

FROM THE PRINCIPAL

Dear Parents and Community Members,

Eugene Education Options strives to prepare every student to succeed in college and careers. Our centerpiece program, Early College & Career Options (ECCO) High School, is located at Lane Community College.

Instruction is largely individualized. Students are encouraged to take responsibility for their own learning and discipline.

Our program offers:

- Small classes and opportunities to accelerate earning credit
- Opportunities for independent study and nontraditional methods for completing graduation requirements

- School-to-work and school-to-college transition programs that allow students to explore career opportunities or to attend Lane Community College while they earn high school credit

- Academic programs that stress community, personal growth and social success.

You can help your student by staying in touch with the school; monitoring homework, grades and progress toward graduation; and talking about how important school is for your student's future. We look forward to partnering with you to help your student have a successful year.

Thank you,

Principal | Brad New

OVERALL STATE RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. High schools are also rated on the overall graduation rate for the school and the graduation rates of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

Compared to all schools statewide in 2013-14, this school is rated as Level 1.

- Level 1** = Falls into the bottom 5% of schools
- Level 2** = Falls between 5% and 15% of schools
- Level 3** = Falls between 15% and 44% of schools
- Level 4** = Falls between 44% and 90% of schools
- Level 5** = Falls into the top 10% of schools

Compared to high schools with similar student demographics in 2013-14, this school's rating is below average.

- Below average** = Falls into the bottom third of comparison schools
- About average** = Falls into the middle third of comparison schools
- Above average** = Falls into the top third of comparison schools
