2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Bobby Duke Middle School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On September 16, 2021 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2022-06 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2021-22 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

Campus Facilities & Maintenance

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Desert Mirage High School. The day custodian is responsible for:

- Cafeteria Cleanup/Setup
- General Maintenance
- Office Areas
- Restrooms
- Campus Safety
- Special Projects as Assigned

2020-2021 Campus Improvements

- * New school marquee outside of the school has been ordered.
- * Two Murals in Rams Circle have been completed
- * Painting of all fences, gates, and exterior doors to buildings was completed
- * Full preparation of rooms and signage for Hybrid Learning due to COVID is done.
- * Gym floor upgrade

Scoreboards for football, baseball and softball have been ordered.

New lunch area tables have arrived.

2021-22 Planned Campus Improvements

PBIS signs posted throughout the campus

Scoreboards for football, baseball, and softball will be installed.

Safety buzzer for main entrance has been ordered.

School surveillance cameras have been ordered.

Fence for the perimeter of the campus has been ordered.

Wellness Center furniture has been ordered.

Two more murals will be completed.

Portable doors will be painted with positive messages.

Entry gates self closing mechanisms have been ordered.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, Administration and yard duty supervisors are strategically assigned to designated entrance areas, the breakfast area and surrounding areas. Yard duty supervisors monitor lunch time activity in the cafeteria and surrounding areas. Desert Mirage High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds

Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education visit Coachella Valley Unified School District's schools that are in the API Decile Ranks 1-3. The inspection is designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Desert Mirage High School completed by the county took place on December 8, 2021. Results of the inspection are provided in table below.

- * Indicates that corrections/repairs have been completed.
- ** Indicates that the repair is scheduled to be completed by June 7, 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

2020-21 Career Technical Education Programs

Career Technical Education Programs

Desert Mirage High School offers eight pathways (Aviation, Dance, Film, Professionals Theatre, Sports Medicine, Website Development, Green Energy, Architectural Design) across six industry sectors with a total enrollment of 1017 students. All pathways have updated curriculum with key assignments aligned to both CTE and academic standards. A total of 22 courses are offered throughout the eight pathways, 14 of the courses have been approved through the UC/Cal State system and award A-G credit. Of these 14 courses, 8 courses offer A-G academic credit in fine arts. The remaining 8 courses offer A-G elective credit. All student populations are supported through after school tutoring to ensure success in all CTE programs.

Each program is evaluated yearly using the rubric for the eleven elements of high quality CTE, with goals set for each pathway for elements that do not meet high quality. Program data is also collected on total number of students meeting A-G requirements, enrollment and participation in CTSO's, Certifications, suspensions/expulsions, GPA, attendance, and students earning dual enrollment credit. CTE A-G rates are 36%. The school hosts two advisory meetings each year with representatives from each of the industry sectors. Kim McNulty, Director of One Future Coachella Valley is the CTE Advisory Committee Chair. All students and teachers have Nepris accounts. Nepris is a platform that connects industry professions with classrooms virtually.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions	0.00	0.00	0.02	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Safety Plan was developed for Desert Mirage High School in collaboration with the School Safety Committee, local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's 2021-22 safety plan was reviewed, updated, and approved by the SSC on February 2, 2021. It was board approved on April 15, 2021.

Professional Development

All training and curriculum development at Coachella Valley Unified School District revolves around the California State Standards and Frameworks and Common Core State Standards. The district's Educational Services Division works closely with school administrators, teachers, and the superintendent to identify staff training needs based upon review of student performance data results, monthly site leadership collaboration efforts, and principal input.

Staff members refine teaching skills and concepts through participation in conferences and workshops throughout the year. Training activities typically relate to the teacher's area of expertise and covers innovative strategies and techniques to improve

Professional Development

student achievement and the quality of classroom instruction. Teachers may participate in district-sponsored seminars presented by district personnel, outside consultants, and lead teachers.

Staff development takes place throughout the year during our Wednesday staff development time. Teachers also have the option of asking our two site coaches who have an extra prep to offer staff development on an individual basis. Many teachers have also had the opportunity to receive professional staff development outside of the district.

The district offers two distinct programs to support professional growth and improve instruction in the classroom. The Beginning Teacher Support and Assessment (BTSA) program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two year period.

The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as "coaches", are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.
