

The following are the bid results for the *New Wheelchair Lifts - 2014* project.

| bidder                          | surety bond | non-collusion | non-discrimination | addendum #1 | first tier subs | base bid A | base bid B | base bid total |
|---------------------------------|-------------|---------------|--------------------|-------------|-----------------|------------|------------|----------------|
| Paddock Construction            |             |               |                    |             |                 |            |            | non responsive |
| McKenzie Commercial Contractors | yes         | yes           | yes                | yes         | yes             | \$83,345   | \$31,612   | \$114,957      |
| 2G Construction                 | yes         | yes           | yes                | yes         | yes             | \$116,000  | \$47,000   | \$163,000      |
| Lee Construction                |             |               |                    |             |                 |            |            | non responsive |
| Preferred Construction          | yes         | yes           | yes                | yes         | yes             | \$118,000  | \$45,000   | \$163,000      |
|                                 |             |               |                    |             |                 |            |            |                |
|                                 |             |               |                    |             |                 |            |            |                |

The Base Bid A was for the work at Edison Elementary School and Base Bid B was for work at Spencer Butte Middle School. The cost separation was for cost accounting purposes only, the intent was to award the contract based on the Base Bid Total.

All Paper work submitted by McKenzie Commercial Contractors at bid time appeared to be in order. I recommend award of the Base Bid Total in the amount of \$114,957 to be awarded to McKenzie Commercial Contractors.

Thank you,
