Introduction

Welcome!

Bienvenidos! Para asistencia en español por favor llame al número (541) 790-7707.

The following document contains the 2020-21 budget of Eugene School District 4J, which was prepared in accordance with all laws and legal requirements of the State of Oregon, the Federal Government, and the District's mission, guiding beliefs and values, and goals as approved by the Board. This budget is designed to support instructional programs that will provide students with a high quality education within the resources available. It serves as a document that describes the goals of the District and how those goals are being met.

The budget document shows the District's funding structure, the resources available to the District in each fund, and each fund's requirements and appropriations. It also serves as a guide to operations throughout the coming fiscal year.

This document is available for public inspection online at <u>www.4j.lane.edu/finance/docs/</u> or by contacting the Financial Services Office (e-mail <u>budget@4j.lane.edu</u>, request by phone message to 541-790-7627, or write to Financial Services Office, 200 North Monroe St., Eugene OR 97402). Comments or suggestions may be addressed to the Eugene School District Board of Directors via e-mail (<u>budget comm@4j.lane.edu</u>) or in writing to the Eugene School District 4J Budget Committee, 200 North Monroe St., Eugene OR 97402.

In light of public health concerns related to coronavirus COVID-19, meetings of the Eugene School District Budget Committee and the 4J Board of Directors were conducted virtually this year. Meetings were open to the public via live broadcast on KRVM 1280-AM and via the internet at <u>www.4j.lane.edu/stream</u>. Community members were given the opportunity at all meetings to provide written public comment. The budget process and calendar are described in the Building the Budget section.

Document Format

The budget document is organized into eight major sections, as described below:

- Executive Summary
- About Our District
- Planning for the Future
- Building the Budget
- Financial Plan
- Program Budget Detail
- Financial Forecast
- Appendices

The **Executive Summary** contains the Superintendent's budget message and a summary of the 2020-21 budget.

The **About Our District** section details information on the District's organization and administration, a history of local support, school descriptions and academic performance indicators.

Planning for the Future addresses the Board of Director's guiding beliefs and values, Board goals and the District's current strategic planning initiative 4J Vision 20/20.

Building the Budget has been designed to help readers better understand the process of developing the District's budget. It provides greater insight into areas such as school staffing and resources, and details the legal requirements of budget development.

The **Financial Plan** summarizes how the District is allocating its resources to best meet its challenges and achieve its goals. The financial plan section of the budget document addresses revenues, expenditures, reserves, debt and capital and is organized by fund.

The **Program Budget Detail** presents the budget at the fund, function (type of activity), and object (revenue/expenditure account) level as required by Oregon Local Budget Law.

The **Financial Forecast** section considers the long-range sustainability of the District's financial trajectory and looks out four years beyond the budget year. It contains the May 5-year Forecast, which addresses initial enrollment and financial projections as well as an analysis of risk to future periods.

The final section, **Appendices**, contains additional staffing information, listings and descriptions of all functions presented in the budget, a glossary of terminology and list of acronyms used throughout the document, required legal documentation.

Superintendent's Budget Message

June 2020

Budget Committee Members and the Eugene 4J Community,

We are truly facing a once-in-a-lifetime challenge. The current COVID-19 emergency has resulted in school closures across the nation, and our Governor has made the difficult decision to keep Oregon schools closed for the remainder of the 2019-20 school year. There is a lot we don't know yet about the year ahead, but what I do know is that 4J's dedicated staff are here for our students and families; working hard and finding solutions for the many challenges we face now and into the future. There is nothing more important to this district than our students.

I am pleased to present the adopted budget for the 2020-21 fiscal year. This budget reflects the vision and goals of the District's strategic plan (4J Vision 20/20) while recognizing the operational challenges currently facing the district. The adopted budget was prepared consistent with the vision and goals of 4J Vision 20/20 as follows:

Vision: Every student connected to community and empowered to succeed.

Goal I: Educational Excellence with Equitable Access and Outcomes for Every StudentGoal II: Multiple Pathways to Student SuccessGoal III: Communication and Connection with CommunityGoal IV: Diverse World-Class WorkforceGoal V: Stable, Sustainable Stewardship

The 2020-21 adopted budget assumes that funding for district operations will remain at levels originally forecast by the Oregon Department of Education and the District for the coming school year. While it is my hope that the state will be able to preserve K-12 educational funding next year, most economists agree that current measures to address COVID-19 will result in a sustained nationwide recession. At this time, there is no way to predict the level of economic damage that will result from this event. Looking forward to 2020-21, I have worked with District leaders to develop contingency plans that can quickly be implemented in the event of a substantial loss of funding. Combined with available reserve balances and transfer reductions, these plans will help our District respond to the challenges ahead.

The following highlights strategic investments and budgetary changes in the 2020-21 Adopted Budget:

Goal I: Educational Excellence with Equitable Access and Outcomes for Every Student

Supported by an extensive public outreach process and hundreds of hours of staff time, in March of 2020 the 4J Board of Directors approved a plan to implement multiple initiatives funded through the Student Investment Account (SIA). Funding for the SIA is provided by the Student Success Act (SSA), legislation that implemented a Corporate Activity Tax (CAT) to fund an estimated \$2 billion per biennium in additional support for education. Based on early estimates provided by the Oregon Department of Education, 4J originally expected to receive

\$13.5 million in 2020-21 to support SIA plans at the district and four of our public charter schools. However, the recent COVID-19 emergency and the potential impacts of the current recession have raised concerns that collections will fall short of original estimates. The proposed budget retains the approved plan, including payments of \$435,900 to participating charter schools and indirect costs of \$484,000, but the District will not implement this plan unless funding is available and may need to amend it for a funding shortfall.

At a high level, the SIA Plan includes initiatives in the following four areas:

Well-Rounded Education

- Improve 3rd Grade Reading: implementation of research-based full continuum of literacy skills including phonemic awareness, phonics, fluency, vocabulary, and comprehension (\$2.3 million)
- Learning for All Model: increasing access and inclusion for all underserved students by improving instructional strategies, including differentiation and expansion of the continuum of services at each school (\$1.5 million)
- Enhancing the NATIVES Program: expansion and enhancement of the program to increase direct student-support services, such as tutoring, summer camp, and cultural programming (\$0.2 million)
- Emergent Bilingual Student Success Plan: focuses on the needs of developing multilingual students, migrant and recent-arrival students and families by providing a school success navigator, and systematic English development training and collaboration time for teachers (\$0.9 million)

Health and Safety

- Behavior Framework and Support Services: increases in supports for schools to improve behavior, social-emotional learning, and mental health to include the addition of a behavior consultant, additional middle school behavior educational assistants, student behavior support coordinators at the elementary level, and school psychologists (\$2.0 million)
- Wraparound Support Teams: creates regional care teams for wraparound behavioral and mental health support for students experiencing crisis, chronic absenteeism, and other social-emotional needs. Specifically, the plan will add social workers, behavioral threat assessments, nurses, educational assistants, and a partnership with a community provider for a mental health crisis response team (\$1.5 million)

<u>Class Size</u>

 Class Size Reduction: targeted reduction of class sizes in grades one and two, reduction of middle school core-content classes using the weighted needs index, and one-year bridgestaffing for schools previously qualifying for Title I supports (\$3.0 million)

Instructional Time

• BEST After-School and Summer Programs: expansion of the BEST after-school program to support two additional Title I elementary schools, expansion of Title I summer school to elementary school students in need of summer reading support, and expansion of summer learning opportunities for middle school students (\$1.1 million)

Goal II: Multiple Pathways to Student Success

For the first time in its history, the High School Success Grant will be fully funded in 2020-21 with support from the Student Success Act. An estimated \$4.2 million could be available to make the following plans a reality:

- Career and Technical Education (CTE) \$1.17 million to expand CTE opportunities for students at all high schools in the areas of health services, technology, construction and manufacturing and create dual-credit courses (high school + college credit).
- College-level Educational Opportunities \$0.23 million to identify opportunities to expand participation in International Baccalaureate (IB) and Advanced Placement (AP) courses to underserved student populations at high schools.
- Dropout Prevention \$2.8 million to focus on 9th grade success through attendance support, interventions and transition coordinators, work to expand credit recovery opportunities through on-line curriculum and program coordination.

Goal III: Communication and Connection with Community

Our community has expressed values for greater local control and high-quality school food service. For decades the district has partnered with third-party food management firms to oversee our nutrition services program. That changed in 2019-20 with the implementation of 4J's new Nutrition Services program, a completely self-operated child nutrition program for 4J schools and partner organizations.

The change from vendor to self-operated management of nutrition services was not done to reduce operating costs, but to regain control over menu options and program decisions, including improving collaboration and responsiveness between student meal services and school programs, as well as better aligning nutrition services with community values and the district's student-centered philosophies.

In its first year of self-operation, the Nutrition Services program at 4J has far exceeded the expectations of everyone involved in this initiative. To ensure that the program has sufficient staffing levels to build on this success, the 2020-21 proposed budget includes an additional \$500,000 transfer to the Nutrition Services Fund from the General Fund.

Goal IV: Diverse World-Class Workforce

Class sizes, particularly at the elementary school level, are a key factor in the success of our youngest students. The district's current staffing methodology for elementary schools addresses student enrollment, but does not factor in potential class sizes or configurations. A cross-functional work team of instruction, finance and human resources staff reviewed these factors at a school and class level, and adjusted staffing allocations to address

potential class sizes of over 30 students and class configurations that would be problematic for schools. As a result, the average Student:Teacher Ratio for grades 1-5 is projected to be 25.6:1 in 2020-21, about 1.4 students below the model ratio of 27:1.

Staffing for grades 6-8 was also addressed this year with a decrease in the Student:Teacher Ratio (from 28:1 in 2019-20 to 27:1 in 2020-21) which added 5.2 licensed FTE to the budget allocation. In combination with the staffing additions proposed for the SIA Plan, this will have a significant impact on class sizes at the middle school level.

Goal V: Stable, Sustainable Stewardship

This budget reflects a biennial State School Fund appropriation of \$9.0 billion to support K–12 school districts and education service districts (ESDs) across the state. It also assumes full funding for the High School Success (Measure 98) grant and an additional \$20 million in funding for the High Cost Disability Grant (of which 4J would receive an additional \$700,000). At this level of funding the District's 2020-21 General Fund budget is balanced – resources equal requirements without the need to utilize reserves.

The 2020-21 adopted budget includes \$4.25 million in transfers to the District's reserves for student technology (\$1.5 million), staff technology (\$1 million), curriculum (\$1 million), and equipment (\$750,000). During the last economic downturn the District's reserves were completely depleted, and it has only been in the last few years that we were able to begin rebuilding these vital resources. If schools and departments are required to cut costs to weather the economic downturn these reserves will be their primary source of funding to ensure students and staff have the technology they need, curriculum supports (science kits, workbooks, etc.) and on-line learning software can continue to be funded, and aging equipment can be replaced as needed.

2020-21 Adopted Budget

The 2020-21 Adopted Budget assumes a State School Fund level of \$9.0 billion split between the two years of the 2019–21 biennium. This level of funding would support district operations at their current level into 2020-21, and allow for several small strategic, targeted investments in classrooms, schools and programs across the district.

I want to thank our staff, students, parents, and community for their ongoing support and their patience during this unprecedented time in our district, state and nation. I also want to thank the Budget Committee for their review and input on the District's budget. I deeply appreciate the commitment and talent of our staff and of all those who volunteer to help make a difference for our students.

Sincerely,

Dr. Gustavo Balderas Superintendent

Summary of the 2020-21 Budget

Economic Climate

The District's General Fund revenue relies heavily on the State School Fund formula, 56% of which is appropriated by the Oregon State Legislature; therefore, it is important to consider the State's economic picture as a backdrop to the District's annual budget. The May 2020 State Economic and Revenue Forecast, prepared by the Office of Economic Analysis (OEA), provides details on the State's economic status and may be viewed in its entirety at the OEA's website. For the most recent economic information we recommend the reader refer to the website at: https://www.oregon.gov/das/OEA/Pages/forecastecorev.aspx

Oregon's economic outlook, and the outlook for the entire nation, is currently facing a historic and unprecedented period of uncertainty. The long term effects of the COVID-19 emergency are not yet fully known, and it may be months before Oregon and the nation will know the ultimate cost of this event. Prior to the emergency, wages were showing a healthy rate of growth, and job growth was strong enough to keep up with a growing population and to deliver economic and income gains to Oregonians. Now, the nation is facing a recession, which could be severe based on the longevity of the COVID-19 shutdown, and historic unemployment numbers. We will recover, but the economic cost is likely to be significant and will impact state and local budgets for years to come.

Budget Overview

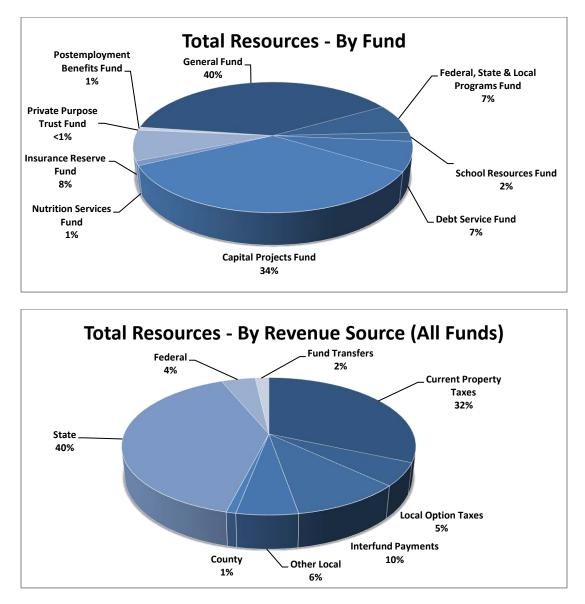

The adopted budget totals \$238.5 million for the General Fund and \$603.7 million in Total Funds. Tax rates are \$4.75 per thousand of assessed property value for general purpose property taxes and a maximum of \$1.50 per thousand for local option levy taxes. The budget also includes a debt service levy of \$37.1 million. This represents a 5.4% increase in General Funds and a 4.6% increase in Total Funds.

With nearly 76.9% of the General Fund budget dedicated to personnel services, the budget is significantly influenced by the cost of labor agreements and Public Employees Retirement System (PERS) contribution rates. The 2020-21 adopted budget reflects salaries and benefits for staff members represented by the Oregon School Employees Association (OSEA) based on the 2018-2022 Collective Bargaining Agreement between OSEA and 4J, and includes a 2.0% Cost-of-Living Adjustment (COLA) for the year. Salaries and related costs and benefits for staff represented by the Eugene Education Association (EEA) have been calculated assuming no furlough days and full step increases for all eligible employees, as have salaries for managers, administrators, professionals, supervisors and directors. This is the District's normal practice in years where a contract or agreement is not in place.

The driver behind both budgeted revenues and expenditures is projected enrollment. Projected 2020-21 enrollment is 16,784 students (headcount; excluding enrollment in charter schools), which is an increase of 205 students from October 2019 actual enrollment levels. Our revenue projections reflect enrollment changes for all District programs and charter schools.

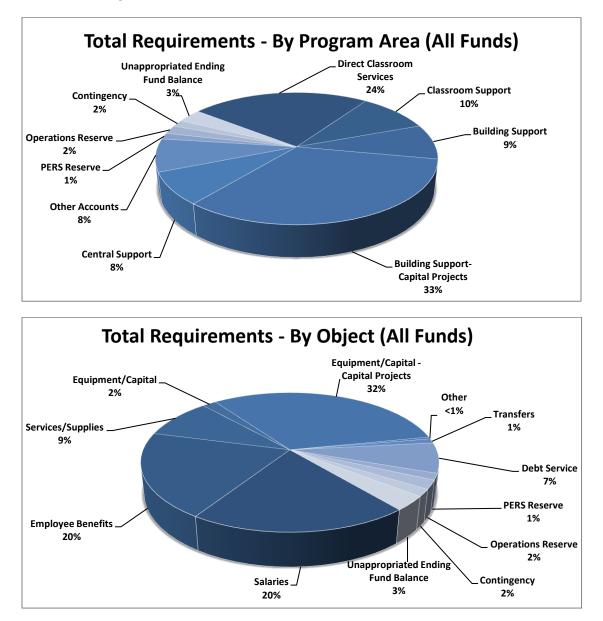

Resources

The majority of the District's resources are provided through State School Funding, property taxes, the local option levy, and the issuance of debt. The 2020-21 budget totals \$603.7 million for all funds (see the Financial Plan section for more details).

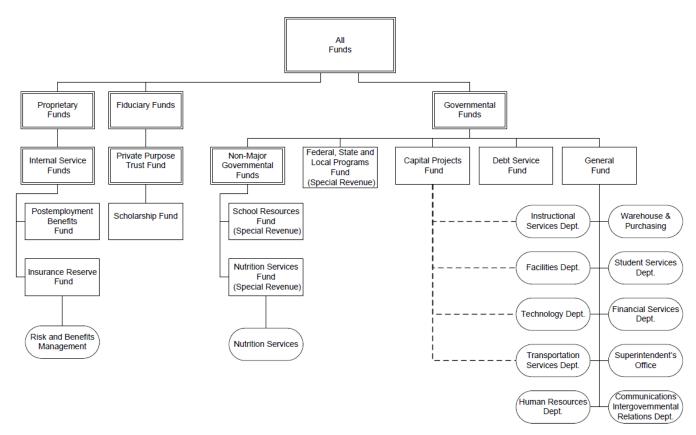

Requirements

Budget requirements for all funds in various program areas include salaries, payroll-related costs such as pension payments and health insurance, supplies and materials, equipment, bond-funded projects, and debt service payments (see the Financial Plan section for more details). Approval of local ballot measures in 2011, 2013 and 2018 to issue general obligation bonds has allowed for capital investment and some transfer of capital improvement and building costs out of the General Fund.

Fund Overviews

Eugene School District 4J Fund/Department Structure Diagram

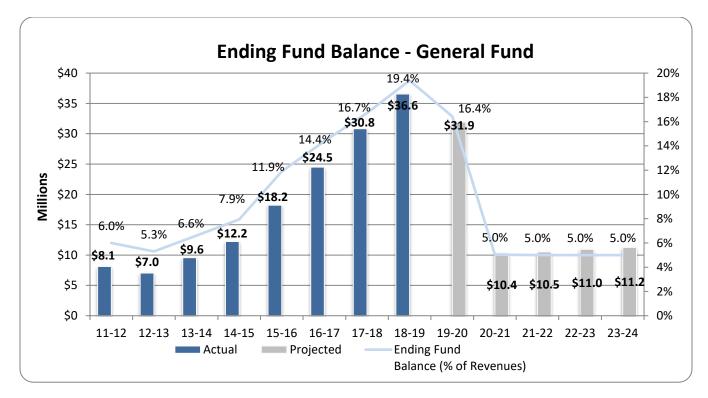

General Fund

The General Fund is the District's major operating fund and accounts for most of the District's ongoing financial resources. Revenues come from two main sources: state funding and local taxes. All of the state funds and most of the local property taxes are included in the State School Fund formula, which determines about 80% of General Fund operating revenue. Additional income, outside the funding formula, includes a voter-approved local option tax levy, and flow-through funding for special education from the Lane Education Service District. Resources also include transfers from other funds.

General Fund expenditures represent costs incurred to support regular, alternative and special education programs throughout the District. Expenditures are presented in five major program areas: Direct Classroom Services, Classroom Support Services, Building Support Services, Central Support Services, and Other Accounts (Transfers, Short-Term Debt, Contingency, and Unappropriated Ending Fund Balance).

At June 30, 2020, the ending fund balance is projected to be 16.4% of annual operating revenues, and is forecast to end 2020-21 at 5.0% of annual operating revenues with an additional \$12.5 million Operations Reserve and \$9.0 million PERS Reserve dedicated to addressing future operating deficits and strategic initiatives.

The graph below shows historical and projected ending fund balances in the General Fund, representing cash reserves remaining at the end of the fiscal year. Balances reflect additional revenues collected during the year, unexpended budget appropriations, and planned savings held in the unappropriated ending fund balance (UEFB).

Board Policy DI, Accounting and Financial Policy 5d through 5f describes the policies regarding minimum ending fund balance. See the "District Policies and Practices" section in Building the Budget for this policy.

• General Fund resources and requirements (Fund 100):

\$238,529,163

School Resources Fund

This fund accounts for the money schools receive from students, private organizations, and parent groups for purposes such as school projects, field trips, and various student activities. Also included in this fund is the Special Purpose Reserve, which includes curriculum and staff technology reserves.

- Student Body Activities resources and requirements (Fund 280): \$6,295,000
- Special Purpose Reserve resources and requirements (Fund 290): \$7,345,500

Federal, State and Local Programs Fund

This fund accounts for money received for federal, state, local, and private grants. It also includes gifts and grants from the Eugene Education Foundation, a local non-profit organization established to support Eugene School District 4J instruction programs. Educational programs benefit from funding received for disadvantaged and disabled students, drug and alcohol prevention, career and technical education (CTE) programs, professional development of school staff members, and many other special projects. Funding and activities provided for the

Student Success Act, which includes the Student Investment Account, and for High School Success (Measure 98) are recorded in this fund.

- Federal, State and Local Programs resources and requirements (Fund 260): \$43,922,573
- Eugene Education Foundation resources and requirements (Fund 270-275): \$877,200

Debt Service Fund

This fund accounts for the District's repayment of general obligation bonds and pension obligation bonds, as well as the refinancing of outstanding bonded debt. The use of bond proceeds for capital construction is accounted for in the Capital Projects Fund (see Financial Plan).

•	Debt Service Fund	resources and r	equirements	(Fund 300): \$36,930,17	75

• PERS Debt Service Fund resources and requirements (Fund 370): \$7,063,700

Capital Projects Fund

The Capital Projects Fund accounts for resources and expenditures for capital construction, improvements and purchases. Primary resources include the issuance of general obligation bonds and the sale of surplus property. The fund also includes capital budgets for technology, facilities, and transportation services. These reserves support the replacement of school buses, vehicles, student technology, equipment, and other long-lived assets. Primary sources of funding for these reserves include transfers from the General Fund and state reimbursement of certain qualifying transportation costs through the State School Fund formula.

•	Capital Projects Fund resources and requirements (Fund 400):	\$345,323
•	Bond Projects Fund resources and requirements (Fund 410):	\$19,035,000
•	Capital Improvement Bonds resources and requirements (Fund 420):	\$8,292,000
•	2018 Bond Fund M20-297 resources and requirements (Fund 460-466):	\$161,790,000
•	Property Sale Revenue Fund resources and requirements (Fund 450):	\$3,620,966
•	Capital Equipment Reserve resources and requirements (Fund 490):	\$12,643,939

Nutrition Services Fund

This fund accounts for the activities of the District's Nutrition Services program. Services include lunch programs in all schools, breakfast and snack programs in many schools, and summer programs at several locations. Resources reflect federal subsidies from the U.S. Department of Agriculture, which provides partial reimbursement to the District for meals served; student sales; the value of federal commodities; and reimbursements for meals for low-income students.

• Nutrition Services Fund resources and requirements (Fund 500): \$6,614,267

Insurance Reserve Fund

This fund accounts for risk management activities and employee benefits programs provided by the District. It covers insurance premium payments, insurance reserves, the Wellness Clinic and efforts to manage the District's exposure to potential loss.

- Insurance Reserve-Risk Fund resources and requirements (Fund 600): \$7,195,000
- Insurance Reserve-Licensed resources and requirements (Fund 610):
- Insurance Reserve-Classified resources and requirements (Fund 620): \$13,681,000
- Insurance Reserve-Administrators resources and requirements (Fund 630): \$2,845,000
- Insurance Reserve-Wellness Clinic resources and requirements (Fund 640): \$1,840,000

Private-Purpose Trust Fund

The Private-Purpose Trust Fund is used to administer privately funded scholarship programs that benefit individual students. The District established this fund in 2017-18 to report scholarship-related balances and activities for scholarships such as the Gillilan-Torrey Memorial Scholarship.

• Private Purpose Trust Fund resources and requirements (Fund 780): \$240,696

Postemployment Benefits Fund

The Postemployment Benefits Fund was established in 1991-92 to account for the receipt and disbursement of postemployment benefits. The fund provides monthly cash payments and/or insurance benefits for eligible employees. Benefit levels and eligibility have been bargained and vary among the different employee groups. This program ended in July 1996 for administrators and July 1998 for teachers. The fund provides benefits for most administrators and teachers hired before those dates, as well as a limited contribution to health premiums for retired classified employees.

• Postemployment Benefits Fund resources and requirements (Fund 790): \$4,640,700

\$19,923,000

Factors Impacting the 2020-21 Budget

The objectives of this budget are to preserve the current level of services to students while focusing on strategic investments to the extent possible given the current economic situation and the possibility of significant resource limitations. Other significant assumptions and risks that affect the budget, in addition to economic concerns, include the following:

Enrollment - Students (ADMw)

State funding is based on the higher of the current year or prior year enrollment, which is counted as part of the District's weighted Average Daily Membership (ADMw). ADMw is the weighted average daily membership which includes weighting for students living in poverty, students with English as a second language, students with an Individual Education Plan (IEP), students who are pregnant/parenting and more. The District experienced nearly 20 years of enrollment declines before the most recent growth in enrollment began in 2015-16. Enrollment in 2018-19, however, saw a decline before increases began again in 2019-20. Significant enrollment deviations have an impact on state funding, and can strain district resources when staff must be hired or reassigned to support students in the fall.

Even without the potential impacts of the COVID-19 emergency, there is no guarantee that growth will be sustained or achieve the levels estimated for 2020-21. When we consider the current economic situation and its potential impact on migration patterns, there is a possibility that job growth in the Eugene/Springfield area will not sustain this level of enrollment going forward. As enrollment is a significant factor in the calculation of the District's State School Fund payment, a decline in student numbers could further exacerbate any declines in available K-12 funding.

State School Fund (SSF) Revenue Allocation

In the spring of 2019, the Oregon Legislature approved a \$9 billion State School Fund appropriation to support K-12 education during the 2019-2021 biennium. This appropriation level assumed the availability of \$200 million in Student Success Act (SSA) funding from the Corporate Activity Tax (CAT), and was based on economic forecasts that predicted a stable economy in Oregon during this two-year period. These funds are sourced from the State's General Fund, which receives most of its income from personal and corporate income taxes.

The ultimate impact of the COVID-19 emergency on personal and corporate income tax collections, as well as the collectability of the CAT, depends on many factors that are still in play. The Oregon Legislature is expected to meet in special session in July to address funding projections shared during the June Economic and Revenue Forecast presentation on May 20th.

A decline in the funding available for the SSF appropriation would directly impact district operations, as the SSF is our most significant funding source for 4J school operations.

State Property Tax Collections

The budget has been built based on projected assessed and real market values for property within district boundaries and estimated tax collection rates. For local property tax calculations, the District's budget assumes 3.0% assessed property value growth per year and a tax collection rate of 95.0% of amounts due. The local factors are based on our review of historic trends. Any significant variance in actual property tax collections in the district and across the state will have an impact on the District.

Local Option Levy Revenue

Since 2000, the District has benefited from local funding through a local option levy. This was first approved by local voters in 2000 and renewed in 2004, 2008, 2014 and 2019. For 2020-21, the budget assumes that assessed property values will increase and the gap between those values and real market values will continue to grow. Compression losses from the application of Measure 5 educational tax limitations are projected to remain at current levels. Changes in collection rates may also affect receipts for this revenue source.

It is important to note that this forecast reflects year-over-year growth of 2% in the District's Local Option Levy tax collections, with a total projected collection of \$18.8 million in 2020-21. Actual tax collections for the last few years have far exceeded this growth factor, so normally this would be considered a very conservative projection. However, Local Option Levy tax collections are very sensitive to declines in the market value of houses in the district. During the last economic downturn, the market value of houses declined sharply and the District experienced local option tax collection shortfalls of \$1-\$2 million a year from 2010 to 2014. Should the current recession impact housing in a similar manner, tax collections could fall well below forecast levels.

Student Success Act

The Student Success Act (House Bill 3427) allocates an additional \$200 million to the 2019-21 State School Fund appropriation (for a total appropriation of \$9 billion), and provides an additional \$20 million/year statewide for the High Cost Disability Grant beginning in 2020-21. It is also scheduled to fully fund the High School Success (Measure 98) Grant and provide \$13.5 million to implement 4J's Student Investment Account (SIA) Plan. The source of funding for these additions and the initiatives noted below is the Corporate Activity Tax (CAT), a tax on business receipts partially offset by a 0.25% reduction in all but the highest personal income tax brackets. CAT funds will be utilized as follows:

\$1 Billion Equity-Focused School Improvement Fund	\$600 Million for Statewide Initiatives	\$400 Million for Early Learning
1. Expand Learning Time	1. Student Success Teams	1. EI/ECSE
2. Student Health & Safety	2. ODE admin costs	2. Relief Nurseries
3. Class Size Reductions	3. Measure 98 full funding	3. Early Childhood
4. Well-Rounded Learning	4. Universal free meals	Equity Fund
Experiences	5. Reengagement pilots	4. Oregon Pre-K
	6. High Cost Disability	Program
	7. School Safety Task Force	5. Professional Dev
	8. Statewide equity issues	6. Early Head Start
	9. Planning for increased	7. Preschool
	transparency/accountability	Promise

The current COVID-19 emergency has had a significant impact on the Oregon economy, and it may be some time before a full assessment of this impact is possible. Based on early state projections, collections for the Corporate Activity Tax could be significantly less than originally projected. The loss of this funding would impact districts across the state, and would mean millions of dollars in lost funding for 4J if the State was unable to make up these losses from other funding sources.

Education Service District (ESD) Services and Funding

Local ESDs receive state funding based on the enrollment numbers of member districts. The ESD's use of these funds – flow through to districts and provision of services – is determined by vote of local member districts. A portion of state funding related to the District's enrollment will flow through Lane ESD to the District. Should the level of State School funding be impacted by current conditions, our ESD would also be impacted by this loss. In turn, there would be less funding to pass through to 4J (to support our current Student Services programs) and fewer dollars available at the ESD to support 4J's purchase of services for special education students.

Special Education Services and Funding

The State School Fund provides additional payments for students with disabilities up to 11% of the District population (ADMr). If a district's percentage of students with disabilities exceeds 11%, some additional funding is available, but at a much lower rate per student. In 2020-21, with an estimated 2,347 students qualifying for special education services, the District's percentage of students with disabilities is about 13.6% (including charter school students).

The State also provides separate funding for high cost students through the High Cost Disability Grant. This is a fixed amount of funding that is divided across all districts in the state based on the number of high needs students with costs that exceed \$30,000 per year. For 2020-21 the District hopes to receive grant revenue of approximately \$1.8 million, an amount equal to \$0.60 of every dollar spent over the initial \$30,000 per high cost student. This amount will only be achieved if SSA funding is available to increase the statewide grant from \$35 million to \$55 million in 2020-21. Without this funding, expected grant revenue will be \$1.1 million.

	Number of students
Year	cost >\$30,000
2010-11	168
2011-12	162
2012-13	160
2013-14	160
2014-15	159
2015-16	160
2016-17	180
2017-18	218
2018-19	197
2019-20 est	192

The table below shows the number of high cost students since 2010-11.

Public Employee Retirement System (PERS) Rates

PERS contribution rates are set once every biennium. They are based on fund performance over the 18 months prior to the effective date of the rate change and the actuarial projections of fund liabilities. The current rates were set prior to the state's 2019-21 biennial budget process based on the December 2017 actuarial valuation, adjusted for the effects of actions of the Legislature and PERS Board.

The District PERS rates for the 2019-21 biennium reflect an increase of 4.2 percentage points over the 2017-19 PERS rates. Rates are projected to increase by an additional 1.2 percentage points in the 2021-23 biennium. This rate increase is partially depending on the outcome of a lawsuit filed with the Oregon Supreme Court in August of 2019 challenging the salary cap and IAP redirect portions of Senate Bill (SB) 1049. Highlights of the reform bill include:

- Re-amortization of the Tier 1/Tier 2 Unfunded Actuarial Liability to 22 years (i.e. spreading the payment of this liability over a longer period of time to reduce biennial rate increases).
- Effective January 1, 2020, a new salary cap limits annual salary amounts used to calculate PERS benefits to \$195,000. This "cap" will increase annually by the Consumer Price Index (CPI) for All Urban Consumers, West Region (All Items).
- Effective January 1, 2020, the Work After Retirement limit for all retirees was removed for calendar years 2020 through 2024. This applies without limit to individuals who retire at the normal retirement age. Individuals retiring before their normal retirement age must have a break in employment of more than six months before returning to work.
- Effective July 1, 2020, Tier 1/Tier 2 members earning \$2,500/month or more will have a portion of their 6% Individual Account Program (IAP) contributions, which is currently paid by the District, redirected to an "Employee Pension Stability Account." The Employee Pension Stability Account will be used to fund defined benefit pension payments to members. The amount redirected will be equal to 2.5% (Tier 1/Tier 2) or 0.75% (OPSRP) of the member's salary, with the remaining balance contributed to the member's IAP. Members may voluntarily choose to make additional, after-tax contributions into the IAP to make a full 6% contribution going forward.

The final outcome of this lawsuit is currently unknown, and could result in all or a portion of the challenged reforms failing a legal challenge. Until a decision is made, the District will continue to forecast a possible PERS rate increase in 2021-23 and has set aside a PERS Reserve to cover this potential cost for the biennium.

Employee Group Contracts

The economic terms and benefits under the contract between the District and the Oregon School Employee Association (OSEA) continue through 2020-21. The economic terms of this contract will be open for negotiation in 2021-22, as agreed by both parties.

The contract between the District and the Eugene Education Association (EEA) expires on June 30th. For 2020-21, the budget assumes a full work year for all licensed employees (no furlough days) and a step increase for all eligible staff members. Once economic terms and benefits are finalized in a new contract, the budget will be updated via a resolution or supplemental budget.

Managers, Administrators, Professionals, and Supervisors (MAPS) typically receive the same Cost of Living Increases (COLAs) as licensed staff. For 2020-21, the budget assumes a full work year for all unrepresented employees (no furlough days) and a step increase for all eligible staff members. Once economic terms and benefits are finalized, the budget will be updated via a resolution or supplemental budget.

Employee salaries and benefits will continue to rise through a combination of employee step movements, cost of living increases, and increases in employer contributions toward Public Employee Retirement System (PERS) benefits. As salaries and benefits make up the largest percentage of the District's operating expenditures, they are likely to be impacted if operational cuts are needed to address COVID-19 or recessionary declines in available resources.

Nutrition Services

In 2020-21, the District's Nutrition Services program will receive a scheduled transfer to continue to support the District's self-operations of the program. In addition to the \$436,000 General Fund transfer normally budgeted to fund uncollectable student meal account balances, support meal programs at several locations with a low level of participation and support the free breakfast program at all elementary schools, an additional \$500,000 has been budgeted to fund higher staffing levels necessary to support the program's focus on meals with less processed food and more locally sourced ingredients. If General Fund resources are impacted by the current recession, this additional funding could become unavailable, affecting the program's ability to continue under the currently developed model.

Losses

The District is part of an insurance pool and the budget for insurance funds contains a provision for selfinsurance. Over the last two years the District has experienced a higher than projected level of loss events, including multiple fires at district facilities. With the current mandate to close schools for the remainder of the academic year, many sites will not have the supervision they normally would have and will be vulnerable to loss events that would otherwise be identified and mitigated by staff on-site. The District is doing all it can to monitor and reduce risk factors, but costs associated with loss events may increase over the near-term.

As technology becomes prevalent throughout our district, we have seen the need to replace a growing number of lost or damaged computers and tablets in schools. Under the current mandate to provide distance learning, the District is issuing an unprecedented number of laptops and iPads to students for at-home use. If a significant number of these devices do not return to service at the end of the school year due to damage, loss or theft, the District will be forced to purchase and deploy new devices in a very tight timeframe to ensure students have the technology they need to learn in the fall.

District Organization and Administration

Jurisdiction and Governance

Eugene School District 4J is a financially independent, special-purpose municipal corporation exercising financial accountability for all public education within its boundaries.

The District is primarily located in Lane County, with small portions extending north into Linn County. The District's boundaries include portions of the City of Eugene, City of Springfield and City of Coburg. The largest city in the District is the City of Eugene. Formed in 1854, the District encompasses approximately 155 square miles in western Oregon at the southern end of the Willamette Valley, 110 miles south of Portland.

The District is governed by a seven member Board of Directors. Voters residing within District boundaries elect members to four-year overlapping terms. The duties of the Board include setting policy; approving expenditures and contracts; appointing the Superintendent; and hiring, terminating and approving resignations of all certified (licensed) and administrative staff members. The Board also constitutes one-half of the Budget Committee and appoints the seven citizen members. The duties of the Budget Committee are to review, discuss, make additions or deletions, and approve the proposed budget presented by the District's Budget Officer. After completing deliberations, the committee approves the budget, declares tax rates, approves the Debt Service Levy, and submits to the Board for adoption.

The District serves approximately 16,300 students in 20 elementary schools, eight middle schools, four high schools and two specialized high school programs. In addition, about 300 students attend alternative programs, and approximately 840 students currently attend five District-sponsored charter schools.

Population

The following table shows the historic population for the City of Eugene, Lane County, and the State of Oregon.

		Percent		Percent	State of	Percent
July 1	City of Eugene	Change	Lane County	Change	Oregon	Change
2019	171,210	0.89%	378,880	1.00%	4,236,400	0.98%
2018	169,695	1.14	375,120	1.22	4,195,300	1.31
2017	167,780	1.14	370,600	1.27	4,141,100	1.59
2016	165,885	1.48	365,940	1.05	4,076,350	1.56

Real market and assessed property value growth lagged slightly in 2016-17, but returned to a strong growth pattern in the last three years. This growth reflects the area's expanding market for apartments and single family properties, with property real market values increasing significantly since 2016-17. The table below shows the real market value and assessed value of properties within District boundaries.

	Total Real Market		Total Assessed Valuation	
Fiscal Year	Value	RMV Growth	(1)	AV Growth
2019-20	\$31,873,565,968	6.54%	\$16,456,372,737	6.57%
2018-19	29,917,026,164	7.59	\$15,441,964,828	4.18
2017-18	27,807,129,480	9.21	14,822,572,737	3.89
2016-17	25,461,783,833	3.78	14,268,248,108	2.87
2015-16	24,533,642,779	4.27	13,869,559,768	4.72
2014-15	23,538,754,368	7.99	13,244,235,395	4.11
2013-14	21,797,332,616	1.33	12,721,001,567	3.03
2012-13	21,512,084,735	-3.70	12,353,361,067	2.53
2011-12	22,338,321,599	-0.40	12,070,171,533	2.34
2010-11	22,427,049,938	-5.65	11,798,847,376	1.09

Source: Lane and Linn County Departments of Assessment and Taxation

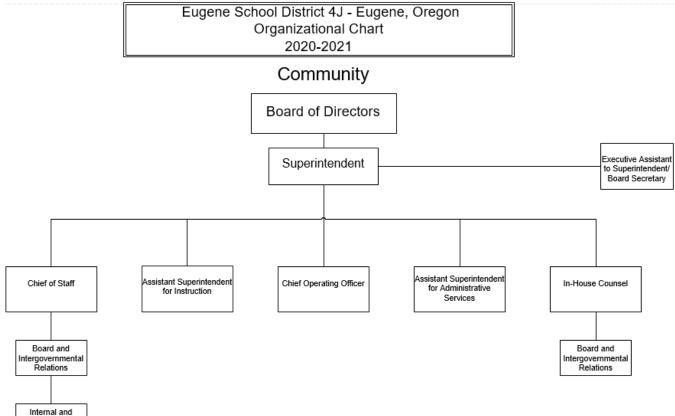

The Oregon Employment Department reported that Oregon's seasonally adjusted unemployment rate was 4.3% in January 2019, which is above the national rate of 3.9%. In contrast, the Eugene-Springfield metropolitan statistical area (MSA) unemployment rate as of December 2019 was 4.6%, 0.3% greater than the State's rate. Following state trends, the regional economy has shown steady improvement over the past few years. The graph below depicts the seasonally adjusted unemployment rate for the United States, Oregon, and the Eugene Metropolitan Statistical Area. It does not, however, reflect recent unemployment numbers as a result of the COVID-19 emergency and it may be several months before the longer-term effect of this event on employment is quantified.

The availability of student teachers and new graduates to fill open positions supports the District's instructional operations. There are three private colleges, one public university, and a community college in Lane County. The University of Oregon is a public university offering bachelor's and master's degree programs; Lane Community College is a public community college offering associate degrees and technical programs; Northwest Christian University is a private university offering bachelor's and master's degree programs; New Hope Christian College and Pioneer Pacific College are private colleges which offer bachelor's degree programs. The University of Oregon and Northwest Christian University offer teaching programs.

Clerk:

Dr. Gustavo Balderas, Superintendent, through June 30, 2020 Cydney Vandercar, Interim Superintendent, as of July 1, 2020

District Leadership

Superintendent: Dr. Gustavo Balderas Interim Superintendent: Cydney Vandercar

Provides leadership for the District's programs and is ultimately responsible for all areas of the District's operation per Board policy. The Superintendent provides executive leadership and administrative direction for all departments and services, and is responsible for proposing and implementing long-range plans.

Dr. Gustavo Balderas will be leaving 4J at the end of the 2019-20 school year for a new position in Washington. Cydney Vandercar, the Interim Superintendent, was selected by the Board of Directors for the 2020-21 school year on May 20, 2020. A nation-wide recruitment for a new superintendent will move forward next year.

Chief of Staff: Kerry Delf

Oversees communications across the District and serves as the Superintendent's liaison in monitoring and facilitating the progress of staff-led projects and initiatives. The efforts of the Chief of Staff are integral to ensuring effective communication between the Board of Directors, district administration, students and their families, community members, and other stakeholders.

In House Counsel: Christine Nesbit

Serves as the internal legal resource for District operations and programs, and coordinates and oversees legal services provided by third-party legal firms.

Assistant Superintendent for Instruction: Dr. Charis McGaughy

Oversees all elementary and secondary schools, Instruction and Student Services Departments, equity initiatives, and research and planning for the District. The Assistant Superintendent also serves as a member of the Superintendent's Cabinet responsible for district oversight, planning and implementation.

Director of Research and Planning: Oscar Loureiro

Responsible for the leadership and administration of District-wide functions involving educational research, analysis, and reporting.

Director of Student Services: Kat Lange

Oversees the District's various special education programs tasked with locating, identifying, evaluating and supporting all children with special needs, birth to age 21.

Director of High School Education: Andy Dey

Oversees the administration of the District's middle and high school programs, including the District's alternative high school and programs that connect students to coursework at Lane Community College and at the University of Oregon.

Director of PreK-8 Education: Brooke Wagner and Jeff Johnson

Oversees the administration of the District's elementary education program, kindergarten through fifth grade.

