

Need Dental Coverage?

Delta Dental may be just what you're looking for.

5 reasons to enroll

- 1. Save money.** You'll get preventive care, like regular cleanings and exams, at low or no cost. Even basic and major procedures, including braces and dentures, come at a fraction of the price you'd pay out of pocket.
- 2. Prevent future problems.** By getting regular care today, you can avoid costly, extensive dental work tomorrow. Did you know that the price of a small cavity can balloon to over a thousand dollars if left untreated?¹
- 3. Protect your health.** People who have dental coverage are 43% more likely to visit the dentist every year than those who don't.² Taking care of your teeth and gums makes you less likely to develop cavities, lose teeth and worsen other health conditions, like diabetes and heart disease.³
- 4. Get quality care.** Delta Dental has been providing great dental coverage for decades. Our networks feature dentists you can count on for professional, reliable care.
- 5. Enjoy peace of mind.** When you've got dental coverage, you can rest easy, knowing that you're prepared for even the unexpected.
