

Delsea Regional School District has partnered with Jefferson Health to assist

students and their families by providing resources to local, federal and non-profit social service programs that aid in alleviating obstacles such as food or housing insecurity, as well as financial or emotional distress. This role serves as a bridge between existing programs to eligible families within the district, enabling community members to receive assistance that is available to them.

If you or anyone you know needs assistance, please contact Sulaiha Bitar, Community Wellness Manager/BSW, at sbitar@delsearegional.us or (856) 694-0100 ext.348