Assistant Superintendent for Administrative Services: Vacant

Oversees support services including finance, procurement, warehouse services, human resources, nutrition services and the risk management program. The Assistant Superintendent also serves as a member of the Superintendent's Cabinet responsible for district oversight, planning and implementation.

Director of Financial Services: Andrea Belz

Responsible for the district's fiscal operations including all aspects of accounting, payroll and budget.

Director of Food Services/Procurement: Holly Langan

Oversees the activities of the district's Nutrition Services program, central purchasing and warehouse operations.

Director of Human Resources: Karen Hardin

Responsible for securing, developing, managing, evaluating and sustaining a top-quality, high-performing staff for the District.

Chief Operations Officer: Kyle Tucker

Oversees District support services including capital projects, facilities, technology, and transportation. The Chief Operations Officer also serves as a member of the Superintendent's Cabinet responsible for district oversight, planning and implementation.

Director of Facilities Management: Ryan Spain

Oversees a dedicated team working to create and maintain secure, comfortable and attractive facilities to enhance the learning and working environment for district students and employees.

Director of Technology: Steve Menachemson

Envisions and works to provide a robust technology infrastructure that supports not only current but also emerging and potential technologies throughout the District.

Director of Transportation: Chris Ellison

Oversees the safe, reliable transportation of District students.

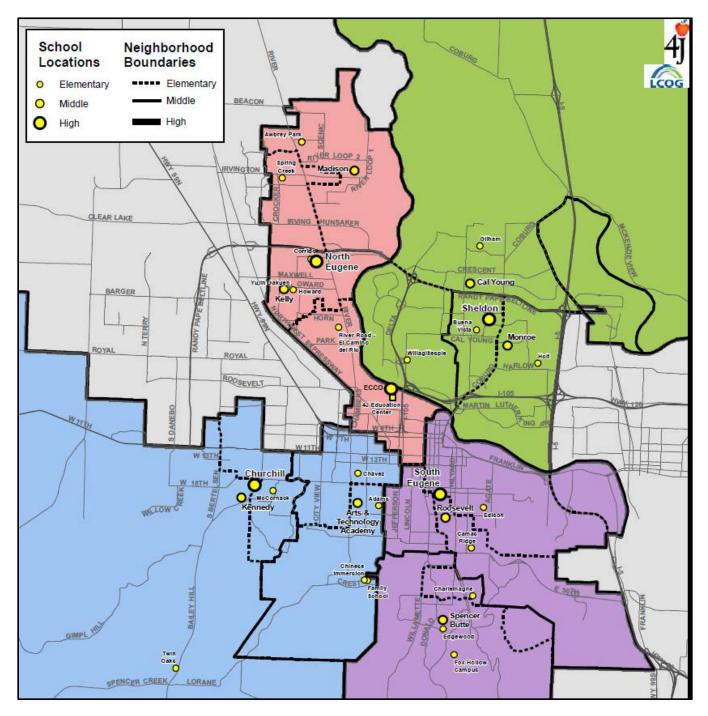

School Descriptions

Within this section are short descriptions of each District school. More detailed information is available on the District's website at: <u>www.4j.lane.edu/schools</u>.

School enrollment levels drive the District's funding and are used in calculating licensed and classified staffing allocations. The tables included in this section reflect key budgetary information for schools. Projected enrollment for staffing purposes differs from student headcount in that special education students are counted at 0.25 in the allocation of general education teaching staff. This allocation provides a small level of additional general education resources to support these students and classrooms. Direct support for special education students and classrooms is allocated by the District's Student Services Department based on the needs of individual classrooms and students, and is not reflected within this section. Other school resources include administrative staff, classified staff and a discretionary budget allocation.

Eugene School District 4J Map

Noted below is a map of the Eugene School District 4J school locations with neighborhood boundaries outlined within each region: Sheldon in green, South in purple, Churchill in blue and North in red, and includes each elementary, middle, and high school site.

Elementary

The District's elementary program includes fifteen neighborhood schools and five language immersion programs. Each school reflects the uniqueness of its students, staff, and community. The immersion programs reflect particular visions and education philosophies and have emphases such as language and culture immersion.

Adams Elementary

Principal: Teresa Martindale 950 West 22nd Avenue, Eugene, OR 97405

Adams is a thriving neighborhood school that emphasizes academic excellence, sustainability, citizenship and equity. Talented and dedicated staff strive to provide differentiated instruction to challenge and support all students in achieving high levels of academic success, as well as social and emotional learning. Adams benefits from active parent and

community involvement, offering students a variety of experiences including music, art, field trips, and participation in green school initiatives such as gardening, composting, and walking and biking to school.

School Improvement Goals:

- Increase student achievement in reading and math as measured by both formative and summative assessments
- Ongoing staff development in making student thinking visible and increasing student engagement
- Decrease our carbon footprint through education about and adoption of sustainable practices
- Integrate cultural competency at all levels of the school and into all relationships within the school
- Improve the functional information and communication technology knowledge and skills of all students

Mission Statement:

We are committed to providing all students with meaningful learning opportunities designed to help each individual achieve his or her full academic and social potential.

Awbrey Park Elementary

Principal: Michael Riplinger

158 Spring Creek Drive, Eugene, OR 97404

Awbrey Park is a thriving neighborhood school in North Eugene that focuses on the whole child values involvement and parent and collaboration. Their teachers. counselor. administrator and support staff excel in teamwork and a child centered approach to elementary education. The Awbrey Park academic program focuses on 21st century literacy, math, science and a hands-on, minds-on approach to learning. Awbrey Park is an Advancement via Individual Determination

(AVID) school that is preparing students for a successful future. The integration of technology is key to rigorous and engaging classrooms. Their students know that the staff believe in them and can assist them to make academic and social gains in their progress through school.

School Improvement Goals:

- All teachers use instructional strategies and initiatives that are grounded in evidence-based practices
- Instructional teams use a variety of data to assess strengths and weaknesses of the curriculum and instructional strategies and make necessary changes
- Staff educate families and provide needed resources to support their children's learning
- Staff actively promote a shared vision for equity, cultural competence and high expectations
- All instructional staff in the school use sound classroom management practices that encourage student engagement and affect student learning

Mission Statement:

We strive to ensure that all students learn in a respectful, challenging and collaborative environment.

Buena Vista Spanish Immersion

Elementary Principal: Melissa Ibarra 1500 Queens Way, Eugene, OR 97401

The Buena Vista Spanish Immersion Elementary program is designed to provide students with a high quality bilingual and biliterate education, building a foundation to achieve success K-12 and beyond. Research indicates bilingual students gain deeper insights into ways of thinking and expressing themselves. Learning two languages increases the strength of literacy in both. Skills acquired include:

- High level of proficiency in literacy and math skills in both English and Spanish
- Appreciation of multiple cultures and sensitivity to people who speak other languages, as well as a multicultural perspective
- Foundations of knowledge in the other curriculum areas, such as science and social studies
- Ability to make connections across subjects and languages
- Flexibility of thinking and creative problem solving

School Improvement Goal:

• Continue to recruit, hire and retain highly qualified Spanish-speaking teachers and staff as needed in order to maintain a high level of commitment to the immersion experience for all students

Camas Ridge Community School

1150 East 29th Avenue, Eugene, OR 97403

The morning is spent on language arts, math, social studies and science. Four days a week in the afternoon we have a multi-age Community Time class for grades 1–5. The Community Time class helps students develop interpersonal, problem-solving and decision-making skills along with writing, art and project-based learning opportunities in a community-based, multi-age setting. Four days a week in grades 1–5 we have multi-age project-based classes in which students

investigate open-ended questions and apply their knowledge to produce authentic products. Students choose from a menu of project-based learning classes. Project classes are engaging, scholarly and student-driven with an interdisciplinary approach that blends reading, writing, science, social studies and art with complex thinking skills into multi-week courses. During the year we also have two art block classes, which allow students to explore the elements of art, create their own original art, and critique and respond to art created by other students.

School Improvement Goals:

- Every student will meet/exceed grade level standards in reading, writing and math
- Every student will develop the interpersonal skills necessary to succeed in a multi-age learning community
- Every student will demonstrate the skills necessary to succeed in a variety of project-based learning courses

Mission Statement:

Wonder, Explore and Grow. Our mission is supported by a strong commitment to:

- Creative and scholarly project-based learning
- Multi-age academic and social development
- A caring learning community

Chávez Elementary

1510 West 14th Avenue, Eugene, OR 97402

Principal: Deirdre Pearson

The César E. Chávez Elementary School community believes a strong connection between parents, students and the school is the best way to promote student success and value parent involvement and collaboration. The

academic program focuses on literacy through systematic instruction where students have access to technology throughout their school day to enhance learning.

César E. Chávez Elementary School is a respectful, caring community with high expectations, and honor individual successes and believe everyone can learn in an encouraging environment.

School Improvement Goals:

- Improve student achievement in math, reading and writing
- Create a safe and caring environment for all students
- Develop and promote a variety of opportunities for parents to participate in the education of their children

Mission Statement:

To create a diverse student community of academically and socially skilled individuals by encouraging independence, respect and visionary thinking.

Charlemagne French Immersion Elementary

3875 Kincaid Street, Eugene, OR 97405

Principal: Garrett Bridgens

The Charlemagne program is designed to empower every child to acquire the French and English academic and interpersonal skills necessary to become kind, empathetic, contributing members of society. We support students on their path to becoming global citizens. We expect our students to meet or exceed the State of Oregon's grade-level standards in math, reading, writing and science, and to become fluent French speakers.

School Improvement Goals:

- 90% of all students will meet or exceed state benchmarks in English Language Arts, Math and Science
- 90% of all students will meet or exceed specific proficiency levels in French for the four language domains: speaking, writing, listening and reading
- Create a high-functioning school wide positive behavioral interventions and supports (PBIS) system and work together as a community to create a safe, respectful, culturally-inclusive environment with consistent school rules and expectations

Mission Statement:

We strive to support each student by creating a safe, structured and student-centered learning environment. This will be accomplished through differentiated instruction, culturally responsive practices and high levels of student engagement with a francophone focus.

Chinese Immersion Program

Principal: Jennifer Hebard

1155 Crest Drive, Eugene, OR 97405

The Chinese Language Immersion School began in fall 2017 providing students in kindergarten and first grade with a rigorous Mandarin Chinese immersion education. Every year an additional grade will be added, ultimately expanding to Kennedy Middle School for grades 6-8, and then to Churchill High School for grades 9-12. Our program provides instruction in Mandarin 50% of the school day, and the other 50% of the school day in English. This model enables students to be biliterate in Mandarin and English, to develop strong cross-cultural understanding and appreciation, and to become caring and productive global citizens.

School Improvement Goals:

- Students will demonstrate highly proficient biliteracy skills: speaking, writing, and reading in Mandarin and English
- Students will perform at or above grade level with peers on state, district and STAMP language proficiency tests
- Recruit and hire highly qualified bilingual teachers

Corridor Elementary

200 Silver Lane, Eugene, OR 97404

Choice is the essence of Corridor—not only the choice to be here but also opportunities throughout the day for students to choose how they will accomplish mastery of a certain skill. Students commit their mornings to reaching their highest academic potential and then engage in an extensive afternoon elective program. Here, teacher strengths and expertise are utilized to create a variety of curriculum enrichment

classes that are designed to help students discover and develop talents, interests and self-esteem.

School Improvement Goals:

- Increase student achievement in math and writing
- Continue to foster a safe, welcoming school environment for students, families and staff

Budgeted Teacher Allocation History:

Mission Statement:

To prepare all students to be productive members of a global society and to have children leave this school with a sense of self-worth, respect for all people and a zeal for lifelong learning.

Notice of School Closure:

On June 3, 2020, the 4J Board of Directors voted to close Corridor Elementary School at the end of the 2019-20 school year. The District will work with impacted families to relocate students to their neighborhood school or another available 4J school program for the 2020-21 school year.

Edgewood Elementary

577 East 46th Avenue, Eugene, OR 97405

Principal: Jim Moore

Principal, staff and community work together to create a safe, caring, respectful and culturally inclusive environment that encourages a growth mindset approach to learning. Edgewood Community offers a strong academic program that emphasizes effective effort with basic skills through an integrated curriculum approach. In a positive, caring environment, children are given responsibility for their behavior. We emphasize communication between home and school.

School Improvement Goals:

- Teaching and learning
- Educator effectiveness
- School climate and culture

Edison Elementary

Principal: Scott Marsh 1328 East 22nd Ave., Eugene, OR 97403

Edison is a welcoming place for children and families with a strong community of learners and supporters! We place emphasis on children taking active responsibility for their learning, and staff and parents taking responsibility to support their learning. In addition, teachers teach a challenging, comprehensive curriculum while fostering an environment where mutual respect, exploration and risk-taking are encouraged.

School Improvement Goals:

- Students will meet or exceed grade level standards in reading, writing, math and science
- Students, staff and parents will work together to maintain a safe, caring learning environment that fosters academic excellence and positive interpersonal relationships
- Students will actively contribute to a school wide culture of respect, cooperation, inclusion, compassion and integrity

Family School

Principal: Jennifer Hebard

1155 Crest Drive, Eugene, OR 97405

Family School embraces child-centered learning that involves families, students and teachers working together in a multi-age setting. Our multi-grade classrooms support strong academic achievement. The wide range of skills and abilities in a blended classroom nurtures the whole child through peer modeling and cooperation. Combining academics with a strong sense of family-centered community allows for innovative approaches to instruction. We work collaboratively with families to support each student's success.

School Improvement Goals:

- Maintain high academic achievement for all students in all academic areas, while staying true to a developmental model
- Infuse our ROOTS values, Responsibility, Openness, Observance, Thoughtfulness, and Safety into all school settings
- Learn from each other, and treat each other with respect and integrity

Family School's motto, *From Roots to Wings*, expresses our instructional focus of providing strong foundational skills to nurture students' independence and lifelong learning.

Gilham Elementary

Principal: Lavinia Page 3307 Honeywood Street, Eugene, OR 97408

Gilham offers an atmosphere of high academic standards and unprecedented community involvement, providing an enthusiastic and progressive educational environment. Parents and staff partner to encourage success and take pride in academic excellence. In addition to

strong core programs, we also include technology, library, music, PE and school wide recycling. Parents are a vital part of our success and spend extensive hours volunteering. We value a curriculum that is relevant, engaging, culturally diverse and child-centered. We value an environment that is emotionally and physically safe, supportive of home, school and community relationships, where learning is authentic and connected, and where each child feels valued, worthy and invested.

School Improvement Goals:

- Rigor and excellence: We will continue to maintain our high standards for academic learning and growth, and support students in meeting their goals; we will do this by analyzing our data, examining best practices for instruction, and capitalizing on the expertise and leadership of our exceptional staff
- Achievement for all: We are focused on ensuring that each and every Gilham student has the tools and the support needed to meet and exceed their individual academic, social and emotional goals
- STEAM (science, technology, engineering, art and mathematics): Ongoing development of a comprehensive, integrative STEAM program, including robotics, maker projects, and design-to-implementation learning through program coding and 3D printing

Holt Elementary

Principal: Allan Chinn

770 Calvin Street, Eugene, OR 97401

Holt Elementary is inspired by the vision of their namesake, Bertha Holt, the founder of Holt International Adoption Agency. The school's program is designed to embody her legacy of care for children from all

backgrounds and abilities. Holt is a true community of teachers, students, parents, staff and volunteers working together to help students achieve academically.

School Improvement Goals:

- The school's principal and staff will work together to create a safe, respectful, culturally inclusive environment with consistent school rules and expectations
- Instructional teams will use a variety of data to assess strengths and weaknesses of the curriculum and instructional strategies and make necessary changes
- The school's key documents will be annually reviewed for revision and disseminated to all families in the school and translated as needed
- School leadership will facilitate an annual needs assessment based on student achievement and the key areas of effectiveness
- All instructional staff at the school will be engaged in aligning instruction and local assessments to state standards

Howard Elementary

Principal: Erin Gaston 700 Howard Avenue, Eugene, OR 97404

Howard Elementary School is a technology immersion program where students and teachers integrate technology into everyday learning and offers a rigorous curriculum that challenges students and prepares them with 21st century skills. Howard is a place where the entire school community

gathers regularly to support, celebrate and honor the achievements of all their children. With the caring guidance of dedicated staff, our students make academic gains while developing persistence and personal responsibility, qualities that are the cornerstone of lifelong learning. They are committed to fostering a curiosity for learning and the skills necessary to prepare students academically and socially for the transition to middle school. Rigorous academic explorations coupled with the immersion of technology into everyday teaching and learning helps students grow into thinkers and problem solvers.

Mission Statement:

Staff, students, and families encouraging the joy of learning, the value of cooperative accomplishment, and the optimism of future success. Our goal is for every student to achieve high academic standards while becoming lifelong learners able to contribute to our local and global communities.

School Improvement Goal:

- Each student will meet their growth targets in English language arts and math
- Each student will develop the social, emotional, and behavioral skills needed to be successful learners

River Road/El Camino del Río Elementary

120 West Hilliard Lane, Eugene, OR 97404

Principal: Karen Ramirez Gutierrez

River Road/El Camino del Río is a two-way immersion program that offers a unique opportunity for native English and Spanish speakers to learn together in order to become bilingual and biliterate. They quickly become emerging bilinguals and establish strong cross-cultural relationships. The program is an outstanding opportunity for English language learners, as well as for students who wish to learn Spanish. Students enrolled in the K–12 program will move on to Kelly and North Eugene to complete 13 years of language education.

School Improvement Goals:

- Bilingualism and biliteracy: Students will develop a high level of oral and written proficiency in both Spanish and English
- Academic excellence: Students will achieve academic excellence in all subject areas, meeting or exceeding district and state performance standards
- Cross-cultural understanding and the development of pro-social skills: Students will develop positive attitudes toward other languages and cultures and demonstrate their ability to appreciate the traditions and values of various cultures in our society and around the world

Mission Statement:

We strive to develop the social, emotional, and cultural aspects of the whole child while celebrating academic success and provide many opportunities for a comprehensive education for all students. We believe this will happen in an atmosphere where respect and acceptance of individual diversity is fostered. It is our goal that students from Spring Creek Elementary will be prepared for the middle school level and prepared to be positive, contributing citizens.

Twin Oaks Elementary

85916 Bailey Hill Road, Eugene, OR 97405

The goal of Twin Oaks is to maintain a welcoming, safe and interesting learning environment where students are motivated and achieve at high levels. Twin Oaks has a strong academics-focused program. Our robust kindergarten program is ideal to get students prepared for lifelong learning, nurturing their developmental growth and providing a strong foundation for literacy and math skills.

School Improvement Goals:

- Continue to increase student achievement for all students in math, reading and writing
- Work together as students, parents and staff to maintain a safe and productive learning environment
- Increase parental involvement in school and community activities

Principal: Denisa Taylor

Willagillespie Elementary

Principal: Sheila Minney

1125 Willagillespie Road, Eugene, OR 97401

Willagillespie is a neighborhood school and a Title I school. We are staffed by a dedicated and hard-working team of teachers, educational assistants and specialists. We set high expectations for ourselves and for our students. We aim

for a comprehensive educational program enhanced by a math and science focus that spans grade levels and is offered throughout the school year. Children learn in a safe, encouraging, caring environment.

School Improvement Goals:

Willagillespie completed a Comprehensive Achievement Plan (CAP) in June 2015. Four ongoing school wide goals emerged. In addition to annual growth in reading, mathematics and writing, our school staff is committed to developing practices that align with the following CAP goals:

- The school principal and staff will work together to create a safe, respectful, culturally inclusive environment with consistent school rules and expectations
- All instructional staff at the school collaboratively plan for sound instruction in a variety of instructional modes
- School staff create and maintain a welcoming environment for all families and community members
- All instructional staff at the school engage in aligning instruction and local assessments to state standards

Yujin Gakuen Japanese Immersion Elementary

Principal: Tom Piowaty

850 Howard Avenue, Eugene, OR 97404

Yujin Gakuen Japanese Immersion School was the first public Japanese immersion school in the nation. Students are taught in Japanese 50% of the day and in English for the other 50%. Roughly translated from Japanese, Yujin Gakuen means "happy garden of learning." We serve students in grades K–5 in our building and have middle and high school programs at Kelly Middle School and North Eugene High School.

School Improvement Goals:

- Academic: Increase student achievement in writing
- Climate: Continue to foster a safe, welcoming school environment for students, families, and staff

Mission Statement:

Prepare students, through a bilingual, bicultural, integrated curriculum, to be responsible citizens in an increasingly global and technological society.

Middle

The District's middle school program (grades 6-8) consists of eight middle schools, including four language immersion programs.

Arts and Technology Academy (ATA)

Principal: Larry Williams 1650 West 22nd Avenue, Eugene, OR 97405

Arts & Technology Academy is a neighborhood middle school that integrates Science, Technology, Engineering, Math and the Arts (STEAM). Students participate in scientific inquiry and project-based learning in all

content areas using the design process. Teachers integrate reading, writing, mathematics and science curriculum to support problem-solving and critical thinking skills learning about real-world challenges. Our students participate in a wide array of electives that allow them to apply the concepts they are learning in their core classes. Students' experiences result in strong academic growth during their middle school years preparing them for high school success and the STEM courses at Churchill High School.

School Improvement Goals:

- Address Common Core State Standards and Next Generation Science Standards through a variety of rigorous and innovative curriculum structures that are consistent with best practice
- Incorporate community, families and local organizations to participate in the learning community
- Ensure that all students meet or exceed grade-level benchmarks in reading and math
- Ensure effective use and access to technology for all students across the curriculum

Cal Young Middle School

2555 Gilham Road, Eugene, OR 97408

Principal: Chris Mitchell

Cal Young Middle School provides an active, comprehensive instructional program designed to prepare students to succeed in high school and to meet or exceed state standards. In our state-of-the-art facility, students receive sequential instruction in music, fine arts, world languages and other elective courses that pique student interest and meet the developmental needs of middle-level students. Students at Cal Young access their own iPads through a 1-to-1 technology program. The use of technology and 21st-century skills has become a primary focus at Cal Young with the support of community involvement and stakeholder input. Our staff and faculty are proud to offer 4J students access not only to these physical resources, but even more pleased to offer exceptional instruction in all content areas on how to use these devices productively and meaningfully to enhance their individual educational growth. Our commitment to preparing your children for today's needs can be actively observed every day in each of our classrooms and through strategic professional development and focused collaboration agreed upon by the Cal Young faculty. Cal Young provides a positive, caring, supportive learning environment for all students, emphasizing academic excellence, respect and responsibility.

School Improvement Goals:

- Increase achievement levels for every student in math, reading, writing and science
- Provide a safe and healthy environment that supports learning and ensures that all students and staff are valued
- Expand our communication and collaboration with the community
- Foster a welcoming environment that promotes parental involvement

Kelly Middle School

Principal: Juan Cuadros

850 Howard Avenue, Eugene, OR 97404

We are committed to fostering lifelong learners who are prepared academically and socially for the transition to high school following the completion of three years of study at Kelly Middle School. Rigorous academic explorations tempered with socially responsible instructional practices will help students become contributors in our democratic society. Our teachers and administrators strive to educate the whole student by extending instruction from the core subject areas into PE, music, writing and second-language learning environments.

School Improvement Goals:

- We are committed to an active, engaged learning community
- We develop and maintain structures and strategies for effective, focused and direct communication
- We are committed to professional development and continually assessing and addressing the needs of our students, parents and guardians, staff and community members
- We will provide a schedule that promotes academic achievement and physical and social development for every student
- We strive to increase collaboration with students, parents, guardians, staff and community

Budgeted Teacher Allocation History:

¹Kelly Middle School receives additional licensed FTE for their Language Immersion program lowering their overall student: teacher ratio.

Mission Statement:

The mission of Kelly Middle School is to create an inclusive learning environment that challenges, prepares and empowers students to be contributing and compassionate citizens of the world.

Kennedy Middle School

Principal: Morgan Christensen

2200 Bailey Hill Road, Eugene, OR 97405

Kennedy's program promotes community outreach and involvement for students, preparing them for a world beyond the school walls. Students become involved in serving others through an active student leadership program and activities such as canned food drives. Specialized programs and activities that develop students' unique talents and interests are available through the music program,

yearbook publication, student clubs, student leadership, AVID, and track & field. Recognition for student achievement and success occurs through the PRIDE Program, Knights of Honor and multicultural awards.

School Improvement Goals:

Kennedy Middle School focuses on four areas to improve educational outcomes for all students: school attendance, student academic outcomes, community family outreach and communication, and school climate and culture. To ensure every student is engaged, ready to learn and experiences success, Kennedy staff commits to:

- Having high academic expectations
- Providing equitable access to academic coursework
- Implementing appropriate student supports
- Building healthy and positive relationships

Mission Statement:

Our school vision is "Excellence Every Day for Every Knight". To achieve this, Kennedy Middle School will strengthen a caring community of learners by:

- Promoting creative, social and intellectual growth
- Cultivating independent lifelong learners
- Celebrating diversity through inclusion and equity

Madison Middle School

875 Wilkes Drive, Eugene, OR 97404

At Madison Middle School, all students take language arts, social studies, math and science. Madison is a proficiency-based teaching and learning school. This means students are assessed using clear standards and learning targets with multiple opportunities and ways to demonstrate their understanding. Madison offers a wide range of enrichment opportunities. We are a strong AVID school.

School Improvement Goals:

Academic achievement:

- Improve individual reading and math scores and writing scores
- Create supports to ensure student success

School climate:

- Build school structures to promote a healthy school climate
- Promote social skill development and interpersonal skill development

Principal: Peter Barsotti

Monroe Middle School

Principal: Sun Saeteurn

2800 Bailey Lane, Eugene, OR 97401

Monroe Middle School is a professional learning community where academic achievement and success is valued by staff, students and parents. Monroe has a strong parent network that supports instruction and promotes a positive school climate. Monroe staff recognizes the unique needs of early adolescent students, and design developmentally appropriate education aligned to the state standards and articulated to high school, college and career readiness.

School Improvement Goals:

- Student achievement: A commitment to high academic standards; meet the needs of all students and close the achievement gap; reinforce reading, writing, math and study skills for high school readiness and beyond
- School Climate: Provide consistent school wide policies and procedures that teach and promote safe, respectful and responsible behavior; provide guidance activities to enhance growth and development
- School Equity: Provide social and physical activities within classrooms that are appropriate for the needs of middle school students, and teach about cooperation, participation and respect for individual differences

Mission Statement:

Together, we will prepare students for high school, college and career by providing each student with a highquality education

Roosevelt Middle School

500 East 24th Avenue, Eugene, OR 97405

Roosevelt balances scholastic excellence with a choice of electives and social and emotional growth. Our CORE (Creating Our Roosevelt Environment) program trains 8th grade leaders to orient all 6th grade students to Roosevelt. Our House program emphasizes growth in the whole child. The advisory program offers student support for social and emotional growth as well as improvement of academic practices. Our comprehensive counseling and special education services offer a wide range of support to all students.

School Improvement Goals:

- Assist and support students to meet or exceed academic standards in math, language arts, social studies, science and across the curriculum
- Provide students with a wide range of intellectual experiences; increase advocacy for student exploration and engagement within the Roosevelt curriculum
- Build authentic relationships throughout the Roosevelt community; give students guidance and a valued voice
- Value students' personal experiences and their heritage; integrate social and equitable experiences within the curriculum
- Teach our students the skills they need to be respectful, informed, participatory members of our school community, so that they can be respectful, informed, participatory members of our larger community.

High

The District's high school program (grades 9-12) consists of four regional high schools and one alternative education school (Early College and Career Options – ECCO).

An international high school program offers classes on three high school campuses (Churchill, Sheldon, and South Eugene) and is accredited by the International Baccalaureate program. This program is a four-year interdisciplinary curriculum focused on the study of nations, their cultures, history, artistic expression, and political, economic and belief systems.

Churchill High School

Principal: Greg Borgerding

1850 Bailey Hill Road, Eugene, OR 97405

One of the hallmarks of CHS is the caring culture of staff and students. We hold a collective commitment to respecting each and every student as one of our own. We further believe that every student has innate talents whether they have been discovered or not; we want for each student to find a successful path after high school.

We have six very successful career technical education programs of study that provide our students an opportunity to build experience in industry, take college-level classes, and explore their passions and interests. Along with these pathways, CHS has a strong college-bound culture, with Advanced Placement and International Baccalaureate classes, plus supports for students to be successful in these classes. Service is another hallmark of Churchill. Our students give over 15,000 hours of volunteer service each year, making a difference in the lives of people throughout the community.

School Improvement Goals:

- Positive and supportive relationships with each student
- Steadfast focus on best instructional practices, and
- Commitment to improving our graduation rate thereby preparing our students for the exciting challenges of the future.

Mission Statement:

Churchill High School will build a community of excellence by: cultivating an environment of equity; fostering a diverse culture of lifelong learners; recognizing the individual strengths of each student; expanding knowledge and developing skills through multiple pathways and programs. Lancers strive for excellence through PRIDE: PERSEVERANCE: Keep trying; RESPECT: Honor everyone; INTEGRITY: Do the right thing; DETERMINATION: Stay focused; EXCELLENCE: Do your best.

North Eugene High School

200 Silver Lane, Eugene, OR 97404

North Eugene High School has a long and proud tradition in the River Road and Santa Clara communities. An outstanding and deeply caring staff believes in the potential of every student. North Eugene High School has a variety of exciting programs designed to support student success in high school and beyond.

Interim Principal: Trinity Welch-Radabaugh

Commitment to diversity is evidenced by staff leadership (which includes an equity committee), unity-themed assemblies, affinity groups such as MEChA and Gender Sexuality Alliance, and curriculum such as Courageous Conversations class—an opportunity for students to learn and practice the skills needed to accept and respect one another.

North Eugene is an International Baccalaureate World School; every student has access to the IB diploma program and career-related program. All students are able to pursue a rich and rigorous curriculum in every subject area. Our curriculum includes college preparatory courses across all content areas, advanced science and math courses, relevant experiences in language arts and social studies, and a variety of fine, applied and performing arts, in addition to health and physical education classes. An involved and diverse student body means a multitude of clubs and a full range of 5A athletic programs.

School Improvement Goals:

- Increase student achievement in the areas of English language arts and math, as measured by the Oregon state tests
- Improve student reading and comprehension performance to support increased access to rigorous content curriculum
- Create a school climate where student achievement and safety are actively emphasized, encouraged and recognized

Mission Statement:

The North Eugene community empowers students to be thoughtful and compassionate individuals who will live and work in a complex and diverse global society. We support each student for life beyond high school by fostering their academic, social and emotional success. Students will prepare for post-secondary options and acquire the knowledge and skills required to thrive in a rapidly changing world.

Sheldon High School

Principal: Mike Ingman

2455 Willakenzie Road, Eugene, OR 97401

Our statewide and nationally recognized world languages program offers exemplary opportunities in Spanish Immersion, and college credit and/or Advanced Placement courses in Spanish, Japanese and French.

Commitment to diversity as evidenced by staff leadership, which includes an equity committee, plus unity-themed assemblies, affinity groups (e.g. Black Student Union, Gender Sexuality Alliance, Latino Club, Jewish Students Club), a multicultural center and curriculum such as Courageous Conversations class—an opportunity for students to learn and practice the skills needed to accept and respect one another.

School Improvement Goals:

- Community: Engage all stakeholders in activities that build, foster and improve our sense of Sheldon community
- Physical Environment: Improve the use of Sheldon High School's physical space to provide a functional, safe and more welcoming environment for all stakeholders
- Curriculum: All students will be provided access to learning, including opportunities to achieve their individual academic potential and to enrich their total school experience

Mission Statement:

Sheldon High School is a place of respect, integrity and learning. Its mission is to provide all students with a challenging, comprehensive education designed to prepare them to perform as successful citizens in our complex, ever-changing world.

South Eugene High School

400 East 19th Avenue, Eugene, OR 97401

South Eugene is a well-established and highly regarded high school. Students and staff take great pride in the sheer number of exceptional opportunities available at our open-campus school. Our rigorous curriculum includes college preparatory courses across all content areas, challenging science and math courses, vibrant literature offerings, relevant experiences in the social sciences, and a variety of fine, applied and performing arts, in addition to health and physical education classes. Our campus is located near the University of Oregon and Lane Community College, which provide easy access to additional advanced academic opportunities. SEHS students also participate in a multitude of clubs and a full athletic program.

School Improvement Goals:

- To have a more inclusive academic, extracurricular and co-curricular program representative of the diverse student body we serve
- To be a more cohesive institution where every student is known and cared for
- To have a robust freshman transition and student retention program for all SEHS students and families

Mission Statement:

South Eugene High School is a caring community that encourages students to be lifelong learners and contributors in an increasingly complex world.

Early College & Career Options (ECCO) and ECCO GED

200 North Monroe Street, Eugene, OR 97402

Early College & Career Options (ECCO) is an alternative high school program offering a state-accredited diploma through credit recovery opportunities. Our academic programs stress equity, community and self-advocacy using trauma informed teaching practices. ECCO offers CTE pathways in Natural Resource Management, Computer Science, Construction Technology and Entrepreneurship. Smaller class sizes offer students more personalized instruction.

ECCO's GED program, housed in the Lane Community College Downtown Center, provides another option for student success. Staff provide instructional support and study materials needed to earn a GED. Testing takes place off-site and at flexible times during the day.

Mission Statement:

1

,

....

. .

...

To provide an equitable educational opportunity so that all students in 4J complete high school with the skills to be successful in their choice of career and/or college.

Budgeted Te	eacher Allocation History	:		
Year	Projected Enrollment for Staffing	Needs Index	Teacher Allocation	School Student: Teacher Ratio
2020-21	125.00	NA	6.50	14.2
2019-20	125.00	NA	6.50	19.2
2018-19	250.00	137.0	10.50	23.8
2017-18	250.00	91.1	10.50	23.8
2016-17	250.00	91.3	10.50	23.8

In 2019-20, the ECCO program moved from the Lane Community College campus to a new building located behind the Education Center at 200 North Monroe Street. With this relocation, some services previously provided by ECCO, such as credit recovery programs, were moved to each regional high school.

Note that average class size is not tracked for the ECCO program.

Principal: Paula Nolan

Eugene Online Academy

200 North Monroe Street, Eugene, OR 97402

The Eugene Online Academy combines technology and in-person support from licensed teachers for students interested in learning in a different way than a traditional classroom setting.

Students learn in a self-paced manner that is flexible and customized to their individual needs, interests, and schedules.

The Eugene Online Academy offers a wide variety of courses including core classes, career and technical education (CTE) courses and electives, and allows students to explore and concentrate on individual career pathways. Students are also able to take on-site classes and participate in extracurricular activities in their neighborhood schools.

Online Learning Coordinator: Steve Grossberg

Eugene Online Academy

Most online coursework is completed off-campus, but students needing additional support can also drop in to the computer lab for personalized help. Students are required to test on-site and check in at least twice weekly.

Mission Statement:

To provide all students with a high-quality, well-rounded educational experience that is rigorous, culturally responsive, personalized and engaging.

History of State Funding

K-12 education's share of the Oregon state budget has fallen from 44.8% in the 2003-05 biennium to only 39.1% of the 2019-21 biennium Legislative Co-Chairs Balanced Budget Plan (Figure 1). The long and deep national recession that began in 2008 was the initial driver of the reduction in state funding; however, it should be noted that education's share of the state's budget was already falling as early as 2005.

Prior to the COVID-19 emergency, Oregon's economy had recovered from the Great Recession with unemployment rates at near all-time lows and robust revenue growth. The Legislature approved a State School Fund appropriation of \$9 billion, which represents only 38.0% of the 2019-21 biennial budget approved by the Legislature, but with the understanding that additional funding could be provided through legislative action. The High School Success grant was initiated by ballot Measure 98 in November 2016. With support from the Student Success Act, this grant would be fully funded in 2020-21. The Oregon Legislature also passed the Student Success Act (House Bill 3427), a school funding bill expected to provide \$2 billion a biennium in additional funding for our education system's greatest needs. Districts across the state were excited for the opportunities offered by this funding for our students. However, current economic conditions have brought the availability of this funding into question and the Governor has cautioned districts not to move ahead with SSA-funding plans at this time.

The Eugene School District has calculated its 2020-21 State School Fund budget assuming a State School Fund appropriation of \$9.0 billion as approved by the Legislature. For FY 2020-21, the State school fund appropriation to Oregon schools is \$4,590,000,000 or 51% of the \$9.0 billion. As this appropriation is part of the State's General Fund budget and assumes the availability of \$200 million from the Student Success Act, funding shortfalls in either of these areas could significantly impact district resources.

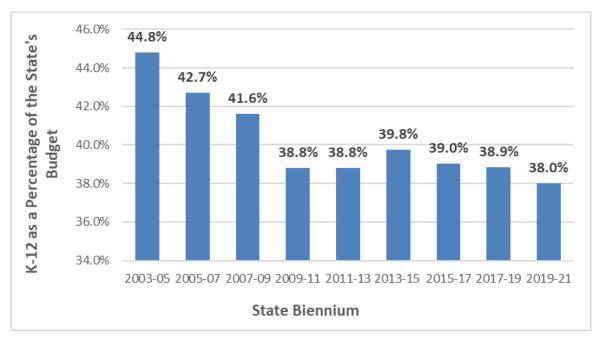

Figure 1. K-12 Education spending as a percentage of Oregon's Biennial Budget, 2003-05 to 2019-21

Source: COSA; Oregon Legislative Fiscal Office 2013-15 Legislatively Approved budget; 2015-17 Legislatively Adopted budget; 2017-19 Legislatively Adopted budget; 2019-21 Co-Chair Balanced Budget Plan

Figure 2 shows the decline in state school funding per pupil from 2007-08 through 2012-13. This is shown adjusted for inflation in Figure 3. State school funding levels beginning in 2013-14 show improvement over prior years. However, over the same period staffing costs have increased considerably with significant increases in contributions required to fund PERS and insurance benefits. When adjusted for inflation the change in per student funding has curved over this time.

Federal sequestration cuts are continuing with reduced funding for programs serving our most needy students and annual reductions in the subsidy payment for a portion of our bond interest. We are not certain of the future of sequestration cuts and the budget reflects revenues as currently reported by agencies.

History of Local Support

Oregon Property Tax Measures

Measure 5

In November 1990, Oregon voters approved Measure 5, a citizen's initiative limiting total taxes on each property in the state to 1.5% of the property's real market value and shifting responsibility for funding public education to the state from the local level.

Measure 5, a constitutional amendment, phased in the tax limit for schools over a five-year period, beginning with a limit of \$15 per \$1,000 of real market value in 1991–92 and decreasing to a permanent limit of \$5 per \$1,000 of value in the 1995–96 fiscal year. Tax limitations do not apply to bonded debt for capital construction.

In response to the requirement that the state replace school tax revenue lost under Measure 5, the legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

Measure 50

In 1997, Oregon voters approved Measure 50, an initiative referred by the legislature to implement the provisions of Measure 47. The purpose of Measure 50 was to clarify legal ambiguities in the original measure and change the property tax system from a tax base system (where a dollar amount is levied) to a tax rate system (where a permanent rate is levied). As a result, in 1997–98 assessed values were rolled back to 1995–96 values minus 10% and future assessed value increases were capped at 3% per year plus exceptions such as the value of new construction. The District's permanent rate was set at \$4.75 per \$1,000 of assessed value.

Other provisions limited the use of bonded debt and required a 50% voter turnout for property tax elections except at general elections (November of even-numbered years).

The original Measure 50 language did not allow school districts or educational service districts to use local option levies; however legislation passed in 1999 enabled school districts to seek approval of local option levies to support operations and/or capital needs starting in 2000-01. This represents the only opportunity for district voters to increase revenue for district operations since Measure 5 passed in 1990. Local option levies for more than a year may be filed as either a fixed dollar amount per year or a tax rate. Operating levies cannot exceed five years, and capital levies cannot exceed the lesser of ten years or the expected useful life of the asset(s). Revenues from local option levies are outside the State School Fund formula.

Measure 56

In November 2008, voters amended the state constitution to require that all local property tax measures in May and November elections be decided by majority vote, overturning the "double majority" requirement of Measure 50.

Local Support

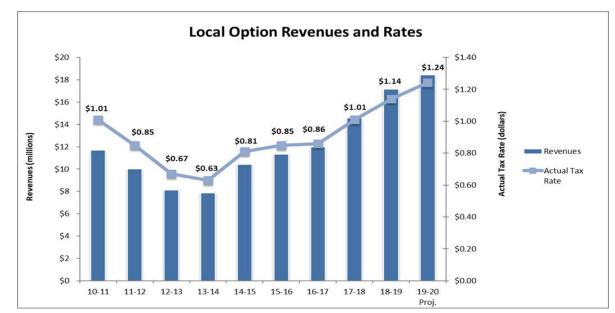

Local support for the District has continued, even during uncertain economic times. The District's voters have approved local funding measures by substantial margins. Since 1992, District voters have approved six general obligation bond levies, one local option levy, and four renewals of the local option levy.

Local Option Levy Revenue

In May 2000, District voters approved a five-year local option levy of \$1.50 per \$1,000 of assessed property value to assist with operations. Since the passage of Measure 5 in 1990, this was the first opportunity for District voters to increase school operating funds above the State School Fund formula. Voters renewed the local option in November 2004, 2008, 2014 and 2019. The current local option has been levied for five years from 2020-21 through 2024-25.

The stability of this revenue source is largely dependent on the real market value of each property in the District increasing by at least the same rate as the assessed value (which is limited to a 3% increase per year up to the real market value). In a slower economy, real market value may increase at a slower rate or fall below the assessed value. Over the past couple of years the rate of real market growth has exceeded that of assessed value growth, but the COVID-19 emergency could significantly impact the housing market and property value growth if it causes a protracted economic recession.

Local option capacity represents the "tax gap" between the Measure 5 tax rate limit based on real market value and the Measure 50 tax rate based on assessed value. When the gap between real market value and assessed value is not sufficient to generate the full \$1.50 tax rate, a property is said to be "in compression" and the taxes paid are only a part of the tax rate imposed. On the one hand, if assessed value and real market value are the same for a particular property, local option taxes are at their lowest amount (most compressed). On the other hand, if the assessed value is well below the real market value, the full \$1.50 rate is due (no compression). Most taxpayers are paying less than the full rate. Since 2005-06 the average "actual rate" received by the District has been as low as \$0.63 per \$1,000 in 2013-14 (\$7.9 million total) and as high as \$1.32 in 2008-09 (\$14.2 million total). The falling real market values beginning in 2010 drove down the actual rate every year between 2010 and 2014. Local option revenue rose steadily since then and is projected to increase to \$1.24 per \$1,000 (\$18.42 million total) in FY 2019-20.

The local option calculation requires that compression be calculated for each property separately and it is therefore difficult to predict the effect of compression on District revenue.

General Obligation Bonds

Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies for bonded debt fall outside the limits of Measure 5.

Measure 50 limited the use of bonded debt to funding capital construction and improvements and prohibited using bonds to finance the purchase of equipment or maintenance and routine repairs. However, in 2009, the state legislature approved a provision of the Oregon Constitution which effectively expanded the range of qualifying uses of bond proceeds by redefining "capital costs" as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may not be used to pay for the costs of routine maintenance or supplies.

