

IMPROVING LIVES THROUGH EDUCATION

Career Technical Education- Business Program

Top 6 skills employers want...

Employees need to know how to spell, so simple yet so many are lacking this skill. Necessary for charting, filing, accurate data input.

Proper English and phone etiquette, speaking with a friendly demeanor to patrons, staff members and other business partners.

No non-work related internet surfing and stay off personal cell phones unless it is an emergency situation.

Good work ethic, look for something to do when work gets slow; help someone who may be overwhelmed. Willingness to work to get the job done without complaining.

Conflict Resolution: be a team player, an encourager, good listener, ask questions when you don't understand something.

Personal hygiene and appearance: cleanliness, tattoos covered, body piercings minimized, no dirty fingernails or chipped polish, no overpowering perfumes or lotions.
