Nicholas Garguilo

Class of 1978

Nick's fondest memories of Copiague High School include the senior play, senior trip and senior prom. Many of his friendships that began in high school continue today.

Based on his interest in cars at an early age, Nick started his own automotive repair business, Nick's Automotive, which he operated for fifteen years. After passing his shop on to his brother, he became the service manager for a major dealership on Long Island.

Active in the Copiague Youth League, Nick has coached many teams over the years in soccer, baseball and basketball. He held the position of Soccer Commissioner for five seasons and was elected to the position of Vice President. Being involved with the youth of this community has been very rewarding. He is also a third degree member of the Knights of Columbus. Nick has been married for twenty years to Mary and is the proud father of Jason and Stephen.

“Challenges can be stepping stones or stumbling blocks. It’s just a matter of how you view them.”