District voters approved requests for general obligation bond funding for capital improvements and repairs to District facilities in 1992, 1994, 1998, 2002, 2011, 2013 and 2018. Detail on these bonds is provided in the Financial Plan section of the budget document, under Debt Service Fund.

Every Student Connected to Community and Empowered to Succeed

Academic Performance Indicators

Vision 20/20 Strategic Plan Framework 2016-2021

- **Goal I:** Educational Excellence with Equitable Access and Outcomes for Every Student Provide all students with a high-quality, well-rounded educational experience that is rigorous, culturally responsive, healthful and engaging.
- **Goal II:** Multiple Pathways to Student Success Provide multiple pathways to student success, including instructional and career pathways to engage all students for post-graduate readiness.
- **Goal III:** Communication and Connection with Community Foster proactive and positive communication, engagement and partnerships with stakeholders.
- Goal IV: Diverse World-Class Workforce

Ensure that every classroom has a high-quality, effective teacher, supported by high-quality, effective administrators and support staff.

Goal V: Stable, Sustainable Stewardship

Provide effective, efficient, and equitable stewardship of district resources to best support our instructional mission.

Introduction

Eugene School District 4J strives for excellence in all areas of its operations, driven by its mission to do what's best for students. In this section are some key indicators of how well the District is carrying out this mission.

Key Performance Indicators:

Goal I & II Key Performance Indicators:

- Graduation & completion rates (4 & 5 year)
- 40-40-20 progress (postsecondary success indicators)
- Suspension & expulsion rates
- Attendance data
- 3rd grade reading
- 9th grade on track to graduate
- Opportunity and achievement gaps in all indicators

Graduation and Completion Rates

Graduation Rates represent all students who earned a regular or modified school diploma. Completion Rates represent all graduates plus students who earned a GED, Extended Diploma, or Adult High School Diploma. Both of these calculations are based on an Adjusted Cohort which represents all students who started high school in a given year plus all students who transferred in from homeschooling, private schools, or outside of Oregon, but who were determined to have started high school in the same year, minus students who have a documented transfer out of Oregon public schools, students who emigrated to another country, and students who are deceased.

Four Year Rates

Four Year Graduation rate represents students who earned a regular diploma within four years of their first enrollment in high school (August 31, 2019). For 2018-19, this represents all students in the Adjusted Cohort who started high school in the 2015-16 school year.

In 2018-19 the 4-year graduation rate in the Eugene School District 4J was 77.8%, 3.4 percentage points higher than last year and 5.9 percentage points higher than in 2013-14. As shown below, during 2018-19 among comprehensive schools all four increased graduation rates and three of them saw significant increases (Churchill at 8.9 percentage points, North at 5.0 percentage points, and Sheldon at 2.1 percentage points). South made a nominal change with a 0.2 percentage point gain. Eugene Education Option's Four Year Graduation rate fell 2.6 percentage points, but focus on additional completion methods banked gains in Four-Year Completer Rates (4.3 percentage points). Overall, the district 4-year graduation rate rose 3.4 percentage points from last year's rates, owing to gains at all the comprehensive high schools. Eugene 4J's 4-Year Graduation Rate (77.8%) is 2.2 percentage points lower than the state average of 80.0%.

Five Year Rates

In 2018-19, the 5-year graduation rate in Eugene School District 4J rose 1.6 percentage points from the prior year and represents a 3.5 percentage point increase from 2014.

Significant gains at North Eugene High School (7.8 percentage points) along with modest gains at Sheldon, South and EEO, helped boost the District's five-year graduation rates for 2018-19. Combined with Churchill and the District Charter schools (Network and Twin Rivers) the overall 4J District graduation rate increased modestly.

The Eugene 4J District rate increased at the same pace as the State of Oregon in 5-year graduation rates during 2018-19 at 1.6%.

Completion

Students who earn an Adult High School Diploma, an Extended Diploma, or a GED are added to those students who are considered graduates (earned an Oregon Diploma, a Modified Diploma, or is participating in post-High School graduate courses) in the category of Completer Students.

Four Year Rates

In 2018-19, Eugene had a total of 97 students who completed these graduation alternative programs (10 of whom were in the four comprehensive high schools). In the District schools, all 97 students earned a GED. The 4-Year Cohort Completer Rate (which includes both regular and alternative program graduates) was 84.6%, up 3.4 percentage points from last year's rate of 82.1%

Table 1.2.1 4J High School 4-Year Cohort Completer Rates 2014–2019

Five Year Rates

In 2018-19, Eugene 4J had 113 additional students who completed graduation alternative programs within 5 years. The Eugene 4J 5-Year Cohort Completer Rate (which includes both regular 4- and 5-year graduates and 4- and 5year alternative program graduates was 87.1%, up 2.9 percentage points from last year's 84.2% rate.

High School Dropout and Non-completers

In Oregon, Dropout Rates are calculated based on students who are classified as Non-Completers. Non-Completers are students who are not considered Graduates within five years, who have not earned an Adult High School Diploma, Extended Diploma, or GED within five years, and who are no longer actively attending.

For the 2018-19 school year, the non-completer rate in the Eugene School District 4J was 3.6%, a reduction of 0.8 percentage points from the previous year's 4.4%. North was the only District school to show an increase in dropout rates (0.6 percentage points), while Churchill, Sheldon, and South all showed decreases (0.1, 0.2, and 0.5, percentage points, respectively).

Even with an overall decrease in the District's dropout rates, or rate is still slightly higher that the State average at 3.3%.

School	2014	2015	2016	2017	2018	2019			
Churchill	0.9%	1.5%	2.8%	2.3%	2.5%	2.4%

Suspensions and Expulsions

Exclusionary discipline removes a student from the classroom for a period of time (Suspension) or permanently (Expulsion) in response to major discipline violations.

During 2018-19 there were a total of 850 students who were disciplined using either suspension or expulsion in the Eugene 4J District. The vast majority of exclusionary discipline events were for temporary removal from the classroom and school (Suspension, n=844). Eugene 4J expelled 6 students during the 2018-19 School Year.

Attendance

Attendance is a key predictor of student success. According to the state of Oregon, students are not considered chronically absent until they are missing 10% of the school days in the year. Students are severely chronically absent when they have missed 20% of the school year's classes. Both attendance and chronic absenteeism are important measures that help identify issues for student success.

Overall, the District is performing under state expectations (79.1% Regular Attendance, and overall 20.9% Chronically Absent.).

Freshmen on Track to Graduate

Freshmen are considered On Track to Graduate if they have earned at least 25% of the number of credits required for a regular Oregon high school diploma. For Eugene 4J, this represents a student who has earned at least six (6) credits at the end of their freshman year. Credits earned by the end of the Freshman year is one measure of a student being on track, but students who are not yet meeting the 6-credit requirement to be included as a "Freshman on track" still have many opportunities to meet the requirements for graduation in the coming years by maintaining a full schedule throughout high school.

The vast majority of freshmen students in our comprehensive high schools are on track to graduate. District-wide, nearly 90% of our students are poised to graduate by the end of their 9th grade year, though there are clear disparities between males and females, and students who are from traditionally-underserved groups.

Board of Directors Guiding Beliefs and Values

Re-approved: October 3, 2018

District Mission

- Do what's best for all 4J students
- Continue to learn and grow
- Respect and care about each other

In order to meet the District Mission Statement above, the Board has adopted the following guiding beliefs and values:

Students

- We believe that all children can learn.
- We believe that our students' education and welfare are our most important commitments.
- We believe that a student's success in school should be independent of factors such as race, ethnicity, gender, socio-economic status, disability, native language, religion, and sexual orientation.
- We believe that public schools should foster development beyond academics such as character, creativity, resourcefulness, citizenship, an understanding of workplace expectations, respect for diverse cultures, and a lifelong love of learning.

Staff

• We value a highly qualified, caring, and diverse staff that reflects our student population and believe they are the key to meeting our goals for students.

- We believe in collaborating with staff in deciding what is best for our schools and our students, recognizing that not everyone may agree.
- We believe that it is essential for staff and board members to hold high expectations of all students, that these expectations are critical to student success, and that we must hold ourselves and each other accountable for the achievement of all students.
- We believe that high quality instruction is integral to student success and best achieved by providing strong instructional leadership, targeted professional development, and system-wide accountability, and support for student growth.

Community

- We believe that the board and staff make a difference in learning for our children by developing relationships and effectively engaging our families, community and local, state, and federal governments on social, political and economic challenges and inequities.
- We value public support for our schools and believe that the Board plays a critical role in generating and sustaining community partnerships and ongoing financial and other support.

Leadership

- We believe it is critical for the Board and staff to plan and direct resources consistent with our beliefs and values.
- We value continual learning for all—board, staff, and students—and believe that it is essential to student success in school.

Board Goals

Adopted: October 5, 2016

Excellence, equity, and choice are the core values that have shaped the Board's direction and actions since 2000.

In School District 4J, we believe that every student in every school can excel and that it is our responsibility as a board to ensure that every student has equitable access and opportunity. While our district has many strengths and successes to build on, we also must improve to make this vision a reality. In our current system, inequities exist among schools in terms of their ability to address students' educational needs. These inequities affect student performance and contribute to an opportunity gap.

These goals help us focus our efforts where improvement is most needed. They do not describe every effort we are dedicated to doing. Although not all programs and services are specifically addressed in these goals, we are committed to providing a comprehensive education that meets the needs of each student.

These board goals will allow us to focus our attention on a few key priorities to ensure that we can succeed, that we continue to work within our means, and that we can measure our progress along the way. Upon the Board's adoption of these goals, the superintendent developed superintendent, department, and school-level outcome goals that will help achieve key results and will be listed in an area of superintendent responsibility in the superintendent's evaluation process. When the superintendent succeeds, the Board succeeds.

I. STUDENT ACHIEVEMENT

Goal: Increase achievement for every student and close the achievement gap

The board is committed to ensuring that every student graduates and is college and career ready. Every school must improve teaching and learning with a focus on the Common Core State Standards. Our expectation is that every student will make at least one year of academic growth in each school year. All staff shall provide the support needed to actively engage students in their learning. Some schools will require additional resources to achieve district and state academic goals and close the achievement gap.

This goal aligns with the Superintendent's Area of Responsibility 1-Student Achievement.

II. STAFF CAPACITY BUILDING

Goal: Build our staff capacity to perform at a high level

Staff capacity to deliver high quality instruction is a key lever to student success. Collaborative, data-informed decision-making processes; proficiency in culturally responsive practices; and continued systemic professional development are essential to our success as a school district.

This goal aligns with the Superintendent's Area of Responsibility 2-Staff Capacity Building.

III. STEWARDSHIP OF DISTRICT RESOURCES

Goal: Provide prudent stewardship of District resources to best support student success, educational equity, and choice

The Board will direct District resources to support the instructional core and to provide educational equity and choice while maximizing administrative and operational efficiency within a sustainable budget. The District must also respond to regional enrollment patterns, a student population with more diverse needs, uncertain revenue streams, and escalating costs.

This goal aligns with the Superintendent's Area of Responsibility 3-Stewardship of District Resources.

IV. COMMUNITY ENGAGEMENT

Goal: Engage students, families, staff, the community, elected officials, and other stakeholders in supporting our schools and improving educational outcomes for all 4J students

In order for the Board to provide effective leadership, it must communicate with and establish working relationships with students, families, staff, the community, and other governmental agencies and engage these stakeholders in supporting our students and schools.

This goal aligns with the Superintendent's Area of Responsibility 4-Stakeholder Engagement.

Strategic Planning Process for Eugene School District 4J

4J Vision 20/20 Strategic Plan

Overview

Eugene School District 4J is looking to the future with 4J Vision 20/20. The District has engaged the community in a strategic visioning and planning process to develop a roadmap for the next few years, a 3- to 5-year guiding plan for the Eugene School District 4J.

The goal of the process was to develop a shared vision and plan for the future of our schools and the future success of every student. The plan was designed to reflect what our community wants our school system to look like and where the District's limited resources should be targeted to best support student success.

VISION: Every student connected to community and empowered to succeed

VISION 20/20

Vision: Every Student Connected to Community and Empowered to Succeed.

- Goal I: Educational Excellence with Equitable Access and Outcomes for Every Student
- Goal II: Multiple Pathways to Student Success
- Goal III: Communication and Connection with Community
- Goal IV: Diverse World-Class Workforce
- Goal V: Stable, Sustainable Stewardship

Strategic Plan Framework

Approved: January 11, 2017

Provide all students with a high-quality, well-rounded educational experience that is rigorous, culturally responsive, healthful and engaging.

Objective 1: Support student learning with rigorous, relevant, consistent curriculum and clear expectations for teaching and learning

We will...

- Articulate curriculum and coursework between levels.
- Adopt updated curriculum aligned to state standards using an approved process.

Objective 2: Provide instructional supports and systems to meet the needs of all students. We will...

- Implement full schedules for 10th graders.
- Develop staff capacity to provide culturally responsive instruction.
- Support grade-level transitions.

Objective 3: Support struggling learners with interventions, resources and training. We will...

- Expand multi-tiered system of academic interventions.
- Implement attendance intervention system.
- Strengthen behavioral intervention system.

Objective 4: Streamline assessment system to provide effective, efficient, meaningful assessments to inform instruction and maximize time for learning.

We will...

- Conduct an audit of currently used assessments and their purpose, parameters, frequency, cost and time impact.
- Develop and undertake an assessment adoption process.
- Align and articulate assessments used across the system, and reduce the number of assessments where possible.
- Provide professional development on assessment use.
- Ensure that working professional learning communities review and interpret data to guide student learning.

Provide multiple pathways to student success, including instructional and career pathways to engage all students for post-graduate readiness.

Objective 1: Provide rigorous academic programs in both neighborhood and alternative (magnet) schools.

We will...

- Improve articulation of immersion programs.
- Investigate the potential for expansion of immersion programs.
- Expand accelerated learning opportunities.
- Pilot the expansion of AVID to the elementary level.

Objective 2: Provide equitable educational opportunities at all comprehensive secondary schools. We will...

- Develop a visioning process for the distinct district regions, beginning with the North Eugene region.
- Review and potentially recommend changes regarding the current common secondary schedule.
- Review the school choice process.

Objective 3: Provide strong and varied career and technical education programs.

We will...

- Review existing career and technical education programs.
- Create connections among existing 4J programs.
- Deepen community and industry relationships.
- Connect with city, county, state and other resources to expand opportunities.
- Develop plan to expand and articulate career and technical education programs in all high schools.

Objective 4: Support student engagement in alternative educational settings.

We will...

- Review alternative education programs and recommend program changes and additions.
- Explore options for providing middle school alternative programs.
- Develop a framework for online learning.

Goal I & II Key Performance Indicators:

- Graduation & completion rates (4 & 5 year)
- 40-40-20 progress (postsecondary success indicators)
- Suspension & expulsion rates
- Attendance data
- 3rd grade reading
- 9th grade on track to graduate
- Opportunity and achievement gaps in all indicators

Foster proactive and positive communication, engagement and partnerships with stakeholders.

Objective 1: Implement a comprehensive communication strategy that provides timely, family centered, two-way communication.

We will...

- Develop and implement a comprehensive communications plan.
- Develop and implement an annual communications calendar.
- Increase output of timely communication about processes, activities and events.
- Design engagement strategies into major initiatives.
- Expand outreach to under-engaged communities.

Objective 2: Strengthen connections between our schools and our community.

We will...

- Develop and support partnerships with community organizations and businesses.
- Provide multiple school communication platforms and pathways.
- Provide opportunities for community engagement.

Objective 3: Support active school-family communication and engagement.

We will...

- Establish a baseline standard for school communications.
- Provide consistent communication resources to schools.
- Provide clear and timely school–family communication.
- Improve customer service to enhance parent experience.

Objective 4: Provide multiple pathways to engagement.

We will...

- Share important information through multiple channels to meet diverse needs.
- Provide opportunities for two-way communication.
- Increase targeted outreach to under-engaged communities.
- Communicate effectively with families in their home language.

Ensure that every classroom has a high-quality, effective teacher, supported by high quality, effective administrators and support staff.

Objective 1: Attract, hire and retain high-quality, passionate and diverse staff. We will...

- Strengthen collaboration with colleges to develop hiring plans for pre-service candidates.
- Develop in-district programs to provide avenues to diversify the workforce (EAs, students, mentoring, leadership development).

Objective 2: Elevate the professional capacity of our workforce to meet the needs of today's learners. We will...

- Develop and implement a mentoring program for new teachers and administrators.
- Develop and implement a coherent professional development plan for all staff.

Goal III & IV Key Performance Indicators:

- Communication output and outcome met
- Community satisfaction with district communication, engagement and transparency (survey)
- Parent satisfaction with school communication, engagement and transparency (survey)
- Staff retention rates
- Staff diversity compared with student diversity

Provide effective, efficient, and equitable stewardship of district resources to best support our instructional mission.

Objective 1: Optimize efficiencies and improve effectiveness.

We will...

- Audit internal and external systems and recommend improvements.
- Articulate district systems to ensure effectiveness and efficiency.
- Integrate and improve data reporting, automation, and data quality across processes and systems.
- Restructure district departments to provide more efficient support of schools.

Objective 2: Provide transparent, accountable financial management.

We will...

- Provide comprehensive financial and accountability information that is easy to locate and understand.
- Present budget overview in clear, consistent, plain language that is accessible by a layperson.
- Integrate all sources of income and how those sources are spent within the school district.

Objective 3: Allocate resources in an equitable manner to meet every student's needs.

We will...

- Review how resources are allocated to schools based on enrollment and needs index.
- Provide resources to reduce class sizes where possible, with attention to student need levels.

Objective 4: Develop a sustainable budget aligned to district goals, strategies and objectives. We will...

- Prioritize budget additions and reductions to align with district goals.
- Develop long-range funding plans to reduce class sizes, restore specialists, update curriculum and technology, continue to provide a full school year, and other priorities.
- Utilize master plans and replacement schedules to inform priorities.
- Develop processes to review funded systems, processes and programs and determine whether spending should continue, expand, reduce or halt.
- Maintain appropriate reserve levels.

Objective 5: Provide safe, secure, sustainable learning spaces that meet educational needs. We will...

- Complete a demographic study to analyze future student enrollment patterns.
- Update the long-range facilities plan for future construction priorities.
- Seek direction from the board, budget and bond committees on a potential future construction bond.

• Complete construction priorities on-time and on-budget.

Objective 6: Optimize technology to meet instructional and operational needs.

We will...

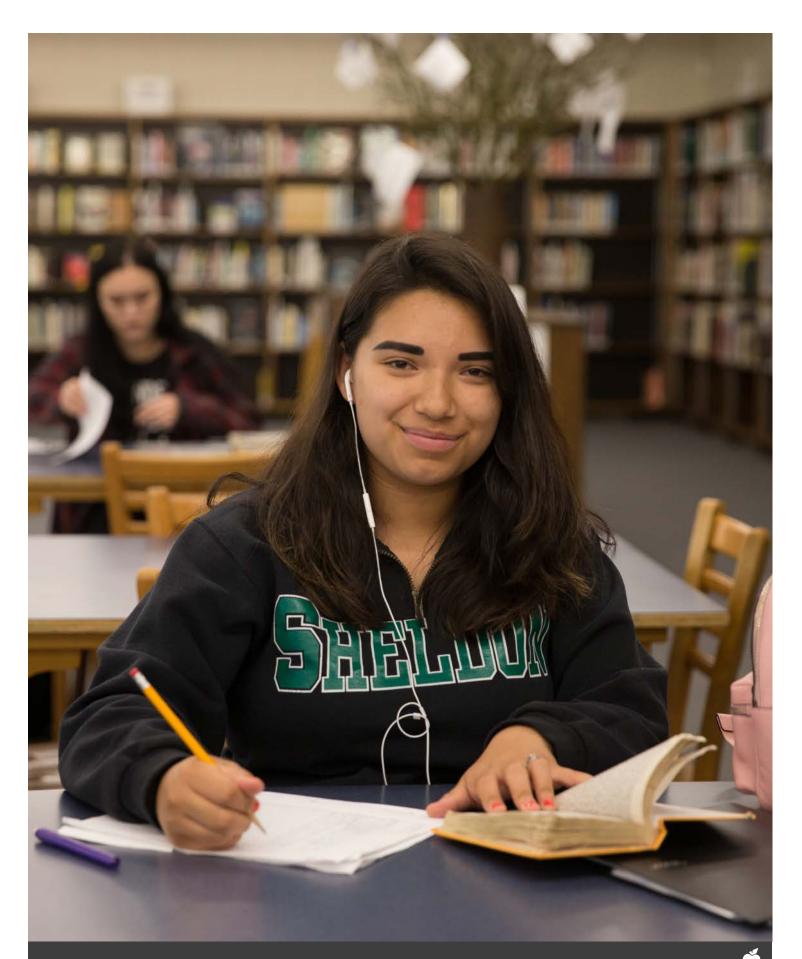

- Develop a long-range technology plan with a stable and secure platform and standards aligned to curriculum framework.
- Integrate technology into curriculum and instruction in a coherent, articulated manner.
- Promote technology through our organizational structure.
- Expand technology infrastructure to ensure all district sites have equitable access to technology.

Goal V Key Performance Indicators:

- Reserve levels (per board policy)
- Class sizes and staffing ratios
- Access and use of technology devices
- District progress on long-range facilities plan

Budget Drivers

The following chart describes the key drivers of the District's budget.

Every Student Connected to Community and Empowered to Succeed

Requirements for Budget Development

Oregon Budget Law

The budget is a financial plan that estimates the cost to operate District schools, departments, and programs for the next fiscal year. Board Policy DB directs the process by which the District prepares its annual budget to be in accordance with provisions of Oregon Local Budget Law (<u>ORS 294</u>), which provides standard procedures for the preparation, presentation, administration, and appraisal of budgets for Oregon municipalities. The law mandates public involvement in budget preparation, public exposure, and discussion of the budget and controls over the expenditure of public funds. The law also requires that the budget be balanced; that is, projected resources must equal projected requirements in each fund.

Basis of Budgeting and Accounting

The budget was developed in accordance with Generally Accepted Accounting Principles (GAAP), a uniform minimum standard for financial accounting and reporting. Governmental fund revenues and expenditures are budgeted and accounted for using the modified accrual basis of accounting. This is the same basis of accounting used in the District's audited governmental fund financial statements. Under this basis, revenues are recognized when they become both measurable and available. "Available" is defined as collectible within the current period or soon enough thereafter to pay liabilities of the current period. Revenues subject to accrual include property taxes, interest revenue, and charges for services. Property taxes are considered to be available if they are collected within 60 days after year-end.

Expenditures are recorded when the related fund liability is incurred. Principal and interest on long-term debt are recorded as fund liabilities when due.

The accrual basis of accounting is used by proprietary and fiduciary fund types; the District uses three such funds: the Insurance Reserve Fund, the Postemployment Benefits Fund, and the Private-Purpose Trust Fund. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

All the District's funds are appropriated through Board resolution at the conclusion of the budget process. All funds included in the budget are included in the applicable year's audited financial statements.

The Budget Process

Budget preparation takes several months and involves both school-based and central department staff. A flowchart identifying the steps involved in the budget process is provided following this section.

The District's Budget Committee includes all seven elected members of the School Board and seven community members appointed by the Board to three-year terms of service. The Budget Committee typically meets in January to receive enrollment and financial projections and to give feedback to the superintendent on the development of the proposed budget. To address special circumstances, meetings may also be held in February and March. The Budget Committee meeting to review the proposed budget is generally held in late April or early May. Prior to presenting the proposed budget, the District must publish a notice of the meeting once in the local newspaper five to thirty days before the meeting date and post the notice on the District's website at least ten days before the meeting date.

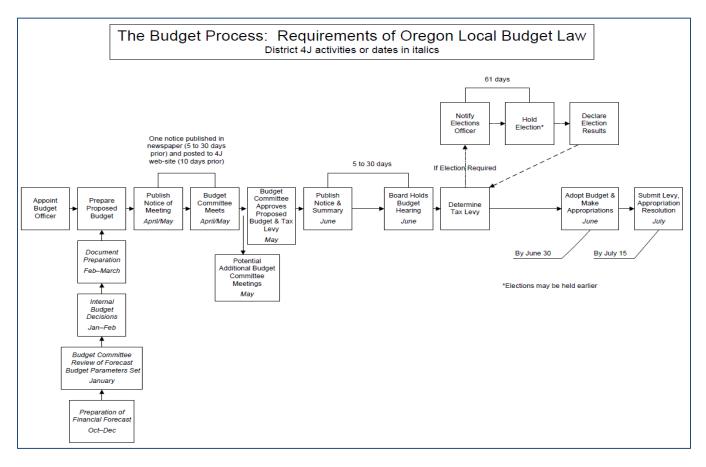

Building the Budget

Once the budget document is given to the Budget Committee, community members may access the information on the District's website at <u>www.4j.lane.edu/finance/docs</u>.

At an April or May Budget Committee meeting, the superintendent presents the budget message, which explains the proposed budget and identifies significant changes in District programs or financial condition. At this meeting or a subsequent one, the Budget Committee receives public comment, makes revisions, and approves the budget for submission to the School Board. The Budget Committee also declares tax rates for the next year and approves the Debt Service Levy. The Committee may meet as many times as needed to complete their work.

The budget, tax rates and Debt Service Levy approved by the Budget Committee are then forwarded to the School Board for adoption in June. A public hearing must be conducted at the meeting where the budget is presented as an item for future action. Notice of the public hearing and a summary of the budget must be published once in the local newspaper five to thirty days before the hearing. The notice indicates where the complete budget document is available for inspection.

After the hearing, the Board can change the budget, tax rates, or levy approved by the Budget Committee. However, if taxes needed to balance the budget are increased by any amount beyond the level approved by the Budget Committee or expenditures in any fund are increased by ten percent or more, the amended budget summary must be republished and another budget hearing held. After the budget hearing and before June 30th, the Board must adopt the budget, make appropriations, and impose and categorize each tax rate and levy.

Supplemental Budgets

If the District receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within a fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The Board may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than ten percent of the annual budget of the fund being adjusted. If the expenditures exceed ten percent, the Board must publish the supplemental budget and hold a special hearing.

Budget Calendar

Appoint budget officer	June 5, 2019
Board meeting: Appoint new Budget Committee members	November 6, 2019
Budget Committee meeting: Presentation of five-year financial forecast, committee orientation, introduce new members, elect officers, and set meeting schedule	January 27, 2020
Prepare proposed budget	January – April 2020
Budget Committee meeting: Hold discussion and receive public comment – Cancelled due to COVID-19 impacts	March 30, 2020
Publish notice of Budget Committee meeting on District's website at least 10 days before the meeting	April 15, 2020
Publish notice of Budget Committee meeting in newspaper 5-30 days before the meeting	April 19, 2020
Budget Committee meeting: Receive superintendent's 2020-21 budget message and proposed budget, hold discussion, and receive public comment	April 27, 2020
Budget Committee meeting: Approve superintendent's 2020-21 proposed budget and declare tax rates and debt service levy	May 20, 2020
Publish budget summary and notice of budget hearing 5 to 30 days before the hearing	May 25, 2020
Board meeting: Hold budget hearing	June 3, 2020
Board meeting: Enact resolutions to adopt budget, make appropriations, and impose and categorize taxes	June 17, 2020
Submit tax certification documents to assessor	July 15, 2020
Submit copy of complete budget document to county clerk	September 30, 2020

District Policies and Practices

School Board Policy, Section D: Fiscal Management

Key policies related to fiscal management adopted by the Board are presented below. Additional policies may be viewed at: <u>www.4j.lane.edu/board/policies</u>.

DB. Budget

The district budget will serve as the financial plan of operation for the district and will include estimates of expenditures for a given period and purpose and the proposed means of financing the estimated expenditures. The district may provide that the budget and budget documents be prepared on an annual or biennial basis consistent with the district's strategic plan.

The district budget will be prepared in compliance with Local Budget Law, federal and state laws and regulations, and locally adopted procedures.

The fiscal year will extend from July 1 to June 30 inclusive.

The chief financial officer will be designated as budget officer and will prepare the budget document.

DD. Grant Funding Proposals and Applications

The District may pursue federal, state, or private grants or other such funds that will assist the District in meeting adopted Board and District goals.

The Board authorizes the superintendent to establish rules and procedures for the administration of grant funding proposals and applications.

All proposals and applications must be approved by the District before submission. New grant opportunities requiring an ongoing commitment of District resources beyond the grant funding period or current District resource commitments (staff time, matching funds) must be approved by the superintendent and the Board.

The superintendent and the Board reserve the right to reject funds associated with any grant which has not been approved or when grant terms and conditions place an unreasonable or financial burden on the District.

The Board shall, before an acceptance of such funds, consider the District's obligations, expectations, or encumbrances when the grant ceases.

DI. Financial Management Policies

Resource Planning and Allocation Policies

 On a semiannual basis, the District forecasts General Fund resources and operational requirements over a rolling five-year period. Annually, as part of the budgeting process for the District, the superintendent presents the most recent forecast to the budget committee and Board for review and consideration. This forecast highlights resource and requirement considerations that will inform the development of the superintendent's proposed budget for the following year and for their financial planning activities.

Building the Budget

- 2. The superintendent's proposed budget will build off of the General Fund five-year forecast presented to the budget committee and Board, incorporate operating and capital budgets managed through other funds, and respond to current District goals and policies and other long-range plans and needs of the District.
- 3. Operating and capital budgets will be proposed by the superintendent and approved by the budget committee consistent with the following criteria:
 - i. The physical safety of students and employees
 - ii. Instructional services that meet the needs of all students
 - iii. Support services to efficiently manage the human, financial, capital, facility, and information resources of the District
 - iv. Development of new capital assets to meet enrollment changes or otherwise improve the safety, efficiency, or quality of District instructional services. It is the responsibility of the superintendent, budget committee, and Board to balance these criteria during the development, review, and adoption of the annual budget
- 4. The District's education program must be responsive to enrollment changes and the changing needs of the community and its students. To respond to these changes, a portion of the operating budget may be reserved each year for staffing adjustments, new programs under development, and research and development.
- 5. Depending on the needs and resource of the District, reserve funds may be established and continually funded to address the replacement of technology, capital assets, and curriculum. The superintendent will recommend funding levels and mechanisms for each established fund as part of the annual budget process.

Accounting and Financial Practices Policies

- The District will maintain an accounting and financial reporting system that conforms to Generally Accepted Accounting Principles (GAAP) adopted by the Government Accounting Standards Board (GASB), the Program Budgeting and Accounting Manual issued by the Oregon Department of Education (ODE), and Oregon local budget law. A Comprehensive Annual Financial Report (CAFR) will be issued by the District no later than December 31st of each year.
- The Board will establish funds as needed to support effective and efficient service delivery. The budget committee and the Board will review each fund annually as the budget is prepared and reviewed. If certain funds are not found to enhance the District's services or financial goals, they will be restructured or eliminated.
- 3. Reserve Funds

The Board may establish one or more reserve funds to hold moneys to be accumulated and expended for the purpose of financing the cost of any service, project, property, or equipment. As part of the budget process, the Board shall review established reserve funds annually and determine whether the fund will be continued or abolished.

4. Contingency Funds

The Board requires each fund to maintain an appropriate contingency account to meet unanticipated requirements that may occur during the budget year. Cash reserves and fund balances will be consistent with generally accepted accounting practices and local budget law.

A contingency appropriation is typically used to address unexpected one-time program costs, new programs or legislative requirements not known at the time of budget adoption, and emergency situations. Funding for programs or operations that require ongoing support will be addressed during the budget development process for the next year.

The Board must approve all actions to reduce, increase, or re-appropriate a contingency appropriation based on the needs of the District. The Board's authority is limited to the currently adopted budget and the budget for the following fiscal year.

The targeted contingency for the General Fund is two percent of the operating budget. The District will review other funds for contingency and cash reserve requirements to ensure that each fund has sufficient reserves and a positive balance at year end, as required by local budget law.

- 5. General Fund Balance
 - a. Purpose

The purpose of this policy is to establish a key element of the financial stability of the District by setting guidelines for the General Fund balance. The District will maintain a minimum ending fund balance in the General Fund in order to provide stable services and employment and to offset cyclical or unforeseen variations in revenues and expenditures without borrowing. The minimum ending fund balance also provides cash flow liquidity for the District's general operations.

b. Definitions

Fund balance is defined as the excess of assets of a fund over its liabilities and reserves.

c. Budget

As a part of the budget process, the District will project general fund operating revenues and ending fund balances for the ensuing four fiscal years in its General Fund financial forecast.

The budgeted unappropriated ending fund balance (UEFB) may not be spent or appropriated during the fiscal year in which it is budgeted.

d. Minimum

The District will maintain a minimum General Fund ending fund balance of five percent of current year annual operating revenues excluding transfers between funds. The fund balance takes into consideration revenue and expenditure volatility and other District needs. The minimum ending fund balance is comprised of the General Fund UEFB plus two-thirds of the contingency for the ensuing year.

e. Exceptions

The Board may approve a temporary reduction in the General Fund minimum ending fund balance during the budget process along with a plan to rebuild the ending fund balance to the targeted five percent level within five years. The superintendent will update the Board on the financial condition of the District and present the Board with financial options and a timeline to replenish the fund balance. Should the ending fund balance exceed the five percent target, a plan for one-time use of the additional amount may be considered by the Board.

f. Breach

The superintendent will advise the Board if at any time the General Fund ending fund balance unexpectedly falls below or is projected to fall below the targeted five percent. If during any fiscal year District revenues are projected to be less than anticipated, the superintendent and Board will review expenditures, transfers, and the projected ending fund balance for possible mid-year adjustment through resolution or a supplemental budget. The Board may decide to use a portion of the projected ending fund balance maintained within the General Fund contingency to stabilize services. When such a determination is made, the Board will adopt a plan to rebuild the ending fund balance to the five percent targeted level within five years.

- g. The District will review other funds for contingency and cash reserve requirements to ensure that each fund has sufficient reserves and a positive balance at year-end, as required by local budget law.
- h. Reporting Fund Balances in accordance with GASB Standards

This policy establishes the procedures for reporting funds balances in the financial statements. Certain commitments and assignments of fund balance help ensure that there will be adequate financial resources to protect the District against unforeseen circumstances and events, such as revenue shortfalls and unanticipated expenditures. The policy also authorizes and directs the Financial Services Department to prepare financial reports which accurately categorize fund balance as per GASB Standards.

There are five separate components of fund balance, each of which identify the extent to which the District is bound to honor constraints on the specific purpose for which amounts may be spent:

- (1) Non-spendable (including but not limited to inventory and prepaid expenditures)
- (2) Restricted (externally restricted)
- (3) Committed (self-imposed limitations set in place by resolution of the Board)
- (4) Assigned (intent for specific use)
- (5) Unassigned (available for any purpose)

The Board establishes order in which fund balances will be spent when multiple fund balance types are available for a specific purpose is committed, assigned, and lastly, unassigned. The superintendent or designee shall establish and maintain procedures for determining if resources would meet the definition of assigned.

The Board, as the District's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as a majority vote or resolution. These committed amounts cannot be used for any other purpose unless the Board removes or changes the specific use through the same type of formal action taken to establish the commitment.

Amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed should be reported as assigned fund balance. This policy hereby delegates the authority to assign amounts to be used for specific purposes to the superintendent for the purpose of reporting these amounts in the annual financial statements.

6. Excess one-time funds may be available for capital, equipment, curriculum adoptions, automation, or other one-time projects that improve the District's productivity and efficiency, but only if the ending fund balance is sufficient.

- 7. Each fund will maintain adequate cash reserves in order to meet operating cash flow needs or borrow internally from another fund with approval of the Board. As a last resort, the District will borrow externally to provide for cash requirements.
- 8. The District may recover the indirect costs associated with the operation of grant programs from such non-General Fund sources as federal and state grants, intergovernmental services agreements, and other operating internal service or enterprise funds.

Revenue Policies

- 1. The District will strive to establish a stable revenue base for the operating budget for program needs through cooperation with its associations, legislators, and other districts. The District will make capital funding requests periodically to assure adequate safety and preservation of school buildings, District equipment, and other capital assets.
- 2. The District may charge service fees intended to recover the partial or full cost of non-District- sponsored use of its facilities, services, or equipment if permitted by law. In approving new uses of District services or facilities, the criteria for setting fees will include the following:
 - i. The cost of the use to the District
 - ii. The ability of the user to pay for the service or activity
 - iii. The degree to which the activity supports or detracts from the educational mission of the District
 - iv. Whether the use is by a private organization or individual or by another public entity
 - v. The comparable fees charged by other public or private organizations
- 3. Periodically, the administration will review and adjust service fees to ensure that rates are equitable and recover the cost of operation. The District reserves the right to deny any use of its facilities or services to prevent possible conflicts with its activities or educational purpose.

Capital Improvements Policies

- 1. Facilities are essential to the support of the District's instructional programs. The annual operating and capital budget will reflect the need to maintain and repair facilities to preserve the public's investment in District facilities and to minimize future costs of major renovation and/or replacement.
- 2. Construction, acquisition, or improvements of capital assets may be financed with resources outside of the District's normal operating and maintenance budget (e.g., bond issues or other methods of financing).
- 3. The District will maintain a current inventory of its capital assets, their condition, and costs associated with replacement and maintenance.
- 4. The District will operate an ongoing preventive maintenance program to inspect facilities, inventory needs, and perform required repairs and maintenance.
- 5. The District will plan for capital improvements over a multi-year period. The capital improvement program (CIP) will reflect long-range plans and policies, adopted land-use requirements, and growth projections. The staff and public will be involved in developing the capital improvement plan. The plan document will include estimates of known major capital needs extending beyond five years.
- 6. The CIP will estimate the changes in operating costs resulting from the improvements in facilities.

Intergovernmental Revenue Policies

The District may use bond resources or non-recurring grant revenue for one-time services such as capital projects, equipment requirements, services that can be terminated without significant disruption to students and the community, and the development of innovative programs which the District is considering for future adoption.

Debt and Investment Management Policies

- 1. The District will seek to maintain an Aa Moody's bond rating or equivalent to preserve its access to credit and to minimize the cost of borrowing.
- 2. The District will use general obligation bonds or other financing instruments permitted by law to finance essential fixed asset purchases, curriculum adoptions, and capital construction and improvements to support its instructional mission.
- 3. The District will periodically review debt capacity as part of long-range capital planning to ensure that debt levels are prudent and affordable. Retirement of bonded debt shall not exceed the useful life of the capital improvements that have been financed.
- 4. The District will comply with Oregon debt issuance laws, Internal Revenue Service (IRS) regulations established by the federal government, all bond covenants, and related Board policies.
- 5. The District will follow state law, local investment guidelines, and the District's investment policy and related administrative rule when investing the proceeds of any bond issuance.

Organizational Policies

- 1. The superintendent will review the District's organizational structure and operating programs periodically to assure that it is responsive to current needs and avoids service duplication or inefficiencies.
- 2. The District will maintain a plan for balancing the cost of services with available revenues in order to minimize uncertainty about employment and services. The plan will be consistent with the adopted budget and will be informed by the General Fund forecast.
- 3. The compensation of employees will be competitive with that of comparable public and private sector employers in the relevant recruiting or market area. The criteria for reviewing employee wages and benefits will also include internal comparability for similar jobs, ability to pay, and relevant federal or state requirements.
- 4. The District will, within available resources, maintain the productivity of staff through a supportive working environment which includes appropriate equipment, supplies, materials, and professional staff development.
- 5. The District will routinely evaluate its support services and determine whether the services are being provided at a competitive market cost. The District will develop corrective plans for any services that are not efficient or effective.
- 6. The District will use intergovernmental service contracts to minimize the duplication of services and to ensure the most effective and efficient delivery of services to the taxpayers.

DID. Inventory and Control of Capital Assets

The District will maintain an inventory of all fixed assets in accordance with governmental accounting standards. The purpose of the inventory will be to protect the District against losses that would significantly affect the District's students, staff, property, budget, or ability of the District to fulfill its stewardship responsibilities. The inventory also satisfies financial and insurance reporting requirements. The District's inventory will be updated annually to include property newly purchased and disposed.

Capital assets include all District-owned property such as land, buildings, improvements to property other than buildings (i.e., parking lots, athletic fields, playgrounds, etc.), and equipment with a value greater than \$5,000 as defined by the Program Budget and Accounting Manual published by ODE. To be classified as a capital asset, an item must also have an initial useful life extending beyond a single reporting period (essentially one year) and must satisfy the definition of a capital asset as defined within GASB.

Federal law requires a physical inventory of federally funded assets at least once every two years. These assets shall be accounted for following guidelines issued by ODE. Grant managers and others charged with responsibility for federally funded assets will report lost, damaged, or stolen capital assets to the District's risk management and grant oversight staff for corrective action when necessary.

Attractive assets are defined as non-capital assets that are subject to an increased risk of theft because they are valuable, small enough to be removed from District facilities without detection, and readily sold or traded in secondary markets. Attractive assets include but are not limited to computers and computer equipment, iPads, tablets, cell phones, projectors, musical instruments, communication devices, and other items that are movable and valuable. The District will maintain and inventory attractive assets on an ongoing basis. Lost, damaged, or stolen items will be reported to the District's risk management staff.

Capital assets that are missing or damaged because they have been lost or stolen must be reported to Risk Management within 24 hours or as soon as practically possible if reasons for a delay exist. Missing or damaged assets will be removed from District property records during the annual update, and replacement assets will be recorded.

Attractive assets such as computer equipment may be removed from District premises when used in the performance of District duties and activities.

The superintendent shall establish criteria for a system of accountability and control of capital assets in rules or procedures.

General Fund Resources

Resources supporting the District's General Fund operations primarily come from local and state revenues, with additional income from federal, county, and other sources. The largest segment, which includes state funding and local property taxes, is determined by the State School Fund (SSF) formula. Since Measure 5 property tax limitations were approved in 1990, school district funding has been largely defined by the State; previously, it was primarily determined locally and supported by local property taxes.

State School Fund

In 1991, the SSF was created by the Oregon Legislature to distribute State funding to school districts. A formula was developed with the goal of providing a base level of funding to all school districts, with funds allocated on a per-student basis. This base level of funding is "weighted" to provide additional resources to address the unique student population of each district and adjusted to reflect each district's cost structure.

The SSF formula takes into account two funding sources in the calculation of K-12 school and Education Service District funding: the Oregon State Legislature's biennial appropriation for K-12 education and projected local revenue available to fund education. Both of these resources are heavily dependent on tax collections, which can fluctuate significantly depending on economic factors. Funding can also be impacted by legislative actions, investment returns, and changes in the student population at the state or local level. As a result, the level of funding provided to each school district by the SSF will fluctuate from year to year and also throughout each year.

The District's State School Fund budget is built on the Legislatively Adopted budget with the assumption that the state K-12 appropriation for the 2019-21 biennium will be \$9.00 billion. As this is the second year of the biennium, 51% of the K-12 budget approved for the 2019-21 biennium will be available.

