

PHYSICAL & MENTAL EXAMINATIONS

All teachers initially appointed to probationary positions shall obtain a physical examination. When such examination is made by the school physician, the cost of such examination shall be borne by the District. A teacher, however, may elect to have a health examination at his/her own expense by a physician of his/her own choice.

The Board reserves the right to request a health examination at any time during employment, at School District expense, in order to determine the physical and mental capacity of an employee to perform his/her duties.

Support staff personnel initially appointed to positions may be requested to obtain physical examinations at the expense of the School District. The physical examination is to be obtained from the school physician.

All bus drivers and substitute bus drivers shall have yearly physical examinations. Each bus driver initially employed by the School District shall have a physical examination not more than four (4) weeks prior to the opening of school in September.

Annual or more frequent examinations of any employee may be required, when, in the judgment of the school physician and the Superintendent, such procedure is deemed necessary.

The final acceptance or rejection of a medical report with reference to the health of an employee lies within the discretion of the Board. The decision of the physician designated by the Board as the determining physician shall take precedence over all other medical advice.
