Action (Consent): 2.21 Compensation for Additional Work - Teaching Additional Classes

According to Copiague Teachers' Association, contract teachers can volunteer to teach a sixth period and be compensated \$12,500 for a full year course and for classes less than a full year or on an alternating day schedule compensation will be prorated at the equivalent ratio. Teachers must be appropriately certified for the additional assignments.

Due to the creation of the virtual home instruction program, Mr. McCabe would like to recommend the following teacher to receive additional pay through on or about November 20, 2023.

The reason an additional period is being recommended in the area of bilingual Science is because this class is running as a singleton and it requires content specific certification. Therefore, it does not necessitate a full teaching schedule and makes both educational and fiscal sense to fill it with a current faculty willing to teach an additional period.

Superintendent's Report: The Homecoming parade was a washout due to the torrential rain we had. There was a modified pep rally at the high school on Friday. We are talking about still putting together the floats so the kids can enjoy the experience. The Hall of Achievement celebration went very well. All of the inductees were very appreciative. Each inductee spoke about themselves and have very interesting lives. The band show was great. Everyone wore some green to support Farmingdale.