			\$ Per Pupil (ADMw)					
Funding Source	State Budget	State Budget	(Total Formula Revenue)					
	2017-19 Biennium	2019-21 Biennium	2018-19	2019-20	2020-21			
State School Fund	\$8.2 billion	\$9.0 billion	\$8,197	\$8,633	\$8,946			

The process of calculating the District's state funding level begins with a projection of student enrollment for the coming school year. The District's Director of Research and Planning projects enrollment by school and grade level based on various factors including current enrollment, birth rates, and historical trends. This projection is adjusted by expected student attendance levels to establish a resident average daily membership (ADMr) for the coming year.

The State School Funding model adds additional weights for the following student populations:

- Students in English as a Second Language (ESL) programs
- Students in pregnant and parenting programs
- Students with an Individualized Education Plan (IEP)
- Students in poverty
- Students in foster care and neglected/delinquent students

The weighted-average daily membership (ADMw) for the coming year is compared to the current year's ADMw. State statute permits SSF funding to be based on current year or projected ADMw, whichever is higher. For districts with declining enrollment, this option delays funding decreases by one year and provides the District with time to make more thoughtful adjustments to its instructional programs and infrastructure.

The selected ADMw is then multiplied against the District's general-purpose grant per ADMw amount, which is provided by the Oregon Department of Education (ODE). ODE uses a formula established by statute to calculate a statewide general-purpose grant per ADMw amount. This is done by taking the biennial budget approved by the Oregon Legislature for K-12 schools and education service districts and the projected level of local funding for education. This base level of support is then adjusted for each district to reflect that district's average teacher experience relative to the state average teacher experience. As a result, individual district general-purpose grant amounts may be more or less than the statewide amount depending on the tenure of district teaching staff.

To complete the calculation of Total Formula Revenue, which includes the general-purpose grant total calculated above, the District must also calculate reimbursable transportation expenditures. The SSF formula includes a transportation grant to reimburse a portion of the costs of transporting students to and from school. This grant will reimburse the District for 70% of all eligible transportation expenditures.

Total Formula Revenue represents funding from two sources: the biennial state budget for K-12 education and local revenue available to fund education. Local property taxes, Common School Fund payments, and County School Fund payments are deducted from formula revenue to determine the State School Fund grant paid to a district from the biennial state budget. Each of these local revenue sources are discussed below.

The District also receives funding through the High Cost Disability Grant, which is part of the State School Fund process. This grant provides additional support for students with disabilities who require services that cost over \$30,000 a year.

With current and prior years' property taxes, the following revenues are defined as local revenues under the State School Fund formula and impact state funding levels:

Common School Fund

Oregon receives income from lands granted by the federal government to the State at statehood—rangelands, forests, waterways, and their mineral and timber resources—in trust for the benefit of public schools. Lands are managed by the State Land Board and income is invested by the State Treasurer, one of three members of the Land Board, and the Oregon Investment Council. Other sources of income for the Common School Fund include investment earnings on unclaimed property balances held in trust by the State, and a portion of the proceeds from the sale of federal lands.

The Common School Fund value at the end of fiscal year 2019 was \$1.88 Billion. Investment earnings are distributed to schools each year using a sliding scale policy based on the annual change in the value of the fund. Amounts are allocated to districts on a per-pupil basis. The ODE provides the District with a preliminary estimate of Common School Fund payments for the coming year for use in the budget development process and updates this estimate throughout the year.

County School Fund

Twenty-five percent of revenues received by counties from the sale of timber cut on federal forest land and other miscellaneous sources are provided to local school districts. Funds are distributed to school districts on a per student basis. The District develops a preliminary estimate of payments for the coming year for use in the budget development process and updates this estimate throughout the year.

Operating Levy

Under Measure 50, District property taxes are based on a permanent tax rate of \$4.7485 per \$1,000 of assessed value applied to the value of real and personal property located within District boundaries. In 1997–98, assessed values were rolled back to 1995–96 values less 10 percent, reducing the District's tax base by about 13 percent. Future increases in assessed value are limited to 3 percent per year; however, there are exceptions, such as the value of new construction.

The estimate of property tax revenue for the coming year begins with an assumption of the assessed value of real and personal property located within the District. For 2020-21, growth in assessed value is estimated at 3 percent over 2019-20 values. This amount is multiplied against the permanent tax rate to determine the base level of tax revenue available to the District. The base tax level is then adjusted for "compression" – a situation where the full tax rate cannot be assessed due to Measure 5 tax limits. For 2020-21, the compression loss is estimated at 0.62 percent of the base tax level.

Based on prior year tax collections, the District expects to collect approximately 95.6 percent of imposed taxes in the year they are due. Taxes not collected in the year in which they were imposed are collected in subsequent years. It is estimated that approximately 36 percent of uncollected prior-years' property taxes will be received in 2020-21.

Other tax revenues include interest and penalties related to delinquent taxes and other miscellaneous local government tax collections. The District estimates these revenues based on prior year collections.

Local Option Levy

Since 1999, school districts have been allowed to request voter approval of additional property taxes to support operations and/or capital needs. This levy is limited to \$1,000 (plus 3 percent per year beginning in 2008-09) per student, 20 percent of State resources, or the difference in taxes under Measure 5 and Measure 50, whichever is smallest. Levies may be approved for up to five years for operations and ten years for capital purchases and construction. Proceeds are excluded from the State School Fund formula.

In May 2000, District voters approved a five-year local option levy of \$1.50 per \$1,000 of assessed property value to assist with operations. Since the passage of Measure 5 in 1990, this was the first opportunity for District voters to increase school operating funds above the State School Fund formula. Voters renewed the local option in November 2004, 2008, 2014 and 2019. The current levy will expire in fiscal year 2024-25.

The estimate of local option levy tax revenue for the coming year begins with an assumption of the assessed value of real and personal property located within the District subject to the local option levy. For 2020-21, growth in assessed value is estimated at 2 percent over 2019-20 values. This amount is multiplied against the local option tax rate to determine the base level of tax revenue available to the District. The base tax level is then adjusted for

"compression" – a situation in which the gap between real market value and assessed value is not sufficient to generate the full \$1.50 per \$1,000 tax rate and the taxes paid are only a portion of the tax rate imposed. On one hand, if assessed value and real market value are the same for a particular property, local option taxes are at their lowest amount (most compressed). On the other hand, if the assessed value is well below the real market value, the full \$1.50 rate is due (no compression). Most taxpayers are paying less than the full rate. For 2020-21, the compression loss is estimated at 23.1 percent of the base tax level. The final amount represents the imposed local option tax level for the coming year.

Based on prior year tax collections, the District expects to collect approximately 95.6 percent of imposed taxes in the year they are due. Taxes not collected in the year in which they were imposed are collected in subsequent years. It is estimated that approximately 29 percent of uncollected prior years' property taxes will be received in 2020-21.

Other tax revenues include interest and penalties related to delinquent taxes. The District estimates these revenues based on prior year collections.

Debt Service Levy

The debt service levy funds principal and interest payments on long-term general obligation debt. Amounts received from this levy are held in the Debt Service Fund. Total requirements are the amount of principal and interest due during the fiscal year.

Total resources are current year taxes, prior year taxes, interest, federal subsidy revenue, and net working capital. Prior year taxes, interest, and federal subsidy revenue are all estimated based on what has been received in prior years and what the District expects to receive in the budget year. Net working capital is based on an estimate of what the prior year's unappropriated ending fund balance is expected to be. Current year taxes are the remaining revenue required to meet the District's payment obligations.

The amount certified for the debt service levy is the total revenue required for current year taxes, plus an estimate of uncollected tax. The 2020-21 budget assumes a collection rate of 94.3 percent. The estimate of uncollected tax is added to the total levy to ensure that the District collects enough to meet its debt service obligations.

The total certified levy is divided by assessed value (3 percent higher than 2019-20 assessed value) and multiplied by 1,000 to get the dollar tax rate. For 2020-21, the projected tax rate is \$2.19 per thousand of assessed value.

For more details on debt service obligations refer to the Debt Service Fund information in the Financial Plan section of this budget document.

Tax Levy Computation

	Assessed	Value (bonds a	pproved after 2001)	\$16,446,288,026			\$2.1884	\$16,939,676,667		

¹ Budget summaries containing resources and requirements for all funds may be found in the Financial Plan section.

² The maximum debt service tax rate is \$1.60 per \$1,000 as publicized to voters during the 2013 bond measure.

³ The maximum debt service tax rate is \$2.26 per \$1,000 as publicized to voters during the 2018 bond measure.

Tax Rate Comparison

	2016-17 Actual	2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Budget
Permanent Tax Rate Operating Levy	\$4.7485	\$4.7485	\$4.7485	\$4.7485	\$4.7485
Local Option Levy	\$1.5000	\$1.5000	\$1.5000	\$1.5000	\$1.5000
Debt Service Levy	\$1. 6152 ¹	\$1.5827 ²	\$1.5781	\$2.2098 ³	\$2.1884

¹ Reflects the issuance of a portion of bonds approved in May 2011 and 2013. The increased debt service levy rate is due to a lower than expected assessed property value increase.

² Reflects the issuance of the remaining bonds approved in May 2011 and 2013.

³ Reflects the issuance of a portion of bonds approved in November 2018.

Other Resources

Other Local Resources

While the primary source of revenue supporting District operations continues to be the State School Fund and local taxes, the District does receive funding from other sources as outlined below.

Lane Education Service District (Lane ESD) Pass-Through Funding

State ESDs receive funding through the State School Fund (SSF) formula based on student enrollment reported for districts within their service area. Each ESD must spend at least 90 percent of their total SSF funds directly on school district programs or services. The other 10 percent is allocated for the operation of the ESD.

Each district within the ESD receives a portion of available funding based on their projected enrollment. For 2020-21, the District will use half of its available funding to obtain services directly from the ESD and receive the other half in the form of cash payments to support District-based special education programs and services.

In 2020-21, the District expects to receive approximately \$2.7 million from Lane ESD to support district special education services and programs.

Interest Income

Interest income is calculated based on projected cash balances for the coming year, and an estimated rate of return based on current rates available for the State of Oregon Local Government Investment Pool (LGIP) and financial institutions authorized to hold District funds. For 2020-21, the District expects to receive approximately \$1.25 million in General Fund interest earnings.

School-Related Receipts

School-related receipts include student body card revenue from high schools and athletic participation fees at middle and high schools. These are budgeted based on historic receipt patterns and the percentage of fees expected to be remitted to the District by schools (currently set at 66 percent of fee collections). For 2020-21, the District expects to receive about \$0.3 million in school-related receipts.

Reimbursements

Reimbursements include student activity transportation reimbursements (payments received from schools and other organizations for bus trips), child care reimbursements (reimbursable salaries for child care providers at two schools), and other local reimbursements, such as reimbursements from schools' student body funds. These are budgeted based on historic receipt patterns. For 2020-21, the District expects to receive about \$0.9 million in reimbursements.

Building Rentals

Revenue is received from two sources: 1) the rental of school buildings no longer used by the District (closed schools), and 2) the rental of open District facilities. This revenue budget is based on historic receipt patterns with adjustments made to reflect known changes in the availability of facilities for rental and the expressed intent of current renters (e.g. the sale of a building that was previously rented or a renter moving to an alternative location). For 2020-21, the District expects to receive about \$0.3 million in rental revenue.

Grant Administration

Direct grant costs generally include expenses such as staffing, materials, supplies, and equipment purchased solely for use on a specific grant award or contract. Indirect costs represent the expenses of doing business that are not easily identifiable to a specific grant but are necessary for the general operation of the organization and the conduct of activities it performs. For example, costs like heat, light, and support-personnel such as accounting staff cannot easily be identified with specific cost objectives of a grant award or contract. Many grants or programs benefit from these types of activities, so it is fair and necessary to distribute these indirect costs to grants.

An indirect cost rate represents each grant program's share of departmental administration costs. Each year, the District uses a methodology provided by the Department of Education to calculate an indirect cost rate for the coming year. This rate must be formally approved by the Department of Education before it is applied to District grant programs.

The District's approved indirect rate is applied to all activities in the Federal, State, and Local Programs Fund except when the grant agreement or contractual terms specifically exclude an administrative or indirect charge to the program or an alternative rate is required. Estimated revenue has been calculated based on projected grant resources and the 2019-20 approved indirect rate of 5.23 percent of direct charges. For 2020-21, the District expects to receive approximately \$0.5 million.

Interfund Transfers

These transactions distribute funds to finance activities in another fund. The 2020-21 budget includes \$6.2 million in transfers.

Beginning Fund Balance

The beginning fund balance includes unexpended resources and the unappropriated ending fund balance carried over from the previous year.

General Fund Requirements

Schools

Position Budgeting

Licensed staffing is assigned in a variety of ways. General classroom allocations of licensed staff members are based on three key factors: 1) projected enrollment, 2) the target student-to-teacher staffing ratio for each grade level, and 3) the Needs Index. The majority of staffing (60 percent of available staffing resources) is allocated strictly on enrollment while the remaining 40 percent takes into account each school's level of need as reflected in the Needs Index. Schools also receive program staffing – a set level of staffing resources – for specific positions, such as elementary physical education (PE) and music teachers, counselors, essential skills and data coordinators, and athletic directors. A separate process is undertaken to allocate special education and English language development teaching resources, as these resources must be distributed based on the needs of specific student populations, and even individual students, within the District. Schools also may receive additional staffing through external resources such as grants, fundraising, and federal/state programs.

Classified staffing is also assigned using multiple methodologies. General school allocations of classified staff time are based on projected enrollment and the number of students eligible for the District's free or reduced-price meal program at each school. The number of classified hours available for allocation are limited by grade level (elementary, middle, high). Schools also receive program staffing – a set level of staffing resources – for specific positions such as school secretaries, crossing guards, records and scheduling assistants, office support, school safety coordinators and assistants, registrars, and school-to-work coordinators. A separate process is undertaken to allocate special education and English language development classified resources. These resources must also be distributed based on the needs of specific student populations and individual students within the District. Schools may also receive additional staffing through external resources such as grants, fundraising, and federal/state programs.

Key factors are detailed below followed by a brief description of licensed and classified staffing methodologies.

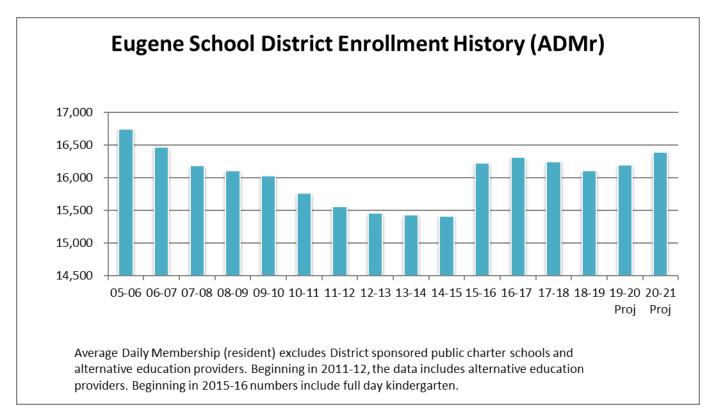

Enrollment

Enrollment History

For much of the past several decades, Eugene School District 4J has experienced enrollment declines. Student enrollment reached its highest point in the mid-1970s at approximately 22,000 students and declined to 16,636 in 1984-85. During this period, the District reduced staff and closed several elementary schools. Between 1985 and 1993, enrollment again increased and two elementary schools were reopened.

Enrollment has consistently declined since 2002-03, when it was 17,379. In 2010-11, enrollment declined below the 1984-85 level and the District closed four elementary schools. Enrollment in 2014-15 was only 15,424, nearly 30 percent below the peak in the 1970s. The decline has not been steady but has been consistent. The decision of the State Legislature to allow open enrollment across districts beginning in 2012-13 had a positive impact on enrollment levels at 4J, as has the economic recovery of recent years. Beginning in 2015-16, kindergarten students were transitioned to a full-day program, which also had an effect on the District's enrollment. The District experienced enrollment growth in 2016-17 and 2017-18, but saw an unexpected decline in 2018-19 following by

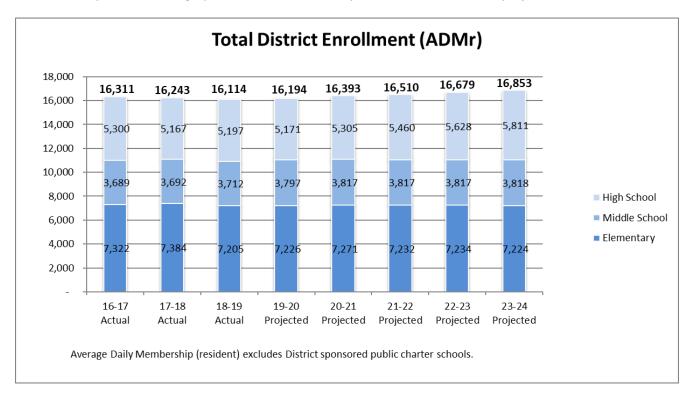

a return to enrollment growth in 2019-20. For the 2020-21 budget year, the District expects to see an increase of 205 students. The District also implemented an online learning program (Eugene Online Academy) in the spring of 2018-19 that will be expanded in the coming years to a full K-12 program. The impact of this program on future enrollment projections will be determined as the program matures and data is available for analysis.

Note: Student enrollment is expressed as resident average daily membership (ADMr). It represents the average annual enrollment as of June 30 and had counted kindergarten students at 0.5 ADM, or half time. Beginning in 2015-16, kindergarten students were counted at 1.0 ADM due to the beginning of full-day kindergarten. The State uses ADMr as the basis for allocating funds under the State School Fund formula and provides additional weighting (ADMw) for special education, poverty, English Language Learners (ELL), and pregnant and parenting students. The District also receives funding, most of it passed through to the provider, for students placed in alternative education programs or enrolled in District-sponsored charter schools. ADMr for 2008-09 through 2010-11 excludes students enrolled in charter schools and alternative education programs. Beginning in 2011-12, the ADMr above includes alternative education programs.

ADMr based on Enrollment Projections

Enrollment is projected each year for the next five years by the research and planning team in the District's Instruction Department. The graph below shows ADMr by school level (actual and projected).

Methodology Used for Enrollment Projections

As part of each annual planning cycle, an estimate is made of the coming year's enrollment by school, grade level, and for the District as a whole for the budgeted school year. Because the enrollment estimates are used for budget development and hiring decisions, they are conservative by design.

The enrollment estimates are based on the following factors:

- The number of live births in Lane County and the birth-to-kindergarten average capture ratio over the last three years
- The number of students who continue in the system from one year to the next adjusted for the average retention ratio for the last three years
- Three-year enrollment history
- Potential student transfers

Other factors considered to test the estimates:

- Number of housing starts and new addresses added to the 4J area in current and prior years
- Differential in median house prices in 4J and surrounding school district areas

Student-to-Teacher Staffing Ratio

The District uses a target student-to-teacher staffing ratio, differentiated by grade level as noted below, to determine the number of licensed staff positions available for a given school year. In simple terms, projected enrollment is divided by the ratio amount and then adjusted to reflect staffing allocation levels: 1) Kindergarten staffing is allocated in 0.5 full-time equivalent (FTE) increments while grades 1-5 are allocated in 0.25 FTE increments, 2) middle school staffing is allocated in 0.20 FTE increments, and 3) high school staffing allocations are in 0.25 increments. For example, if projected enrollment was 100 students in grades 1-5, initial staffing would be 3.71 FTE (100 students ÷ 26.98 staffing ratio). However, as their school staffing is allocated in 0.25 FTE increments, we would round this to 3.75 FTE. A staffing formula is then used to allocate positions between schools based on projected enrollment and need.

As the staffing ratio decreases, the number of available licensed positions increases – the opposite is true for periods when the staffing ratios are increasing. Target staffing ratios increased sharply during the economic downturn but have stabilized with the return of economic growth. Kindergarten was expanded to a full day program in FY 2015-16. As part of this implementation, the target student-to-teacher staffing ratio for kindergarten was set at 23. In 2019-20, the District began evaluating potential class sizes in grades 1-5 as part of the staffing process. Additional staffing added to protect against large class sizes has effectively lowered the Student:Teacher staffing ratio for these grades by 1 student. For FY 2020-21, the grade 1-5 class size evaluation process has continued and the middle school target was lowered to 26.98 in line with the target for Grades 1-5.

	2016-17	2017-18	2018-19	2019-20	2020-21	5-Year Change
	"Re	presents 1 Lic	ensed FTE for	Every Stude	ents"	
Kindergarten	23.07	22.72	22.72	23.27	23.52	0.45
Grades 1-5	27.05	26.95	26.77	25.71	25.64	-1.41
Grades 6-8	27.91	27.86	27.92	28.00	26.93	-0.98
Grades 9-12	29.18	29.07	29.20	29.01	28.59	-0.59

Note: Student/teacher staffing ratios are used for hiring staff and are based on a targeted average for the District. Actual class sizes may vary widely depending on the move-in patterns of students, school demographics, and other factors.

Needs Index

Beginning in 2012-13, the District began using a needs index to allocate a portion of general classroom licensed staffing and distribute targeted staffing to schools. Each school receives a needs index score, which is the weighted average of four key characteristics of the school's student population:

- Poverty (50 percent of the score): the percentage of students at the school who qualify for free or reduced-price school meals
- Mobility (30 percent of the score): the proportion of students who enroll or depart the school mid-year (October 1st through June 1st), calculated by taking the total number of arrivals and departures and dividing this number by the school's enrollment
- Special education (15 percent of the score): the percentage of students at the school receiving special education services

• English language learners (5 percent of the score): the percentage of students identified as English language learners at the school

This score is used to develop each school's needs-weighted enrollment as follows:

Example

School's needs index score	25
	÷ 100
	+ 1
School's needs-index weighting	= 1.25
School's needs-index weighting	1.25
School's projected enrollment, e.g. 300	x 300
School's needs-weighted enrollment	= 375

Needs-weighted enrollment is used to allocate 40 percent of available licensed staffing resources and distribute targeted staffing. A more detailed description of these calculations is included in the licensed staffing sections of Building the Budget.

It is important to note that the Needs Index does not provide additional resources. Very simply put, the use of this index in staffing shifts existing resources between schools at each grade level (elementary, middle, and high school) based on need. It seeks to ensure staffing equity based on the needs of each school, instead of providing equal amounts of staffing at each school.

FRL - percentage of students receiving free and reduced price meals

SPED - percentage of students receiving special education services

LEP - percentage of students identified as English language learners

MOBILITY - percentage of students who entered or exited school

School Staffing Methodology

General Licensed Staff Allocation

Classroom Allocations

The process begins when the District receives initial projected enrollment numbers for the coming year and an updated Needs Index from the Director of Research and Planning. Enrollment is projected by school and by grade level within each school. Projected enrollment of students with special education needs is also provided at the school level, as the general classroom allocation formula only provides a small portion of the support resources for this student population (see *Education Support Services Staffing* for additional information). This information is entered into the staffing allocation model. With the implementation of full-day kindergarten in 2015-16, all general education students are reflected in the model as full-time students (previously kindergarten students were counted at 0.5 to reflect a half-day program) and special education students are counted at quarter-time (0.25 per student). This calculation produces the projected enrollment for staffing that is carried forward to the next step in the calculation.

Available staffing resources at each grade level (elementary, middle, and high school) are determined by dividing projected enrollment by the target student-to-teacher staffing ratio for that grade level. The staffing allocation model then calculates each school's base staffing using the following formula: 1) 60 percent of available resources is allocated to schools based on their projected enrollment and 2) 40 percent of available resources is allocated based on the needs-weighted enrollment for each school. This split is intended to provide balance and mitigate staffing impacts to schools with low needs index scores.

While the first part of the formula is relatively straightforward, the second part can be harder to visualize. The calculation is essentially:

40 percent of available resources at each grade level

- ÷ Sum of all needs-weighted enrollment at that grade level
- = Per-student allocation for needs-weighted enrollment

School's needs-weighted enrollment

- x Per-student allocation for needs-weighted staffing resources
- = School's needs-weighted staffing allocation

Once this calculation has been completed, the raw staffing number is rounded in accordance with the District's staffing methodology. Kindergarten allocations are rounded to the nearest 0.5 FTE, Elementary allocations are rounded to the nearest 0.25, middle school staffing is rounded to the nearest 0.2 FTE and high school staffing is rounded to the nearest 0.25 FTE.

Once the base allocations have been calculated, a team of staff members from the Instruction, Human Resources and Finance Departments start their review. They discuss changes needed to address potentially large class sizes at certain grade levels or schools, adjust program staffing to reflect current resources and requirements, and assess staffing requirements for new programs and initiatives. Their final recommendations are presented to the Superintendent for approval. Following this process, the final general classroom staffing allocation is provided to schools and the Human Resources Department for use in the development of staffing plans for the coming year.

Program Staffing Allocations

Schools also receive program staffing – a set level of staffing resources – for specific licensed positions. Program staffing is assigned by grade level and school. The method used to allocate these resources differs based on grade level and purpose. As a result, schools within each grade level may not receive the same level of program staffing. For 2020-21, licensed program staffing allocations include:

- Elementary 18.2 FTE for counselors, 15.95 music FTE, and 15.8 PE FTE.
- Middle School 8.0 FTE for counselors, 1.6 FTE for data coordinators, 1.6 FTE for math interventions and 1.8 FTE for language immersion programs at Kelly Middle School.
- High School 11.0 FTE for counselors, 7.25 FTE for athletic directors, trainers, and freshman specialists, 4.0 FTE for librarians, 4.0 FTE for Eugene Online Academy support, 15.75 FTE to support fully scheduling ninth and tenth grade students, 1.0 FTE for IB coordination and 1.25 FTE to support language immersion programs.

General Classified Staffing Allocations

Classroom and School Allocations

Schools are allocated hours of classified staffing support for classrooms and other services based on projected enrollment. For 2020-21, classified classroom and school allocations include:

- Elementary 241.3 hours (30.16 FTE) for kindergarten education assistants allocated to schools based on their projected kindergarten enrollment, and approximately 232 hours (28.98 FTE) allocated to schools for general support based on projected enrollment.
- Middle School 7.50 hours (0.94 FTE) allocated based on the number of students qualifying for the free/reduced lunch program at each school and an additional 7.75 hours (0.97 FTE) allocated based on projected enrollment for general support.
- High School 187.75 hours (23.47 FTE) allocated based on projected enrollment and an additional 102.5 hours (12.81 FTE) allocated based on the number of students qualifying for the free/reduced lunch program at each school for administration and general support.

Program Staffing Allocations

Schools also receive program staffing – a set level of staffing resources – for specific classified positions. Program staffing is assigned by grade level and school. The method used to allocate these resources differs based on grade level and purpose. As a result, schools within each grade level may not receive the same level of program staffing. For 2020-21, classified program staffing allocations include:

- Elementary 160 hours (20.0 FTE) for office management, 9.5 hours (1.19 FTE) for crossing guards, 16.0 hours (2.0 FTE) for schools with enrollment over 450 students, and 266 hours (33.25 FTE) for custodial services.
- Middle School 192 hours (24.0 FTE) for office management, 30 hours (3.75 FTE) for school safety, 3 hours (.38 FTE) for crossing guards, and 181 hours (22.63 FTE) for custodial services.

• High School – 20 hours (2.5 FTE) for registrar assistance, 16 hours (2.0 FTE) for school-to-work coordinators, and 169.0 hours (21.13 FTE) for custodial services.

Targeted Staffing Allocations

The staffing allocations from targeted funds available in 2020-21 include:

- Elementary schools will receive 29.2% (27.3 additional classified hours)
- Middle schools will receive 30.8% (28.8 additional classified hours)
- High schools will receive 40.0% (37.3 additional classified hours)

Within each level, available funds are converted to classified hours and allocated to individual schools based on their needs-weighted enrollment for the year, which is developed as part of the licensed staffing allocation process.

Student Services Department (SSD) Staffing Allocation

The Student Services Department begins their calculation of licensed and classified staffing by determining a projected student case load for the coming year. This calculation uses current year enrollment, the current year case load (which is sampled at least three times during the year), and projected enrollment for the coming year to determine a projected case load as follows:

Projected Case Load = (current year case load ÷ current year enrollment) x projected enrollment

Once a projected case load is determined, staffing is allocated to establish a "base" staffing level. This staffing is reviewed and adjusted based on various issues or concerns in the program (e.g. 0.914 FTE projected rounds down to 0.9 FTE base and can be adjusted by 0.1 FTE to make the final allocation 1.0 FTE) if this makes sense given the continuum of services for the program, current significant needs in the program, staffing or personnel issues or concerns, etc. This final area is subjective and is based upon the SSD administrators' review of students, program and school challenges during the instructional year. It is also based upon case load swings during the instructional year. This additional staffing is at the discretion of the Director of SSD based upon overall special education staffing levels (school based and itinerant) throughout the District.

English Language Learners (ELL) Staffing Allocation

In making staffing allocations to buildings, consideration is given to grade level and language proficiency in addition to the number of ELL students when allocating licensed and classified resources. As a general rule, buildings have been staffed with the following student-to-teacher ratio.

The 2020-21 student to teacher ratio remains the same at 43:1.

Grants, Fundraising, and Federal/State Programs

School licensed and classified staffing may be augmented by any of the following sources:

- Grants schools may receive grants from private organizations or other government entities to provide resources for specific programs or activities. Staff are allocated to grant funding based on the terms of the grant agreement, and District grant managers are responsible for ensuring that work completed complies with grant terms.
- Fundraising private individuals and organizations may contribute to school staffing during fundraising events sponsored by a variety of groups including the Eugene Education Foundation, parent organizations, alumni groups, school clubs and athletic teams, and individual schools. The District requires that funding must be received before licensed or classified staffing is added.
- State and Federal Programs the District receives funding through a variety of federal and state grants. For example, in 2019-21 schools benefited from millions of dollars in grant funds from the Elementary and Secondary Education Act (Title I, II, and III funding), the Individuals with Disabilities Act (IDEA), the High School Success Grant (Measure 98) and the BEST Afterschool Program (21st Century Community Learning Center). Licensed and classified staffing under these programs is allocated to schools based on federal and state criteria, and District grant managers are responsible for ensuring that work completed complies with requirements. As many of these programs target resources to specific student populations, not all schools will be eligible for additional funding.

Extra Duty Stipends and Staffing

Additional funding is provided to schools to compensate staff members for extra duty assignments related to school leadership, student activities, student athletics, and student supervision:

- School Leadership each school receives a leadership increment to be used to compensate licensed staff
 members serving on school leadership committees/teams. This flat grant is increased annually by the rate
 of any cost of living adjustment (COLA) in place for licensed staff. In addition to this amount, high schools
 also receive COLA-adjusted stipends for contractual payments related to athletic directors.
- Student Activities the District provides a set level of funding to elementary, middle and high schools to
 compensate licensed staff who oversee student activities. At the elementary level, funding is provided for
 music instruction. Middle school funding includes orchestra, band, choir, drama and journalism. High
 schools receive funding for orchestra, choir, band, a school paper, yearbook, rally (cheerleading), dance
 team, drama, and musicals.
- Student Athletics each middle and high school receives general funding for head and assistant coaches for various sports. The only sport supported at the middle school level is track. At the high school level boys, girls, and coed sports include: football, basketball, baseball, wrestling, soccer, tennis, volleyball, softball, track, swimming and cross country.
- Student Supervision each middle and high school receives a supervision increment to be used to compensate staff members who supervise students during school events. This flat grant is increased annually by the rate of any COLA in place for licensed staff.

For student activities and athletics, each school receives a set stipend amount (reflected as a percentage of licensed salary) for every activity leader, head coach and assistant coach position authorized by the District.

Allowable stipend percentages are detailed in Article 5 of the collective bargaining agreement between the Eugene Education Association and the District. During the economic downturn District funding for student activities and athletics was reduced, and in some cases eliminated, to resolve spending deficits. As a result, not all of the positions listed within the bargaining agreement are currently funded by the District.

Discretionary Budgets - Schools

Schools are allocated discretionary budgets to provide funds to cover various operating costs (e.g. supplies, textbooks, repairs and maintenance, field trips and equipment). These budgets are primarily allocated to schools in three ways: 1) a set amount per pupil, 2) flat grants for specific purposes, and 3) additional funding for small schools.

Per pupil amounts are based on total projected enrollment and support both regular and special education programs. For 2020-21, per pupil allocations are \$89.54 for elementary schools, \$110.84 for middle schools, and \$140.46 for high schools. Supplemental funding is provided to small schools, as they may not have enough students to generate funding to meet their minimum building costs. Elementary schools under 250 students and middle schools under 400 students receive an additional per pupil allocation to support services at their location.

Funding for custodial and building maintenance supplies is determined centrally based on each school's expected level of need (number of students, square footage of school, age of school, etc.).

Flat grants support advisory and site council supplies, small building remodels and site improvement projects for all schools, intramural sports for middle schools, and vehicle supplies, athletics and career center funds for high schools. Flat grants are allocated based on the student population served (elementary, middle or high school).

Schools are responsible for developing and managing their discretionary budgets. For 2020-21, school discretionary budgets have been increased to reflect expected cost increases of 2.1% (based on the US Urban Consumer Price Index).

(2) Allocation includes 50% Per Pupil Allocation for 416 IHS students

(3) Allocation includes 50% Per Pupil Allocation for 187 IHS students

Departments

Staffing Methodology

Department staffing budgets are set based on an authorized level of staffing (number of FTE) for licensed, classified, administrative, professional, and classified supervisor positions. Staffing budgets are adjusted to reflect contractual terms of employment (step increases for eligible employees, cost of living adjustments, new steps, furlough days).

Normally, changes to a department's staffing must be cost-neutral. If a department wants to permanently increase staffing or reclassify existing positions they must: 1) eliminate other positions or reclassify them to offset costs, or 2) take a permanent reduction in their discretionary budget to fund the change. Outside of this process, the superintendent may authorize additional staffing for a department to address critical concerns impacting the department's ability to provide services to students or district staff. Approved staffing increases become a part of the department's permanent budget.

Discretionary Budgets

Departments are allocated discretionary budgets to cover various operating costs (e.g. supplies, purchased services, and equipment). Department discretionary budgets normally do not change year-to-year, with the exception of a small annual increase (2020-21 increase is 2.1% based on the US Urban Consumer Price Index) to help departments absorb increases in the cost of goods and services.

The superintendent must approve any increase to a department's discretionary budget. An ongoing or permanent increase may be requested to address a cost increase outside of the department's control (e.g. utility cost increase), a critical workload concern (e.g. additional funding for day-treatment programs for students), or any other critical concern impacting the department's ability to provide services to students or district staff. Approved ongoing increases become a part of the department's permanent budget.

Program Budgets

The Student Services Department and Instructional Services departments develop and administer central budgets for many district programs. Budget development generally follows two patterns:

- Funding-based programs budgets are based on the level of funding available for the specific program or activity. Resources are centrally managed by District program staff, and allocated to schools based on specific criteria. Most state and federal programs follow this budget pattern.
- Need-based programs budgets are based on the level of required services for a specific program or activity. District program staff determine the level of resources required based on the needs of specific student populations, and centrally manage and allocate resources to monitor service delivery.

Charter School Funding and Its Effect on the District

In Oregon, a charter school is a public school operated by a group of parents, teachers, and/or community members as a semi-autonomous school of choice within a school district. Under Oregon law (see <u>ORS 338</u>), a charter school is a separate legal entity operating under a binding agreement with a sponsor, i.e., the District. Charter schools within the District are given the authority to operate under a contract or "charter" between the members of the charter school community and the District. Public charter schools are subject to certain laws

pertaining to public schools, are released from others, and must operate consistent with the charter agreement. The 2020-21 budget includes projected state school funding and estimated local option levy payments to Twin Rivers Charter School, Coburg Community Charter School, Network Charter School, Ridgeline Montessori Public Charter School, and The Village School.

Under Oregon law, for purposes of distributing State School Funds (SSF), charter school students are considered residents of the school district in which the public charter school is located. The sponsoring school district contracts with the charter school to pay for educational services. The contracted payment must be at least:

- 80% of the amount of the school district's General Purpose Grant per weighted Average Daily Membership (ADMw) for students in grades K-8, or
- 95% of the amount of the school district's General Purpose Grant per ADMw for students in grades 9-12.

The Oregon Department of Education (ODE) distributes all attributable SSF to the district in which the charter school is located. The district, in turn, must establish the payment arrangements and the timely transfer of a percentage of these funds to each charter school in the district. Payments must be made within 10 days after the district receives payment from the State School Fund, per ORS 327.005. The District budgets the amount of flow-through SSF payments to its charter schools by using ADMw projections provided by the charter schools and per pupil funding estimates provided by ODE. ADMw is then multiplied by 80% (grades K-8) or 95% (grades 9-12) of the SSF per pupil amount to arrive at an estimated amount for each charter school.

In addition to SSF payments, the District also pays a portion of local option levy revenue received to the charter schools for students that resided within district boundaries during that year. To budget this, projected local option revenue is divided by projected district resident Average Daily Membership (ADMr), including charter school students, to come up with a per student amount. Charter school payments are then determined by multiplying the total of charter school students within district boundaries by either 80% of 95% of the per student amount, depending on grade level.

Equipment & Capital

Appropriations for capital outlay and depreciable equipment includes new buildings, building improvements, site improvements, new or replacement equipment, technology, vehicles and buses. The District defines capital assets as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. The majority of equipment and capital expenditures budgeted in the General Fund include building improvements, repair and maintenance at schools, and vehicle purchases, servicing, and maintenance for the Transportation Department's bus fleet and the District's equipment and vehicle holdings.

Other Requirements

Expenditures for principal, interest, dues and fees, as well as insurance and judgments are included in other requirements. The District provides a budget in the General Fund for dues and fees for membership in professional organizations or associations.

The District self-insures for costs up to policy deductible limits that range from \$25,000 for physical fleet damage and liability to \$100,000 for building and business personal property damages and public entity liability for each

covered event. Other appropriations in the General Fund include budgets for liability and property insurance as well as deductibles as described.

Debt Retirement - Short Term Borrowing

This account is used to budget the cost of short-term borrowing necessary to fund District operations during periods when cash reserves are depleted. The District's goal is to minimize the cost of short-term borrowing. No short-term borrowing is anticipated in 2020-21.

Transfers

This category represents transactions for moving funding from one fund to another and does not represent a purchase. The District has appropriated payments from the General Fund to other funds that include transfers to reserves for student and staff technology, curriculum and equipment, the Nutrition Services program, the Risk Management fund (for additional funding to support student supervision at high schools and the Office of Public Safety), and insurance reserves.

Transfers between funds:

	From											
		General Fund	Special Purpose Reserve	Capital Equipment Reserve	Insurance Reserve Fund	Classified Insurance Reserve	Total					
	General Fund		1,000	1,000	2,000	17,000	21,000					
	Spec. Purpose Reserve	2,000,000					2,000,000					
	Capital Equip. Reserve	2,250,000					2,250,000					
То	Nutrition Services	936,000					936,000					
То	Risk Management	710,000					710,000					
	Licensed Ins. Res.	135,000					135,000					
	Classified Ins. Res.	75,000					75,000					
	Administrator Ins. Res.	40,000					40,000					
	Total	6,146,000	1,000	1,000	2,000	17,000	6,167,000					

Contingency

This appropriation allows for unforeseen or emergency expenditures. Budget authority in this account can only be used with approval of the School Board. An appropriation is then transferred and costs charged to the fund which incurs the expenditure.

Operations and PERS Reserve

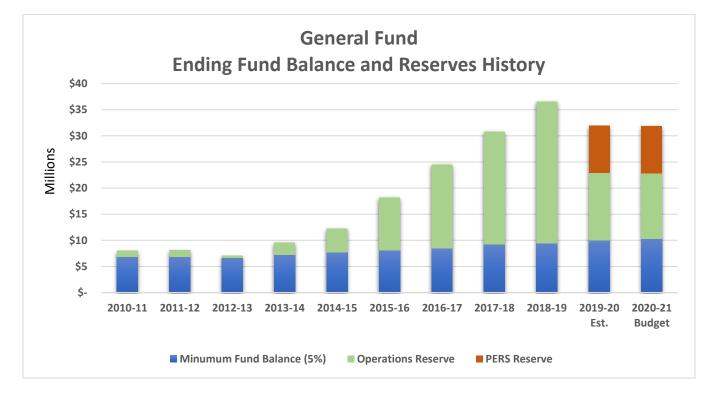

The District goal of providing "stable, sustainable stewardship" for operations in the coming years is supported by health reserve levels that can be used to offset economic downturns and support new strategic initiatives.

General Fund reserve balances include a \$12.5 million Operations Reserve and a \$9.0 million PERS Reserve. The 2020-21 adopted budget does not make use of either of these reserves, as budgeted General Fund resources are currently equal to requirements and PERS rates will not change until the next biennium (2021-23).

Unappropriated Ending Fund Balance

The UEFB represents a cash carryover to the next year's budget for stability in volatile economic times and cash flow until other resources are received. It cannot be accessed by resolution or supplemental budget during the fiscal year in which it is budgeted. It is described under Board policy.

Board policy sets a minimum target for the projected ending fund balance at 5.0% of operating revenues. It also permits the use of a portion of the projected ending fund balance to stabilize services if revenues are less than anticipated. The use of reserves below 5.0% requires a plan for rebuilding reserves to the targeted level within five years. For the 2020-21 adopted budget, the District has set the General Fund ending fund balance level at 5.0% as per Board policy.

Other Funds

Federal, State & Local Programs Fund

This fund accounts for grants received from federal, state and local governments, and private grant foundations. It also includes gifts and grants from the Eugene Education Foundation, a local non-profit organization established to support Eugene School District 4J instruction programs. The District's estimate of available grant funding for the coming year is based on a variety of factors including current grant funds that will be carried forward to the coming year, multi-year grant programs, award letters already received for the upcoming year, and anticipated new grants. Budgeted amounts are based on estimated funding; however, grant funds must be officially awarded before any spending can occur.

Details of this can be found in the Financial Plan section of this document.

School Resources Fund

Special Purpose Reserve

The special purpose reserve includes General Fund savings that schools have carried forward into the next fiscal year (process ending effective 6/30/2020), reserves for staff technology and curriculum, and amounts set aside for district-wide projects and initiatives. For 2020-21, the District has budgeted transfers of \$2.0 million for the staff technology (\$1.0 million) and curriculum (\$1.0 million) reserves.

Student Body Fund

Student Body Fund revenues include school fundraising, student fees, athletic participation fees and gate receipts, and other school-related activities. Some student body amounts are dedicated to specific expenditures, such as staffing or specific program purchases. Other amounts may be used for any educational purpose. For 2020-21, the District estimates that \$6.3 million will be available to provide additional staffing within schools, support school based programs and initiatives, and provide funding for clubs, activities and athletics. This is based on an analysis of prior year actual amounts spent and received.

