

RIDERS ON THE GO

The Girls' League is going to be very busy this year. Among the many projects it sponsors are the Heart Hop dance on Valentine's Day and the Mothers' Tea. The first league project will be a welcoming assembly given October 17.

The advisors are Mrs. Sifdol, seventh grade; Mrs. Pitman, eighth grade; and our new advisor for the ninth grade, Mrs. Lowry.

NINTH GRADE SCHEDULES FIRST PARTY

The first ninth grade party of this year will be held a week from next Friday. This party will be sponsored by the faculty advisors to the ninth grade in as much as the new officers will not have been able to arrange a party that soon. The theme of the party will be developed around the idea of the class elections.

JEFFERSON PUBLISHES FIRST PAPER

We received a copy of Jefferson Junior High School's first paper. We were looking through it and thought you might like to know that they have a very interesting little paper. With such a good beginning we look forward to great things in the future. The Rough Rider staff sends its congratulations to the Jeff staff.

Around the world in 380 days! That's what Lydia Wengert and her family did. On the 9th of June, 1956, Lydia and her family set sail for the Philippine Islands by way of Japan. While in the Philippines, they lived in Manila where Lydia attended Filipino Girls' University for girls ages 14-18 so that she could better understand the Filipino people.

On the 20th of June the Wengerts boarded a plane for Thailand; Vietnam, Hong Kong, India, Turkey, Greece, and Italy. In Frankfurt, Germany, they rented a car and made a circle around Europe visiting Holland; Paris, France; Switzerland, and then back to Frankfurt. Here they again boarded a plane for Scandinavia, the countries Lydia described as "clean and awfully orderly". They visited Copenhagen, Denmark; Oslo, Norway; and Stockholm, Sweden. In Sweden they boarded a plane for London, England; Belgium, Scotland, and Holland. The trip to New York City was also by plane.

While in the east they visited with friends and relatives. Then they went to Michigan where they got a new car, and then they drove home. They arrived just four days after school started.

CLASSES TO ELECT OFFICERS

I am sure many have seen petitions circulating about the school in the past week. Why? Because these people are seeking a class office. When the required number of signatures was obtained, the petition was handed in to the office. The teachers have given their approval for these students to run for class offices. Each candidate will give a campaign speech at the election assemblies this Wednesday.

The elections will be held Wednesday, October 16, and the results will be announced that afternoon after the elections.

Each grade will elect a president, vice-president and secretary-treasurer. The duties of these officers are as follows:

The president presides over all meetings and assemblies and serves as all grade committees.

The vice-president takes over when the president is absent and is in charge of the arrangements for assemblies and committee work.

The secretary-treasurer takes the minutes, keeps the books of the grade, keeping accurate records of all transactions of the grade activities.

EDITORS APPOINTED

The Rough Rider staff is happy to announce that two very capable co-editors have recently been appointed. They are Gretchen Roecker and Mike McCracken. Gretchen, as most people probably know, takes a very active part in school activities and is Girls' League president this year. Mike also is kept busy with various committees. So you can see, with this experience, we should have an excellent paper this year.

ELECTION ASSEMBLIES

This Wednesday there will be a campaign assembly for each grade. Elected will be the class officer for seventh, eighth, and ninth grades. There are the offices of president, vice-president, and secretary-treasurer. At this assembly the candidates will give their campaign speeches and ask for your votes.

RUTHVEN MEMORIAL

Students at Roosevelt lost a good friend and fellow student at the death of David Ruthven shortly before school started this year.

ACTIVITIES CALENDAR

The faculty and Executive Council have made an earnest effort to draw up a complete activities calendar for you. We suggest that you place this calendar in your notebook to help you keep up with what's going on at Roosevelt.

The Editor rides

Very soon now we will have to decide upon our class officers. These officers are important as they will plan and carry out all our class activities. The persons elected to these offices must be capable of assuming responsibilities.

The president of the class must be able to conduct meetings in a proper and orderly fashion and see that all the orders of business are carried out.

The vice-president must be one who is capable of taking charge of class social activities and conducting class meetings in case the president is absent.

It is the duty of the secretary-treasurer to keep the minutes of the class meetings and assemblies. Therefore she must be both neat and efficient.

The decisions are your to make. You must judge each person by his abilities and willingness to carry out the duties of his office and not choose him by his popularity. Be sure to vote but vote carefully. A class officer's job is a hard one and you must elect a person with the stick-to-it-iveness for the job.

Mr. Ackerman says-

As another year of school begins, students are looking forward to the new experiences awaiting them in the coming months. We, as teachers and administrators, must do the same thing in order to provide you with the best type of instruction possible; and to give you a program which will broaden your learning experiences and fulfill your needs for extra curricular activities.

We feel that our program does provide an opportunity for all students to profit from its operation, and that you will all be better citizens as a result.

Activities are provided for students desiring to participate. Class parties are planned for various times during the school year. Student government, in each of the three grades, is under a separate group of officers; and the Student Council is under the general control of student body officers.

Many opportunities are provided as outlets for many of the talents of our students. An athletic program, school wide; is open to boys and girls alike. Many committees function during the year, drawing students for service on them. Clubs and hobbies are encouraged as often as a sponsor can be obtained.

We look forward to an excellent year, and it is a pleasure to welcome you back to Roosevelt.

Mr. Ackerman,
Your vice-principal.
