

Welcome to ParentSquare!

This year, Clovis Unified is launching an exciting new way to communicate with parents and for you to communicate with us. ParentSquare is designed to keep parents and guardians informed and encourage greater engagement and connection with your school(s) and the district. It provides a safe way for parents, district administrators, school principals, teachers, and staff:

- Send and receive school and class information
- Share pictures and files
- See calendar items
- Sign up to volunteer
- Schedule parent-teacher conferences
- and much more . . . all in one centralized place!

To learn more about ParentSquare and get started, watch **Parents—Getting Started Video**.

Starting this fall, we will begin moving toward district-wide use of ParentSquare and expect to be fully implemented by Winter Break. You'll still receive communication by text, phone and/or email, and there's a convenient app (available free for iOS and Android devices) that will keep you connected to all your student's classes and activities. Once fully implemented, you won't be asked to download and use multiple different types of apps or other messaging systems to stay up-to-date with everything happening at your child's school.

While you might not see a change immediately as the school year begins we're excited to start this journey together, and encourage you to learn more about ParentSquare at the link above.

Have more questions? Click the question mark in the top right corner of the desktop version or the Help tab on the app (tap the triple bar icon at the top left) to find answers to most of your questions. You can also reach out to your school site for more information or if you have any questions.