Debt Service Fund

The Debt Service Fund accounts for principal and interest payments on long-term general obligation and limited tax pension obligation debt. Expenditures budgeted each year represent the portion of principal and interest on outstanding debt that must be paid during that fiscal year. Sources of revenue include the debt service levy on local properties, interest earnings on investments, and charges to other funds. Budgeted debt service costs of \$42.2 million in 2020-21 reflect the District's repayment of general obligation and pension obligation bonds.

Capital Projects Fund

The District maintains multiple capital projects funds. Each fund has a distinct purpose and funding source, and revenues are used for authorized purchases and capital construction projects within each fund. A Long-Range Facilities Plan guides the District's capital programs. In the process of preparing the Long-Range Facilities Plan, projects are identified, prioritized, and matched to anticipated funding sources and streams (primarily approved bond measures). Combined resources for the Capital Projects Fund for fiscal year 2020-21 are approximately \$205.7 million.

Equipment Reserve

The equipment reserve includes General Fund savings carried forward from prior years creating reserves for student technology and curriculum, and amounts set aside for district-wide projects and initiatives. For 2020-21, the District has budgeted transfers of \$2.0 million for the staff technology (\$1.0 million) and curriculum (\$1.0 million) reserves.

Nutrition Services Fund

The Nutrition Services Fund accounts for the revenue and expenditures of the District's meal programs. In July 2019, the District moved to self-operation (after almost 20 years of partnership with third-party vendors) and is now managing all aspects of the program. Principal sources of revenue comprise sales of meals and subsidies received under the National School Lunch Act.

Operating costs include menu planning, meal production and service, operations management (food and supplies purchasing, inventory, warehouse, and delivery), and management of information services (student meal accounts and data collection). Nutrition Services staffing levels are calculated based on estimated meals per labor hour within a standard range for each school level (elementary, middle and high school), projected enrollment and an estimated level of participation. Other variables include the timing of meals, facilities layout, menu customization, and other site-based programs including summer school and after-school snacks.

Salaries and other payroll costs are budgeted at \$4.0 million while food and other expenses are estimated to be \$2.6 million. Food service professionals serve healthy meals at over 30 school-building sites and support vended meals to other educational programs.

Insurance Reserve Fund

The Insurance Reserve Fund accounts for the majority of the District's insurance and risk management functions, including employee benefit plans and property and liability insurance. It is comprised of the following funds:

General Risk Management Fund

This fund accounts for remittances of workers compensation and unemployment payments (approximately \$1.0 million), administration of the District's risk programs, and a contingency for insurance deductibles in the event of claims (\$0.5 million). The budgeted expenditures for this fund are primarily funded by payroll collections for workers compensation and unemployment insurance and transfers from the General Fund.

Insurance Reserves

The insurance reserve funds are managed by the Joint Benefits Committee (JBC), comprised of District representatives and representatives of each of the employee groups (licensed, classified, and administrative). Contributions are made to the insurance reserves by the District based on full-time FTE. Employee contributions vary depending on individual plan choices and the employee's FTE level. Health insurance is provided by the state-mandated Oregon Employee Benefits Board (OEBB). The 2020-21 budget estimates OEBB rates will be higher than current year rates (rate increases of approximately 8.0%). Adjustments for actual rate increases may be made through supplemental budgets, if required.

Wellness Clinic

The 4J Wellness Clinic is a health care service available for most 4J employees that has operated since October 1988. Oversight for this service is provided by the JBC. The District has contracted with Cascade Health Solutions to provide a full range of healthcare services at the clinic since July 2012. The fund's primary resource is a \$20 monthly employee contribution, and expenditures consist mainly of payment for services provided by the clinic.

Private-Purpose Trust Fund

The Private-Purpose Trust Fund is used to administer privately funded scholarship programs that benefit individual students. The District established this fund in 2017-18 to report scholarship-related balances and activities for scholarships such as Gillilan-Torrey Memorial Scholarship. For 2020-21, \$240,696 is budgeted to cover the activities of currently established scholarships.

Postemployment Benefits Fund

The Postemployment Benefits Fund accounts for the resources and requirements of two Other Postemployment Benefits (OPEB) programs: the Early Termination – Stipend Benefits program and the Postemployment Medical and Life Insurance Benefits program. Both programs are detailed in the District's 2019 Comprehensive Annual Financial Report (CAFR) on pages 75 through 84. The CAFR can be accessed through the District's website at https://www.4j.lane.edu/finance/docs/.

The annual cost of OPEB benefits is estimated for the next year based on employee eligibility. To cover the annual cost of retirement benefits, the District budgets a percentage of salary costs in the General Fund to be contributed to the Postemployment Benefits Fund. For 2020-21, \$1.0 million is budgeted in the General Fund with an estimated \$100,000 contributed from other funds to support these programs.

District Staffing History

The chart presented below shows District staffing for a five-year period. Staff funded in the Federal, State and Local Programs Fund have been excluded from this presentation, as staffing can fluctuate significantly from year to year with the availability of grant funding. Information is presented as full time equivalent (FTE) staffing. Note that prior and current year adopted budget FTE does not include Board approved supplmental budget additions.

² Salary does not include benefits or other payroll costs associated with staffing positions.

District Staffing

Significant Trends and Adjustments

Licensed Staffing

The five-year period looks back to 2016-17, which is the year following the implementation of full-day kindergarten and when the District was making target additions to school staffing. Additions during this period include staff added to address enrollment changes, additional elementary music and PE teachers to provide elementary teacher preparation periods, counselors at every school, full scheduling for ninth and tenth graders, and supports for language immersion programs. Student-to-teacher ratios used to determine school and program staffing have remained stable since 2014-15 with a small adjustment to middle school ratios to address large core curriculum class sizes. The District continues to maintain a Staffing Pool to address unexpected enrollment and large class sizes in the fall (currently \$1.75 million for 2020-21).

The following initiatives will be continued or implemented in 2020-21.

- Continue implementation of the Mandarin Chinese Language Immersion Program at the Crest Drive location with Family School. This program will add a fourth grade in 2020-21 for a total of five teachers (5.0 FTE).
- Increase teaching staff for Spanish and Japanese immersion programs at Kelly Middle School and North Eugene High School (0.65 FTE).
- Increase counseling staff at Yujin Gakuen Japanese Immersion Elementary School (0.5 FTE), Chinese Immersion (0.4 FTE) and Twin Oaks Elementary School (0.3 FTE).
- Reduce the student-to-teacher ratio at middle schools from 28.06 to 26.98 to address large core class sizes (5.2 FTE).
- Add teaching staff for English Language Development to address increasing need and enrollment (3.7 FTE).
- Add home instruction teachers and special education teachers (3.0 FTE) to support students served in special education classrooms.
- Continue behavioral support staffing (1.4 FTE) added to the Student Services Department in January 2019 plus the addition of a nurse (1.0 FTE) and a part-time speech specialist (0.5 FTE).

Classified Staffing

Elementary schools have experienced growth in classified staffing primarily due to additional allocations for Educational Assistants (EAs) within regular education and student services classrooms, increased Nutrition Services staffing to support school kitchens, and educational assistant supports across the district. Other initiatives to be continued and/or implemented in 2020-21 include the following.

- Continuation of 63.5 hours of EA time for special education classrooms added in 2018-19 to meet the growing needs for cognitive and behavior supports.
- 48 hours of EA time (6.0 FTE) to support a new Life Skills classroom.
- The addition of over 47 hours (5.9 FTE) to right size staffing in school kitchens, along with 16 hours (2.0 FTE) for two new program management assistants to support the Nutritional Services program's move to self-operation that occurred in 2019-20.

- 16 hours (2.0 FTE) for two licensed practical nurses to provide physical and mental health supports for the District.
- 16 hours (2.0 FTE) for a district registrar to support Early College & Career Options (ECCO) and the Eugene Online Academy and a day time custodian located at the Education Center to support on-site programs.
- 8 hours (1.0 FTE) for a fleet service technician to act as a dedicated fueler and to provide other supports in an effort to reduce overtime in the Transportation Department.
- 24 hours (3.0 FTE) for three technology system support positions within the Technology Department. Funding for these positions was created, in part, through the elimination of 1.0 FTE professional staffing (executive assistant to the director) and the conversion of discretionary funding.
- 16 hours (2.0 FTE) for two buyer positions within Support Services. Funding for these positions were created through the elimination of 1.5 FTE professional staffing (purchasing analysts).

Professional Staffing

The increase of approximately 1.5 FTE professional staff over the five-year period is due primarily to department organizations and other changes noted below.

- The Support Services Department added 1.0 FTE for a financial management analyst I and eliminated 1.5 FTE for purchasing analyst positions. These positions are replaced by two full-time buyer positions (classified staff members).
- Communications and Intergovernmental Relations added 1.0 FTE for a communications specialist.
- The Facilities Department added 1.0 FTE for an executive assistant to the chief operating officer to support administration of the new \$319.3 million bond passed in the fall of 2018.
- Libraries, Curriculum and Staff Development eliminated 0.5 FTE for a grant writer position and reclassified the equity & diversity manager from a professional position to the curriculum administrator for equity, instruction, and partnerships.
- The Legal Services Department added 1.0 FTE for an assistant to In-House Counsel to support the District's legal function.
- The Financial Services Department reorganized to add 2.0 FTE for a financial management analyst III and a business information systems analyst III to support the move to a new financial management and human resources system. These positions were funded with the elimination of the executive assistant to the CFO and the associate director of financial services (an administrative position).
- The Technology Department eliminated 1.0 FTE executive assistant to the technology director. This position helps to fund two technology support specialist positions (classified staff members.)

Administrators

Over the five-year period, administration has grown by approximately 10.0 FTE. This growth is primarily due to department reorganizations, the addition of an assistant superintendent for Administrative Services, a Chief Operating Officer and additional administrative support for large elementary schools.

The following positions will be continued or implemented in 2020-21.

• The addition of 1.0 FTE for an elementary principal for Corridor Elementary School as it is moving to a new location and will no longer share a site with Yujin Gakuen Japanese Immersion Elementary School.

- Elementary schools receive additional administrative support with a 0.5 FTE principal added to support the Chinese Immersion Program and the increase of a 1.0 FTE assistant principal to support the District's three largest elementary schools.
- Arts and Technology Academy received an additional 0.5 FTE administrative support to allow for a fulltime principal position and North Eugene High School had a reduction of an assistant principal position to align with other high school administrative allocations.
- The District added an athletic director/assistant principal administrative position at Sheldon High School to address high school athletics and to provide additional leadership. This position was funded with the elimination of the licensed athletic director position.
- Special Programs administration has increased by 0.5 FTE to provide services for the Comprehensive Services Program, Home Instruction, and the Instructional Program.
- The District added an Assistant Superintendent for Instruction, an Assistant Superintendent for Administrative Services and a Chief Operations Officer to oversee bond projects, and the Facilities, Transportation and Technology Departments.
- The instruction technology administrator position was eliminated in the Technology Department and replaced with a curriculum administrator for instructional technology in Libraries, Curriculum and Staff Development.
- Libraries, Curriculum and Staff Development made a variety of changes over this period, ultimately increasing administration by 2.0 FTE from the following actions.
 - Creating a new preK-8 director position and reassigning the director of elementary to a second preK-8 director position
 - Replacing the curriculum administrator for STEM with a director of curriculum.
 - Reclassifying the equity & diversity manager from a professional position to the curriculum administrator for equity, instruction, and partnerships.
- The District added a Director of Food Services & Procurement to support self-operations of the Nutrition Services program. The support services manager position (a classified supervisor) was eliminated to create this position. Likewise, the District required additional staff to replace management staff previously provided through a third-party food service management agreement with the addition of two regional managers 2.0 FTE positions.
- The Financial Services Department eliminated the Associate Director of Financial Services position to fund two analyst positions (professional staff members).

Classified Supervisors

Classified Supervisors decreased by approximately 1.0 FTE during this five-year period. This change is primarily due to the District resuming self-operations of the Nutrition Services program. The Support Services Manager position was eliminated and replaced with a Director of Food Services & Procurement (an administrative position).

Governmental Funds Revenues & Expenditures

Revenues come from a variety of local, intermediate, state and federal sources. The chart below shows revenues received in the Governmental Funds (General Fund, Debt Service Fund, Capital Projects Fund, Federal, State & Local Programs Fund, Nutrition Services Fund, and School Resources Fund), excluding bond proceeds, fund transfers, and beginning fund balance.

The chart below compares revenues and expenditures in the Governmental Funds as defined for financial statement reporting purposes. Both revenues and expenditures include bond proceeds and spending from those proceeds, and exclude fund transfers, beginning and ending fund balances, reserves, and contingency.

General Fund

Description of Fund

The General Fund is the District's major operating fund and accounts for most of the District's financial resources. Revenues come from two main sources: state funding and local property taxes. General Fund expenditures represent costs incurred to support regular, alternative and special education programs throughout the District. Expenditures are presented in five major program areas: Direct Classroom Services, Classroom Support Services, Building Support Services, Central Support Services, and Other Accounts.

2020-21 Budget Assumptions

Revenue Assumptions

State School Fund - \$104.2 million

The 2020-21 General Fund adopted budget is based on the \$9.0 billion appropriation approved by the state legislature for K-12 education in the 2019-21 biennium and is 9.8% higher than the prior biennium funding level. The State School Fund (SSF) appropriation for K-12 schools in 2017-19 was approximately \$8.2 billion. For the 2019-21 biennium, 49% of State School Funds was dispersed in the first year and 51% is available in the second year. The District's General Fund budget for 2020-21 includes \$102.4 million in SSF formula revenue and \$1.8 million in High Cost Disability grant revenue.

Current Property Taxes - \$74.4 million

Tax revenues budgeted for 2020-21 assume an overall 3% increase in assessed property values and a tax collection rate of 95.55%. Property taxes are included in total State School Fund formula revenue.

Prior Years' Property Taxes - \$1.5 million

It is estimated that approximately 36% of uncollected prior years' property taxes will be received in 2020-21.

Common School Fund - \$1.7 million

Revenues of \$1.7 million are budgeted for 2020-21 based on state estimates.

County School Fund - \$0.25 million

The District has budgeted \$250,000 to be received from the County School Fund in 2020-21.

Local Option Tax Levy - \$18.8 million

For 2020-21, \$18.78 million in current and prior year receipts is budgeted.

Other Sources of Revenue - \$5.9 million

Revenues include \$2.7 million for the District's share of flow-through funding from Lane ESD to provide special education services; \$0.9 million in reimbursement income; \$0.5 million of revenue from grant indirect charges; \$0.3 million in school based income including student body and athletic participation fees; interest earnings of \$1.3 million; and \$0.2 million of miscellaneous revenue.

Transfers in to the General Fund - \$0.02 million

• \$17,000 from the Classified Employees Reserve in the Insurance Reserve Fund to support compensation costs.

- \$1,000 each from the Special Purpose Reserve Fund and the Capital Equipment Reserve Fund to create budget authority for a transfer should the need arise.
- \$2,000 from the Administrative Insurance Reserve Fund per agreement with the MAPS group.

Beginning Fund Balance - \$31.9 million

The District has projected the ending fund balance for 2019-20 based on currently known information. Revenues and expenses may change from projections due to unknown or uncontrollable events, or due to variation in actual events from assumptions.

Expenditure Assumptions

Salaries - \$102.0 million

Salaries for school-based licensed staff members are budgeted using an average salary cost. For 2020-21, the average salary of a licensed position is budgeted to be \$66,270 per 1.0 Full Time Equivalent (FTE). Average salary has been calculated at "status quo" for 2020-21 – reflecting only a full work year and a salary schedule step increase for eligible employees. The EEA and 4J are currently in negotiations for a new contract to begin July 1, 2020. Any agreements made as part of this process will either be incorporated into the adopted budget, if timing allows, or added at a later date through the supplemental budget process.

For classified staff members currently employed by the District, budgeted costs for 2020-21 have been calculated to reflect a 2.0% COLA, a full work year and a normal step increase for all eligible employees. Budgeted amounts are adjusted for any change in assigned hours or assignment of duties. For vacant or new positions, an estimate is developed based on projected hourly costs.

Salaries for managers, administrators, professionals and supervisors have also been budgeted at status quo for 2020-21. Salary and benefit terms for this group of employees often mirror terms negotiated for the licensed employee group, so any contract agreement reached with EEA may subsequently have an impact on compensation for these employees as well.

Additional details concerning average staffing costs are contained within the 2020-21 Staff Conversion and Costing Table, which is located within the Appendices.

Employee Benefits - \$70.8 million

Employee benefits are comprised of pension obligations, social security taxes, workers compensation payments, unemployment assessments, support for negotiated district retirement benefits, district contributions for insurance plans, professional development funds, and tax sheltered annuity payments. Benefit levels differ based on employee classification. Some benefits are calculated as a percentage of employee salary, while others are budgeted based on a defined contribution amount.

Additional details concerning payroll costs and benefits are contained within the 2020-21 Staff Conversion and Costing Table document, which is located within the Appendices.

PERS Rate History

Source: Actuarial Valuation Reports by Milliman for School District Pool.

Services/Supplies - \$25.1 million

Non-personnel related costs associated with the operation of schools and departments are budgeted here. Costs include items such as utilities, supplies, textbooks, travel, technology purchases, contracts for professional services, and charter school flow-through payments. Services and supplies budget allocations normally do not change year-to-year, with the exception of a small annual increase (2020-21 increase is 2.1% based on the US Urban Consumer Price Index) to help schools and departments absorb increases in the cost of goods and services.

Equipment/Capital - \$0.2 million

A small amount is budgeted each year to address expenditures for minor building improvements, new or replacement small equipment, furniture and fixtures, and technology purchases.

Other - \$1.2 million

This budget primarily funds liability and property insurance payments related to the operation of the District. A small portion of this budget relates to expenditures or assessments for membership in professional or other organizations.

Transfers out of the General Fund - \$6.1 million

- \$3.3 million to fund replacement cycles. \$1.0 million for staff technology replacement, \$1.5 million for student technology replacement, and \$0.8 million for equipment replacement.
- \$1.0 million to the special equipment reserve for curriculum and consumables.
- \$0.2 million to the Insurance Reserve Fund. This is the amount estimated to be District paid social security savings from employee use of IRS Section 125 accounts (tax sheltered insurance accounts). By agreement with employee groups, these savings are to be transferred to the employee group reserves in the Insurance Reserve Fund.
- \$0.7 million to the Insurance Reserve Fund for risk management and employee benefits program operations.
- \$0.9 million to support the Nutrition Services program.

Contingency and Reserves - \$25.5 million

Contingency Budget for 2020-21 - \$4.0 million

Board policy sets the funding target for the contingency account at 2% of operating expenditures. Transfers to other funds are not included in this calculation. The operating contingency of \$4.0 million represents 2.0% of operating expenditures for 2020-21. We assume that two-thirds of this balance will remain unspent at year-end, and will become part of the General Fund's ending fund balance.

Operations and PERS Reserves for 2020-21 - \$21.5 million

The District goal of providing "stable, sustainable stewardship" for operations in the coming years is supported by health reserve levels that can be used to offset economic downturns and support new strategic initiatives.

Reserve balances include a \$12.5 million Operations Reserve and a \$9.0 million PERS Reserve. The 2020-21 adopted budget does not make use of either of these reserves, as budgeted General Fund resources are currently equal to requirements and PERS rates will not change until the next biennium (2021-23).

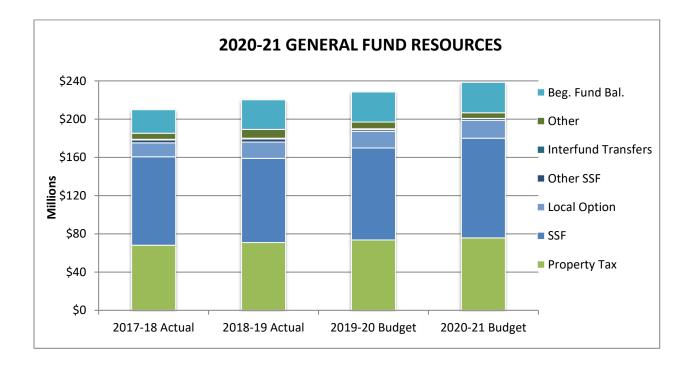

Unappropriated Ending Fund Balance (UEFB) - \$7.7 million

The UEFB for 2020-21 is budgeted at \$7.7 million, or 3.7% of operating revenues.

The District projects that the budgeted UEFB plus unspent contingency amounts will result in an ending fund balance of \$10.4 million, approximately 5.0% of operating revenues, which is consistent with Board policy.

¹ Represents 2% of operating expenditures, excluding transfers.

² Board policy targets total reserves, including Unappropriated Ending Fund Balance (UEFB) and projected underspending of budgeted amounts, at 5% of operating revenues, excluding transfers.

Expenditures by Major Program and Function

General Fund activities are organized into five major program areas: Direct Classroom Services, Classroom Support Services, Building Support Services, Central Support Services, and Other Accounts. The General Fund's five major program areas are further divided into programs and functions. Programs and functions are described in more detail within the Appendices.

Expenditures by Major Program Area &	2017-18	2018-19	2019-20	2020-21

Department Descriptions and Key Performance Indicators

Instruction Department

The Instructional Department's goal is to ensure educational excellence with equitable access and outcomes for every student and to provide multiple pathways for student success to support the Eugene School District 4J's vision, "Every student connected to community and empowered to succeed." Toward these ends, Instructional Services initiates and identifies ideas to improve curriculum and instruction at all 4J schools.

Functions:

- To prepare students to graduate from high school and be successful in college, careers, and as citizens
- To provide learning experiences to develop the knowledge, skills, appreciation, attitudes, and behavioral characteristics needed by all students
- To meet the academic, physical, mental, social, and emotional needs of every student
- To provide a wide range of instructional and related services for traditional and non-traditional students, including programs for those with disabilities, alternative education, Talented and Gifted, and English Language Learners, as well as learners attending summer school, charter schools, and other programs
- To support and enrich successful student participation in regular and special instructional programs
- To provide enrichment opportunities for students to participate in music and physical education activities to the extent possible
- To support instruction by providing materials, services, and professional learning opportunities

Vision 20/20 Strategic Plan:

The Instructional Department is in year three of implementing the 4J Vision 20/20 strategic plan. The department is responsible for addressing two of the goals:

- 1. Educational excellence with equitable access and outcomes for every student
- 2. Multiple pathways to student success

To achieve these goals, the department oversees several strategic initiatives including adopting high-quality instructional materials and professional learning across all grade levels and subject areas that are aligned with state standards to ensure equitable access and outcomes. The four major initiatives this year include:

- 1. Continuing the roll-out the District's behavior framework to improve behavioral, social-emotional, and mental health supports for all students
- 2. Implementing professional learning communities for educators to meet regularly, share expertise, and work collaboratively to meet the individual needs of all students
- 3. On-going implementation of the High School Success Grant (Measure 98), that provides multiple pathways to student success, including strengthening instructional and career pathways to engage all students for post-graduate readiness
- 4. Implementation of the Student Investment Account (SIA) Plan approved by the Board of Directors in March of 2020, pending approval by the Oregon Department of Education and confirmation of funding

The Instructional Services Department also provides online learning opportunities for students through the Eugene Online Academy (EOA). In 2020-21, EOA will expand beyond its initial focus on high school education and continuously work to implement the 4J Vision 20/20 strategic plan by providing educational opportunities to a wide variety of students with unique and diverse needs. EOA plans to serve students in grades 6-12 and will be piloting programs for K-5 students in an effort to expand its support to these grade levels.

EOA offers a personalized learning experience with flexibility and customization to accommodate family schedules and situations. Instead of signing up with an online program where the only interaction a student receives is through a device, EOA provides teachers and staff to help guide students through the curriculum and meet all of their academic needs. The program's priority is to provide as much individualized help as necessary for students to become independent 21st century learners. Students also have access to extracurricular activities such as athletics, music and art at their neighborhood school as part of this offering.

Eugene Online Academy will be supported and share resources with ECCO, the District's alternative high school located at the 4J Ed Center Annex – where students will have access to counseling, food service and nursing support. EOA will also be supported by the district registrar, who will communicate and coordinate with 4J Schools to ensure students have access to the resources they need to succeed.

Key Performance Indicators:

Key performance indicators for Instructional Services are described in "Academic Performance Indicators" within the About Our District section.

Student Services Department

The Student Services Department facilitates the special education system that locates, identifies, evaluates, and supports district students with disabilities, birth to age 21. Programs provide a variety of learning experiences designed to meet a wide range of physical, mental, social, and emotional abilities. Home instruction, health services, and the positive behavior interventions and supports program are also included in the Student Services Department.

Functions:

- To provide a range of instructional and related services for students with disabilities, Section 504, and Talented and Gifted
- To prepare students to graduate from high school career and/or college ready
- To provide learning experiences to develop the social, emotional, functional, and academic knowledge needed by all students
- To provide professional growth and enrichment for staff in order to foster student success
- To support instructional activities by providing materials, services and procedural guidance

Key Performance Indicators:

Key performance indicators for Student Services are described in "Academic Performance Indicators" within the About Our District section.

Facilities

The Facilities Department works to create and maintain safe, comfortable, and attractive facilities to enhance the learning and working environment for district students and employees.

Functions

- Administration construction management, work order management, building rental, capital financial management, purchasing, and safety management
- Custodial building custodial services, equipment, and supplies
- Architectural and engineering services engineering, planning, and design
- Maintenance electrical, HVAC, plumbing, painting, equipment repair, carpentry, roofing, flooring, and general maintenance
- Grounds landscaping, sport field, and track maintenance
- Security safety, locksmith, fire alarm access control, and security system maintenance and upgrades
- Construction total project management, district representative with contractors and consultants

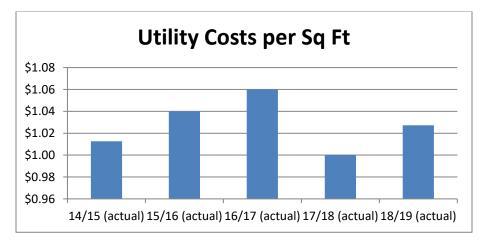

Vision 20/20 Strategic Plan

The Facilities Department has invested in operational efficiencies consistent with the 4J Vision 20/20 strategic plan. New buildings along with automated building controls and LED lighting upgrades in existing structures are increasing efficiencies while providing improved learning environments. Facilities has completed an update to the long-range facilities plan in a continued effort to provide safe, secure, and sustainable learning spaces through new building, targeted remodeling, and maintenance projects.

Key Performance Indicators:

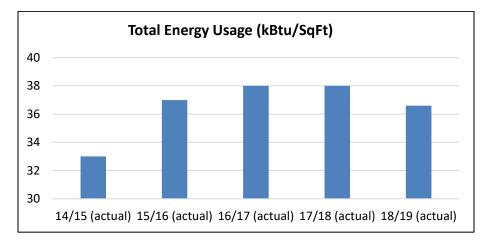

Utility Costs per Building Area

As a result of bond measures funding building replacements and capital upgrades of heating and lighting systems, the District has been able to hold utility costs relatively flat as rates increase. The chart below shows total annual utility costs on a building square-foot basis, including costs for electricity, fossil fuel (diesel heating/generator fuel and natural gas), water, sewer, storm water, and garbage disposal.

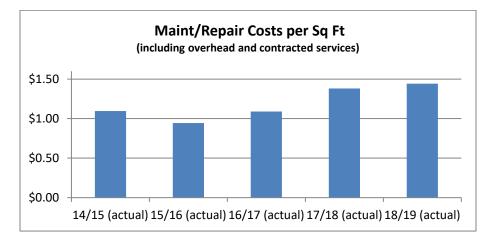

The second chart shows the total energy usage for all buildings for electricity and fossil fuel costs over the same period. This (second) chart is "corrected" to reflect weather data. The rise in fiscal year FY 2015-16 occurred due

to multiple surplus properties reopening with additional programs as well as the construction and operations of two buildings (old and new) at both Howard and Roosevelt. Fiscal year 2016-17 added the construction and operation of two buildings at ATA and River Road sites. The four new facilities increased overall district square footage by nearly 40,000 square feet. Fiscal year 2017-18 was due to completed construction of ATA and River Road along with a mild winter providing for an overall reduction in consumption. In FY 2018-19, the change from previous two years is mostly attributed to reduced heating days. Facilities reviews the utility information for targeting/prioritizing future energy conservation upgrades and other system improvements that will reduce operating costs.

Total Building Maintenance and Repair Costs

One industry measure for tracking building operating costs is to compare building maintenance costs (excluding grounds, custodial and utility costs) per square foot of building space over time. The facilities maintenance budget for FY 2018-19 included about \$5.47 million to maintain nearly three million square feet of buildings.

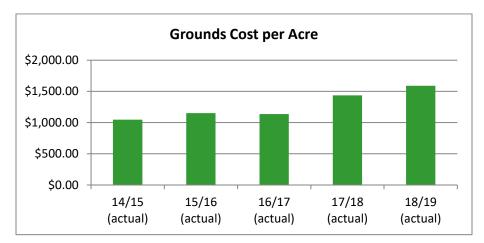

Previous maintenance and repair costs had been reduced by shifting maintenance costs associated with surplus/closed schools to District-sponsored charter schools under lease agreements. Multiple surplus locations are now back online, increasing maintenance and repair needs. Some savings are offset by requirements associated with the introduction of new systems and a broader range of technologies with new buildings and facilities upgrades. The completion of district wide Radon gas testing and continuation of bond planning contribute

to higher FY 2018-19 costs. The chart above excludes 3.5 FTE associated with the preventive maintenance program (funded from Real Property Capital Reserves, Fund 450)

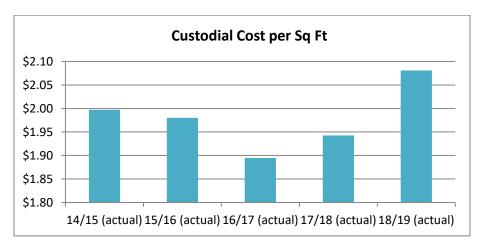

Grounds Maintenance Costs per Acre

The facilities maintenance budget for FY 2018-19 included \$970,447 to maintain approximately 608 acres of district property. These costs exclude the Coburg properties and the District's nine synthetic turf Youth Sports Park (YSP) athletic fields. Maintenance of the YSP fields is funded from the Capital Repairs fund (Fund 400), the cost of which is shared on a 50/50 basis with the City of Eugene. The FY 2018-19 increase is due to our district purchasing new equipment and support from additional seasonal employees.

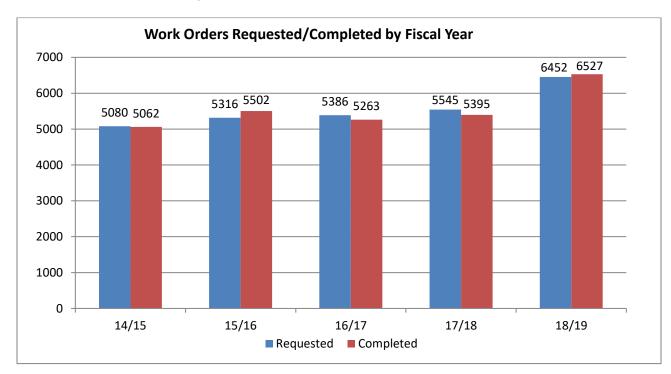

Total Custodial Costs

Total custodial costs (labor and supplies) are shown on the chart below on a building square footage basis. While the budget includes full funding for assigned staff, the budget continues to be underspent due to vacancies (retirements and recruitment challenges). Vacancies must often be filled by substitute staff who do not receive the same wages and benefit packages. The addition of several programs at the Fox Hollow location, as well as Chinese Immersion starting at Crest Drive, has added additional district custodial needs. In addition, in FY 2018-19 the District made a bulk purchase of equipment to refresh inventories throughout the district. This large purchase generally occurs every five years to take advantage of bulk purchase discounts.

Repair Work Order Volume

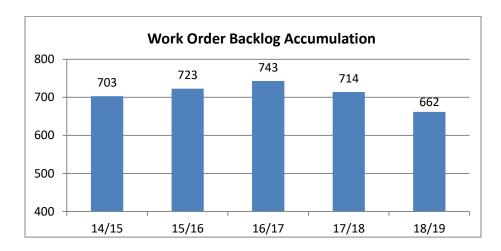

The chart below illustrates the number of repair work order requests received versus the number of completed work orders over the same time period.

Facilities staff continue to enter work orders for additional repair(s) discovered and completed while on sites addressing other work order(s). Single generic "blanket" work orders that have historically accumulated large amounts of hours and materials are no longer common. These are now broken into specific work orders which provides better tracking for facilities work hours and repairs required at each site. The increase of work orders for FY 2018-19 aligns with the first full year of reduced blanket work orders.

Cumulative Repair Work Order Request Back-log

The chart on the next page depicts the department's running back-log of non-completed work orders. The increase in FY 2016-17 was due to surplus property now in use and some volume associated with working out the "bugs" in newer facilities. In FY 2017-18, the Facilities Department introduced the Facilities Improvement Process (FIP). This was set up to manage requests for Facilities upgrades and changes requested by schools and departments. This allows Facilities to track and manage "new work" requested separate from "maintenance" of district facilities. This "new work" historically has added to the Facilities backlog as the maintenance is required to keep the buildings operational, whereas the new work can typically wait, or has to wait for a break from normal operations. This also gives us an opportunity to look at outside contractors to complete critical FIPs when considering the backlog. Fiscal Year 2017-18 included 44 FIPs while FY 2018-19 included 125 FIPs. The primary reduction in backlog for FY 2018-19 year is attributed to the increase in FIPs submitted.

Transportation Services

Provides safe, reliable, and efficient transportation for District students to and from school and related school activities

Functions:

- Provides technical assistance to personnel; administrators; and District patrons concerning District and transportation issues, such as school attendance boundaries and the LTD student bus pass program
- Provides driver training and certification for the District's activity bus program
- Provides fleet maintenance services for District buses and fleet
- Provides fleet maintenance services through intergovernmental agreements with small neighboring school districts
- Coordination of the District's Safe Routes To School (SRTS) program

Vision 20/20 Strategic Plan:

The Transportation Department has invested in the following key performance indicators (KPI) consistent with the 4J Vision 20/20 strategic plan. These KPIs address the efficiencies and effectiveness of the District's Transportation Department compared to the national median of similar-sized school transportation departments.

Key Performance Indicators:

Pupil Transportation Statistics

	2015-16	2016-17	2017-18	2018-19
Number of Buses	107	108	112	112
Number of Vans	13	12	12	10
Total Miles Traveled	1,523,519	1,483,421	1,402,685	1,537,284
Students Transported Daily	5,040	5,589	5,684	6,008

Cost per Mile Operated

	2015-16	2016-17	2017-18	2018-19
Cost per Mile	\$4.12	\$4.30	\$5.00	\$4.70
National Median	\$4.71	\$5.07	\$4.86	N/A
N/A = data not available				

Cost per Bus Operated

	2015-16	2016-17	2017-18	2018-19
Cost per Bus	\$56,776	\$59,122	\$62,614	\$64,567
National Median	\$57,917	\$60,272	\$59,352	N/A
N/A = data not available				

Cost per Student

	2015-16	2016-17	2017-18	2018-19
Cost per Student	\$1,129	\$1,142	\$1,234	\$1,204
National Median	\$947	\$1,075	\$1,036	N/A
N/A = data not available				

Average Age of Fleet

Fleet replacement plans drive capital expenditures and ongoing maintenance costs. Younger fleets require greater capital expenditures but reduced maintenance costs and will result in greater reliability and service levels. An older fleet requires more maintenance expenditures but reduces capital expenses.

	2015-16	2016-17	2017-18	2018-19
Average Age	6.7	5.5	5.7	4.9
National Median	8.0	8.1	8.4	N/A
N/A = data not available				

Safe Routes to School

Safe Routes to School is all about creating safe, convenient, and fun opportunities for 4J students to walk and bike to and from school. This is important for the health and safety of our kids, and it helps to foster the creation of livable, vibrant communities. We work to increase physical activity and improve walking and bicycling safety conditions on routes to and from school and throughout the community.

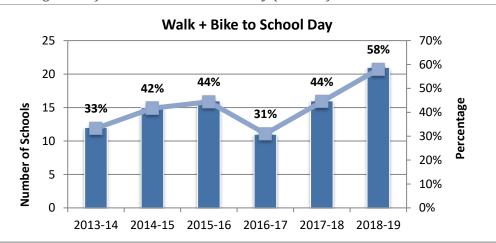

The program elements (the "6 E's") of Safe Routes to School are below, along with some examples of related activities.

- *Equity* We strive to distribute resources and educational programming equitably across the District and to incorporate equity into each of the "E's" listed below.
- *Encouragement* Bike + Walk to School Day and Month; school pool database to connect families for biking, walking, or driving together; walking school buses and bike trains
- Education Pedestrian and Bicycle Safety Education in 2nd and 6th grades, respectively
- Enforcement Crossing guards; police enforcement around school zones
- Engineering Improvements to the built environment to support safety for student pedestrians and bicyclists; may include traffic signals, traffic calming, pedestrian crossings, sidewalks, off-street paths, bicycle parking, and signage
- *Evaluation* Assessment of infrastructure; classroom tallies and parent surveys to determine needs and program effectiveness

Key Performance Indicators:

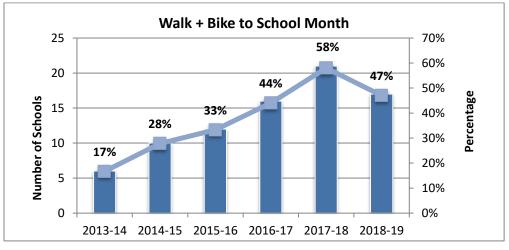

Performance Indicators for FY 2018-19 surpass those reported for the prior year due to increased outreach to schools in both English and Spanish and with efforts to simplify participation. In addition, other program accomplishments include the following:

- Development of a ranking process for infrastructure needs around schools that provides an objective means of prioritizing projects based primarily on safety and equity.
- Identification of on-site Safe Routes to School infrastructure needs at all schools.
- Infrastructure improvements around 2013 bond schools made with a combination of bond and City funds through a partnership between 4J, the City of Eugene, and Lane County.
- Working towards all schools participating in one or more Walk & Roll events with increased outreach to schools and efforts to simplify participation.

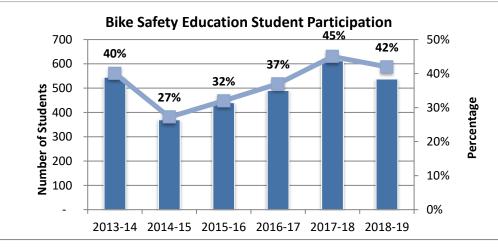

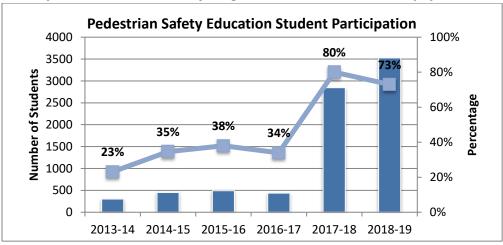

Number of Schools Registered for Walk+Bike to School Day (October)

Number of Schools Registered for Walk+Bike Challenge Month (May)

Number of Middle School Students Participating in a Nine Hour Bike Safety Education Program

Number of Elementary School Students Participating in a Two Hour Pedestrian Safety Education Program

In the past, the Safe Routes to School program contracted with the City of Eugene's Recreation Department to teach pedestrian safety in second grade classrooms when teachers were interested in participating. In FY 2017-18, the Safe Routes to School program and City of Eugene Recreation Department trained elementary PE teachers to teach pedestrian safety in K-2nd grade with the intention of adding an additional grade per year. The significant increase in participation demonstrates the effectiveness of training Eugene School District 4J elementary PE teachers to include the safety program in the regular physical education program schedule.

Technology Department

The Technology department provides reliable, stable, secure, and useable technology resources for the District.

Functions:

- Application Development & Data Integration student Information Systems platform (Synergy), training, technical support, user/technical documentation, module installation and support, support parent/student portal and mobile apps, host and manage consortium database; district state reporting. Host and manage the data warehouse for the consortium; importing data from external applications/sources for integration with Single Sign On (SSO), OneRoster, Mealtime, and assessment data from ODE, ACT, SAT, etc.; and data extractions for Mealtime, Naviance, Edulog, SmartChoice, SchoolConnects, SWIS, LDAP, VIA, etc.
- Network Infrastructure and Operations provide overall system administration, maintenance, support, and design for the following services: hosting and support for school websites, application and file servers; host, support and manage email and calendaring; training; VPN and Webfilter platform owner; network infrastructure support; phone support; Telecommunications platform support; upgrade and patching, new construction, data center redundancy and availability, security, logging, system monitoring, and outage notification; VMware and inter-department consulting; and Windows Support for departments.
- User Support Services training, deployment, and management of new devices; end-user technology support and maintenance for hardware, software, ticket resolution, websites, Apple Remote Desktop, and imaging; repair of laptops, desktops, tablets, printers, and clocks; and project rollout support for operations and classroom-specific technologies, workflow projects, Smarter Balanced, Synergy, VMware, Lawson, and Volume Purchasing Program as well as the online 4J technology purchasing catalog; and research and testing of emerging technologies.
- Instructional Technology project implementation and guidance for educational technology related grants; library services cataloging, inventory, checkout, digital instructional resource review and kit checkout; collaborate with schools on strategic vision and long-term 'teach with technology' plan; online learning and cloud instructional technology; customized professional development; training; evaluation of hardware, software, peripherals, applications, online subscriptions, vendor relations, and research; provide guidelines for appropriate use of instructional technology, student responsible use contracts, and device take-home contracts; and community partnerships such as universities, businesses, organizations, and Lane ESD.
- Technology Purchasing and Inventory placing district-wide technology orders, receiving, and inventorying of product; negotiating bulk pricing for equipment and licensing; mobile phone portal and device management; copier and printer fleet management; and vendor negotiation.

Vision 20/20 Strategic Plan:

The Technology Department has invested in the following initiatives consistent with the 4J Vision 20/20 strategic plan:

- Ongoing infrastructure improvements that enhance security, availability, performance, redundancy, and security
- Long range technology planning for sustainability and equipment refresh
- Improved system integration and opportunities to extract reports
- Continue to expand and deploy technology that ensures equitable access and opportunity for students and staff

Key Performance Indicators:

Technology will continue to monitor infrastructure performance as well as staff performance in areas such as application development, data integration network infrastructure and operations, user support services, instructional technology, technology purchasing, and inventory. These initial key performance indicators will be further developed in future years, and additional indicators will be added to reflect the department's performance and ability to meet the technological needs of students, staff, and community. *Data extract - January 2020*

Target: Device to student ratio: 1:1

• Current device to student ratio: 1:1 (trending down) ~42% of devices are >= 6 yrs. old

Target: Establish metrics that identify operational trends: group by product categories, filter by site

- Total number of helpdesk tickets year-to-date, July 2019 June 2020: 10,158 (trending up)
- Average number of tickets by month, July 2018 June 2019: 1,269 (trending up)

Target: Number of preventative maintenance windows completed on schedule: >=80%

- % Completed on schedule = 95%
- # Scheduled = 4 per Month

The Synergy roadmap will leverage this mobile application to expand the data available to families.

