## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

The Cucamonga School District is located in the western end of San Bernardino County in the city of Rancho Cucamonga and Ontario. As one of four K-8 elementary districts in the city, the students feed into the Chaffey Joint Union High School District. The district has three elementary schools (K-5) and one middle school (6-8) serving a diverse student population of approximately 2,558. The district's ethnicity is composed of 67.6% Hispanic, 9.4% White, 14.6% African-American, 4% Asian, and the remaining 4.4% students identified as American Indian, Pacific Islanders, Filipino, and other groups.

The Cucamonga School District, with an appreciation for diversity, provides a comprehensive education that promotes academic, emotional and social development, which enables students to be lifelong learners and realize their full potential as contributing members of society.

"In the Cucamonga School District, student achievement is the focus of the District and everyone is motivated to help all students succeed academically, socially, and economically. A partnership between administration, staff, parents, students, and community allows everyone to share the responsibility and to work

together to ensure achievement and success for all students. Our highly qualified staff uses standards, data and research to continuously improve classroom instruction. Student success is enhanced by an environment where tolerance is promoted and everyone is treated with respect and dignity.”

## LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Through work with our stakeholders we have identified six goals to focus on over the next three years.

- GOAL 1 - Reading - CSD will provide a high quality comprehensive English Language Arts program focused on reading. 19 Actions/Services (pp. 45-68)
- GOAL 2 - Basic Services: CSD will ensure teachers have the correct credentials, students have access to the core curriculum, and facilities are excellent. 3 Actions/Services (pp. 69 - 72)
- GOAL 3 - Math: CSD will provide a high quality comprehensive English Language Arts program focused on California Standards. 9 Actions/Service (pp.73 - 82)
- GOAL 4 - Increased Opportunities: CSD will increase intervention, enrichment, electives, clubs and sports for students. 5 Actions/Services (pp. 83 - 90)
- GOAL 5 - Increased Safety: CSD will provide a positive and safe environment for students. 6 Actions/Services (pp. 91 - 97)
- GOAL 6 Parent Engagement: CSD will increase parent involvement and two way communication. 5 Actions/Services (pp. 98 - 103)

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

This year the percentage of students scoring at meeting standards in math and ELA increased. Overall, ELA increased 4% to an overall score of 39%. English Learners improved 8% over the previous year's SBAC ELA Assessment. African American students improved 5% over the previous year score.

Overall on the 2015-2016 SBAC math assessment, scores increased by 5% in the met/exceeded standards category. Hispanic and English Learner students increased by 5% in the met/exceeded standards category.

## GREATEST PROGRESS

The Overdrive online library has been a tremendous resource for our community. Over 38,000 books have been checked out since the beginning of the program.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

In the preliminary (CA School Dashboard) Cucamonga SD had an orange mark in the English Language Progress area overall. The information in the preliminary dashboard did not capture all the reclassifications in the district. We are also adopting a new ELA/ELD materials which should help with the education of our EL population. Our English Language Resource Teachers (ELRT) are also providing staff development to our staff on the new ELD standards.

## **GREATEST NEEDS**

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

The Students with Disabilities population is the subgroup that fits this criteria in both ELA and Math. Professional development on student inclusion, reading strategies and math strategies are on-going to improve the achievement of this subgroup.

**PERFORMANCE GAPS**

**INCREASED OR IMPROVED SERVICES**

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

CSD will continue to provide more intervention and enrichment programs for low-income students, English learners, and foster youth. The change of scheduling at the middle school, inclusion of intervention classes in the school day, has provided more opportunities for students to get the academic help they need.

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

Increase baseline data for 3rd grade students in Informational and literature reading by 10%. (Professional Development Logs and Benchmark Assessments)

In 2015-2016 CSD reclassified 25% of students. Our annual goal is 15%

In 2014 - 2015 CSD had 16.8% of students less than 5 years in EL attain English Proficiency and 56.7% of students students 5 years or more in EL attain English Proficiency. Our goal is to meet the annual target as set by the state and federal government.

