Parents and Guardians,

Many Ellensburg School District (ESD) families may be aware that Washington Governor Jay Inslee has issued a travel advisory suggesting that anyone who travels outside the State of Washington should self-quarantine for 14 days upon their return. You can read the official travel advisory [here](#).

ESD understands that this could affect many families around the holiday season. If you find yourself in this situation, please contact your child's school so they can keep accurate quarantine records, as well as support your child to stay on track with the distance learning portion of their school program. Keeping students engaged and learning during this time will be very important to help facilitate a smooth return to school after the 14 days.

Finally, please see the quarterly health and safety newsletter [here](#).

Thank you for helping keep our kids and schools safe!

Executive Director of Student Services