- Elementary School
 - ✓ Percent of ParentVUE accounts enabled: 33%
 - ✓ Percent of active ParentVUE users: 13%
 - ✓ Percent of ParentVUE accounts used in last 120 days: 60%
- Middle School
 - ✓ Percent of ParentVUE accounts enabled: 85% (trending down)
 - ✓ Percent of active ParentVUE users: 43% (flat)
 - ✓ Percent of ParentVUE accounts used in last 120 days: 70% (trending up)
- High School
 - ✓ Percent of ParentVUE accounts enabled: 89% (flat)
 - ✓ Percent of active ParentVUE users: 45% (trending up)
 - ✓ Percent of ParentVUE accounts used in last 120 days: 58% (trending up)

Warehouse and Purchasing

Warehouse and Purchasing are part of the Support Services work team, providing central services to all district locations. With two full-time buyer positions (2.0 FTE), Purchasing manages competitive procurement systems and support, including coordinating purchase order approval and issuing contracts for goods and services and personal services. Four warehouse assistants, supervised by the warehouse manager, provide delivery services to schools for paper and other supplies; central storage and delivery of food for child nutrition programs; operational management of surplus property inventory; and work order support for moving resources between sites.

Functions:

- Purchasing competitive procurement systems and support, including coordinating purchase order approval and issuing contracts for goods and services and personal services
- Warehouse providing delivery to schools for paper and other supplies; central storage and delivery of food for child nutrition programs; coordinating surplus property inventory; and completing work orders for moving resources between sites

Vision 20/20 Strategic Plan:

The purchasing team strives to support 4J Vision 20/20 Goal 3: Communication and Connection with Community through ensuring competitive procurement and reducing barriers for local businesses to work with the district. This goal includes the objective to strengthen connections between our schools and our community through development and support partnerships with community organizations and businesses. Additionally, purchasing supports *Goal 5: Stable, Sustainable Stewardship* by ensuring compliance with public procurement requirements. The warehouse team also works towards sustainable stewardship of district resources by managing surplus property that can be shared between sites, or repurposed until items are no longer safe or are obsolete.

Key Performance Indicators:

Support Services is working to analyze, develop, and establish new key performance indicators in areas such as purchase order and contract approvals, management of delivery services, and inventories. The initial key performance indicators will be developed in future years to reflect the work team's performance and ability to meet the purchasing and delivery needs of students and staff.

Financial Services

Finance Services is responsible for the district's central fiscal operations including accounting, payroll and financial reporting, budget development and monitoring, and financial analysis and audit support. The Financial Services team provides analysis and support to schools, departments, district administration and the Board of Directors in financial matters.

Functions:

- Payroll processing timesheets, employee leave, Public Employee Retirement System (PERS) payments, garnishments, taxes, Tax Sheltered Annuities (TSA) payments, and other payroll liability payments as well as preparing W-2s and other state and federal reporting
- Cash Management completing daily banking, receipting, debt service and capital lease payments, and oversight of district and school bank accounts
- Accounts Payable paying vendors and processing invoices, visa card payments, and extended contracts
- Budget preparing forecasts, the annual budget, levy calculations, legislative fiscal impact statements and analysis, and budget transfers, supplemental budgets and resolutions
- Financial Analysis completing requirements and presentations for bond issuance, and supporting audit review of bond expenditures. Providing oversight of charter school financial operations, school and department financial activities, and monitoring budget to actual spending. Financial Services also provides financial support, analysis and calculations during contract negotiations
- Accounting preparing and posting journal entries, monitoring accounts for consistency and adherence to policy, performing bank reconciliations for district accounts, maintaining financial records, completing statutory reporting, and training and supporting school and program staff
- Grants supporting grant managers in financial tracking and reporting, monitoring compliance with federal and state requirements, reviewing proposal budgets, submitting invoices and claims, preparing the request for the District's annual indirect rate, applying monthly indirect rate to grants, and preparing annual deferrals and accruals of grant funds
- Business Systems supporting the administration of financial systems within the district including access controls, security, automated workflows, standard and ad-hoc report development and support, and project management for system implementations

Vision 20/20 Strategic Plan:

Goal V of the Vision 20/20 Strategic Plan calls for "Stable, Sustainable Stewardship" of district resources. This goal addresses the need to provide effective, efficient and equitable stewardship of district resources to best support our instructional mission. Financial Services supports this goal in the following ways:

- Providing comprehensive financial and accountability information through the budget, forecasting and financial reporting processes
- Supporting the development of stable, sustainable budgets that prioritize limited resources to align with district goals, maintain appropriate reserve levels and include reasonable contingency balances to support critical district operations
- Providing financial reporting, data and analysis support for management's review of district systems, processes and programs to determine the most efficient and effective path forward for the district

- Supporting internal and external audits of district systems, programs and processes and recommending improvements
- Identifying and implementing improvements to the financial systems and processes the district relies on to manage current fiscal operations and forecast the impact of changes on future periods Integrating and improving financial data reporting, automation and data quality across processes and systems

Financial Services is currently engaged in the implementation of a new financial management system for the district. BusinessPLUS will be implemented on January 1, 2021, and in the six months following this date staff will work to expand the automation of manual processes and implement any remaining modules such as grant management and contract management

Key Performance Indicators:

Audit Opinions

The District has received unmodified audit opinions for more than 20 consecutive years, including the fiscal year ended June 30, 2019. An unmodified opinion indicates that the auditor has determined that financial statements: 1) fairly present the financial position, results of operations and changes in financial position of an entity in accordance with generally accepted accounting principles applied on a consistent basis, and 2) include appropriate informative disclosures.

Financial Reporting

The District has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) every year since June 30, 1987. This certificate is presented to governments whose comprehensive annual financial reports achieve the highest standards in government accounting and financial reporting.

Human Resources

The mission of the Human Resources Department is to support our students by providing the information and resources needed to hire, develop, and retain qualified employees who model organizational values; contribute to the attainment of the District's goals; maintain employee-employer relationships which are positive, productive, ethical, and legal; and protect the District's employees, property, and finances from avoidable loss.

Functions:

- Through multiple Human Resource information systems (HRIS) and Lawson (the HR/Payroll system), HR maintains employee records and complies with Federal and State reporting, including but not limited to licensure; years of experience; and the evolving reporting requirements for the Oregon Department of Education (ODE) under changes to the Every Student Succeeds Act (ESSA)
- Operations processing of new employees, separations (terminations, retirement, resignations, etc.), resource for employee questions, personnel actions, including but not limited to position- and payrelated changes, updates to personal information, changes to insurance and benefits impacting deductions, etc.
- Performance management systems and disciplinary processes evaluation, investigation, and discipline
- Hiring and staffing processes, including recruitment, on-boarding, retention, managing annual and ongoing hiring processes, and coordination of the annual staffing process, including working with administrators to collect, process, and implement staffing plans in the HR/Payroll system
- Maintenance of district-wide substitute pools contact and technical support for all system users, hiring of additional subs, processing of monthly payroll, organization of annual training
- Leave of absence management contact for employees; process leave applications and pay-related changes; knowledge and implementation of Federal, State, District, and bargaining agreement laws, rules, and policies; and correspondence between employee, supervisor and medical professionals when needed
- Employee and labor relations liaise with employee groups, bargaining and management of collective bargaining contracts and compliance with labor laws, training of supervisors and administrators
- Classification and compensation maintain job descriptions, evaluate salary levels, and grade positions
- Collaboration on continued District diversity and equity work
- Safety constantly working to improve sites across the District for students and staff. This includes assessing, identifying, and addressing potential risks/losses and areas of liability
- Mentor programs in collaboration with the Instruction Department to support licensed staff and administration through ever-expanding programs.
- Pay equity compliance HR has embarked on the immense undertaking of classification and compensation review of all positions in the District. This will bring the District in compliance with pay equity laws in Oregon. Our goal is for this to ensure any historical pay biases and unconscious pay differentials do not continue.

Vision 20/20 Strategic Plan:

The Human Resources Department has continued to invest in initiatives consistent with the 4J Vision 20/20 strategic plan, specifically around attracting, hiring, and retaining high-quality, passionate, and diverse staff. HR continues to promote the District through a number of online and hard copy publications as well as in-person at job fairs.

Beyond this, the department has invested various resources in attempts to hire international candidates, primarily for bilingual positions, which can often be difficult to fill. International candidates have a great deal to offer our students, and we are excited to continue to hire and retain these candidates. In recent years, this process has included working with multiple candidates, agencies, and in some instances attorneys, on diligent and extensive efforts to obtain either the required H-1B or J-1 Visa. The H-1B Visa application process is rigorous and has a significant financial investment for the District between the application and attorney fees. While the approval rate for H-1B Visa applicants is traditionally low, we do currently employ two teachers (from China and Spain) who were granted the H-1B Visa. In terms of the J-1 Visa, which allows the District to employ the candidate for initially one year with options of additional extensions (up to a total of five years), we currently have four candidates employed by the District (three from Spain and one from Mexico).

In addition, there are instances of hard-to-fill positions, including those mentioned above, that the preferred candidate of a school might be an individual who does not currently have the correct license or endorsement. Our staff has been very attentive to these situations, exploring possible options for alternative, short-duration licenses that allow that person to be hired and employed in that role while they work to fulfill the requirements of full licensure through the Teacher Standards and Practices Commission (TSPC).

Human Resources, on behalf of the District, has also been part of the Pathways in Education Program (often referred to as the Teacher Pathways Program). This is a collaborative partnership between some local school districts and universities to provide scholarships and support for 10 applicants for teacher preparation programs to help produce effective, culturally and linguistically diverse teachers who mirror the diversity of the students in classrooms. Through the District's financial investment, which makes up a portion of the overall tuition scholarships available to successful candidates, along with HR administrator staff presence on the committee, we are working to help bilingual, diverse, and/or first-generation college students move toward becoming teachers.

Key Performance Indicators:

Ongoing efforts to expand and retain appropriate pools of substitutes

During the course of a typical school year, there are absences (licensed and classified) that unfortunately go unfilled for a variety of reasons. Since the 2014-15 school year, through the collective efforts of our department, we have successfully continued to reduce the number of unfilled absences for licensed positions. This year that trend has changed, and HR will continue to work toward reducing this number.

Below are the number of unfilled jobs for licensed absences, by school year:

- 186 unfilled jobs in 2019-20 as of 1/31/2020
- 217 unfilled jobs in 2018-19
- 141 unfilled jobs in 2017-18
- 149 unfilled jobs in 2016-17
- 171 unfilled jobs in 2015-16
- 200 unfilled jobs in 2014-15

For classified absences, below are the number of unfilled jobs for classified absences, starting with 2015-16 (the first year data is available):

- 909 unfilled jobs in 2019-20 as of 1/31/2020
- 1,060 unfilled jobs in 2018-19
- 572 unfilled jobs in 2017-18
- 1,101 unfilled jobs in 2016-17
- 1,128 unfilled jobs in 2015-16

Similar to recent years, HR continues to work diligently to maintain a robust pool of guest teachers and classified substitutes to help reduce the number of unfilled absences. We recognize the burden the unfilled absences have on schools and have worked to hire guest teachers and classified substitutes on a weekly basis. To date during the current school year, HR has hired 130 classified educational assistant (EA) substitutes and 114 licensed guest teachers to help with vacancies in schools District-wide.

However, we recognize that a large pool of substitutes does not necessarily guarantee avoidance of unfilled absences on days when a large number of staff are absent. There are a number of factors at play when it comes to the reasons why all the available jobs are not picked up by our substitutes. Some of these include, but are not limited to, substitutes not feeling comfortable working a particular grade level or subject areas and professional development that is scheduled on Mondays or Fridays, which can create an extra burden on the system since those days historically have had a higher rate of personal absences by staff.

When looking at specific unfilled vacancies, special education EA jobs account for some of the highest unfilled job rates during the year. When we have reached out to substitutes for feedback around reasons they do not like to accept special education substitute jobs, individuals have indicated they feel a level of uncertainty and apprehension in these areas. Since that initial feedback, HR has teamed with the Student Services Department (SSD) for the last four years to provide training opportunities to help address these concerns. HR has provided the funds to compensate the EA substitutes who attend with the goal of helping interested subs feel more comfortable and familiar working in a special education setting. SSD administrators provide background on the different types of classrooms and what they might expect and share resources and suggestions on how to best interact with and provide support to students to help instill confidence. Since we started four years ago, we have been able to hold the trainings once or twice per year with an average of 30 - 40 EA substitutes in attendance. The most recent training in January 2020 was held on a no-school day (grading day) in an effort to provide an opportunity for substitutes to attend without missing a day of work in the District.

In addition, from an operations standpoint, during the weekly new-hire orientation, our staff informs all new substitutes that if anyone is available to work (as early as the following day), we can contact them the next morning. This is before they are even entered into the substitute dispatch system, but it can help to prevent unfilled jobs by personally reaching out to new staff who can work immediately.

Continued improvement of fully licensed and properly endorsed teachers

Although the Highly Qualified (HQ) requirements under No Child Left Behind (NCLB) are no longer in place, HR has continued to learn about reporting changes under the Every Student Succeeds Act (ESSA) along with continuing compliance with annual reporting requirements to ODE.

HR has maintained consistency in screening applicants with the expectation that they are fully licensed and properly and completely endorsed to fulfill the requirements of the positions they are pursuing. In 2016-17, the HQ requirements for licensed staff were dismissed by the federal government, but the State expectations still require teachers to be endorsed in the subject they are teaching. This is the standard to which we work to hold our licensed teachers, and in some instances (primarily positions that are hard-to-fill), our department works tirelessly with TSPC to obtain the necessary additional licenses and/or endorsements to help those who do not initially meet the requirements to do so before starting in a position. We have a staff member that is the primary contact for licensure issues, not only for potential or new candidates but also current employees who are in need of guidance and assistance with the licensure process. With a direct contact to TSPC, we attempt to solve issues that arise with specific license situations. HR is optimistic that the proactive work we are doing now will ideally help us maintain a high level of compliance with any ongoing revision and/or developments to reporting under ESSA.

Ratio of Human Resources/Risk Management FTE to District Staff (Full-Time and Part-Time)

Superintendent's Office

The Superintendent provides executive leadership and administrative direction for all departments and services, and is responsible for proposing and implementing long-range plans.

Functions:

- Has responsibility for the day-to-day operation of the school district, which includes:
 - Developing, supporting and communicating District goals
 - Helping to establish a positive environment for learning
 - o Leading and participating in the identification of needs and possibilities for improvement
 - o Ensuring that policies, laws, and mandates are followed
 - Working with the School Board and Budget Committee to determine the allocation of resources required to achieve the District's purpose

Vision 20/20 Strategic Plan:

The Superintendent is the guiding force behind the 4J Vision 20/20 Strategic Plan.

Key Performance Indicators:

See the 4J Vision 20/20 Strategic Plan section for District goals and strategies, which the Superintendent's Office supports.

Communications and Intergovernmental Relations

The Communications and Intergovernmental Relations Department implements communication and community engagement activities that support district goals and maintain open communication within the district and with the public. The department also assists district leadership in maintaining positive intergovernmental relationships.

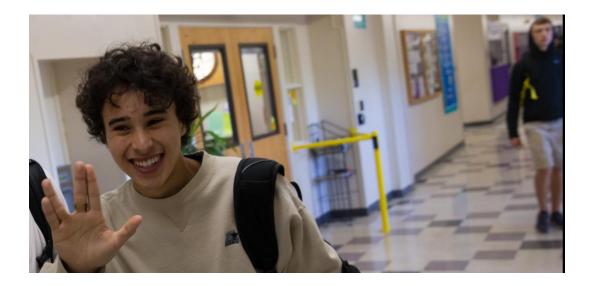

Functions:

- Communications Develops and implements a comprehensive communication program that includes external communications between the District, parents and the community, news media relations, publications, website information, social media, internal communications, and technical assistance and counsel to schools and departments
- Coordination Provides executive leadership and support including policy development, strategic planning and other support to the Board of Directors, the Superintendent and the District
- Intergovernmental Relations Supports efforts to maintain positive intergovernmental relationships with legislators and local government officials and works cooperatively with other agencies that provide community services for students

Vision 20/20 Strategic Plan:

Working with the Board and Superintendent, the Communications Department supports the implementation of district strategies to attain Goal III: Communication and Connection with Community, including:

- Design community engagement events and communications for major initiatives (e.g. capital bond)
- Support Superintendent community outreach including public events and drop-in meetings
- Proactively solicit positive media coverage of education programs and events
- Provide communication resources to schools to enhance clear and timely school-family communication
- Maintain opportunities for two-way communication, including through social media
- Ensure key district communications and engagement events are accessible in Spanish

Federal, State & Local Programs Fund

Description of Fund

The Federal, State & Local Programs Fund holds designated-purpose dollars for programs that are funded through Federal or state grants, private donations or payments for services. Fund use and limitations are specified by the grantor entity and generally cannot be diverted to other uses such as general district operations.

Budgeted amounts are based on anticipated funding; however, actual expenditures are dependent upon receipt of grants, donations or payments from the various sources. The 2020-21 budget includes estimated carryover funding from the prior year and assumes all funds will be expended in the current year. Anticipated grants include funding for the major programs as outlined below.

Elementary and Secondary Education Act (ESEA)

The Elementary and Secondary Education Act is a federal law passed to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. Administered by the Oregon Department of Education, amounts appropriated under ESEA are distributed to local schools to be used for purposes stated in the law.

ESEA includes the following grants:

- Title I-A: Education for the Disadvantaged: Grant funds are to be used for instruction which focuses on improving the academic achievement of disadvantaged students. Eleven District elementary schools, one K–8 charter school and two private schools are expected to receive Title I funding. The number of schools to receive Title I funds will be slightly reduced for the 2020-21 school year due to a gradual decrease in available funding and in an effort to concentrate funding at elementary schools with greater socioeconomic need.
- Title II-A: The purpose is to increase student achievement through preparing, training, and recruiting highly qualified teachers and principals through professional development and new employee induction programs.
- Title III: The purpose is to provide support to our English Language Learners so they can meet the same academic achievement standards as our English native students.
- Title IV-A: Student Support and Academic Enrichment: The purpose is to provide all students with access to a well-rounded education and improve school conditions for student learning.
- Title IV-B: 21st Century Community Learning Centers: This supports our BEST afterschool program. In fiscal year 2018-19 the District was awarded a new 5-year competitive grant for \$500,000 annually.

Students with Disabilities

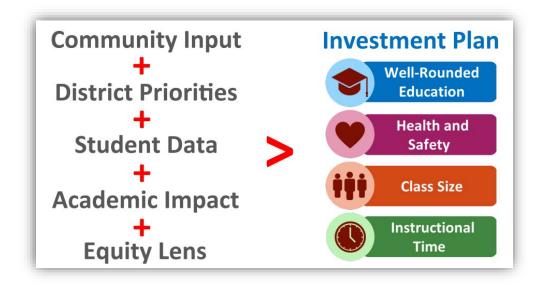

Grants from state and federal sources are received by the District to support students eligible for special education. Grants include the Individuals with Disabilities Education Act (IDEA) awards which provide funding for education of disabled students.

Student Success Act (SSA)

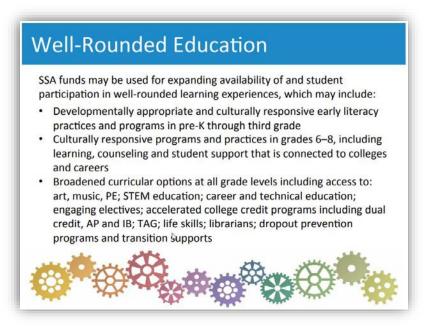

Passed during the 2019 legislative session, the Student Success Act (SSA) is expected to invest \$2 billion in Oregon education initiatives every two years. Per the Oregon Department of Education website, SSA will target funds state-wide to reduce class sizes, expand learning time, and offer more well-rounded learning experiences for Oregon students. SSA will also make feasible the full funding of the High School Success grant (Measure 98), expand nutrition program access, and direct funding for more robust early learning programs. In 2020-21, the SSA if expected to provide \$200 million for the State School Fund, with the remainder distributed to the Student Investment Account, the Statewide Education Initiatives Account, and the Early Learning Account.

At the district level, 4J plans to focus SSA funds to invest in improved student access to a well-rounded education, healthy and safe learning environments, reduced class sizes, and increased instructional time.

Well-Rounded Education

As part of the initiative to provide students with a well-rounded education, the District will provide support for the following focus areas:

- Improve 3rd Grade Reading: Implementation of a research-based full continuum of literacy skills including phonemic awareness, phonics, fluency, vocabulary, and comprehension. Expected outcomes include increased student reading proficiency and closure of gaps in grade 3 literacy as well as researchbased professional development provided to staff in early literacy best-practices and will include the addition of 10.75 licensed FTE and a total cost of \$2.3 million.
- <u>Learning for All Model</u>: Increasing access and inclusion for all underserved students by improving instructional strategies, including differentiation and expansion of the continuum of services at each school. Plans include launching a pilot school program to be refined and expanded over time. Expected outcomes include closing achievement gaps for students experiencing disabilities and increasing the time students are served in their least restricted environments. This initiative will involve the addition of 6.5 licensed FTE, 1.0 classified FTE, and 1.0 administrative FTE and a total cost of \$1.5 million.
- <u>Enhancing the NATIVES Program</u>: Expansion and enhancement of the program to increase direct student-support services, such as tutoring, summer camp, and cultural programming. Expected outcomes include closing achievement gaps, improved attendance, and closing graduation gaps for Native American students and strengthening relationships with Oregon's recognized tribes. The District will add 1.0 licensed FTE and 1.0 classified FTE at a cost of \$0.2 million.
- <u>Emergent Bilingual Student Success Plan</u>: Focuses on the needs of developing multilingual students, migrant and recent-arrival students and families by providing a school success navigator, and systematic English development training and collaboration time for teachers. This initiative includes the addition of 0.5 FTE licensed staffing, 3.25 FTE classified staffing and a total cost of \$0.9 million.

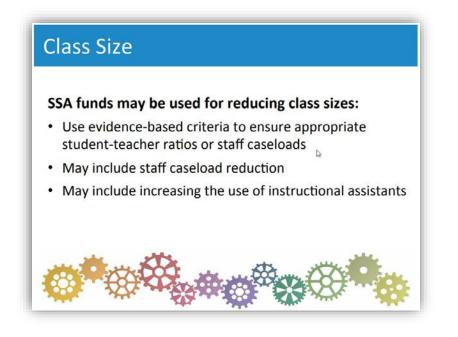

Health and Safety

SSA funds will also be used for addressing student health and safety needs through support services. The District will focus on the following areas:

- <u>Behavior Framework and Support Services</u>: Increases in supports for schools to improve behavior, social-emotional learning, and mental health to include the addition of a behavior consultant, additional middle school behavior educational assistants, student behavior support coordinators at the elementary level, and school psychologists. Expected outcomes include increasing students' sense of belonging and safety, reducing behavior incidents, and increasing instructional time for all students. This initiative would specifically add 14.0 FTE licensed staffing and 8.0 FTE of classified staffing for a total cost of \$2.0 million.
- <u>Wraparound Support Teams</u>: Creates regional care teams for wraparound behavioral and mental health support for students experiencing crisis, chronic absenteeism, and other social-emotional needs. Specifically, the plan will add social workers, behavioral threat assessments, nurses, educational assistants, and a partnership with a community provider for a mental health crisis response team. Expected outcomes include increased attendance and graduation rates in the District's underserved student population and a comprehensive system to support mental health needs, to include 8.0 FTE of licensed staff, 4.0 FTE of classified staff and total costs of \$1.5 million.

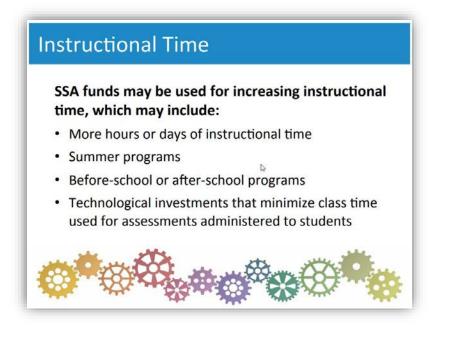

Class Size

The District plans to use SSA funds for the purpose of attaining appropriate student-teacher ratios and staff caseloads, which may include the use of instructional assistants.

<u>Class Size Reduction</u>: Targeted reduction of class sizes in grades one and two, reduction of middle school core-content classes using the weighted needs index, and one-year bridge-staffing for schools previously qualifying for Title I supports. Expected outcomes include increased proficiency across academic assessment measures, reduction of student discipline incidents, and improved school climate. This focus includes the addition of 21.3 FTE licensed staff at the elementary level and 4.2 FTE at the middle school level for a total cost of \$3.0 million.

Instructional Time

The final initiative of the District for SSA funds is an increase of instructional time, which may include additional hours or days, summer programs, before- and after-school programs, and investments in technology that will reduce class-time used for student assessments.

 <u>BEST After-School and Summer Programs</u>: Expected outcomes include expansion of the BEST afterschool program to support two additional Title I elementary schools, expansion of Title I summer school to elementary school students in need of summer reading support, and expansion of summer learning opportunities for middle school students. In addition, the District is focusing on improved academic skills and reduction in gaps for economically disadvantaged students. This initiative will include the addition of 5.0 FTE of classified staffing, 0.5 FTE of administrative staffing and total costs of \$1.1 million.

High School Success (Measure 98)

In November of 2016, Oregon voters passed Measure 98 – High School Graduation and College and Career Readiness Act, which later became known as "High School Success." The intent of the measure was to provide funding to establish or expand programs for high school students in three focus areas: Career & Technical Education (CTE), College Level Education Opportunities, and Dropout Prevention.

Measure 98 funding is awarded in four-year grants to school districts. These awards are provided after an application process that includes the district's spending plan and how a district intends to meet the eligibility requirements. Fiscal Year 2020-21 will be the fourth year Eugene School District 4J will receive funding under this initiative. Effective each year, and through the law creating the High School Success Fund (Measure 98), are a number of eligibility requirements a district must address in planning for the use of awarded funding.

These eligibility requirements include:

- ✓ Program establishment or expansion
- ✓ Teacher collaboration time around data
- ✓ Practices to reduce chronic absenteeism
- ✓ Equitable assignment to advanced courses
- ✓ Systems ensuring on-time graduation
- ✓ Partnerships

Research suggests that having these structures in place will aid in increasing graduation rates and ensuring high school graduates are ready for their next step. Moreover, providing time for teachers to look at specific student data and use that data to inform decisions will increase the chances that a student is on-track to graduate in four years. All areas of eligibility noted above must be fully in-place by the end of the 2020-2021 school year.

To implement this framework, the District met with stakeholders including teachers, principals, Lane ESD, the equity taskforce, and others to gather their input and suggestions towards implementing a plan to most effectively use this funding. Furthermore, the District completed a self-assessment survey developed by the Oregon Department of Education with results submitted to the State. Part of the outcome of the self-assessment was to identify areas where the District might need to respond to and/or address gaps in areas of eligibility in order to meet all requirements of the High School Graduation and College and Career Readiness Act.

With the vision that *"all students graduate with the knowledge, skills, passion, and vision to move into a successful post-graduation experience,"* and using the information gathered from the self-assessment survey and from input provided by stakeholders, the District developed and submitted to the Oregon Department of Education an updated spending plan to achieve the goals outlined in the Act.

For the first time in its history, the High School Success Grant is projected to be fully funded in 2020-21. Full funding is dependent, however, on the availability of additional funding through the Student Success Act (SSA). Should this funding be reduced or eliminated, the Instruction Department will re-assess this plan and take action to ensure expenditures do not exceed available resources.

The projected appropriation is estimated to provide \$4.2 million for fiscal year 2020-21 for Eugene School District 4J. The District plans to continue spending these funds in the following focus areas or "pillars" as noted in the plan the District submitted to ODE.

- Pillar: Career and Technical Education
- Pillar: College-level Educational Opportunities
- Pillar: Dropout Prevention

The District spending plan is as follows:

- Career and Technical Education (CTE) \$1.17 million including 8.5 FTE: Expand CTE opportunities for students at all high schools in the areas of health services, technology, construction and manufacturing and create dual-credit courses (high school + college credit).
 - Program expansion of computer science and manufacturing
 - o Student experiences that include industry tours, career days, job shadowing, and internships
 - The design and build challenge capstone project
- College-level Educational Opportunities \$0.23 million: Identify opportunities to expand participation in International Baccalaureate (IB) and Advanced Placement (AP) courses to underserved student populations at high schools.
 - Higher education equity realignment work with Equal Opportunity School (EOS)
 - Student access fees and support
- Dropout Prevention \$2.8 million including 13.6 FTE: Focus on 9th grade success through attendance support, interventions and transition coordinators, work to expand credit recovery opportunities through on-line curriculum and program coordination.
 - Student attendance support services/staffing
 - Math interventions, such as algebra support and homework club
 - Online alternative education and credit recovery utilizing specialize software programs
 - Large high school counseling support/staffing
 - Freshman transition, Summer Bridge and data teams support

Eugene Education Foundation (EEF)

The District receives quarterly distributions from the Eugene Education Foundation (EEF). EEF was established by parents and teachers in 1993 as a non-profit organization to support the students of Eugene School District 4J. Donations may be earmarked for a specific school or for a District program. Five percent of each gift is retained by EEF for equity grants, which are available to all schools and District programs through a grant proposal process, and five percent is retained to cover overhead costs.

Oregon School Capital Improvement Match (OSCIM) Grant

The District has met all requirements to receive an \$8 million matching grant from the Oregon Department of Education Office of School Facilities (OSF). OSF was created by Senate Bill 447 (SB 447) passed by the Oregon Legislature in 2015. SB 447 created new programs within the Oregon Department of Education (ODE) to assist local school districts with improving their school facilities. The OSCIM Program will match the total proceeds of the sale of a local general obligation bond, less costs of issuance, up to \$8 million.

In the spring of 2019, the District issued \$150 million in General Obligation bonds. These bonds were matched by the OSCIM Program with an award of \$8 million to fund capital improvements at Gilham Elementary.

For additional information, go to the Capital Projects Fund later in this section.

General Observations

Federal, state, and local program funding is expected to increase primarily due to anticipated funding through the Student Success Act (SSA). The SSA will provide approximately \$13.5 million through the Student Investment Account and an additional \$1.8 million to fully fund the High School Success (HSS) grant in accordance with Measure 98. Total funding for HSS is projected to be \$4.2 million. In fiscal year 2019-20, Eugene School District 4J was the only Oregon district to be awarded the Community Oriented Policing Services (COPS) federal grant, and approximately \$0.3 million is expected to be carried over to next year. Other program funding is anticipated to remain stable with many continuing programs and support services.

History of Grant Funds Received

The District's success in generating grant funding for new and innovative instructional programs contributes to its ability to support student success. These funds are restricted to specific purposes and are time-limited.

School Resources Fund

Description of Fund

This fund is used to record the financial transactions for school-sponsored activities at District elementary, middle, and high schools, including receipts, disbursements, and the transfer of funds from one student body account to another. The major sources of income are student fees, fundraising by parent groups and student organizations, and donations. These funds are used for various student activities and special school projects.

In fiscal year 2018-19, the District began transferring amounts from the General Fund into the Special Purpose Reserve, which is within the School Resources Fund. These transfers re-established the District's curriculum reserve, created a new staff technology replacement reserves, and set aside funds for district-wide initiatives. The 2020-21 adopted budget will be the first to include scheduled transfers of \$1.0 million for staff technology and \$1.0 million for curriculum.

Debt Service Fund

Description of Fund

The Debt Service Fund accounts for principal and interest payments on long-term general obligation and limited tax pension obligation debt. Expenditures budgeted in 2020-21 represent the portion of principal and interest on outstanding debt that must be paid during the fiscal year. Sources of revenue include the debt service levy on local property, interest earnings and charges to other funds.

As of June 30, 2020 outstanding principal balances will total \$369.0 million in general obligation (G.O.) bonds and \$35.9 million in pension bonds. Based on 2019-20 Measure 5 real market value, general obligation bonds represent 17.99% of the District's legal debt limit of \$2.05 billion. Remaining legal debt capacity is \$1.68 billion. Debt levels are also governed by Board policy, which requires the periodic review of debt capacity to ensure that debt levels are prudent and affordable to District taxpayers. The District's debt management policies can be found in the Building the Budget section of the budget document.

General Observations

Bond Rating

As of March 2019, Moody's Investors Service has assigned an **Aa2** underlying rating to the District's general obligation bonded debt. According to Moody's, one of the top bond rating agencies in the country, the rating "reflects the district's large tax base that is economically anchored by the presence of the University of Oregon, as well a healthy financial position buttressed by available reserves outside the district's General Fund. Debt and pension liabilities are manageable despite expected increases in both over the next several years." This is the third highest rating offered by Moody's. Aa indicates that bonds, from an investor's perspective, are judged to be high quality. The highest rating that Moody's assigns is Aaa. State of Oregon bonds are rated Aa1.

The District also participates in the Oregon School Bond Guaranty Program, which guarantees the general obligation bonds of school districts, education service districts, and community colleges. This program helps to minimize interest costs for districts. Currently, the program carries an Aa1 rating with stable outlook.

Debt Issuance

Debt service payments in 2020-21 reflect the following debt issuances:

In February 2004, the District sold \$53.4 million in pension bonds to finance one-half of the calculated unfunded actuarial liability in the Public Employees Retirement System (PERS) at that time. The estimated net present value of the savings to the District over the life of the bonds was projected to be \$13.9 million, assuming the bond proceeds deposited in the District's PERS account earned an average of 8 percent per year. Variations in returns since that time have affected the economics of our PERS rates.

In May 2011, voters authorized the issuance of general obligation bonds totaling \$70 million. The District issued \$35 million in August 2011, \$15 million in August 2013, \$4 million in June 2016 and the remaining \$16 million in June 2017.

In October 2012, the District issued \$37.4 million of general obligation refunding bonds to refinance a portion of the District's Series 2003 and Series 2005 bonds. Savings to the taxpayers over the life of the refunded bonds were

calculated to be over \$2.9 million, or a net present value savings of 6.6%. The remaining \$2.3 million of the 2003 bonds matured in January 2013 and \$1.9 million of the 2005 bonds matured in February 2015.

In May 2013, District voters approved the issuance of general obligation bonds totaling \$170 million. The District issued \$25 million in August 2013, \$80 million in September 2014, \$36 million in June 2016, and the remaining \$29 million in June 2017.

In November 2018, District voters approved the issuance of general obligation bonds totaling \$319.3 million. The District issued \$150 million of this balance in April 2019.

Property taxes levied for debt service payments on voter-approved general obligation bonds are not subject to the property tax rate limits of Measure 5 or Measure 50.

Overall, debt service requirements are 3.1% higher in FY 2020-21.

The following tables show District bonded indebtedness as of June 30, 2020 and annual payments to be made in 2020-21.

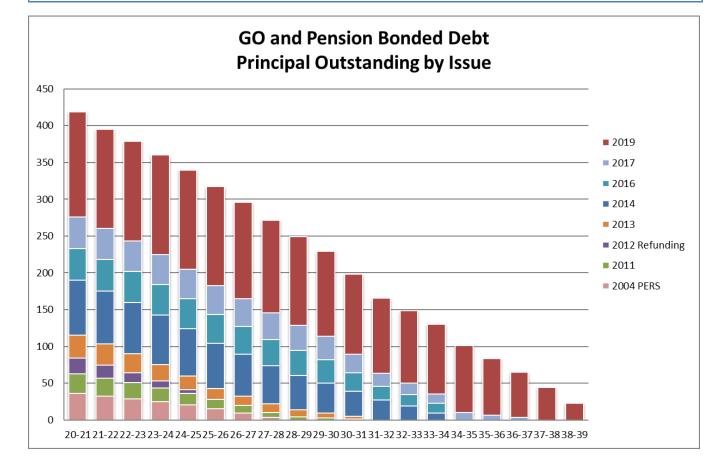

REVENUE	2017-18 Actual	2018-19 Actual	2019-20 Budget	2020-21 Budget	% of 2020-21 Total

* Series B of the 2011 General Obligation Bond (Qualified School Construction Bond) requires bond principal of \$15,000,000 to be paid in-full at the end of the bond term on June 15, 2028. These principal amounts include sinking fund deposits to be held until June 15, 2028 when the full principal amount is due.

School District No. 4J Bonding Limit¹

2019-20 Measure 5 Real Market Value²

<u>Grades K–8</u> (55/100th of 1% per grade)	\$ x .0055 = \$ x Total, Grades K–8\$	9	
<u>Grades 9–12</u> (75/100th of 1% per grade)	\$ x .0075 = \$ x Total, Grades 9–12\$	4	
Total Bonding Limit-Grades K-12	Grades K–8 \$ Grades 9–12		
Total, Grades K–12 General Obligation Bonds Outstand	ling, 06/30/20 ³		\$ 2,050,857,437 (368,950,402)
Limitation on Additional Bonding			<u>\$ 1,681,907,035</u>

¹ ORS 328.245 limits the general obligation debt which an Oregon school district may have outstanding at any time to an amount calculated by multiplying the number of grades, kindergarten through eighth, for which the district operates schools by a factor of .0055 of the real market value, and the number of grades, nine through twelve, for which the district operates schools by a factor of .0075. The District's aggregate percentage debt limitation is therefore 7.95% of the real market value of the District.

² The bonding limit is based on Meausre 5 Real Market Value of District property in Lane and Linn Counties. Property tax calculations are based on Assessed Value.

³ Legal lending limit only applies to general obligation bonds. Pension bonds are excluded from this calculation.

\$25,796,948,886

Capital Projects Fund

The Facilities Department is responsible for the following five major programs that are funded by Capital Projects funds:

1. Capital Improvements, Repairs and Maintenance Program (Fund 400)

The Capital Improvements, Repairs and Maintenance Program manages several significant projects throughout the District, such as: sports field turf installation and maintenance; gym floor refinishing; parking facilities maintenance and upgrades; and irrigation, lighting, and heating upgrades.

This program funds 2.25 FTE for custodial services located at the Youth Sports Park locations. Local reimbursements from the City of Eugene and usage fees paid by youth sports organizations such as KidSports are the primary sources of operating revenue for this program. Starting in 2020-21 this fund will also be supported by building rental fees paid to the district. The proceeds from bond sales are not a source of revenue for this program.

2. Preventive Maintenance Program (Fund 450)

The goal of the Preventive Maintenance Program is to assure systems operate efficiently and their useful lives are extended, and to implement energy conservation efforts. According to Board policy DI. Financial Management Policies, Capital Improvements Policies section, item #4 (see the Building the Budget section), "The district will operate an ongoing preventive maintenance program to inspect facilities, inventory needs, and perform required repairs and maintenance."

The program funds several projects including: real estate consulting, program relocations, and building improvements. It is staffed by 2.5 FTE Maintenance Workers that conduct regularly scheduled preventative maintenance of major building systems (e.g., roofs, plumbing, electrical, and heating/ventilation/air conditioning (HVAC)). Resources for this program are from sales of surplus properties and unspent funds from prior-year transfers from the General Fund. The proceeds from bond sales are not a source of revenue for this program.

3. Capital Improvement Program (Bond Funds 410, 420 and 460)

The Capital Improvement Program is responsible for building construction and improvements, building systems replacement and upgrades, as well as providing funding for student safety and security upgrades, replacing textbooks and instructional materials, acquiring and improving technology, and acquiring vehicles and equipment.

The program is staffed by a project administration team, including the Chief Operations Officer (COO) (0.60 FTE), Director of Facilities (0.50 FTE), a Construction Program Manager (1.0 FTE), Project Managers (4.0 FTE), an Engineer (0.25 FTE), Architect (0.25 FTE), Financial Management Analyst (0.50 FTE), Technology Support (1.0 FTE), Communication Specialist (1.0 FTE), and several Administrative Support positions (2.6 FTE). Resources for the Capital Improvement Program are from the sale of general obligation bonds, interest income on bond proceeds and bond premium (see the Long-Range Facilities Plan and Bond Measures sections below).

<u>Note:</u> The budget for fiscal year 2020-21 was created and reviewed in January/February 2020. That happened before the COVID-19 emergency, which has the potential to impact the planned projects and related budgets for fiscal year 2020-21. Typically, bond work occurs during the summer when buildings are vacant of students and staff. With the District working on options for remote learning, Facilities is working with internal and external stakeholders to review the possibility of starting summer projects several months earlier than anticipated. If that were to occur an increased spending of bond funds could happen in fiscal year 2019-20, which would reduce the available

budget for fiscal year 2020-21. Bond measures are approved by the community and when a bond sale occurs the resources (bond proceeds, bond premium, and interest) are budgeted at full authority. This allows the CIP (Capital Improvement Program) department to be flexible with completing projects that span several fiscal years. Once the fiscal year is closed a reconciliation is done to true up bond resources versus expenditures and budgets.

Oregon School Capital Improvement Matching (OSCIM) Grant

In Spring 2019, the District finalized the requirements for the Oregon School Capital Improvement Matching (OSCIM) Grant awarded by the Oregon Department of Education. The grant provides Eugene School District 4J with \$8.0 million.

The OSCIM program was established by the 2015 Oregon Legislature through Senate Bill 477. The intent of the program is to provide matching grant funds to school districts in the hope that matching funds could help increase community support for school facility bond elections. The funds are distributed in two different ways: 60% of the grants are awarded on a "priority" basis to smaller, more rural districts with lower property value; and 40% of the grants are awarded on a "first-in-line" basis according to when applications are submitted.

Only districts that plan to have a bond measure on the ballot are allowed to apply, and a district must successfully pass its bond to collect the OSCIM grant dollars. Eugene School District 4J was first in line for the \$8.0 million "first-in-line" grant. When the district passed bond measure 20-297 and issued \$150 million in General Obligation bonds in April of 2019, we become eligible to receive the maximum match amount of \$8.0 million. These funds will support capital improvements scheduled at Gilham Elementary.

Spending of the proceeds from the OSCIM grant will be budgeted and recorded in the Federal, State and Local Programs Fund.

Long-Range Facilities Plan

In February 2002, the Board adopted a 24-year Long-Range Facilities Plan, which was developed by the Strategic Facilities Planning Advisory Committee, a group of 21 community members, parents, students, teachers, classified staff, administrators, and School Board members appointed by the Superintendent to develop a plan to address the District's aging facilities, rising facilities operating costs and declining enrollment.

The Committee reviewed recommendations made by the Schools of the Future Committee (1999–00) and the School Closure, Consolidation and Replacement Committee (2000–01) as well as District financial and enrollment projections, demographic and geographic information, building operating costs, and capital needs.

The plan includes specific strategies including replacement and renovation of schools, matching available space with enrollment, replacement and upgrade of capital systems such as roofs, wiring and plumbing, disposal of surplus property and improvement of instructional spaces throughout the District.

