

NOTIFICATION OF ENROLLMENT OPTIONS FOR 2021-2022 SCHOOL YEAR

Pursuant to Education Code section 51747, parents and guardians of students enrolled in Clovis Unified School District (District) have the option to enroll their child in in-person instruction or independent study for the 2021-2022 school year. Administrative Regulation No. 6158.1 sets forth the provisions governing independent study for the 2021-2022 school year.

Conference

Parents and guardians have the right to request a student-parent-educator conference to ask questions before making the decision about enrollment or disenrollment in the various options for learning. The conference may be conducted by telephone, videoconference, or in-person. If you wish to request a conference for your child, please contact your child's school.

Procedures for Enrolling, Disenrolling, and Reenrolling in Independent Study

To enroll in independent study for the 2021-2022 school year, there must be an agreement in place for each student. The agreement must be signed by the student's parent, legal guardian, or caregiver. For students with exceptional needs, the student's individualized education program (IEP) must specifically provide for independent study before the student can begin participating.

If you wish to have your child return to in-person instruction and disenroll from independent study during the 2021-2022 school year, you may provide notice to your child's school and your child will be returned to in-person instruction no later than five instructional days after the school receives the notice.

You may reenroll your child in independent study at any time during the 2021-2022 school year by contacting your child's school and signing an agreement.

If you are interested in independent study for your child or wish to schedule a conference with staff, please contact your child's school site.

Instructional Time that a Student Will Have Access to as Part of Independent Study

For kindergarten through 3rd grade, students will be provided with opportunities for daily synchronous instruction. For grades 4 through 8, students will be provided with opportunities for both daily live interaction and at least weekly synchronous instruction. For grades 9 through 12, students will be provided opportunities for at least weekly synchronous instruction. Live interaction means interaction between the student and the teacher, aide, or other personnel and may include peers; this interaction may be in person, by internet, or telephone. Synchronous instruction means classroom-style instruction or designated small group or one-on-one instruction delivered in person or by internet or telephone and involving two-way communication between the student and teacher.
