Afternoon Exit

For three years we have been experimenting; now we think that most of the students like and participate in the new way our school is run. This school, unlike others, has no marking system; the students have the choice of scheduling and have the power and the responsibility to vote with the Faculty at meetings.

## Odds & Ends

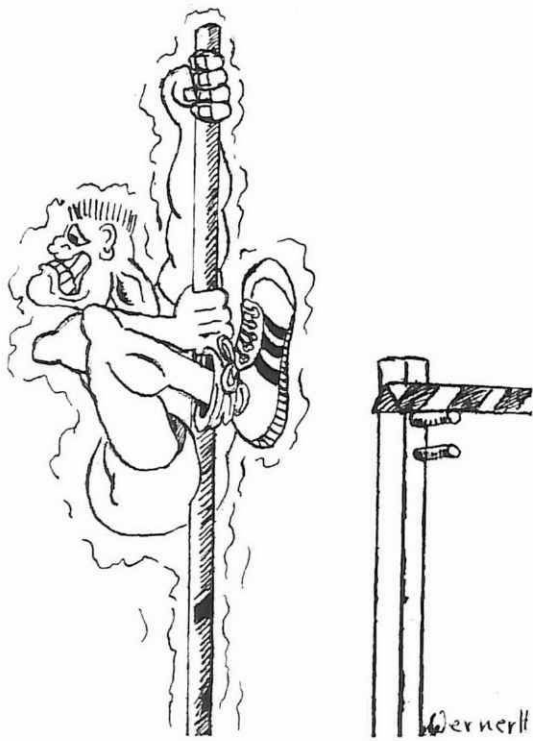

Last year's production of "Tommy" was a smash-hit. The two showings brought crowds of fantastic size. The cast was made up of about 40 kids. This included members of the choir, and the drama club.

# T h e a t e r

The score is 2-2, full count, ninth inning, bases loaded, last throw of the game.

'70-'71 Intramurals champs.

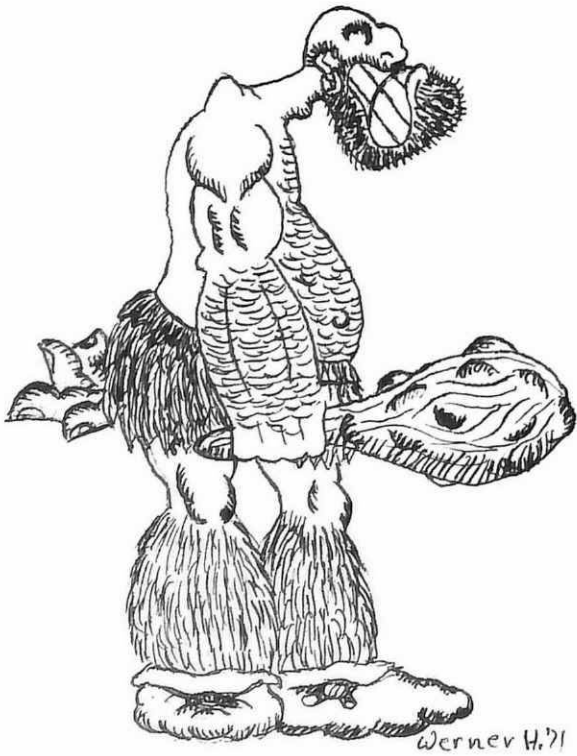

## Gymnastics

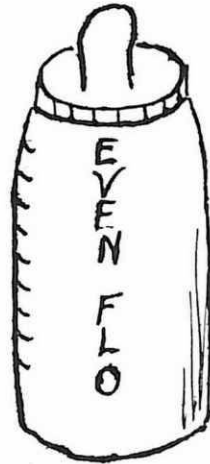

In the past couple of years, gymnastics has become increasingly popular. In the above pictures, we see Tana Vik and Katie Gontrum displaying their talents on the balance beam.

THE GREAT MR. LAFERTY TA...DA...

Been at it again!

A black and white photograph of a long, brightly lit school hallway. The perspective is from one end of the hallway looking down its length. The floor is highly reflective, creating a bright, glowing path down the center. On the left side, there are several doorways leading to classrooms. On the right side, there are lockers. In the distance, a person is walking away from the camera towards a set of double doors at the end of the hallway. The ceiling has several circular recessed lights that create a series of bright spots along the top of the hallway.

# GRADUATION SONG ... class of 1954

All We who leave  
dear Roose-velt this grad-u-a-tion

day, Now pause to take one back-ward glance  
at the years now

pass'd a-way, We'll miss the friends  
that we now leave be-
