

# 8th Grade Year

## Get Connected

Take advantage of everything Junior High school has to offer — inside and outside the classroom.

Make this a year to try new things, focus on time management, and develop organizational strategies that will help you to succeed everyday. Be the best you can be in Mind, Body, and Spirit!

**Meet counselor and sign up for Remind** (Text 81010 using code @2022clovis)

**Implement organizational strategies and tools.**

Implementing organizational strategies developed in 7th grade, is key to success throughout 8th grade and in High School. Being organized will help set you up for success throughout your entire 7th-12th grade education. Organization must start now! Use your planner regularly, keep your binder free of clutter and loose papers.

**Learn and check Zangle Student Connect on a regular basis**

Bookmark Student Connect on your phone and log in daily. You have the same ID and password used in 7th grade. If you did not attend school in Clovis Unified last year, see our Registrar in the Front Office for details.

**Plan for High School**

**Did you know?** Your current grades matter! The grades you earn **1st semester** of your 8th grade year, determine your placement in classes for your Freshmen year of High School. **Plan ahead!**

**Visit The Clark website & Attend Lunch or After School Labs**

Go to [clark.cusd.com](http://clark.cusd.com) for class specific resources, calendars, and contact information.

Whether you need help with homework or just want clarification on an assignment our Lunch and After School Labs are the place for you. Teachers are available to help with any subject: Math, English, Science and History.

**See the Lab Schedule for times, locations, and more.**

**Explore Career Cruising and resources available for your future.**

There's no magic formula for choosing a college or deciding on a future career, but exploring your options in Career Cruising is a great place to begin. Career Cruising is a complete college and career planning program that is FREE for all Clark Intermediate students.

**Get Involved**

Make the effort to get involved with clubs, sports, and academic teams that interest you. These activities are fun and make you a well-rounded student.

**Ask questions and explore possible resources for answers.**

When you ask questions and discover answers you feel empowered and learn how to navigate a constantly changing world. Discover answers to your questions today by visiting the Clark website! Can you find the answer you are looking for here? Try it TODAY!
