

5

THINGS YOU CAN DO TO HELP YOUR CHILD SUCCEED IN SCHOOL

1

TALK TO YOUR CHILD

Having intentional conversations with your child about school and their work is a great way to engage. Ask open-ended questions about how school is going, things they like or areas where they might feel they need help.

2

TALK TO TEACHERS

Clovis Unified teachers are dedicated to making sure your child finds success in the classroom! They are one of the best resources if you are looking for ways to give additional academic support at home. Most teachers are available by phone or email before or after school. Consider setting up scheduled check-ins on a monthly basis.

3

CHECK OUT CLEVER.CUSD.COM

Clever is the web portal where you can access all the resources you need to provide support for your child at home. There you'll find Parent Connect, Google Classroom, online textbooks and more! That's also where you can access Tutor.com where Clovis Unified students get free one-on-one live support in over 250 subjects from 3,000+ expert tutors 24-7.

4

CREATE A HOME STUDY SPACE

Help provide students a time and quiet place to complete homework or read. Read with students at home a book for the whole family or have students read to you each night. Review student planners with children to stay current on assignments and prepare for assessments.

5

TECHNOLOGY HELP

If technology is the barrier in helping with homework, or you just need a password reset, our team is here to help. They offer support for Google Classroom, Zoom, Clever and more. Call 327-9595 to reach the Technology Helpline from 8:00 a.m. - 4:30 p.m. Monday - Friday.

GET INVOLVED AT SCHOOL!

- Attend Back to School Nights
- Go to Open House
