

**Collinsville School District
Kindergarten Information**

Collinsville School District's mission is to create a school environment where the children are intellectually challenged in ways appropriate to their individual strengths, needs, and experiences. By securing a partnership between parents, staff and students, we will instill an enthusiasm for learning and a respect for self, others, and property. This will be accomplished in a friendly, positive and safe environment that will enhance each child's learning.

Gearing up for Kindergarten Night

This will be an opportunity for you and your child to come to school and meet the teachers and the principal and learn about the importance of preparing your child for the upcoming school year. During the evening, you will receive a summer packet of fun things for you and your child to do together. It is essential that kindergartners feel successful from their first day through the rest of their school years!
