

The Eugene Online Academy combines technology and in-person support from licensed teachers for students interested in learning in a different way than a traditional classroom.

Students learn in a self-paced manner that is flexible and customized to their individual needs, interests, and schedules.

The Eugene Online Academy offers a wide variety of career and technical education (CTE) courses and electives, and allows students to explore and concentrate on individual career pathways. Students are also able to take in-person classes and participate in extracurricular activities in their neighborhood schools.

LOCATION

Our current location for the 2018–2019 school year is at:

EUGENE SCHOOL DISTRICT 4J
Education Center
200 North Monroe St., Eugene, OR 97405
(541) 790-7700
<http://www.4j.lane.edu>

EUGENE ONLINE ACADEMY

Providing all students with a high-quality, well-rounded educational experience that is rigorous, culturally responsive, personalized and engaging.

EUGENE ONLINE ACADEMY

Eugene Online Academy offers your child a personalized learning experience with flexibility and customization to accommodate your family schedule and situation. Instead of signing up with an online program where the only interaction your student receives is through a device, Eugene Online Academy provides a teacher to help guide your student through the curriculum. Our priority is providing as much individualized help as needed for your student to become an independent 21st century learner.

We are currently serving students in grades 6-12 and we plan to expand to k-12 in the future.

Lab Hours

Most online coursework is completed off-campus, but students needing additional support can also come in to the Eugene Education Center's online computer lab for personalized help. Students are required to test onsite and check in at least twice weekly.

Monday—Thursday:
10:00 a.m.—2:00 p.m.

ENROLLMENT OPTIONS:

ATTEND FULL TIME

Take all of your classes online and graduate with a diploma from your neighborhood high school. We offer all the courses you need to complete graduation requirements, plus a full range of CTE (career & technical education) and elective courses.

ATTEND PART TIME

Are you simply looking to take a few classes and want your education to fit your schedule? Maybe you just want to supplement an already established homeschool program. Do you only need a few more credits to graduate and want to complete them at your own pace? Whatever your need, we can help!

HOW TO ENROLL:

Students who live in Eugene School District 4J are eligible to enroll in the Eugene Online Academy. If you are already enrolled in a Eugene School District 4J school, please contact your counselor to apply to Eugene Online Academy. Students who live outside of the district and are not already enrolled in 4J may enroll in the Eugene Online Academy if their home district allows. If you are not currently enrolled in the please contact one of our program coordinators. Students may not enroll in both the Eugene Online Academy and a charter school or different school district at the same time.