#### ACTUAL

Increase baseline data for 3rd grade students in Informational and literature reading by 10%. The professional development growth exceeds the target. Preliminary SBAC scores show growth, but did not meet the 10% target, but made slight growth in scores meeting and exceeding standards. (Professional Development Logs and Benchmark Assessments)

Overall in 2016-2017 on the Preliminary SBAC assessment for 3rd grade, 35% percent of our students met or exceeded standard. That is an increase of 2% of our students met or exceeded standard. On the claim of reading students scored 57% near/at/above grade level. That is an increase of 2% of our students scored near/at/above grade level.

Overall in 2016-2017 ELA Preliminary SBAC Assessment, 40% percent of our students met or exceeded standard. That is a 1% increase in percentage overall over the previous year. On the claim of reading students scored 62% near/at/above grade level. On the claim of reading that is an increase by 2% for students near/at/above grade level.

Overall on the 2016-2017 Illuminate Blue Benchmark 22.4% of students met or exceeded the standards in ELA which is an increase of 9% over 13.4% percent of our students met or exceeded standard in 2015-2016. On the claim of reading, students scored 24.9% in 2016-2017 which is an increase of 8.9% over the score of 16% near/at/above grade level in 2015-2016.

In 2015-2016 CSD reclassified 25% of students. Our annual goal is 15%. In 2014 - 2015 CSD had 16.8% of students less than 5 years in EL attain English Proficiency

and 56.7% of students 5 years or more in EL attain English Proficiency. Our goal is to meet the annual target as set by the state and federal government.

The 2016-2017 professional development logs showed 19 different training opportunities for a variety of grade levels in ELA.

Out of those opportunities 92% of teachers and 59% of classified instructional aides attended the training offered. That is an increase in attendance percentage by 10% for teachers and an increase in attendance by 2% for classified instructional aides.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	There has been a drop on the facilities ratings, which will be worked on in 2017-2018. We contracted an independent elevator to conduct the FIT inspection leading to additional findings that needed to be corrected.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	There was a decrease in the facilities rating in 2016-2017. The decrease in the facilities rating was due to a closer inspection of the facilities. This in turn lead to more rigorous and regular inspection of the facilities.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	There was sufficient materials on hand for all students. Maintenance cost increased due to added custodial positions/ costs.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The board has recognized the need to focus on this area in the future. There will be a shift of LCFF money to retain custodial support to ensure that there is not a drop in the facilities rating.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	The addition of a Math TOA has been fantastic for our district. We see a difference in the instruction in the classrooms. In examination of the data we are finding that math intervention has become a practice that we need to improve on. Math TOA provided math demonstration lessons to staff and parents. Science coaches began training in NGSS for the staff and were trained by RCOE.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	There has been some gain in math achievement scores, but we recognize there is a long way to go. The addition of the Frontrow program at the middle school for intervention should improve achievement for students. Math TOA and coaches were working closely to provide instructional support which yielded an increase in scores in the concepts and procedures claim.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	Salary Costs for Math TOA were higher then estimated but benefits were lower. Science coaches were added to each site to address NGSS needs. No additional costs for the assessment of sixth graders because the services is are already included in Illuminate.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Moving action 3.3 to Goal 6.2 parent engagement. We will be adding more math intervention programs for students that need more assistance. The LCAP stakeholder committee adjusted the goals expected outcomes from 10% to 5% after reviewing achievement score and determining 5% being a more realistic target.

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

Increase opportunities for intervention/enrichment services, maintain or increase student access and participation in electives, clubs and/or sports. (AERIES Attendance Report and Master Schedule)

Cucamonga School District wants to see a decrease in the following:  
 Chronic absentee count in Cucamonga was 185. Cucamonga which is a total of 7.3% of the total district population.  
 Middle School Dropout Rate is .2% for the 2014-2015 school year.

#### ACTUAL

Opportunities for intervention/enrichment services will be increased. (AERIES Attendance Report and Master Schedule). This goal was met for participation, but not chronically absent.

The middle school increased the number of student in enrichment to 98% for a total of 736 students in 2016-2017. That is in an increase in number by 58 students and by 11% overall.

The middle school has 63% of their students in intervention, which is a total of 473 students. This occurred due to the implementation of the 7 period day, which provided more support for students than in the past. The middle school's increased the number of students in intervention by 391 total students.