In 2013 the Board approved an update to the Long-Range Facilities Plan. This followed an extensive public process after the completion of a comprehensive facilities assessment by an external consulting firm. This assessment included the physical condition of buildings, condition and constraints of each site, educational suitability, and technology readiness. The results of this assessment were used to inform the decision-making process surrounding the planned and projected replacement and upgrade of schools.

In June 2017, the District began a long- range facility planning effort to update the previous Long-Range Facility Plan. The primary purpose of this planning effort was to evaluate the adequacy of the existing educational facilities within the context of the current educational objectives, plan for future capital improvements and address how student populations will be accommodated over the next 10 to 20 years. The plan provides a strategic framework for the management of District facilities over time such that they continually support the ongoing success of District students, staff and community.

On May 16, 2018, The Board approved the Long Range Facility Plan and on August 15, 2018, the Board approved Resolution 2018-06 to place a Bond Measure on the November 2018 ballot to fund projects as identified in the Long Range Facility Plan. On November 6, 2018, the voters approved this Measure.

Approved Bond Measures

The 2002 Long-Range Facilities Plan calls for four bond elections approximately six years apart. The first bond measure, totaling \$116 million, was approved by voters in 2002. Final balances under this measure were expended in 2010-11.

The timing of the Great Recession put the Plan on hold until May 2011, when voters approved a \$70 million bond measure funding capital improvements to school facilities, upgrades to technology systems and a broad range of support for changes in the delivery of instruction.

Additional school replacements called for in the Plan were not included in the 2011 bond because of economic conditions at that time, the fact that a local income tax to benefit schools was also on the May 2011 ballot, and because further analysis on grade reconfigurations, school closure and consolidation, and language immersion programs was needed.

In May 2013, voters approved a \$170 million bond measure funding a combination of replacement and renovation of four school buildings, as well as providing funding for student safety and security upgrades, replacing textbooks and instructional materials, acquiring and improving technology, and acquiring vehicles and equipment.

Most recently, in November 2018 local voters approved a \$319.3 million bond measure (Measure 20-297). This bond measure will fund the building of three new schools: North Eugene High School, Camas Ridge Elementary, and Edison Elementary. Along with funding three new schools the bond will provide funds for district facility upgrades, district safety and security upgrades, the ability to improved equity and CTE access, fund programmatic moves, upgrade technology in classrooms, provide new instruction curriculum, and purchase new buses for student transportation.

Spending from Bond Measures

Major projects are funded from bond measures approved by the District's voters. These are budgeted on a project basis. Capital improvements and repairs valued at \$5,000 or more are typically budgeted in the Capital Projects Fund. The remainder of the bond proceeds from the 2011 and 2013 bond measures were issued in June of 2017. The first issuance of the 2018 bond measure occurred in April 2019.

May 2011 \$70 million bond measure

The purpose of the bond measure as described in the measure approved by voters is as follows:

- Capital system replacements and improvements, including roofing, plumbing, heating, electrical, safety/security, paving, energy conservation measures.
- Additions and remodels updating several schools to better serve students.
- Building improvements and repairs currently funded from the General Fund.
- Technology infrastructure upgrades, telephone system replacements, new student data information system, enhanced classroom technology.
- Instructional System Support providing for changes in delivery of instruction as required for larger class sizes, distance learning, space modifications, enhanced classroom instructional technology, qualifying instruction materials.

¹ Building Improvements and Repairs includes a redirection of approximately \$1 million in annual operating costs from the General Fund for six years to support the District's instructional program. This support ended fiscal year 2016-17.								
 ² Costs of bond issuance, arbitrage calculations and oversight are funded from bond proceeds. ³ Bond premiums and interest earned have been added to the total project's available budget as a resource, as this provides additional funding for projects. This resource has been absorbed by project expenditures. 								

May 2013 \$170 million bond measure

The purpose of the bond measure as described in the measure approved by voters is as follows:

- Replace, renovate, improve, repair, and remodel school facilities and other property used for District purposes.
- Address student safety and security across the District.
- Replace textbooks and instructional materials.
- Acquire technology to support effective classroom instruction, and improve technology infrastructure.
- Acquire vehicles for transporting students and enhance access routes to schools.
- Acquire equipment.
- Pay bond issuance costs.

² Bond premiums and interest earned have been added to the total project's available budget, as this provides additional funding for projects.

COMING SOON AT WILLARD SCHOOL SITE

Construction Begins Fall 2019 — Completed Fall 2020 Temporary location of Edison Elementary School 2020–2022, Camas Ridge Elementary School 2022–2024

November 2018 \$319.3 million bond measure 20-297

The purpose of the bond measure as described in the measure approved by voters is as follows:

- Replace three aging schools, North Eugene High School, Edison Elementary, and Camas Ridge Elementary.
- Provide an addition to Gilham Elementary to help with overcrowding.
- Continue efforts to improve aging buildings that are worn and have high energy and maintenance costs.
- Continue the effort to improve safety, security, and equity across the district.
- Provide support for career education. Support effective teaching and learning with updated classroom materials and technology.
- Acquire vehicles for transporting students and enhance access routes to schools.
- Acquire equipment.
- Pay bond issuance costs.

²OSCIM Grant is Budgeted in the Grant section

³ Bond premiums and interest earned have been added to the total project's available budget, as this provides additional funding for projects.

4. Capital Equipment Reserve (Fund 490)

The goal of this fund is to support ongoing capital purchases for student technology, equipment, vehicles and buses/activity vans. These purchases will be funded in 2020-21 through established student technology and equipment reserves, as well as funding received through the State School Fund formula supporting bus and activity van replacements. The state reimburses replacement costs for buses and vans used to transport students at a rate of 70% of the allowable fleet depreciation. Vehicles are depreciated over a ten-year period. State reimbursements in 2020-21 for bus depreciation are budgeted at \$1.2 million.

Nutrition Services Fund

Description of Fund

The Nutrition Services Fund provides meals and snacks in compliance with National School Lunch Program (NSLP), School Breakfast Program (SBP), and At-Risk Afterschool Meal Program (CACFP) requirements. These programs are supported by federal and state reimbursements, commodity food credits from the U.S. Department of Agriculture (USDA), and revenue generated from meal sales. Student meals must meet Child Nutrition Program requirements and the program must offer free and reduced priced meals to eligible students. The District also participates in the Farm to School program, which provides grant funds to purchase food from local sources. Fund costs comprise office, kitchen, and warehouse staff; food; supplies; equipment; technology; and program management.

Changes in Staffing (Full-Time Equivalent)

Vision 20/20 Strategic Plan:

Four elementary schools and one middle school provide both breakfast and lunch at no charge, and two additional middle schools provide lunch at no charge. Since Fall 2018, all elementary students may participate in school breakfast at no cost. These programs provide students with access to nutritious meals which improves learning and aligns to the district's Vision 20/20 Strategic Plan Goal 1: Educational Excellence with Equitable Access and Outcomes for Every Student.

General Observations

Staffing and food costs exceed 90% of expenses in the Nutrition Services fund. Beginning in July 2019, the District resumed self-operation of the Nutrition Services program. The 2020-21 budget reflects the additional staff required to replace management staff previously provided through a food service management agreement, and staffing additions needed to support the new program. The District supports provision of meals to all students, regardless of family income or the school a student attends. A transfer from the General Fund pays for uncollectable meal accounts, no-charge breakfast programs, District staff to provide program oversight and program delivery, and full breakfast and lunch services for several low-participation programs.

Paid Meal Prices: 2019-20*

	Elementary	Middle	High
Breakfast	\$0.00	\$1.75	\$2.00
Lunch	\$3.00	\$3.25	\$3.50

*Breakfast and lunch are free for all students who qualify for free OR reduced-priced school meals

Insurance Reserve Fund

Description of Fund

The District's Insurance Reserve Fund is an internal service fund established to fund and record insurance costs, Wellness Clinic operations, and risk management activities and services. These activities and services fall into four major areas:

- Benefits manage employee medical insurance and benefit plans initial enrollment, qualifying event changes, eligibility requirements, compliance with health care reform rules, process premium payments; coordination of joint benefits committee; administer retirement programs and flexible spending accounts
- Wellness oversee Wellness Clinic
- Workers Compensation and Safety manage worker safety program, Occupational Safety and Health Administration (OSHA) program, oversee unemployment claims, process injury claims, light duty work assignments, coordinate return to work process, and work site accommodations
- Risk, Liability and Emergency Management emergency planning and preparation, manage property loss and liability claims, coordinate District-wide insurance (auto, liability, property), school safety and inspections, and legal processes

Changes in Staffing (Full-Time Equivalent)

¹In 2017-18 staff was moved from the Insurance Reserve Fund to the General Fund. Remaining staff includes 0.50 FTE for the licensed benefits coordinator; 1.0 FTE for the classified benefits coordinator; and 0.25 FTE for the Wellness Clinic custodian.

² A Safety Officer (1.0 FTE administrative position) was added in 2017-18 Supplemental Budget #2

³ Staffing resources were added in 2018-19 Supplemental Budget #1 increasing student supervision assistant positions (1.17 classified FTE) to support the District's four regional high schools

⁴ In August 2019, the District updated the high school campus security program changing the student supervision assistant positions to campus monitors and added 6.83 FTE for a total of two, full-time positions at each comprehensive high school.

General Observations

In August 2019, the District updated the high school campus security program that increased supervision hours to provide for two, full-time positions at each high school. This is an increase of 6.83 FTE in classified positions in the Insurance Reserve Fund. Previously, these student supervision assistant positions were provided through a combination of funding. The General fund allocation was based on each high school's projected enrollment and this resulted in approximately 5.83 FTE in total. An additional 1.17 FTE was provided through the Insurance Reserve Fund to ensure two, seven-hour positions at each comprehensive high school. The student supervision assistant positions were updated to campus monitor positions and will continue to be funded through a General

Fund transfer into the Insurance Reserve Fund. The new campus monitor positions are a part of the Public Safety Office and certified by the Department of Public Safety Standards and Training.

To support the safety and security of Eugene School District 4J's students and schools, the District has established a Public Safety Office, overseen by our Safety Officer, and enhanced safety measures in the areas of volunteer background checks, emergency procedures, training, and drills. The Public Safety Office also coordinates the District's long-established partnership with the Eugene Police Department to provide the School Resource Officers program.

The District takes the safety of students very seriously. School safety and security measures include:

- Emergency guidelines: Eugene School District 4J has developed a districtwide emergency manual, including guidelines for how to deal with serious injury, hazardous material spills, or dangerous intruders. Each school has developed its own procedures to respond quickly and appropriately to emergency situations.
- Safety procedures and training: We train staff to handle the demands of emergencies, and all schools drill regularly for emergency responses for lockdowns, earthquakes, evacuations and more. 4J follows the Standard Response and ALICE (Alert, Lockdown, Inform, Counter, Evacuate) protocols to respond to any threat to a school or in the community. Schools routinely practice fire evacuation, building lockdown/lockout, and earthquake drills.
- Safety tip line: All students and community members are encouraged to immediately report to a school staff member, school resource officer, or other law enforcement any rumors or threats of school violence or other illegal behavior. The District is participating in SafeOregon, a 24/7 tip program dedicated to alerting schools of potential risks so the District and police can take appropriate preventive action.
- Strong relationship with police: Through the School Resource Officers program, we have four police officers and a sergeant working full-time in our schools. Additional patrol officers can respond very quickly to an emergency situation. The District and Eugene Police work together on all areas of emergency response, including making decisions together for student safety.
- Fast, clear communications: During an emergency, the District works with public safety officials and school staff to get accurate information about the situation and share it with parents as quickly as possible. We use email, mobile phones, websites, and other communication to notify parents, students, and media with prompt and accurate information.
- Continuous improvement: While safety measures already are in place in our schools, we are committed to continuing to find ways to improve.

Private-Purpose Trust Fund

Description of Fund

The Private-Purpose Trust Fund is used to administer privately funded scholarship programs that benefit individual students. The District established this fund in 2017-18 to report scholarship-related balances and activities for scholarships such as the Gillilan-Torrey Memorial Scholarship. For 2020-21, \$240,696 is budgeted to cover the activities of currently known scholarships.-

Postemployment Benefits Fund

Description of Fund

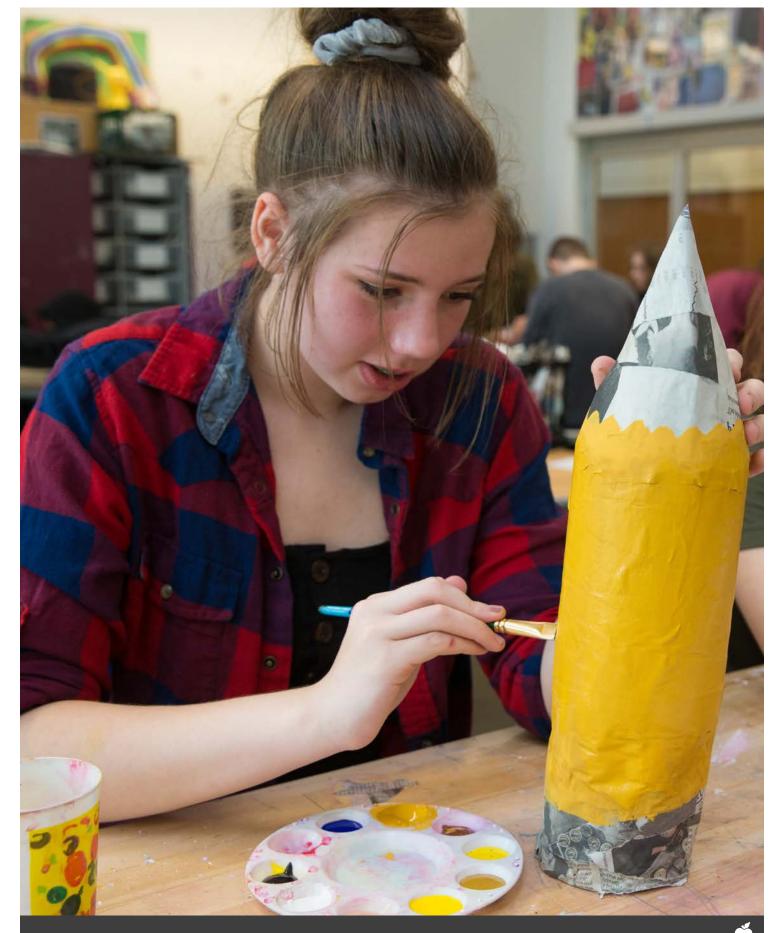

The Postemployment Benefits Fund was established in 1991–92 as the District Retirement Fund to account for the receipt of funding for and disbursement of postemployment benefits. The fund provides monthly cash payments and/or insurance benefits for eligible employees. Benefit levels and eligibility have been bargained and vary among the different employee groups. This program ended in July 1996 for administrators and July 1998 for teachers. The fund provides benefits for most administrators and teachers hired before those dates, as well as a limited contribution to health premiums for retired classified employees.

General Observations

Expenditures budgeted in this fund for post-employment benefits amount to approximately 1.0% of the total District budget for salaries. For 2020-21, \$1.0 million is budgeted in the General Fund with an estimated \$100,000 contributed from other funds to help cover these costs.

Function descriptions are included in the Appendices section of this budget document.

In accordance with Oregon Local Budget Law and the Department of Revenue, the Eugene School District 4J has created the Program Budget Detail section which is formatted to include expenditure and resource sheets to show line item detail of the planned requirements and resources the District needs as a local government to carry out its purpose.

Required information is noted below.

First and second preceding years' actual data

The detail sheets must show the actual expenditures and resources for the two preceding fiscal years for each fund (ORS 294.358, renumbered from 294.376). This requirement provides a two-year record of what actually happened. It allows a comparison of the earlier actual resources and expenditures with those estimated and budgeted for both the current year and the upcoming fiscal year.

The historical data are figures confirmed by the District's audited financial statements submitted to the Audits Division of the Secretary of State. This displays the actual revenues and expenditures in the budget at the same level of detail used for the estimates of the current year and coming fiscal year.

Current year budgeted resources and expenditures

The detail sheets include a column for the estimated resources and expenditures adopted for the current fiscal year. These amounts come from the current adopted budget document, as updated by any changes authorized by the District's Board of Directors through resolutions and supplemental budgets adopted during the current year.

The historic and current year data provide a basis for comparison to the resources and expenditures for the upcoming fiscal year.

Proposed resources and expenditures for upcoming fiscal year

Each fund shows the proposed resources and expenditures for the upcoming fiscal year.

In addition, Oregon Local Budget Law requires school districts to format the budget detail sheets as prescribed by the "Program Budgeting and Accounting Manual," (PBAM) published by the Oregon Department of Education.

As the budget document moves through the budgeting process, it may be changed. After the budget committee approves the budget for the coming year, the budget detail sheets will be updated to show the amounts approved by filling out the "Approved" column. Finally, after the budget is adopted, with any changes made, the detail sheets will be updated once more to show the amounts adopted by filling out the "Adopted" column.

Forecast Framework

This financial forecast has been prepared to provide the fullest picture of the District's financial future so that decision-making today can support high quality and innovative educational programs tomorrow. The forecast establishes key assumptions underlying the projections and identifies variables which may cause the projections to change in the future.

The District's Vision 20/20 Strategic Plan provides the vision, goals, objectives, and key performance indicators supporting financial planning and decision-making by the School Board, Budget Committee, and District staff. The District's five goals are as follows:

I. "Educational Excellence with Equitable Access and Outcomes for Every Student"

- II. "Multiple Pathways to Student Success"
- III. "Communication and Connection with Community"
- IV. "Diverse World-Class Workforce"
- V. "Stable, Sustainable Stewardship"

This forecast most closely aligns with Goal V, which is focused on providing effective, efficient, and equitable stewardship of District resources to best support our instructional mission. Completion of this forecast assists the District in the development of a sustainable budget aligned to District goals, strategies, and objectives by:

- 1. Identifying key operational assumptions and factors to be used in budget development
- 2. Highlighting the effect of current budget factors on future periods so that their impact can be measured against the District's goal of stable and sustainable operations
- 3. Alerting the District to future developments that could impact the District's ability to sustain operations at current levels or meet strategic objectives

Board Policy DI, Resource Planning and Allocation Policies item 1 provides direction for the planning and allocation of resources as follows:

"On a semi-annual basis the district forecasts General Fund resources and operational requirements over a rolling five year period. Annually, as part of the budgeting process for the district, the Superintendent presents the most recent forecast to the Budget Committee and Board for review and consideration. This forecast highlights resource and requirement considerations that will inform the development of the Superintendent's Proposed Budget for the following year and for other financial planning activities."

Future Budget Issues

Structural Balance of Budget: General Fund Position at Risk

Forecast assumptions and calculations have been updated throughout the budget process and the proposed General Fund budget is now structurally balanced – resources projected for the 2020-21 school year are currently sufficient to address all of the requirements included in this budget. However, the current COVID-19 emergency and its ultimate impact on the Oregon economy pose a significant risk. At this time there is no way to accurately predict the level of economic damage that will result from this event, but the District will identify contingency plans and be ready to implement them in the event of a substantial loss of funding.

State School Fund (SSF)

In the spring of 2019, the Oregon Legislature approved a \$9 billion State School Fund appropriation to support K-12 education during the 2019-2021 biennium. This appropriation level assumed the availability of \$200 million in Student Success Act (SSA) funding from the Corporate Activity Tax (CAT), and was based on economic forecasts that predicted a stable economy in Oregon during this two-year period. These funds are sourced from the State's General Fund, which receives most of its income from personal and corporate income taxes.

The ultimate impact of the COVID-19 emergency on personal and corporate income tax collections, as well as the collectability of the CAT, depends on many factors that are still in play. The Oregon Legislature is expected to meet in special session in July to address funding projections shared during the June Economic and Revenue Forecast presentation on May 20th.

A decline in the funding available for the SSF appropriation would directly impact district operations, as the SSF is our most significant funding source for 4J school operations.

Enrollment

Enrollment is projected based on the best available information, but it is still an estimate. In recent years Districtwide enrollment has been increasing, but in 2018-19 the District experienced a unexpected decline in enrollment (decrease of 189 students over the previous year). Enrollment bounced back to 16,579 students in 2019-20, an increase of 89 students, and is expected to grow to 16,784 students in 2020-21 with steady growth throughout the period of this forecast. Even without the potential impacts of the COVID-19 emergency, there is no guarantee that growth will be sustained or achieve the levels estimated for this forecast. When we consider the current economic situation and its potential impact on migration patterns, there is a possibility that job growth in the Eugene/Springfield area will not sustain this level of enrollment going forward. As enrollment is a significant factor in the calculation of the District's State School Fund payment, a decline in student numbers could further exacerbate any declines in available K-12 funding.

Local Option Levy Revenue

Through the continued support of local residents, the District receives revenues from a local option levy. The amount of levy revenue collected depends on property values and is impacted by Measures 5 and 50. The State Legislature continues to consider proposed legislation that could potentially change future local option tax

calculations and collections. Most proposals would amend the Oregon constitution and therefore require voter approval.

It is important to note that this forecast reflects year-over-year growth of 2% in the District's Local Option Levy tax collections, with a total projected collection of \$18.8 million in 2020-21. Actual tax collections for the last few years have far exceeded this growth factor, so normally this would be considered a very conservative projection. However, Local Option Levy tax collections are very sensitive to declines in the market value of houses in the district. During the last economic downturn, the market value of houses declined sharply and the District experienced local option tax collection shortfalls of \$1-\$2 million a year from 2010 to 2014. Should the current recession impact housing in a similar manner, tax collections could fall well below forecast levels.

Student Success Act

The Student Success Act (House Bill 3427) allocates an additional \$200 million to the 2019-21 State School Fund appropriation (for a total appropriation of \$9 billion), and provides an additional \$20 million/year statewide for the High Cost Disability Grant beginning in 2020-21. The source of funding for these additions and the initiatives noted below is the Corporate Activity Tax (CAT), a tax on business receipts partially offset by a 0.25% reduction in all but the highest personal income tax brackets. CAT funds will be utilized as follows:

\$1 Billion Equity-Focused School Improvement Fund	\$600 Million for Statewide Initiatives	\$400 Million for Early Learning
1. Expand Learning Time	1. Student Success Teams	1. EI/ECSE
2. Student Health & Safety	2. ODE admin costs	2. Relief Nurseries
3. Class Size Reductions	3. Measure 98 full funding	3. Early Childhood
4. Well-Rounded Learning	4. Universal free meals	Equity Fund
Experiences	5. Reengagement pilots	4. Oregon Pre-K
	6. High Cost Disability	Program
	7. School Safety Task Force	5. Professional Dev
	8. Statewide equity issues	6. Early Head Start
	9. Planning for increased	7. Preschool
	transparency/accountability	Promise

The current COVID-19 emergency has had a significant impact on the Oregon economy, and it may be some time before a full assessment of this impact is possible. Based on early state projections, collections for the Corporate Activity Tax could be significantly less than originally projected. The loss of this funding would impact districts across the state, and would mean millions of dollars in lost funding for 4J if the State was unable to make up these losses from other funding sources.

Education Services District (ESD) Services and Funding

Each county in Oregon has an ESD that provides educational programs and services for districts. ESDs are funded primarily through the State School Fund based on enrollment in the local districts served. ESDs may also receive fees for services from districts that are not members of the ESD. In 2013, the Legislature allowed local districts to withdraw from an ESD and receive funding as a passed through revenue. The District has historically used ESD services for special education students. In 2013-14, the District opted to receive up to 50% of funds from Lane ESD, reduced the ESD services that were used, and began to provide some of the services that were previously purchased in-house. The District could decide to change the relationship with Lane ESD in the future, which would change the revenues and expenses in the forecast.

Should the level of State School funding be impacted by current conditions, our ESD would also be impacted by this loss. In turn, there would be less funding to pass through to 4J (to support our current Student Services programs) and fewer dollars available at the ESD to support 4J's purchase of services for special education students.

Special Education Services and Funding

The State School Fund provides additional payments for students with disabilities up to 11% of the District population (ADMr). If a district's percentage of students with disabilities exceeds 11%, some additional funding is available, but at a much lower rate per student. In 2020-21, with an estimated 2,347 students qualifying for special education services, the District's percentage of students with disabilities is about 13.6% (including charter school students).

The State also provides separate funding for high cost students through the High Cost Disability Grant. This is a fixed amount of funding that is divided across all districts in the state based on the number of high needs students with costs that exceed \$30,000 per year. For 2020-21 the District hopes to receive grant revenue of approximately \$1.8 million, an amount equal to \$0.60 of every dollar spent over the initial \$30,000 per high cost student. This amount will only be achieved if SSA funding is available to increase the statewide grant from \$35 million to \$55 million in 2020-21. Without this funding, expected grant revenue will be \$1.1 million.

	Number of students		
Year	cost >\$30,000		
2010-11	168		
2011-12	162		
2012-13	160

2016-17	180		
2017-18	218		
2018-19	197		
2019-20 est	192		

The table below shows the number of high cost students since 2010-11.

Public Employee Retirement System (PERS) Rates

PERS contribution rates are set once every biennium. They are based on fund performance over the 18 months prior to the effective date of the rate change and the actuarial projections of fund liabilities. The current rates were set prior to the state's 2019-21 biennial budget process based on the December 2017 actuarial valuation, adjusted for the effects of actions of the Legislature and PERS Board.

The District PERS rates for the 2019-21 biennium reflect an increase of 4.2 percentage points over the 2017-19 PERS rates. Rates are projected to increase by an additional 1.2 percentage points in the 2021-23 biennium. This rate increase is partially depending on the outcome of a lawsuit filed with the Oregon Supreme Court in August of 2019 challenging the salary cap and IAP redirect portions of Senate Bill (SB) 1049. Highlights of the reform bill include:

- Re-amortization of the Tier 1/Tier 2 Unfunded Actuarial Liability to 22 years (i.e. spreading the payment of this liability over a longer period of time to reduce biennial rate increases).
- Effective January 1, 2020, a new salary cap limits annual salary amounts used to calculate PERS benefits to \$195,000. This "cap" will increase annually by the Consumer Price Index (CPI) for All Urban Consumers, West Region (All Items).
- Effective January 1, 2020, the Work After Retirement limit for all retirees was removed for calendar years 2020 through 2024. This applies without limit to individuals who retire at the normal retirement age. Individuals retiring before their normal retirement age must have a break in employment of more than six months before returning to work.
- Effective July 1, 2020, Tier 1/Tier 2 members earning \$2,500/month or more will have a portion of their 6% Individual Account Program (IAP) contributions, which is currently paid by the District, redirected to an "Employee Pension Stability Account." The Employee Pension Stability Account will be used to fund defined benefit pension payments to members. The amount redirected will be equal to 2.5% (Tier 1/Tier 2) or 0.75% (OPSRP) of the member's salary, with the remaining balance contributed to the member's IAP. Members may voluntarily choose to make additional, after-tax contributions into the IAP to make a full 6% contribution going forward.

The final outcome of this lawsuit is currently unknown, and could result in all or a portion of the challenged reforms failing a legal challenge. Until a decision is made, the District will continue to forecast a possible PERS rate increase in 2021-23 and has set aside a PERS Reserve to cover this potential cost for the biennium.

Employee Group Contracts

The economic terms and benefits under the contract between the District and the Oregon School Employee Association (OSEA) continue through 2021 and are reflected in forecast projections for 2020-21. The economic terms of this contract will be open for negotiation in 2021-22, as agreed by both parties. For 2022-23 and beyond, the forecast assumes a full work year for all classified employees (no furlough days) and a step increase for all eligible staff members.

The contract between the District and the Eugene Education Association (EEA) expires on June 30th. For 2020-21 and beyond, the forecast assumes a full work year for all licensed employees (no furlough days) and a step increase

for all eligible staff members. Once economic terms and benefits are finalized in a new contract, the forecast will be updated.

Managers, Administrators, Professionals, and Supervisors (MAPS) are forecast to receive the same Cost of Living Increases (COLAs) as licensed staff. For 2020-21 and beyond, the forecast assumes a full work year for all unrepresented employees (no furlough days) and a step increase for all eligible staff members. Once economic terms and benefits are finalized, the forecast will be updated.

Employee salaries and benefits will continue to rise through a combination of employee step movements, cost of living increases, and increases in employer contributions toward Public Employee Retirement System (PERS) benefits. As salaries and benefits make up the largest percentage of the District's operating expenditures, they are likely to be impacted if operational cuts are needed to address COVID-19 or recessionary declines in available resources.

Health Insurance

The District health insurance program is operated through a statewide health insurance pool for all school district employees that commenced in 2008-09 (the Oregon Educators Benefit Board (OEBB)). The District's benefit contributions are subject to agreements with each bargaining unit and employee group. The benefits plans and rates are selected by the Joint Benefits Committee (JBC), and each employee group has its own insurance reserve fund. Employee contributions reflect the difference between the plan cost and district contribution based on the plan selected. Actual reserve levels will vary depending on final rates and member plan selection.

Currently, the forecast includes a \$10 increase in 2020-21 District contributions for classified employees as noted in their collective bargaining contract. The forecast does not include an increase in the District's classified benefit contribution in 2021-22 and beyond, as this contribution is a subject of bargaining.

The forecast does not include an increase in the District contributions for licensed staff members during the forecast period. This will likely be a subject of bargaining.

Five Year General Fund Forecast, as of May 2020

Summary of Long-Term Financial Forecast – General Fund

This document provides in-depth information on the development of Eugene School District 4J's long-term financial forecast. Results and key assumptions are summarized below. The accompanying pages are integral to understanding this summary information, and the "Key Assumptions" section below provides insight into the significant assumptions driving each year's forecast.

This forecast reflects projections and key assumptions in place prior to the current COVID-19 emergency period. As such, this forecast does not attempt to project the probable financial outcomes of the current recession or the additional costs of resuming in-person student instruction in the 2020-21 school year. When operational costs are finalized and updated state and federal funding information becomes available, a new forecast will be developed and presented to the Board of Directors and the Budget Committee.

Key Assumptions Impacting Forecast Years

2020-21

Revenue

State School Fund (SSF) Grants – This forecast assumes 9.76% growth in state funding available to K-12 education for the 2019-21 biennium. As a result, statewide SSF revenues are estimated to be \$9.0 billion (an increase of \$0.8 billion over 2017-19 funding of \$8.20 billion). As this is the second year of the biennium, we have assumed 51% (\$4.59 billion) of the estimated K-12 budget will be available for allocation to schools and Education Service Districts.

Spending

• Employee Compensation – Salaries and related costs and benefits for staff represented by the EEA have been calculated assuming no furlough days and full step increases for all eligible employees, as have salaries for managers, administrators, professionals, supervisors and directors. Salaries and benefits for staff members represented by OSEA have been calculated based on the 2018-2022 Collective Bargaining Agreement between OSEA and 4J, and include a 2.0% COLA for the year.

Annual Operating Deficit: \$0

2021-22

Revenue

State School Fund (SSF) Grants – 2021-22 is the first year of the second biennium reflected in this forecast. State funding is assumed to grow by 6% to \$9.54 billion (an increase of \$0.54 billion over 2019-21 biennium funding of \$9.0 billion). This is the first year of the biennium and we have assumed 49% (\$4.67 billion) of the estimated K-12 budget will be available for allocation to schools and Education Service Districts.

Spending

- Employee Compensation Salary costs for 2021-22 are calculated assuming no furlough days and full step increases for all eligible employees.
- Public Employee Retirement System (PERS) Rate PERS contribution rates are projected to rise again in the 2021-23 biennium. Based on the advisory rates provided by PERS for the 2019-21 biennium and other payroll-related factors, PERS rates had been forecast to increase by another 1.20 percentage points in the 2021-23 biennium. This will increase PERS costs for the District by an estimated \$1.26 million in the first year of the biennium.

Annual Operating Surplus: \$0.9 million

2022-23

Revenue

 State School Fund (SSF) Grants – State funding for the 2021-23 biennium is assumed to grow by 6% to \$9.54 billion (an increase of \$0.54 billion over 2019-21 biennium funding of \$9.0 billion). As this is the second year of the biennium, we have assumed 51% (\$4.87 billion) of the estimated K-12 budget will be available for allocation to schools and Education Service Districts.

Spending

• **Employee Compensation** – Salary costs for 2022-23 continue to be calculated assuming no furlough days and full step increases for all eligible employees.

Annual Operating Surplus: \$5.3 million

2023-24

Revenue

• State School Fund (SSF) Grants – State funding for the 2023-25 biennium is assumed to grow by 6% to \$10.11 billion (an increase of \$0.57 billion over 2021-23 biennium funding of \$9.54 billion). As this is the first year of the biennium, we have assumed 49% (\$4.96 billion) of the estimated K-12 budget will be available for allocation to schools and Education Service Districts.

Spending

• **Employee Compensation** – Salary costs for 2023-24 continue to be calculated assuming no furlough days and full step increases for all eligible employees.

Annual Operating Surplus: \$7.1 million

2024-25

Revenue

State School Fund (SSF) Grants – State funding for the 2023-25 biennium is assumed to grow by 6% to \$10.11 billion (an increase of \$0.57 billion over 2021-23 biennium funding of \$9.54 billion). As this is the second year of the biennium, we have assumed 51% (\$5.16 billion) of the estimated K-12 budget will be available for allocation to schools and Education Service Districts.

Spending

• **Employee Compensation** – Salary costs for 2023-24 continue to be calculated assuming no furlough days and full step increases for all eligible employees.

Annual Operating Surplus: \$12.5 million

Note: Totals may differ due to rounding.

Summary Assumptions

1. Total Revenues

See revenue detail and assumptions for a detailed explanation of the calculations used to develop District total revenues.

2. Operating Expenditures

See expenditure detail and assumptions for a detailed explanation of the calculations used to develop District operating expenditures.

3. Transfers

- Beginning in 2020-21, annual transfers to accumulate funds for curriculum adoption, student and staff technology, and equipment/fleet purchases are included in the forecast as noted below:
 - Student Technology \$1.5 million
 - Staff Technology \$1.0 million
 - Curriculum \$1.0 million
 - Equipment Replacement \$750,000
- Insurance and risk reserve transfers:
 - Beginning in 2020-21, \$710,000 will be transferred annually to the Insurance Reserve Fund (Fund 600) to support risk management, student safety activities and high school campus supervision.
 - Up to \$250,000 in social security cost savings from pre-tax flexible spending accounts will be transferred annually to insurance reserve accounts, as negotiated with employee groups.
 - Up to \$936,000 will be transferred to the Nutrition Services program annually to support service delivery. This amount may change based on future decisions made by the Board regarding nutrition program operations.

4. Contingency and Reserves

- The General Fund Contingency is equal to 2.0% of operating expenditures, the minimum set by Board policy. Board Policy DI, Accounting and Financial Practices Policies item 4 states: *"The targeted contingency for the General Fund is two percent of the operating budget."*
- The forecast assumes a 5.0% General Fund ending fund balance (\$10.3 million in 2020-21 to \$11.8 million by 2024-25) throughout the forecast period, in compliance with Board Policy DI, Accounting and Financial Practices Policies item 5 which states "The district will maintain a minimum General Fund ending fund balance of five percent of current year annual operating revenues excluding transfers between funds."

5. Projected Underspending

• Assumes a portion of budgeted expenditures will not be spent in any given year; calculated as 66% of the 2% General Fund Contingency required under Board Policy DI.

6. Use of Transfers from Reserves to Balance

- General Fund Reserves are used in each year of the forecast to adjust the ending fund balance to 5.0% of operating revenues, as required by Board Policy DI.
- A PERS Reserve of \$9.0 million has been established to address a possible PERS rate increase in the 2021-23 biennium. The ultimate outcome of PERS reform legislation approved by the 2019 Oregon Legislature is unknown. This reserve provides funding to address the projected PERS rate increase of 1.20 percentage points starting in 2021-22 without impacting resources needed to support schools and classrooms.
- Insurance Reserve transfers reflect balances agreed to during collective bargaining.

7. Annual Surplus / (Deficit) Assuming Use of Reserves

- Difference between total District revenues and operating expenditures, net of reserve transfers.
- Projected financial shortfalls shown in brackets.

8. Corrective Action Required

- Board action required to maintain an appropriate ending fund balance and support district operations during the forecast period.
- This line item assumes that a previous year's deficit is resolved, and projects the additional amount that will be needed in the subsequent year to balance the budget. Based on the available reserves over the five years of this forecast there is no corrective action identified.

9. General Fund Ending Fund Balance

• General Fund ending fund balance, as a percentage of operating revenues, are expected to be at 5.0% of operating revenues during the forecast period.

Board Policy DI, Accounting and Financial Practices item 5d:

"The district will maintain a minimum General Fund ending fund balance of five percent of current year annual operating revenues excluding transfers between funds. The fund balance takes into consideration revenue and expenditure volatility and other district needs. The minimum ending fund balance is comprised of the General Fund UEFB plus two-thirds of the contingency for the ensuing year."

Revenue Assumptions

1. Property Tax Collections – Current Year

- Average, annual tax growth of 3.0% per year over the forecast period.
- Assessed property values (AV) projected to increase annually by 3.0% throughout the forecast period.
- Compression losses have decreased over the past several years and are projected at 0.62% of the permanent tax rate for 2020-21 and beyond.
- Tax collection rates are assumed to be 95.55% throughout the forecast period.
- Included in the State School Fund formula.

2. Property Tax Collections – Prior Year

- Estimated at 36% of uncollected current year property taxes throughout the forecast period.
- Included in the State School Fund formula.

3. State School Fund Grants (SSF)

State School Fund Grant

Total SSF Formula Revenue: Per Pupil Amount (SSF Grant per Pupil, adjusted for teacher experience and state funding ratio) X Enrollment (Extended ADMw) + Transportation Grant – SSF Local Revenues (Local Property Taxes, Common School Fund, County School Fund).

- Assumes \$9.0 billion in state funding for K-12 schools in the 2019-21 biennium: with 49% available in the first year of the biennium and 51% available in the second year. For the 2021-23 and 2023-25 biennia, state funding is forecast to grow by approximately 6.0%. For these two biennia, the forecast reflects a 49%-51% funding split between the first and second year.
- Per pupil amounts have been adjusted to reflect projected enrollment during the forecast period.

High Cost Disability Grant

• Provided to partially offset the cost of educating students for whom costs exceed \$30,000 per year.

4. SSF Local Revenues

• The forecast includes Common School Funds and County School Funds for all years. These revenues are included in the State School Fund formula.

5. Local Option Levy

- Five-year property tax levy of \$1.50/\$1,000 AV to support general operations, renewed May 2019 for 2020 through 2025.
- Forecast projections are based on current assessed values adjusted for steady growth throughout the forecast period (annual assessed property value growth of 2.0%).
- Expected to remain substantially below statutory limits of \$1,000 per ADMw and 20% of state resources over the forecast period.
- Not included in the State School Fund formula.

6. Other Revenues

• Not included in the State School Fund formula.

• Includes many different revenue sources such as Education Service District (ESD) funding allocations, interest earnings, tuition and fees, indirect grant charges, student body fund payment for staffing, athletics fees and student body cards, funding and donations from outside groups, and building rental income.

Board Policy DI, Revenue Policies item 1:

"The district will strive to establish a stable revenue base for the operating budget for program needs through cooperation with its associations, legislators, and other districts. The district will make capital funding requests periodically to assure adequate safety and preservation of school buildings, district equipment, and other capital assets." 2. "The district may charge the service fees intended to recover the partial or full cost of non-district sponsored use of its facilities, services or equipment, if permitted by law..."

7. Enrollment

- Average Daily Membership (ADM) Year-to-date average of daily student enrollment.
 - ADMr Resident ADM.
 - ADMw ADM weighted to reflect the number of students in specific categories such as English Language Learners (ELL), students with Individualized Education Programs (IEPs), students enrolled in Pregnant and Parenting programs, living in poverty, or in foster care.
 - Extended ADMw Greater of the current year or prior year ADMw, used to calculate State School Fund grant payments.

	Change in number of	Projected student enrollment, excluding		
School year	students	charter schools		
2020-21	Increase of 205	16,784

Expenditure Assumptions

1. Employee Compensation

- Salaries and related costs and benefits for licensed staff have been calculated based on the 2017-2020 Collective Bargaining Agreement between the EEA and 4J. Starting in 2020-21, the forecast projection is limited to costs for a full contract year (no furlough days) and an annual step movement for all eligible employees effective July 1st.
- Licensed employee changes (i) track enrollment changes, (ii) represent terms agreed in the 2017-2020 contact between the EEA and the District, and (iii) reflect staffing changes approved by the superintendent.

0	2020-21	38.14 FTE increase	(staffing additions for 2019-20 and 2020-21 enrollment gains and ratio/classroom adjustments, added grade to Chinese Immersion, Behavior Framework and ESL staffing additions, and ongoing staffing additions included in 2019-20 Supplemental Budget #1)						
0	2021-22	5.80 FTE increase	(enrollment and added grade to Chinese Immersion)						
0	2022-23	7.20 FTE increase	(enrollment and added grade to Chinese Immersion)						
0	2023-24	7.20 FTE increase	(enrollment and added grade to Chinese Immersion)						
0	2023-24	8.95 FTE increase	(enrollment and added grade to Chinese Immersion)						

- Projected salaries for classified staff members reflect terms agreed to in the 2018-2022 Collective Bargaining Agreement between OSEA and the District. For 2021-22 and beyond, the forecast projects a full contract year (no furlough days) and an annual step movement for all eligible employees effective July 1st.
- Classified employee staffing within the General Fund is expected to increase by almost 20 FTE in 2020-21 primarily due to additional Education Assistant and LPN nursing positions associated with the Behavior Framework. Other smaller increases will support technology, facilities, human resources and custodial services.
- COLAs for 2017-2020 were approved by the Board for managers, administrators, professionals, supervisors and directors, and reflected the same percentage increases as those approved for the same period for licensed staff. Starting in 2020-21, the forecast projection is limited to costs for a full contract year (no furlough days) and an annual step movement for all eligible employees effective July 1.

2020-21: the General Fund will support a portion of the cost of the new Chief Operations Officer (0.4 FTE) and a new Human Resources administrator. Professional staffing support will be added for legal services, community liaison services, financial systems, support services and the childcare program at ECCO.

Payroll Costs and Benefits

• Payroll costs are calculated as a percentage of salary, while health insurance and other benefits are driven by staffing levels.

- Insurance contributions are subject to negotiation with employee groups. This forecast does not include any change to the contributions currently made by the District for licensed staff or managers, administrators, professionals, supervisors, and directors. Insurance contributions for classified staff will increase in 2020-2021 as detailed within the 2018-2022 Collective Bargaining Agreement between OSEA and the District.
- The District's PERS rates for the 2019-21 biennium increased by 4.20 percentage points and an additional increase of 1.20 percentage points is forecast for the 2021-23 biennium.
- Annual required support for district early retirement benefits is estimated at \$1.0 million per year.

