

Request for Proposals - Fire Alarm Testing and Maintenance
RFP 20-049

ADDENDUM NUMBER TWO

March 12, 2020

This addendum is issued to clarify, change, and correct the Request for Proposal Documents and shall form a part of the Contract. **Acknowledge receipt of this Addendum in the space provided on the Proposal Form. Failure to do so may subject the Proposer to disqualification.**

The following revisions are to be made to the request:

1. The District building areas requiring a lift are:
 - a. Arts and Tech - Lift with pole (District will provide this lift due to space constraints in elevator)
 - b. Ed Center - Lift for conventional heat detectors in the warehouse
 - c. Cesar Chavez - Lift for gym beams
 - d. Cal Young - Lobby smokes with tall ladder and pole
 - e. Fox Hollow - Lift in gym and Cafe
 - f. Holt - Lift for gym beam
 - g. North Eugene - Lift for gym smokes
 - h. River Road – OSID Beam in media center (might be reachable by extension pole)
 - i. Roosevelt - Beam detectors off tall ladder
 - j. South Eugene – OSID Gym beams can be reached off a ladder
 - k. Sheldon - Lift on stage

2. OSID detectors installed in River Road, Roosevelt and South Eugene require a manufacturer specific media that the district will provide along with manufacturer instructions (if requested).

Thank you for your interest in this proposal,

Dexter Rummel
Facilities Manager
Eugene School District
541-790-7400