A total of 488 of our students at the elementary school participated in intervention programs, which represents about 29% of our students at the elementary schools for 2016-2017 That is a decrease in number by 161 students and percentage by 8%.

A total of 766 of our students at the elementary school participated in our after school enrichment programs, which represents about 45% of our students at the elementary schools for 2016-2017. That is an increase in number by 146 students and percentage by 10%.

A total of 236 students or 9.5% of the total student population were chronically absent in 2014-2015. A total of 185 students or 7.3% of the total student population were chronically absent in 2015-2016. That is an increase of 51 students. This is a 2.2% increase overall.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The seven period day at the middle school allowed for a significant increase in the amount of intervention and enrichment available to students in 2016-2017. Robotics classes for middle school students and the Frontrow intervention program for math were examples of the additional options for students at the middle school.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The program was effective in the number of students participating the enrichment programs. The intervention program numbers seem to be mixed, but really reflect a more accurate picture of the needs of the middle school students. More students needed intervention in the past, but were unable to so due to logistic concerns, which were remedied with the seven period day.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The seventh period day had no additional cost due to the rearranging of the master schedule. Additional electives were during the school day instead of after school. Homework support was provided by different schools as needed through different funding sources.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The board has approved the use of a program to improve the attendance of the chronically absent students. This program will increase communication the chronically absent students and their parents to increase attendance in the district. Intervention and enrichment classes were held at the sites. Programs included Theater, Technology, Art, and Music and are included in service 1.3.

Reduce number of UP student referrals, suspensions, and expulsions by 5% over 2015-2016 (AERIES – Suspension and Expulsion Reports)

#### ACTUAL

Reduce number of student referrals, suspensions, and expulsions by 5% over baseline (AERIES – Suspension and Expulsion Reports) This goal was met for student referrals, but not for suspensions and expulsions.

There were 1489 student referrals in 2016-2017. There were 1720 student discipline reports in 2015-2016. That is a decrease of 231 referrals or 13% for the 2016-2017 school year.

The 106 students were suspended increased by 29 students in 2016-2017 over the previous year.

In the 2016 - 2017 school year CSD had 165 suspensions for a total of 336 days. The total number of suspensions increased by 55 incidents and overall by 33%. The number of suspension days increased by 33% or 111 days.

CSD had 2 expulsions in 2016-2017. That is an increase of 1 expulsion.

**ANALYSIS**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We are working on improving the PBIS program. This year there were transitions in leadership and more of an emphasis on implementation assessment. The implementation assessments indicated that we are still in Tier 1 and need to work more on specific aspects of the program, such as the reinforcements aligning with the behavior matrix at the school sites. Students were provided incentives for positive behavior based on the school PBIS matrix.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The PBIS program continues to run in the CSD. Its implementation is getting better incrementally. However, more time needs to be spent in the assessment and support of the program on a regular basis. Teams need to spend more time on data analysis and planning to create a more data driven program.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The PD day in October was focused on the PBIS program. It provided substantial reasoning for the purpose and implementation of the program. Teachers were paid their Per Diem rate to attend the training. Costs for adding an additional psychologist were less than expected. The school psychologist was beneficial in improving student placement and the focusing on the needs of the students.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The PBIS program will be a focus of administrative training in 2017-2018. We will be training in Tier 3 and working more extensively with the district PBIS leadership. In addition, one of the staff development days will be focused on PBIS specifically in the area of increasing social capital and equity for all students. The LCAP stakeholder committee adjusted the goals expected outcomes from 5% to 2% after reviewing achievement score and determining 2% being a more realistic target.

**ANALYSIS**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The presence of Parent Liaisons has greatly improved the bridge between the school and community. They maintain the parent center and provide a multitude of services for our families in the community. One staff member commented, " I didn't know we needed them before, but I don't know what we do without them now." Parent classes were run by the sites for specific needs as articulated by the site parent surveys.

