GRADUATION

The Board of Education will determine the graduation requirements of the district in accordance with the Regulations of the Commissioner of Education. The Superintendent of Schools shall develop regulations setting forth the diploma requirements. Such regulations shall be approved by the Board and shall be provided to students and parents each year once a student reaches the eighth grade.

Determining Valedictorian and Salutatorian

A system of weighted grading is used to encourage students to enroll in strong academic coursework. Weighting will determine class rank. Parents and students will be informed of class rank in accordance with the established regulation. Class rank will be used to determine the valedictorian and salutatorian. Transfer students who enter the school after the 11th grade year has begun will not be included in the official rank.

Graduation Exercises

Participation in the graduation exercises will be predicated on satisfactory completion of all graduation requirements or being within one credit of completion (physical education included).

Early Graduation

A student who, for sound educational and vocational reasons wishes to graduate from high school in less time than the ordinary four year sequence may request permission to complete graduation requirements on an altered schedule. Specific regulations and procedures for permitting able students to complete their high school education in less than four years shall be developed by the administration and approved by the Board. A student who graduates early must complete all requirements of the New York State Education Department.
