

## SOCIAL MEDIA POLICY

District social media platforms exist to promote community involvement, to support student learning and staff professional development, and to enhance communication with students, families, staff and community. Users are expected to conduct themselves in a respectful, courteous, and professional manner.

Board Policy No. 1114 sets content guidelines and addresses privacy rights on District social media platforms. The complete policy is available online at <https://boardpolicies.cusd.com/protected/ArticleView.aspx?iid=5GGUP2&dasi=1B>, and in part reads:

“Official District social media platforms may not contain content that is obscene, libelous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, violation of school rules, or substantial disruption of the school’s orderly operation. Staff or students who post prohibited content shall be subject to discipline in accordance with District policies and administrative regulations.”

By submitting photos, video and captions, you are granting CUSD permission to publish them in any manner the district deems appropriate. Your submission means you have obtained consent of all people in your photos or video and have the right to post and use such submission. The district’s social media sites are not intended as a limited public forum or otherwise guarantee an individual’s right to free speech and comments in violation of the district’s policies can be removed.
