understood and agreed that these Unit Prices are separately subject to acceptance by the Owner and may or may not thereafter be entered into the Agreement. The Unit Prices are to include all labor, travel and material costs.

If the Owner chooses not to award the unit pricing submitted, the Owner will either:

- 1) Negotiate acceptable unit pricing or;
- 2) Contractor will perform changes to the work on a time & material basis, with a not to exceed limit.

The undersigned agrees, if awarded the Contract, to bill the Owner for fluid and sediment recycling/disposal, petroleum contaminated soil/non-contaminated soil/concrete anchor removal, off-site transport and disposal, laboratory analysis, extra reporting, and backfill material based upon actual units (i.e., per gallon, per ton, per each, per cubic yard) required to complete the project if units required are more than assumed in Part 2 – Project Assumptions of the Project Specifications.