In addition, the administrative staff has worked on a book study on Beyond the Bake Sale and brought in the SBCSS family resource consultants Marcelino Serna and Marissa Lazo-Necco for administrative Professional Development in July 2016.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

We had more involvement in the community than this year. The services provided greater engagement with the community than ever before. The parent involvement numbers are increasing.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are no material differences in this goal.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We are working at developing better two way communication with the parents and the sites. An additional program that will assist in this is the program, LOOP, which will run off our AERIES SIS. The program will be used to text, email, and call parents and staff. Information will be translated automatically in the parent home language and should increase the amount of communication in the community. The LCAP stakeholder parents were thrilled at the prospect of this pilot program. Professional development for this program will be done before and during the beginning of the school year. The LCAP stakeholder committee adjusted the goals expected outcomes from 10% to 5% after reviewing achievement score and determining 5% being a more realistic target.

## INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

LCAP Committee – Stakeholders include parents of unduplicated populations, parents from the base population, school board member, classified, certificated, principals, and administration staff members. A total of 40 people were included in the committee. All unduplicated parent groups were represented at our parent stakeholder night which was lead by principals. RCMS leadership students contributed the feedback process.

LCAP Committee Meeting (LCAP Review of Data/Evaluation of Goals and Services) – September 1, 2016

LCAP Committee Meeting (Continued Evaluation of Goals and Services/ Refine Goals/ Add New Goals and Services) - December 14, 2016

LCAP Community Input and Stakeholder Feedback – Jan - Feb. 2017

Public Board Hearing – June 15, 2017

Final Board Approval – June 22, 2017

LCAP Committee Meetings (Evaluation of Goals and Services) - September 1, 2016 and December 14, 2016

LCAP Committee Meeting (Reviewing, Evaluating, Re-Prioritizing Services) – December 14, 2016 and March 2, 2017

## IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

The steering committee created the draft of the LCAP goals and services from evaluating the data and input of the community.

The steering committee reviewed the LCAP process, plan, and budget. The LCAP committee engaged in large group activities to review specific sections on the plan. The LCAP committee then reviewed its purpose and yearly cycle of improvement.

The LCAP committee evaluated the goals and services through the use of data. Local and state data was used to determine progress towards LCAP goals and services up to that date. The LCAP committee developed new 2017-2020 goals and services.

The community was invited to review, rate, and comment on the draft goals and services via a web based survey utilizing Google Forms. A phone message was made to all the parents inviting them to participate in the survey via a one click web link in both English and Spanish. Consultation was made with the teachers and classified unions which generated specific feedback on the goals and services. Additional consultation was made with ASB students at Rancho Middle School, District Budget Advisory Committee, Administrative Council, District Advisory Committee (Parent Advisory Committee), DELAC, and the Cucamonga School Board.

The district conducted a parent meeting at Rancho Middle School. The district provided dinner and child care to families that attended the event. All schools were represented and translation was provided for Spanish speaking parents. A review of the LCAP process was shared. Parents were then invited to participate in a carousel activity to provide specific feedback on all the draft goals and services for the 2017-2020 draft LCAP. The input was recorded and prepared for the next LCAP meeting to provide feedback for plan modification.

The LCAP committee reviewed current feedback from local stakeholders and modified the 2017-2020 draft LCAP. The feedback was evaluated for major themes that spanned multiple groups to determine priorities from the feedback. The feedback was then used to modify the draft goals and services based off of the most important common themes. The services were then prioritized in the order of importance and greatest impact for the base and unduplicated populations. The meeting concluded with reviewing the next steps in the process, which included the budgeting of the goals and services for the next meeting

The LCAP Committee reviewed and evaluated all of the final feedback from the stakeholder groups. A draft budget to address the prioritized goals and services was presented for input. The final lag data was also reviewed for the annual update.

The draft LCAP was be shared with the DAC/DELAC, by statute, to get their input and comments. The committee shared very positive feedback on the draft LCAP.

The Board was presented the draft LCAP plan for public comment.

The Cucamonga School Board had a second reading of the LCAP plan and approved the LCAP plan.

The LCAP committee reviewed additional lag data. Data included state financial data.

All stakeholder input from the community meetings was recorded, organized under each of the state priorities and district goals, and discussed by the district leadership team. All aspects of the LCAP process have been transparent. While the plan intends to reflect the hours of discussion and capture the ways in which all stakeholders wish to promote academic success for our students, it must be noted that resource restraints; time, financial and personnel, led the prioritization of the actions steps to be taken. The suggestions and actions still remain under consideration as part of the future LCAP review and planning cycle.

