THE **POSITIVITY PROJECT**

This weeks Positivity Project strength is **Creativity**. Some acts of creativity include solutions to help

deal with small problems at school or at home. Creativity can help solve small problems at school or home. Today's challenge: Look around at things in your school, like a water bottle, sticky note, backpack or a music stand. Pick one and think of a new way to use it to solve a problem. Share your idea with a teacher or friend.
