The Rough Rider

A YEARBOOK

PUBLISHED BY THE STUDENT BODY

OF THE

Theodore Roosevelt Junior High School

EUGENE, OREGON
JUNE, 1953

This annual is dedicated to the students and faculty who have had to work and study in an overcrowded school building. To the students who, for the most part, have cooperated to the utmost with the faculty this year, and to the faculty for the fine job they have done.

This book is dedicated to you—————

We of the Annual Staff hope that this yearbook will bring you many pleasant memories of the past school year. We hope the pictures remind you of the happy times at Roosevelt. The will and prophecy are all in fun.

If you enjoy the 1952-53 annual give thanks to the Vocational School for the photographs, and to a small group of students who spent many hours putting the book together.

NINTH GRADE

CLASS RECORD

This has been a particularly eventful year for the ninth grade class of '53. Besides being the first class to go all the way through the new Roosevelt Junior High, it was the largest class to be graduated from the school. Two hundred and twenty-one people received their diplomas at the class graduation. A new subject, Latin, was introduced to the ninth grade this year.

A class record that included all the outstanding people and events of the past year would be much too long to print in this book. Each student should have his own fond memories of the ninth grade activities.

The ninth grade graduation and dance was a fine climax to a very successful year.
