About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

All textbooks used in the core curriculum at Valley View Elementary School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 8, 2020, the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2021-10 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2020-21 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Valley View Elementary School's original facilities were built in 1959; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate nonroutine maintenance requests. Emergency repairs are given the highest priority.

2018-19 Campus Improvements:
- Installation of solar panels in the playground and parking lot
- Installation of new tether ball courts
- Installation of LCD projectors in some classrooms

Planned 2019-20 Campus Improvements:

Every morning before school begins, the day custodian unlocks the school gates and inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Valley View Elementary School. The day custodian is responsible for:
- Cafeteria Cleanup/Setup
- General Maintenance
- Restrooms

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:
- Classrooms
- Restrooms
- Office Areas
- Afternoon/Evening Events Preparations

The principal and secretary communicate with custodial staff daily concerning maintenance and school safety issues. In order to improve the the day to day operations of Valley View School.

We conduct the following:

* Principal and head custodian conduct monthly site inspections.

* Review and analyze the findings of the County site inspection. The principal and the custodial staff meet to identify areas of strength and weaknesses. A plan of action is created to improve the day to day operations of the site. Special projects are planned during non student days.

Community Out Reach

Valley View School works in collaboration with South West Church every year to beautify the school. For the last past two years over 50 volunteers have assisted staff, parents and students with the painting of 30 classrooms throughout the campus. The projected plan is to have the entire school painted within four years.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the following individuals are strategically assigned to designated entrance areas, the breakfast area and playground: the principal, assistant principal, instructional aides, classified staff, noon supervisors, teachers, and crossing guards. During breaks, students are supervised by the principal, assistant principal and yard duty supervisors. Yard supervisors and classified staff monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principal, teachers, crossing guards and classified staff monitor student behavior to ensure a safe and orderly departure. The administration assists with morning, lunch, and afternoon supervision of students.

Valley View Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds. Head Start parents are the only parents allow to walk their children to their classroom. Upon entry Head Start parents must present their pickup and drop up badge in order to have access to the campus.

Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education visit Coachella Valley Unified School District's schools to conduct an inspection designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Valley View Elementary School completed by the county took place on January 22, 2021. Results of the inspection are provided in the table below.

Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The district offers two distinct programs to support professional growth and improve instruction in the classroom. The Beginning Teacher Support and Assessment (BTSA) program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two year period.

The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as "coaches", are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions. September 4, 2019
