Frank Short

Class of 1968

Frank has fond memories of playing Varsity Football and Baseball. As President of the Student Council, he had the honor of walking across the field from what is now the Middle School to the new High School. Symbolically, he was the “first student to enter the new school.” He attended Springfield College majoring in Physical Education, and earned his doctorate at Indiana University. He has been a Professor and Chairperson in the Department of Physical Education and Sports at SUNY, College at Brockport since 1979 where he teaches, coaches, and publishes research on the physical fitness of people with disabilities. Frank enjoys visiting his parents in the Copiague area with his two sons.

“CHS is your launch pad. It can send you anywhere you want to go – take advantage.”
