americans with Disabilities Act (ADA) required upgrades

Every school facility in Clovis Unified has benefited from bond projects not once or twice, but many times over. Across the District, bond funds have been used for:

-  Fixing leaking roofs, electrical wiring, fire safety doors and smoke alarms
-  Repairing and upgrading deteriorating science, engineering and math classrooms to provide modern learning spaces at all of our schools
-  Building new schools and adding space at existing schools to reduce overcrowding
-  Building new performing arts and athletic spaces and upgrading others
-  Making needed updates to facilities to provide safe, clean drinking water
-  Improving school safety and security by updating communication systems and security systems
-  Maintaining equitable facilities at schools of all ages through modernization and maintenance projects
-  And many, many other upgrades and repairs

Learn More About Our Facilities Program

Many people don't realize that as of 2024, our community has a lower tax rate on school bonds than it did in 2020, 2010 or even 2000. They also don't know that Clovis Unified residents pay a lower tax rate than people living in neighboring school districts like Fresno, Sanger and Central. Learn more about our facilities program and the use of facility bonds in Clovis Unified at www.cusd.com/Facilities.aspx
