BUDGET OBJECTIVES

The District provides services for more than 4,700 students with various academic, emotional, and social needs. **Over the past several years, student achievement across the District has steadily improved.** It is the belief of the Board of Education that the District must continue to provide a safe and secure environment, maintain responsible class sizes, employ a highly qualified, professional staff, and provide a quality education so that student achievement can continue to improve. The 2008-2009 proposed budget reflects the funding needed to support a challenging curriculum that addresses students' needs and provides a well-rounded educational experience including athletics, music, and extracurricular activities.

The 2008-2009 budget must provide adequate funding to:

WHAT WOULD BE THE **IMPACT OF A CONTINGENCY BUDGET?**

Under a contingency budget, the Board would be forced to reduce the proposed budget by an additional \$759,992. A reduction of this magnitude would have a serious impact on the District's ability to maintain its current academic programs and co-curricular activities.

The Board of Education and administration have carefully examined the District's academic and co-curricular programs, class sizes, and staffing to determine where reductions could be made if the District were forced to operate on a contingency budget for the 2008-2009 school year. In the event the District is forced to adopt a contingency budget, the Board will examine the following areas:

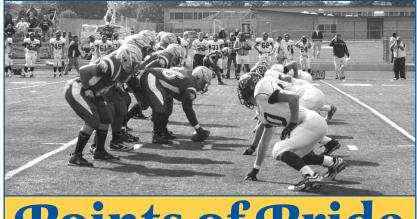

- Class Size
- Summer School Program
- Reduction of High School Electives and **Advance Placement Courses**
- Music Program
- Extracurricular Programs
- Use of Buildings and Fields
- Elimination of Field Trips
- Purchase of Library Books
- Athletic Teams
