### Anthony C. Cipriani

Class of 1973

Anthony's years at Copiague High School were most memorable. He enjoyed playing Varsity Baseball and being a lab assistant in his Biology class. He hopes no one remembers the small explosion he accidentally caused in Chemistry. Anthony received his BA in Psychology from St. John's University. He has had a successful 25-year career as a sales executive. In his current position as Senior Major Account Executive, he works to facilitate FedEx's business with major Fortune 500 companies. He is a seven-time recipient of FedEx's "Bravo Zulu" award for exemplary sales performance, and continually mentors new employees. He provides community service to the Copiague Youth League. He has volunteered to teach Baptismal classes at Our Lady of the Assumption Catholic Church, and has been a Committee Member in Boy Scout Troop 284. He is an active Copiague Band Parent. A lifelong resident of Copiague, Anthony is married and is the father of two sons. His love of life, community, and family is his motivation that inspired him to escape Ground Zero on September 11, 2011.
