The Federal Reserve Bank of St. Louis' student board of directors program offers high school seniors a dynamic way to learn about our nation's central bank. Participants gain a thorough understanding of the Federal Reserve's role in the U.S. economy, participate in online and in-person learning experiences, and engage with employees from various areas of the Bank. St. Louis area students are selected based on the quality of their essays and letters of recommendation. After successful completion of the year-long program, students may apply for summer internships at the St. Louis Fed.

This program has become highly competitive. Only 18 students will be chosen this year from the St. Louis and Metro East Area High Schools to serve on the board.

If you are interested in applying for the 2019-2020 Student Board, please see Mrs. Fuhrhop in Room 155 no later than Thursday, January 31st.