### Goal 3

Students will increase their math achievement as evidenced by an increase the number of 6th grade students competent in Math.

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

Increase the number of 6th grade students competent in ELA and Math. In 2012-2013 CSD students 62% of 6th grade students scored at or above the proficient level in CST ELA and 48% of 6th grade students scored at or above the proficient level in CST Math.

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Increase of 5% achievement for all students over 2015-2016 (CAASPP Scores and District Benchmark Assessments)  (Performance on standardized tests)	Increase of 5% achievement for all students over baseline (Preliminary CAASPP Scores and District Benchmark Assessments). This goal was not met for the over all Math on the SBAC.  This goal was not met for math SBAC, but there was growth, a 2% increase on the SBAC of students in the meet or exceed standards. On the claim of concepts and procedures students scored 42% near/at/above grade level. On the claim of concepts and procedures that is an increase by 1% near/at/above grade level. ### Goal 5

Decrease the number of student referrals, suspension, and expulsions.

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

There is a need to decrease the number of discipline incidents on all school campus. In 2012/2013 there were 134 suspensions and 0 expulsions. In 2013/2014 there were 95 suspensions for a total of 161 days and 7 expulsions.

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Reduce number of student referrals, suspensions, and expulsions by 2% over previous school year (AERIES - Suspension and Expulsion Reports)  (Student suspension rates)	Reduce number of student referrals, suspensions, and expulsions by 2% over baseline (AERIES – Suspension and Expulsion Reports) This goal was met for student referrals, but not for suspensions and expulsions.  There were 1489 student referrals in 2016-2017. There were 1720 student discipline reports in 2015-2016. That is a decrease of 231 referrals or 13% for the 2016-2017 school year.  The 106 students were suspended increased by 29 students in 2016-2017 over the previous year.	Reduce number of student referrals, suspensions, and expulsions by 2% over 2016 - 2017 (AERIES - Suspension and Expulsion Reports)	Reduce number of student referrals, suspensions, and expulsions by 2% over 2017 - 2018 (AERIES - Suspension and Expulsion Reports)	Reduce number of student referrals, suspensions, and expulsions by 2% over 2018 - 2019 (AERIES - Suspension and Expulsion Reports)

	In the 2016 - 2017 school year CSD had 165 suspensions for a total of 336 days. The total number of suspensions increased by 55 incidents and overall by 33%. The number of suspension days increased by 33% or 111 days.			
The district will use the CHKS biannually to measure school climate. CSD wants to see an increase in the percentage of students feeling safe at school at the elementary and middle school settings.  (Other Local Measures)	In 2015-2016 82% students felt safe at school.	CSD wants to see an increase in the percentage of students feeling safe at school at the elementary and middle school settings. ## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year  2017–18  2018–19  2019–20

Estimated Supplemental and Concentration Grant Funds: \$4,496,846

Percentage to Increase or Improve Services: 24.64%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Cucamonga School District's LCFF supplemental grant target at full implementation is estimated at \$ 4,907,504. 2016/17 expenditures to support unduplicated pupils were \$4,174,578. The gap between full implementation and the 2016/2017 expenditures is \$732,926. Using the estimated gap funding percentage for 2017/2018 of 43.97% the increase in the estimated supplemental grant funding is \$ 322,268.

Consistent with the requirements of 5 CCR 15496, the actions and services provided in the LCAP year demonstrate increased and improved services for the unduplicated pupils in the following list. This includes, but is not limited to:

