2023-2024 School Year Immunization Requirements for Meningococcal Vaccine Students Entering 7th Grade in 2023

June 2023

Dear Parent/Guardian,

All 7th grade students MUST HAVE proof of having been given Meningococcal vaccine (shot) in order to attend school.

New York State law requires parents/ guardians to give the school an immunization (shot) record that shows their child has received, or has appointment(s) to receive the required vaccine(s) (shots) in order to attend school. This record may be from a health care provider, health department, or an official immunization record from the child's former school. The record must include:

1. Name of the vaccine
2. Date vaccine given
3. Who gave it, along with their title; or where it was given if at a clinic

Please contact your health care provider to make sure your child has what they need to attend school this fall. If your child has already received the required vaccination(s), please forward the appropriate information to your child's health office at the contacts listed below.

If you have questions or concerns about immunizations, please contact the school health staff.
