

## FROM THE PRINCIPAL

Dear Parents and Community Members,

Churchill High School strives to prepare every student to succeed in college and careers. We provide rigorous core courses and a diverse array of Career and Technical Education Pathways, a growing STEM program, robust electives program and extracurricular activities. Many students get a head start on college through AP, IB, and College Now courses.

Our students perform well compared with similar Oregon schools. Yet we have more work to do to help all students succeed.

Our efforts include:

- We are working to implement the Common Core State Standards, which are rigorous and relevant and will better prepare students for college and careers.
- The trimester schedule is being used strategically to provide opportunities for students to advance, to get extra time for learning, or to recover credit.

- The AVID college readiness program is used to increase student learning and performance.
- New and updated instructional technology is enhancing teaching and learning practices.

You can help your student by staying in touch with the school; monitoring homework, grades and progress toward graduation; and talking about how important school is for your student's future. We look forward to partnering with you to help your student have a successful year.

Thank you,

Principal | B J Blake

## OVERALL STATE RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. High schools are also rated on the overall graduation rate for the school and the graduation rates of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

**Compared to all schools statewide in 2013-14, this school is rated as Level 4.**

- Level 1** = Falls into the bottom 5% of schools
- Level 2** = Falls between 5% and 15% of schools
- Level 3** = Falls between 15% and 44% of schools
- Level 4** = Falls between 44% and 90% of schools
- Level 5** = Falls into the top 10% of schools

**Compared to high schools with similar student demographics in 2013-14, this school's rating is above average.**

- Below average** = Falls into the bottom third of comparison schools
- About average** = Falls into the middle third of comparison schools
- Above average** = Falls into the top third of comparison schools