- CSD will add additional PD and materials costs to improve math intervention at all levels, which will benefit our unduplicated population. Research found that computer-based interventions increased math skills (Holmes, Brown, & Algozzine, 2006; Ysseldyke, Thrill, Pohl, & Bolt, 2005). Holmes, C. T., Brown, C. L., & Algozzine, B. (2006). Promoting academic success for all students. *Academic Exchange Quarterly*, 10, 141–147. Ysseldyke, J., & Bolt, D. (2007). Effect of technology-enhanced continuous progress monitoring on math achievement. *School Psychology Review*, 36, 453–467
- CSD will pilot a program to increase two way communication between parents and school. PD will be provided for both staff and parents on the use of the program. 78% of parents report that technology makes their lives easier by allowing them to communicate with teachers and monitor student progress, ultimately making parents feel more involved in their child's education (Hill, 2015). Hill, A. (2015, May 15). Exclusive survey: Parents weigh in on the digital classroom. Retrieved from <http://www.marketplace.org/topics/education/learning-curve/exclusive-survey-parents-weigh-digital-classroom>
- CSD will maintain and refresh the number of devices to maintain a 1:1 student device ratio for grades K-8. The technology will be monitored by the Clarity/Bright Bytes program to ensure growth over time in 21st Century skills and teacher development in the SAMR model. Technology is a key driver towards instruction that impacts student learning outcomes, both on standardized assessments and for 21st Century Learning skills. In their recent investigation of 21st Century Learning, National Academies Press found that rote learning does not support the educational transfer necessary to tackle the complex problems demanded by intensified academic standards. Students must be exposed to unfamiliar problems and encouraged to design meaningful solutions. Technology is a tool for such problem solving. A national Walden University study reports that teachers who use technology frequently place the highest emphasis on problem solving. Grunwald Associates LLC based on research by Eduventures, Inc. (June, 2010). *Educators, Technology and 21st Century Skills: Dispelling Five Myths A Study on the Connection Between K–12 Technology Use and 21st Century Skills*. <https://www.waldenu.edu/~media/Files/WAL/full-report-dispelling-five-myths.pdf>
- CSD will maintain new technology support position to support the K-8 1:1 device environment. The number of devices in the district has expanded to the point that additional support is necessary. It is critical that the technology works consistently and reliably for it to be used by staff with students. High quality,

speedy, educative technology support is the catalyst for teachers trying new instructional techniques that employ technology. These environmental factors can overcome the lack of confidence that teachers have with technology, as expressed in a 2012 LEAD Commission National survey, in which 82 percent of teachers feel they have not received the necessary training to use technology to its fullest potential in the classroom. Lead Commission (September, 2013). Paving a Path Forward for Digital Learning in the United States.

- CSD will maintain a Math Teacher on Assignment to assist staff in understanding curriculum, delivering innovative math techniques, and assist in the planning of math intervention programs. University of Maryland researchers who conducted a 3-year study on the effects of math coaching on the state math assessment scores of 24,759 Grade 3-5 students in 36 Virginia schools. "Over a 3-year period, the students in this study who were enrolled in schools with an elementary mathematics coach had significantly higher scores on their state's high-stakes standardized mathematics achievement tests (grades 3-5) than did students in the control schools." Campbell, P. and Malkus, N. (2011) "The Impact of Elementary Mathematics Coaches on Student Achievement," *The Elementary School Journal*, Volume 111, Number 3, pp. 430-454.
- CSD will maintain Science coaches at each site to help staff with the instructional shifts and curriculum changes in NGSS standards. When coaching was added to the staff development, approximately 95% of the teachers implemented the new skills in their classrooms." Knight, J. (2009). *Coaching Approaches and Perspectives*. Lawrence, KS: Corwin.
- CSD will maintain the parent liaison material budget to advertise and support parents engagement at all sites. The parent liaisons are need of materials to support parents in the engagement process. This will help us to draw more parents in and feel welcome on our sites.
- CSD will maintain an additional counselor at the middle school to support students in their academic, social, and attendance areas. Students who have greater access to school counselors and comprehensive school counseling programs are more likely to succeed academically and behaviorally in school; this is particular true for students in high-poverty schools. Missouri Professional School Counselors: Ratios Matter, Especially in High-Poverty Schools Lapan, R. T., Gysbers, N. C., Bragg, S., & Pierce, M. E. (2012). Missouri professional school counselors: Ratios matter, especially in high-poverty schools. *Professional School Counseling*, 16 (2), 108-116.
- CSD will maintain a district psychologist to support students and families in academics, social needs, and attendance concerns. "Psychological science has much to contribute to enhancing teaching and learning in the classroom," said Joan Lucariello, PhD, chair of the Coalition for Psychology in Schools and Education and a contributing author of the report. "Teaching and learning are intricately linked to social and behavioral factors of human development, including cognition, motivation, social interaction and communication." The most important psychological concepts for teachers to apply in classrooms, American Psychological Association (APA). American Psychological Association (APA). (2015, May 6). The most important psychological concepts for teachers to apply in classrooms. ScienceDaily. Retrieved June 7, 2016 from [www.sciencedaily.com/releases/2015/05/150506094917.htm](http://www.sciencedaily.com/releases/2015/05/150506094917.htm)
- CSD will support the new ELA/ELD materials adoption for support the learning of unduplicated pupils. All ELs must have full access to the types of high quality curriculum and instruction called for by the CA CCSS for ELA/Literacy and other SBE adopted content standards in all disciplines (including mathematics, science, history/social studies, and other subjects) as they concurrently progress through the continuum of English language development. English Language Arts/English Language Development Framework, July 2014.
- CSD will allocate materials costs for the new 7th period schedule at the middle school that will allow all students including the EL and SPED subgroups to have interventions and an elective during the school day. David O'Brien from the University of Minnesota, has compelling research on the achievement abilities of adolescents who have disengaged from developing literacy in print, yet excel when given the opportunity to engage in digital media with a project focusing on an area of their own interest, such as a topic in popular culture. The ability to capitalize on choice and interest prove to be a powerful motivator in

