### Karen Meyer Campbell

Class of 1976

Karen's most vivid memory is traveling with the German Club and folk dancing her way across New York State, New Jersey and Germany to bring home several folk dance championships. Karen attended Muhlenberg College in Pennsylvania. She is proud to say that she knew more about history, grammar and vocabulary than her classmates. After college, she moved to California. She works for a business law firm in Sacramento, CA. She volunteers with the library and the symphony and is a member of the Board of Directors of the Friends of the Library and the Symphony Community Action League. She is married to Glenn Campbell, not the country music star.
