

# Pathway Courses

## Introduction to Digital Photography

In this introduction to photography course, students will learn digital photography techniques. Students will learn camera operation, composition, software editing techniques, art history, and portfolio development.

## Photography I

This course covers the basic skills for successful camera operation, black/white darkroom techniques, and an introduction to digital cameras and computer manipulation of images. Topics will stress the technical and aesthetic fundamentals of quality image-making and the historical development and influence of the medium.

## Journalism & Publishing

Students receive credit for either English 11 or English 12 and demonstrate their skills in the art of writing and publication. All forms of journalistic writing and layout design are practiced. Industry standard software is used by students to demonstrate their ability to gather information independently, organize the information for effective writing, and work to meet deadlines to produce the Buchanan High School yearbook. Off-campus internships are available and students may opt to waive PE for both semesters.

## Publishing Management

Students will demonstrate advanced skills in the art of writing for publication. Newspaper, magazine, and anthology styles of journalistic writing and graphic design will be covered to produce student publications. Students will build on basic design and graphic skills, progressing to an advanced level in preparation for leadership roles within the classroom. Off-campus internships are available and students may opt to waive PE for both semesters.

# Pathway Opportunities

## Professional Internship

Students have the opportunity to work in a community classroom setting at Larson Brothers Photography Studio.

## Technology & Software Skills

Various types of technology and software are utilized including:

- Apple iMac computers
- Digital scanning equipment
- Digital tablets
- Adobe InDesign
- Adobe Photoshop
- Adobe Illustrator

## Scholarship

Advanced students in leadership roles have an opportunity to earn a scholarship to continue their design education in a post-secondary environment.

## Multimedia portfolio

Students create a compilation of their design work that functions as a professional portfolio which can be used to seek employment.

# Career Opportunities