engaging the students. O'Brien, D. (2003, March). Juxtaposing traditional and intermedial literacies to redefine the competence of struggling adolescents. *Reading Online*, 6(7).

- CSD will allocate additional reading materials for the libraries to increase student engagement and reading achievement. More popular than any motivational support is affording choices, which is widely supported in the professional literature. O'Brien, D.G. and Dillon, D.R. (2008). *The role of motivation in engaged reading of adolescents*. In K.A. Hinchman H.K. Sheridan-Thomas (Eds.), *Best practices in adolescent literacy instruction* (pp. 78-98). New York: Guilford Press

Additional services may be addressed in the Single School Plans for Student Achievement to address the unique needs of these students.

The total estimated LCFF supplemental minimum proportionality percentage is 24.64% and corresponding expenditures for 2017/2018 is \$4,174,578.

For the 2017/2018 school year, Cucamonga District is expecting to allocate approximately \$4,174,578 to actions and services that directly support low income, foster youth, and English learner pupils. The following will be done to increase services to the Cucamonga School District low income, foster youth, and English learners:

Consistent with the requirements of 5 CCR 15496, the actions and services provided in the LCAP year demonstrate increased and improved services for the unduplicated pupils in the following list. This includes, but is not limited to:

- CSD will improve two way parent communication through a new communication system.
- CSD will provide materials and training to improve math intervention.
- CSD will maintain Grade K-8 1:1 student device environment.
- CSD will maintain a new technology support positions to support the increased numbers of devices.
- CSD will maintain a Math Teacher on Assignment to assist staff in understanding curriculum, delivering innovative math techniques, and assist in the planning of math intervention programs.
- CSD will maintain Science coaches at each site to help staff with the instructional shifts and curriculum changes in NGSS standards.
- CSD will maintain a parent liaison material budget to advertise and support parents engagement at all sites.
- CSD will maintain a counselor at the middle school to support students in their academic, social, and attendance areas.
- CSD will maintain a district psychologist to support students and families in academics, social needs, and attendance concerns.
- CSD will support materials and training costs to adopt new ELA/ELD materials for support the learning of unduplicated pupils.
- CSD will maintain materials costs for the new 7th period schedule at the middle school that will allow all students including the EL and SPED subgroups to have intervention and an elective during the school day.
- CSD will allocate additional reading materials for the libraries to increase student engagement and reading achievement.

Additional services may be addressed in the Single School Plans for Student Achievement to address the unique needs of these students.

# Revised Local Control and Accountability Plan and Annual Update Template Instructions

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

#### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

##### **Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

##### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

#### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

##### **Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

##### **Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

### Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

#### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

#### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

## State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards for English Language Arts
  - b. Mathematics – Common Core State Standards for Mathematics
  - c. English Language Development
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

## APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

Sections 6312 and 6314.

## **APPENDIX B: GUIDING QUESTIONS**

### **Guiding Questions: Annual Review and Analysis**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

### **Guiding Questions: Stakeholder Engagement**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