2. Other Operating Expenditures

- Purchased Services costs increase at the Consumer Price Index (CPI) rate for U.S. Urban Consumers throughout the forecast period (ranging from 1.8% to 2.5% over the five-year period).
- Charter school payments represent the pass-through of state funding (80% or 95% of state funding received, dependent on the grade levels served by the charter school) and local option revenue on a per pupil basis.

3. Transfers

- Beginning in 2020-21, annual transfers to accumulate funds for curriculum adoption, student and staff technology and equipment/fleet purchases are included in the forecast as noted below:
 - Student Technology \$1.5 million
 - o Staff Technology \$1.0 million
 - Curriculum \$1.0 million
 - Equipment Replacement \$750,000
- Insurance and risk reserve transfers:
 - Beginning in 2020-21, \$710,000 will be transferred annually to the Insurance Reserve Fund (Fund 600) to support risk management, student safety activities and high school campus supervision.
 - Up to \$250,000 in social security cost savings from pre-tax flexible spending accounts will be transferred annually to insurance reserve accounts, as negotiated with employee groups.
 - Up to \$936,000 will be transferred to the Nutrition Services program annually to support service delivery. This amount may change based on future decisions made by the Board regarding nutrition program operations.

4. Contingency

• The General Fund Contingency is equal to 2.0% of operating expenditures, the minimum set by Board policy. Board Policy DI, Accounting and Financial Practices Policies item 4 states: *"The targeted contingency for the General Fund is two percent of the operating budget."*

Staffing Information

Staff Conversion and Costing Table

The Staff Conversion and Costing Table reflects the full budget cost of an average licensed and/or classified full time equivalent (FTE) employee. This version of the Staff Conversion and Costing Table was used in the development of the 2020-21 budget.

Below are average staff salary, payroll, and benefits costs to use for calculating additional staffing from grants, donated funds, or conversions of materials and supplies budgets to FTE and for converting licensed FTE and classified hours. Amounts can be used for both conversion purposes and costing additional staffing. *Classified conversions are stated in terms of hours and not FTE.*

Remember that there is a 10% equity surcharge on donated funds earmarked for staffing.*

These rates may be used for all staffing conversions.

AVERAGE STAFFING COSTS ***

Licensed Staff (191 days)					
Regular Staff			.10 FTE	= \$11,01	0
Salary Account	11	1 \$6,6	27		
Fixed Costs	20	0s \$2,8	12		
Fringe Benefits	24	0s \$1,5	71		
Extended Contract			1 day	= \$49)4

Fixed / Fringe Co	osts 20	0s \$1	47		
Substitute Teacher			1 day	= \$25	9
Salary Account	12	1 \$1	92		
Fixed / Fringe Co	osts 20	0s \$	67		
Classified - Grade 10 and lower (ave	erage of 204 days)		1 Hour	= \$7,43	16
Salary Account	11	2 \$3,9	33		
Fixed Costs	20	0s \$1,6	69		
Fringe Benefits	24	0s \$1,8	34		
Classified - Grade 11 and higher (ave	erage of 226 days)		1 Hour	= \$9,99	0
Salary Account	11	2 \$5,7	26		
Fixed Costs	20	0s \$2,4	30		
Fringe Benefits	24	0s \$1,8	34		

* Please contact a member of the Budget team (budget@4j.lane.edu) for help in costing additional staffing or converting one type of staffing to another, e.g., licensed to classified. Financial Services will work with you to determine the amount that needs to be billed to your school for staffing purchased with outside funds.

According to Board policy, staff positions funded through donations will be created only after the funds have been received by the district.

For staffing funded through Eugene Education Fund (EEF) grants, please notify the Grants Coordinator (grants@4j.lane.edu) of your budget decisions, in addition to your Human Resources representative.

***New as of January 1, 2020, and in accordance with SB 1049, the district must pay the "Net Employer Contribution Rate" for retirees hired back to work -- 26.16% of salary for Tier I/II and 20.71% for OPSRP.

Functions in Major Program Areas

The major program areas and functions associated with these major program areas in the General Fund are presented below. Specific costs associated with each function can be found in the Program Budget Detail Section.

Direct Classroom Services

Direct classroom services is dedicated to school district activities that are involved in direct instructional services to students. The fundamental purpose of the District is to provide the very best education we can for every student, from kindergarten through high school graduation, in a safe environment that is demanding but nurturing and rigorous but compassionate, fosters independence and collaboration, and respectfully demands accountability as well as excellence from students and staff.

Regular Programs

Kindergarten through grade twelve instruction programs are designed to prepare students to graduate from high school, prepared to be successful in college, careers, and as citizens. These programs provide learning experiences to develop the knowledge, skills, appreciation, attitudes, and behavioral characteristics needed by all students. They also include special learning experiences designed to meet physical, mental, social and emotional disabilities or gifts.

- 1111 Elementary School Programs
- 1121 Middle School Programs
- 1131 High School Programs

Special Programs

Special programs provide a wide range of instructional and related services for traditional and non-traditional students including programs for those with disabilities, alternative education, Talented and Gifted, and English Language Learners, as well as learners attending summer school, charter schools, and other programs.

- 1210 Programs for the Talented and Gifted
- 1220 Restrictive Programs for Students with Disabilities
- 1229 Other Restrictive Programs
- 1250 Less Restrictive Programs for Students with Disabilities
- 1260 Treatment and Habilitation
- 1271 Remediation
- 1280 Alternative Education
- 1288 Charter School Flow-Through
- 1291 English Language Learner Program
- 1292 Teen Parent Programs
- 1293 Migrant Education
- 1294 Youth Corrections Education
- 1410 Special Programs Elementary Summer School

Classroom Support Services

Classroom Support Services include direct services to the staff that provide student instruction; activities designed to support instruction include providing materials, services, and professional growth opportunities; extra-

curricular activities for students; functions that directly support the non-instructional needs of students; and the administration of the schools that our students attend.

Extracurricular Activities

Extracurricular activities are designed to support and enrich successful student participation in regular and special instructional programs. Support is provided by various specialists through direct service to students and consultation services with school personnel, parents, students and other agencies.

- 1113 Elementary School Student Activities
- 1122 Middle School Student Activities
- 1132 High School Student Activities

Student Support

These activities are designed to support successful student participation in regular and special instructional programs. Support is provided by various specialists through direct service to students and consultation services with school personnel, parents, students and other agencies. *Some of these functions are funded by Federal, State and Local grants.*

- 2110 Attendance and Social Work Services
- 2115 Student Safety
- 2122 Counseling Services
- 2126 Placement Services
- 2129 Other Guidance Services
- 2131 Health Services
- 2132 Medical Services
- 2139 Other Medical Services
- 2142 Psychological Testing Services
- 2143 Psychological Counseling Services
- 2152 Speech Pathology Services
- 2169 Miscellaneous Support of Educational Services
- 2190 Service Direction, Student Support Services

Libraries, Curriculum and Staff Development

These activities are designed to support instruction by providing materials, services, and professional growth opportunities.

- 2210 Improvement of Instructional Services
- 2211 Service Area Direction
- 2212 Site-Based Improvement of Instruction
- 2213 Curriculum Development
- 2214 Multicultural Education
- 2219 Other Improvement of Instruction Services
- 2222 Library/Media Center
- 2223 Multimedia Services

- 2230 Assessment and Testing
- 2240 Instructional Staff Development

School Administration

School Administration comprises school leadership, including principals, assistant principals, extended contracts, and other related services which direct and lead regular and special programs.

2411 Principals Services

2490 Other Support Services

Community Services

These activities include providing child care and managing community use of District facilities.

- 3320 Community School Services
- 3510 Custody and Care of Children Services

Building Support Services

Building Support Services provide direct support to students and staff in the school buildings, including maintenance and operations of school buildings, student transportation, supplies and mail distribution, and effective communications through networked computer and telephone systems.

Facilities Operation and Maintenance

Facilities Operation and Maintenance aims to create and maintain safe, comfortable and attractive facilities to enhance the learning and working environment for District students and employees.

- 2541 Operation and Maintenance of Plan Service Area Direction
- 2542 Building Division Services
- 2543 Grounds Division Services
- 2544 Building Repair and Maintenance
- 2546 Security Services
- 2548 Care of Buildings Services
- 4150 Building Acquisition & Improvement

Student Transportation

Student Transportation works to provide safe, reliable transportation for District students.

- 2549 Fleet Maintenance Services
- 2551 Transportation Services Area Direction
- 2552 Vehicle Operation Services
- 2554 Vehicle Purchasing, Servicing and Maintenance Services
- 2555 Student Transportation District
- 2556 Student Transportation Refundable
- 2559 Other Pupil Transportation Services

Technology

The Technology Department works to provide highly reliable and useable technology resources for District students and staff.

- 2660 Technology
- 2665 Site-based Technology Services
- 2669 Other Technology Services

Warehouse and Purchasing

Warehouse and Purchasing includes purchasing, central supply warehouse and materials/mail distribution.

- 2575 Purchasing and Warehouse Services
- 2576 Mail Distribution Services

Central Support Services

Central Support Services provide general direction and support for the District's various programs.

Executive Administration

Executive Administration includes the School Board and the Office of the Superintendent.

- 2311 Board of Directors Expenses
- 2321 Office of the Superintendent Services

Financial Services

Financial Services is responsible for payroll, cash management, accounts payable, budget, financial analysis, accounting, business systems, and grants. The department also provides analysis and support to schools, departments, district administration and the School Board in financial matters.

2521 Financial and Support Services

Human Resources

Human Resources (HR) provides leadership, direction and support to District schools and departments. HR fosters and promotes instructional excellence by cultivating and exemplifying a student-centered/employee-oriented culture that emphasizes quality, effectiveness, continuous improvement, growth and the development of high performing employees.

- 2215 Reimbursable Leave
- 2641 Human Resources Service Area Direction
- 2700 District Retirement Program

Communications and Intergovernmental Relations

Communications and Intergovernmental Relations implements communication and community engagement activities that support District goals and maintain open communication within the District and with the public. The department also assists District leadership in maintaining positive intergovernmental relationships.

2630 Public Information Services

Other Accounts

- 5120 Short-term Debt Retirement
- 5200 Transfers of Funds
- 6110 Operating Contingency
- 6114 Board Priorities Reserve
- 6115 Operations Reserve
- 7000 Reserves and Fund Balances

Function Descriptions

1111 Elementary School Programs

The elementary instructional program for children in grades kindergarten through five provides learning experiences focused on key essential skills, particularly those necessary to receive an Oregon high school diploma: read and comprehend a variety of texts; write clearly and accurately; apply mathematics in a variety of settings; listen actively and speak clearly and coherently; think critically and analytically; use technology to learn, live and work; demonstrate civic and community engagement; demonstrate global literacy; and demonstrate personal management and teamwork skills.

Instruction is delivered using strategies that encourage students to make connections across subject areas, think critically and apply their learning to experiences in their own lives.

1113 Elementary Student Activities

Expenditures for elementary school extra-curricular activities.

1121 Middle School Programs

This level of instruction blends a strong academic program with a gradual transition from the elementary school to the high school. The middle school climate and program are designed to assist students to progress intellectually, physically, and socially by involving them in continued development of basic skills and exploratory activities. The middle school course profile that identifies course work and career exploration activities to be completed during the middle and high school years. Students are encouraged to take increasing responsibility for their own behavior and learning. All students are expected to meet benchmarks including completing algebra by the 8th grade.

1122 Middle School Student Activities

Expenditures for middle school extra-curricular activities.

1131 High School Programs

The high school instructional programs focus on learning experiences and activities which emphasize knowledge, skills, appreciation, attitudes, and behavioral characteristics needed by all students in order to graduate prepared to be successful in college and careers. Special efforts are made to help students understand themselves, their relationship with society, and the preparation necessary for their successful entry into the world of work and/or advanced academic and career training.

Increased graduation requirements and the need to prepare graduates for the 21st century have guided high schools to invest in the four dimensions of college readiness: key cognitive strategies; key content knowledge; academic behaviors; and contextual skills and awareness.

1132 High School Student Activities

This portion of the budget includes expenditures for student activities and athletics. These co-curricular pro-grams supplement the basic instructional offerings by providing additional interests and experiences for student learning to take place.

1140 Preschool Programs

Expenditures for school-readiness programs prior to kindergarten.

1210 Programs for the Talented and Gifted (TAG)

Instruction provided for intellectually gifted and academically talented students addressing their assessed levels and rate of learning.

1220-1224 Restrictive Programs for Students with Disabilities

Special learning experiences for students with disabilities who spend one-half or more of their time in a restricted setting. These learning experiences include but are not limited to such areas as Comprehensive Learning Centers, Developmental Kindergarten, Community Transition Centers, Life Skills with Nursing, Out of District programs, Home Instruction, Extended School Year programs, Diagnostic Classrooms and Functional Living Skills.

1229 Other Restrictive Programs

Services and activities designed to support students with Autism or behavior needs.

1250-1254 Less Restrictive Programs for Students with Disabilities

Special learning experiences for students with disabilities outside the regular classroom. These learning experiences include but are not limited to such areas as Learning Centers where students with disabilities go during certain periods of the school day to receive targeted instruction in specific subject or skill areas. All special education expenditures, including 1250, need to be reported to the state at the district level rather than the school level.

1260 Treatment and Habilitation

Services designed to evaluate children with developmental deficits in sensory, motor, communication, self-help, and socialization areas. It includes transition services to school-age programs.

1271 Remediation

Instructional activities designed to improve achievement of regular education students who are not meeting state performance standards. Activities take place outside regular class time; e.g., after school, Saturday School and Summer School.

1280 Alternative Education

Learning experiences for students who are not succeeding in a regular classroom setting; who are at-risk of dropping out of school; who may be more successful in a nontraditional environment; or who need a special education placement outside of District programs.

1288 Charter School Flow-Through

Expenditures related to District sponsored charter schools.

1291 English Language Learner (ELL) Program

Instructional activities designed to improve English skills of students who do not speak English as their native language.

1294 Youth Corrections Education

Instructional programs delivered to youth in detention.

1460 Special Programs –Summer School

Instructional activities provided in accordance with summer school.

2110 Attendance and Social Work Services

Those activities which are designed to improve student performance at school and which attempt to prevent or solve student problems involving the home, the school, and the community.

2115 Student Safety

Activities associated with campus monitors, school police, crossing guards, and other direct expenses associated with services intended to enhance student campus and vicinity safety.

2122 Counseling Services

This program provides activities concerned with the relationship between students and others, including other students, staff, and parents. The major purpose of this effort is to assist pupils to understand their educational, personal and occupational strengths and limitations; to relate their abilities, emotions, and aptitudes to educational career opportunities; to form realistic plans and to achieve satisfying personal and social development.

2129 Other Guidance Services

Other guidance services not classified above.

2131 Health Services

Activities associated with directing and managing health services, which are not instruction, such as health inspection, treatment of minor injuries, and referrals for other health services.

2132 Medical Services

Activities concerned with the physical and mental health of students, such as health appraisal, screening for psychiatric services, periodic health examinations, emergency injury and illness care and communications with parents and medical officials.

2139 Other Medical Services

Other health services not classified above.

2142 Psychological Testing Services

Activities concerned with administering psychological tests, standardized tests and inventory assessment of ability, aptitude, achievement, interests and personality and the interpretation of these measures for students, school personnel and parents.

2143 Psychological Counseling Services

Activities concerned with administering psychological tests and interpreting the results, gathering and interpreting information about student behavior, working with other staff members in planning school programs to meet the special needs of students, conducting behavioral evaluations and interventions, and managing a program of psychological services.

2152 Speech Pathology Services

Speech/language services and support to students with disabilities.

- 2169 Miscellaneous Support of Educational Services Activities supporting District special educational programs.
- 2190 Service Direction, Student Support Services Activities associated with directing and managing student support services.
- 2210 Improvement of Instructional Services Activities designed primarily for assisting instructional staff in planning, developing and evaluating the process of providing learning experiences for students.
- 2211 Service Area Direction Activities associated with directing and managing the improvement of instruction services.
- 2212 Site-Based Improvement of Instruction Site-based activities associated with directing and managing the improvement of instructional services.
- 2213 Curriculum Development Services Activities designed to aid teachers in developing, preparing and using curriculum materials.
- 2214 Multicultural Education

Activities associated with managing and directing the multicultural program.

2215 Reimbursable Leave

Licensed president leave, reimbursed by Eugene Education Association (EEA) as provided in the EEA/District Collective Bargaining Agreement.

2219 Other Improvement of Instruction Services

Activities for improving instruction other than those contained in the other 2210 functions. Staff including District coordinators of activities and athletics, music, technology, and language. Funds to support the student work study program.

- 2221 Instructional Materials Center Activities associated with previewing publications.
- 2222 Library/Media Center

Activities such as selecting, acquiring, preparing, cataloging, and circulating print and non-print materials, and networking with other entities to offer a wide array of these materials to students and staff. Also included are services to instructional staff related to the use of the media center, media materials, and instruction of students in the use of media center materials and equipment.

2223 MultiMedia Services

Activities such as selecting, preparing, caring for, and making available to members of the instructional staff all multimedia equipment and materials.

2230 Assessment and Testing

Activities to measure individual student achievement. Information obtained is generally used to monitor individual and group progress in reaching District and state learning goals and requirements.

2240 Instructional Staff Development

Activities specifically designed for instructional staff to assist them in preparing and using special/new curriculum materials, understanding and using best teaching practices, and any other activity designed to improve teacher performance.

2311 Board of Directors Expenses

Expenses incurred by Board members while directing and managing the general operation of the Eugene School District.

2321 Office of the Superintendent Services

Activities performed by the Superintendent and his/her assistants in the general direction and management of all affairs of the Eugene School District. This function includes all personnel and materials in the office of the Superintendent.

2411 Principals Services

Expenses connected with activities performed by principals in the general supervision of all operations of the school, evaluation of the staff members of the school, assignment of duties to staff members, supervision and maintenance of school records, and coordination of school instructional activities with instructional activities of the District. Clerical staff for these activities is included.

2521 Financial Services

Activities concerned with carrying out the functions of the financial services and accounting offices.

2541 Operation and Maintenance of Plan Service Area Direction

Activities to direct and manage the operation and maintenance of school plant facilities.

2542 Maintenance Division Services

This division includes both general maintenance of buildings and ground as well as painting and finishing, repair of floors, lockers, roofing and fencing, concrete work, glass work, plastering, pest control, etc.

2543 Grounds Division Services

Activities concerned with maintaining land and its improvements (other than buildings) in good condition.

2544 Building Repair and Maintenance

Expenditures for activities concerned with maintenance of the district's physical plant, including repair and replacement of facilities and equipment.

2546 Security Services

Activities concerned with maintaining security and safety of school property.

2548 Care of Buildings Services

Activities concerned with keeping the physical plant clean and ready for daily use. This includes services such as telephone, electricity, fuel, water, sewage, garbage, and custodial. Premiums for insurance coverage for property damage are recorded here.

2549 Fleet Maintenance Services

Operation of the District's motor pool services.

2551 Transportation Service Area Direction

Activities pertaining to directing and managing pupil transportation services.

2552 Vehicle Operation Services

Activities concerned with operating vehicles for pupil transportation from the time the vehicles leave the point of storage until they return to that point. Driving buses or other pupil transportation vehicles is included. Liability insurance of pupil transportation vehicles is recorded here.

2554 Vehicle Purchasing, Servicing, and Maintenance ServicesActivities concerned with maintaining pupil transportation vehicles in good operating condition.

- 2555 Student Transportation Other than to and from school (District Expenses).
- 2556 Student Transportation Other than to and from school (Refundable).

2559 Other Pupil Transportation Services Pupil transportation services which cannot be classified under the preceding functions. Included are the costs for contracted transportation services, transportation permits, transportation safety, and out of District transportation.

2575 Purchasing and Warehouse Services

The operating of the district-wide activities of purchasing, receiving, storing and distributing supplies, furniture, equipment and materials for the Eugene School District.

2576 Mail Distribution Services

The collection and distribution of United States and district mail.

2630 Public Information Services

Activities concerned with writing, editing and other preparation necessary to disseminate educational and administrative information to pupils, staff, managers, and to the general public through direct mailing, the various news media, or personal contact.

2641 Human Resources Service Area Direction

Activities of directing and managing staff services including employment and assigning personnel and recording information relating to staff members.

2660 Technology

Activities concerned with all aspects of technology, which includes computing and data processing services such as networking and telecommunications costs.

- 2665 Site-based Technology ServicesActivities to support instructional staff in the integration of technology into curriculum.
- 2669 Other Technology ServicesActivities concerned with data processing which are not described above.
- 2690 Other Support Services Central Used only in Fund 600 for claims paid.
- 2700 District Retirement ProgramCosts associated with a supplemental retirement program provided to eligible employees by the District.
- 2710 Retirement Pay Plan (Licensed) Used in Fund 790 only.
- 2720 Retirement Pay Plan (Administrators, Supervisors, Confidentials) Used in Fund 790 only.
- 2730 Other Personnel Services Retirement (Classified)
 Activities concerned with the retirement pay plan for classified employees of the Eugene School District.
 Used only with Fund 790.
- 3100 Food Services

Activities concerned with providing food to students and staff in a school or district. This service area includes the preparation and serving of regular and incidental meals, lunches, or snacks in connection with school activities, and the delivery of food.

3190 Food Services - Summer: Activities concerned with the preparation and serving of Nutrition Services summer meal program.

3320 Community School Services

Activities which are not directly related to the provision of education for students in the Eugene School District. These include services such as community recreation programs, civic activities, and community school programs provided by the Eugene School District for the community as a whole or in part.

3390 Radio KRVM Services

Activities related to KRVM Radio broadcasting.

3510 Custody and Care of Children Services

Activities pertaining to the provisions of programs for the custodial care of children in residential day schools, or child care centers which are not a part of, or directly related to, the instructional program, and where the attendance of the children is not included in the attendance figures for the Eugene School District.

4111 Service Area Direction

Activities concerned with direction and management of facilities acquisition and construction.

- 4120 Site Acquisition and Development Services Activities pertaining to the initial acquisition of sites and improvements thereon.
- 4150 Building Acquisition, Construction, and Improvement Services

Activities concerned with building acquisition through purchase or construction and building improvements. Initial installation or extension of service systems, other built-in equipment and building additions are included.

- 5110 Long-Term Debt Service Expenditures for debt retirement exceeding 12 months.
- 5120 Short-Term Debt Retirement Expenditures for debt retirement paid in full within the fiscal year.
- 5200 Transfers of Funds

All transfers from one fund to another.

6110 Operating Contingency

Amounts budgeted to allow for unforeseen expenditures and unusual increases in necessary requirements. Any expenditure is approved by the Board of Directors and the funds are transferred to the correct appropriation to cover the costs.

6111 Contingency – Special Education

Amounts budgeted to allow for unforeseen expenditures and unusual increases in necessary requirements. Any expenditure is approved by the Board of Directors and the funds are transferred to the correct appropriation to cover the costs.

6115 Operations Reserve

Amounts budgeted to address District operational needs. Expenditures are approved by the Board of Directors and the funds are transferred to the correct appropriation to cover the costs.

7000 Reserves and Fund Balances

Carry-over to the next year's budget for stability in volatile economic times and cash flow until other resources are received. It cannot be accessed by resolution or supplemental budget during the fiscal year in which it is budgeted. It is described under Board policy.

Glossary

A

ACCOUNTING SYSTEM

The total structure of records and procedures which discover, record, classify, summarize, and report information on the financial position and results of operations of a government of any of its funds, fund types, balanced account groups, or organizational components.

ACCRUAL BASIS

The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows.

ACTIVITY

A specific and distinguished line of work performed by one or more organizational components of a government for the purpose of accomplishing a function for which the government is responsible. For example, food inspection is an activity performed in the discharge of the health function.

ACHIEVEMENT GAP

A persistent and significant disparity in educational achievement and attainment among groups of students as determined by a standardized measure.

ADM

Average daily membership is a student count used for state funding purposes. It is calculated as the total days' membership during a specific reporting period, divided by the number of days school was in session during that reporting period.

ADMr

Resident average daily membership of the students who live within District boundaries, with kindergarten students included as half students.

ADMw

Average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given one additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.

ADOPTED BUDGET

The financial plan adopted by the school board which forms a basis for expenditure appropriations.

APPROPRIATION

A legal authorization to make expenditures and incur obligations for specific purposes. Total appropriations include the adopted budget and any supplemental budget(s). The legal appropriation is the amount authorized by the Board.

ASSESSED VALUE (AV)

The portion of value of real or personal property that is taxable; the lesser of the property's real market value or the constitutional value limit. The value limit may increase 3% annually unless qualifying improvements or changes are made to the property. See "Measure 50."

ASSESSMENT

A method to measure what students are learning (i.e., testing).

ASSETS

Resources owned or held by a government, which have monetary value.

ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID)

A college readiness system for elementary through higher education that is designed to increase school-wide learning and performance.

B

BALANCED BUDGET

Projected resources equal projected requirements within each fund.

BEGINNING FUND BALANCE

Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year.

BOND or BOND ISSUE

A certificate of debt guaranteeing payment of the original investment plus interest on specific dates. Bonds are typically used by governments to pay for large public projects like new schools.

BUDGET

A plan of financial operation embodying an estimate of proposed means of financing them for a single fiscal year. A proposed budget is presented to the budget committee for approval. An approved budget is subsequently adopted as approved or modified by the School Board.

BUDGET COMMITTEE

Fiscal planning board of a local government or district, consisting of the governing body (school board) plus an equal number of legal voters from the district, who are appointed by the governing body (*Oregon Revised Statutes, 294.336*).

BUDGET DOCUMENT

The instrument used by the budget-making authority to present a comprehensive financial plan to the School Board, which is the appropriating body. The budget document contains a message from the Superintendent, together with a summary of the proposed expenditures, means of financing them, and the schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates.

BUDGETARY CONTROL

The management of the district, in accordance with an approved budget, for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

С

CAPITAL ASSETS

Assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets include grounds and improvements, buildings, construction in progress, intangibles, equipment and vehicles.

CAPITAL BUDGET

A plan of proposed capital projects for the coming year and the means for financing them.

CAPITAL EXPENDITURES

Expenditures that result in the acquisition of or addition to capital assets.

CASH BASIS

The basis of accounting under which transactions are recognized only when cash changes hands.

CLASSIFIED EMPLOYEES

Support staff, including instructional assistants, clerical staff, bus drivers, custodians, maintenance and food service staff.

CONTINGENCY

An amount budgeted each year for unforeseen expenditures. Board policy recommends a General Fund operating contingency of 2% of expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires Board approval.

CURRENT RESOURCES

Resources available to meet current obligations and expenditures. Examples are current assets, estimated revenues of a particular period not yet realized, transfers from other funds authorized but not received, and in the case of certain funds, bonds authorized and un-issued.

D

DEBT SERVICE

The amount of money needed to make periodic payments on the principal and interest on an outstanding debt. Debt service is usually expressed as an annual amount.

DEFICIT

The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.

E

EARLY COLLEGE AND CAREER OPTIONS (ECCO)

A comprehensive 4J high school offering a state-accredited diploma. Class sizes are small and credit is accelerated, helping students who have dropped out or who have not experienced success in traditional programs. ECCO offers opportunities for independent study and nontraditional methods for completing graduation requirements.

EDUCATION STABILITY FUND

Established in 2002 by constitutional amendment and funded with 15% of lottery earnings. Has similar triggers to access as Rainy Day Fund but no two thirds cap on withdrawals. Limited to 5% of state General Fund revenues collected in the prior biennium. Tapped for K-12 support in 2001-03, 2003-05, 2007-09 and 2011-13.

ELEMENTARY AND SECONDARY EDUCATION ACT (ESEA)

Federal statute originated in 1965 and is currently authorized under the Every Student Succeeds Act (ESSA). The Every Student Succeeds Act represents the largest source of federal support for K-12 education and focuses resources on the neediest students and schools. Includes Title 1 funding for economically disadvantaged students at risk of falling behind.

EVERY STUDENT SUCCEEDS ACT (ESSA)

The Every Student Succeeds Act (ESSA) replaces No Child Left Behind (NCLB) and is the most recent authorization of the Elementary and Secondary Education Act (ESEA), the principal federal law affecting K–12 education. A number of federal entitlement programs (Title I–V) are grouped together under this program name.

ENDING FUND BALANCE

The difference between a fund's resources and requirements at year end.

ENGLISH LANGUAGE LEARNER (ELL)

The English Language Learner program provides educational support to students who do not meet a minimal English language proficiency standard.

EQUALIZATION

A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all of Oregon's districts are treated more or less equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per student basis.

ESSENTIAL BUDGET LEVEL (EBL)

Amount calculated by the Legislative Revenue Office prior to each biennial legislative session to project the state budget level required to continue current service levels.

EUGENE EDUCATION ASSOCIATION (EEA)

The employee group representing licensed employees.

EUGENE EDUCATION OPTIONS (EEO)

A consolidation and enhancement of existing alternative education services offered to traditional and non-traditional school populations such as at-risk students in Options High Schools, students attending Early College &

Career Options, traditional and non-traditional students accessing online instruction, and other student populations who need personalized programs and services.

EUGENE ONLINE ACADEMY (EOA)

Offers personalized online learning opportunities for students with unique and diverse needs as part of the Instructional Services Department.

EXPENDITURES

Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

F

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

Form which must be completed by all students interested in financial aid for college.

FISCAL YEAR

A 12-month period that determines the time frame for financial reporting, budgeting and accounting. For Eugene School District 4J, the fiscal year is July 1 through June 30.

FIXED COST

A cost such as rent that does not change with increases or decreases in the amount of services provided.

FTE

Full-time equivalent staff. One FTE is defined as a regular position scheduled to work eight hours per day.

FUNCTION

Expenditure classification identifying the activity or principal purpose for which an expenditure is made.

FUND

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND STRUCTURE

The District budgets its resources in eight funds—four major governmental funds, two non-major governmental funds, and two proprietary—or internal service—funds. The funds are:

Major Governmental Funds

- General
- Federal, State and Local Programs
- Capital Projects
- Debt Service

Non-major Governmental Funds

- Nutrition Services
- School Resources

Proprietary (Internal Service)

- Insurance Reserve
- Postemployment Benefits

G

GENERAL FUND

The fund used to account for District operations except those required to be accounted for in another fund.

GENERAL OBLIGATION (G.O.) BOND

A bond that is secured by the pledge of a government's "full faith and credit." General obligation bonds issued by a jurisdiction are secured by the jurisdiction's ad valorem taxing power which is typically not subject to a constitutional limitation on the tax rate.

Η

HEALTHY, HUNGER-FREE KIDS ACT OF 2010 (HHFKA)

Legislation which authorizes funding and sets policy for the United States Department of Agriculture's (USDA) core child nutrition programs (National School Lunch Program; School Breakfast Program; Special Supplemental Nutrition Program for Women, Infants, and Children; the Summer Food Service Program; and the Child and Adult Care Food Program).

HIGH COST DISABILITY GRANT

State School Fund allocation to reimburse school districts for expenditures above \$30,000 per student for high cost special education students.

Ι

IDEA

The Individuals with Disabilities Education Act is federal legislation which requires local districts to provide free and appropriate education in the least restrictive environment to students with disabilities.

INDIVIDUALIZED EDUCATION PROGRAM (IEP)

A written statement of an educational program for a student receiving special education services. An IEP is required for each student receiving such services.

INDIRECT COST

A cost necessary for the functioning of the organization as a whole but cannot be directly assigned to one service.

INTERNAL SERVICE FUND

A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

K

KRVM

District 4J's radio station which provides career education in communications media and broadcasts school district activities.

L

LIABILITIES

Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

LICENSED EMPLOYEES

Includes teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, and occupational, speech, and physical therapists.

LOCAL OPTION

A tax levy approved by the 1999 Legislature to allow school districts to raise additional funds for operations or capital needs. Funds are excluded from the State School Fund formula.

Μ

MANAGERS, ADMINISTRATORS, PROFESSIONALS, AND SUPERVISORS (MAPS)

The employee association representing managers, administrators, professionals, and supervisors.

MEASURE 5

Property tax limitation passed by Oregon's voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.

MEASURE 47

Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995–96 levels less 10% and capping future increases by 3% annually.

MEASURE 50

Initiative referred by legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to 3%, with exceptions. Under Measure 50, assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value. Also imposed "double majority" requirement of 50% voter turnout and majority affirmative vote at all elections except November general elections (even-numbered years). ("Double majority" requirement overturned by Measure 56 in 2009. See below.)

MEASURE 56

State ballot measure referred by legislature to remove the "double majority" requirement for approval of local property tax measures from all May and November elections. Approved by voters in November 2008.

MEASURES 66 and 67

Citizen tax referenda for voters to affirm two tax increases approved by the 2009 legislature. Measure 66 increased personal income tax rates for high-income individuals, and Measure 67 increased corporate taxes by raising the \$10 corporate minimum tax to \$150, raising the corporate profits tax, and increasing certain business filing fees. Approved January 2010.

MEASURE 98

The High School Graduation and College and Career Readiness Act of 2016 (Measure 98, currently referred to as the High School Success grant), provides direct funding to school districts to increase high school graduation rates. Measure 98 identifies three specific areas: 1) Establish or expand career and technical education programs in high schools, 2) Establish or expand college-level educational opportunities for students in high schools, and 3) Establish or expand dropout-prevention strategies in high schools. A school district will receive funds under Measure 98 if the school district submits a biennial plan for increasing high school graduation rates using the three identified strategies. A district's biennial plan must be approved by the ODE. Approved November 2016.

MODIFIED ACCRUAL BASIS

Basis of accounting used for all governmental funds. Revenues are recognized when they become both "measurable" and "available to finance expenditures of the current period." Expenditures are recognized when the related fund liability is incurred.

Ν

NO CHILD LEFT BEHIND ACT (NCLB)

The former authorization of the Elementary and Secondary Education Act (ESEA), the principal federal law affecting K–12 education.

0

OREGON ASSESSMENT OF KNOWLEDGE AND SKILLS (OAKS)

State assessment testing of student achievement in the areas of reading, math, writing, and science for students in grades 3 through 12.

OBJECT

As used in expenditure classification, this term applies to the article purchased or the service obtained (as distinguished from the results obtained from expenditures). Examples are salaries, employee benefits, personal services, materials, and supplies.

OPERATING BUDGET

Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service delivery activities of a government are controlled. The use of an annual operating budget is required by state law.

OREGON EDUCATIONAL ACT FOR THE 21ST CENTURY

A sweeping school improvement effort initiated in 1991, calling for increased academic standards, student achievement and accountability through benchmark testing and public/parent involvement and reporting of progress.

OREGON PUBLIC EMPLOYEES RETIREMENT FUND (OPERF)

A cost sharing multiple-employer defined benefit pension plan administered by the Oregon Public Employees Retirement System; this plan is for qualifying employees who were hired before August 29, 2003. Members in this plan are either Tier One (hired on or before December 31, 1995) or Tier Two (hired on or after January 1, 1996, and before August 29, 2003).

OREGON PUBLIC SERVICE RETIREMENT PLAN (OPSRP)

A hybrid successor plan to the OPERF; OPSRP consists of two programs. The Pension Program is the defined benefit portion of the plan and applies to qualifying employees hired after August 29, 2003. Beginning January 1, 2004, all PERS member contributions go into the Individual Account Program (IAP), the defined contribution portion of the plan. PERS members retain their existing PERS accounts, but any future member contributions are deposited into the member's IAP.

OREGON SCHOOL EMPLOYEES ASSOCIATION (OSEA)

The employee group representing classified staff.

Р

PAYROLL COSTS

Amounts paid by the District on behalf of employees, in addition to gross salary. Examples are group health insurance, contributions to the public employees retirement system (PERS), social security (FICA), workers' compensation, and unemployment insurance.

PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS)

System that administers public employee benefits in Oregon. The District contributes to two pension plans administered by PERS: the Oregon Public Employees Retirement Fund (OPERF) and the Oregon Public Service Retirement Plan (OPSRP).

Q

QUALITY EDUCATION MODEL (QEM)

A model, developed by the legislative Council on the Quality Education Model and refined by the Oregon Quality Education Commission, specifies what constitutes adequate funding and services for elementary, middle, and high school students.

R

RAINY DAY FUND

Established by the 2007 legislature and built by moving funds from the state ending fund balance at the end of each biennium. Withdrawals require one of three conditions to be met plus three-fifths vote of legislature.

Conditions are decline in employment, projected budgetary shortfall, and declaration of state of emergency. Withdrawals are limited to two-thirds of balance at beginning of biennium.

REAL MARKET VALUE (RMV)

Defined under Measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.

REQUIREMENT

An expenditure or net decrease to a fund's resources.

RESERVE FUND

Established to accumulate money from one fiscal year to another for a specific purpose.

RESOURCES

Estimated beginning fund balances on hand at the beginning of the fiscal year, plus all anticipated revenues.

REVENUES

Monies received or anticipated by a local government from either tax or non-tax sources.

S

SCHOOL YEAR SUBACCOUNT

Funds allocated in 2011-12 to K-12 school districts by the State Legislature for the purpose of reducing class size and enhancing student learning opportunities in such ways as increasing the number of school days.

SEQUESTER / SEQUESTRATION

Across-the-board budget reductions in specific categories of federal spending resulting from a policy of fiscal austerity. Funding cuts negatively impacted District grants and subsidies beginning in the 2013-14 fiscal year.

STAFFING RATIO

The licensed staffing ratio is the ratio of students to licensed staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as music, media, and physical education are funded through the staffing ratio.

STATE SCHOOL FUND

A long-standing state fund within the budget of the Oregon Department of Education which holds the major appropriation of state support for public schools. Annual grants are distributed to school districts on a per-student basis in eleven payments per year, according to a legislatively adopted formula. This formula incorporates monies held in the State School Fund plus local property taxes and other local revenues such as Federal Forest Fees, Common School Funds, and County School Funds.

STEM

Science, Technology, Engineering, and Mathematics curriculum.

STRUCTURALLY BALANCED BUDGET

A budget that supports financial sustainability for multiple years into the future.

SUPPLEMENTAL BUDGET

Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase a tax levy.

Т

TAG

The Talented and Gifted (TAG) State legislation requires local districts to provide programs and services to academically talented and cognitively gifted students at their assessed level and rate of learning.

TITLE I

Title I of the Elementary and Secondary Education Act (ESEA) is federal funding aimed at students who are behind academically or at risk of falling behind. Funding provides assistance to students who are economically disadvantaged.

TOSA

Teacher on special assignment, usually performing project work such as curriculum development or program coordination.

TRANSFERS

Amounts distributed from one fund to finance activities in another fund. Shown as an expenditure in the originating fund and revenue in the receiving fund.

TRANSITION EDUCATION NETWORK (TEN)

A creative 21st century program that provides appropriate instruction and opportunities to students with developmental disabilities, ages 14–21. The program maximizes students' potential in educational, social, vocational, recreational and residential areas.

TEACHER STANDARDS AND PRACTICES COMMISSION (TSPC)

The Teacher Standards and Practices Commission is an organization separate from the Oregon Department of Education which provides licenses to teachers and administrators.

U

UNAPPROPRIATED ENDING FUND BALANCE (UEFB)

Amount budgeted to carry over to the next year's budget to provide the District with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year.

W

WORKING CAPITAL

Financial term for the liquidity of an organization's financial condition. Sometimes refers to beginning or ending fund balances.

List of Acronyms

ADM	Average daily membership

Notice of Budget Committee Meeting: 2020-21 Proposed Budget Presentation & Public Comment

Published: APRIL 15, 2020

LEGAL NOTICE:

Eugene School District 4J, Lane County, Oregon Notice of Budget Committee Meeting

Two public meetings of the Budget Committee of Eugene School District 4J, Lane County, State of Oregon, to discuss the budget for the fiscal year July 1, 2020 to June 30, 2021, will be held in the months of April 2020 and May 2020. The first meeting will be held on April 27, 2020, at 6:00 p.m. The purpose of the meeting is to receive the budget message and to receive comment from the public on the budget.

The second meeting will be held on May 11, 2020, at 6:00 pm for approval of the budget. UPDATED: The second meeting will be held on May 20, 2020, at 5:15 pm for approval of the budget.

In light of current public health concerns related to coronavirus COVID-19, both meetings of the Eugene School District Budget Committee will take place virtually. The Budget Committee meetings will be open to the public, pursuant to ORS 294.426, via live broadcast on KRVM 1280-AM and via the internet at www.4j.lane.edu/stream.

This is a public meeting where deliberation of the Budget Committee will take place. Any person may comment on the budget.

NOTICE:

Public comment will be received via email only.

In an effort to reduce the spread of coronavirus COVID-19 and in compliance with the Governor's Stay Home, Save Lives Executive Order, these meetings will be held virtually and there will not be in-person public comment.

Send public comment via email to <u>budget_comm@4j.lane.edu</u> and clearly label the subject line as: "Public Comment," or mail to 4J Budget Committee – Public Comment, 200 North Monroe St., Eugene, OR 97402. Public comment received before the start time of each meeting will be published with committee materials linked on the district's website (<u>https://v3.boardbook.org/Public/PublicHome.aspx?ak=1000666</u>).

The budget committee will read, review and consider all public comment.

A copy of the budget document may be inspected online at http://www.4j.lane.edu /finance/docs or obtained by mail on or after April 14, 2020, via email request to budget_comm@4j.lane.edu or phone request via phone message to 541- 790-7627.

> Fund resources included in this budget are \$238.5 million, a \$12.1 million increase over the prior year budget of \$226.4 million. The primary sources of change in resources are an increase in projected property tax collections of \$3.0 million and additional funding from the State School Fund of \$9.4 million next year. Projections from the State School Fund assume a K-12 statewide budget appropriation of \$9.0 billion split 49%/51% over 2019-20 and 2020-21 respectively, and tax collections assume property valuation growth of 3.0% a year. Changes to other funds include a significant increase in Federal, State and Local Programs funding from the Student Success Act, with approximately \$13.5 miltion from the Student Investment Account and a \$1.5 million increase to the High School Success grant. Of note, the decline in beginning fund balance for 2020-21 is related to spending in 2019-20 related to bond-funded purchases and capital projects.

> spending in 2019-20 related to bood-funded purchases and capital projects. Requirements: District General Fund operating requirements are projected to rise by \$11.5 million to \$210.8 million, excluding the unappropriated ending fund balance of \$1.7 million. While this increase reflects a wide variety of adjustments to the 2020-21 operating budget, \$3.3 million of the increase maintains current operations; \$2.6 million supports elementary, middle school and nutrition services program staffing additions, and \$4.25 million provides continued funding for technology, curriculum and equipment reserves. Changes to other funds include increased expenditures in the Federal, State and Local Programs Fund related to the Student Success Act, with \$13.5 million budgeted to support activities detailed in the Ostrict's Student Investment Account plan and an additional \$1.8 million for the High School Success program.

NOTICE OF BUDGET HEARING

A public meeting of the Board of Directors of Eugene School District 4J will be held on June 3, 2020 at 6:00 p.m. In light of current public health concerns related to coronavirus COVID-19, the meeting of the Eugene School District Board of Directors on Wednesday, June 3, 2020 will take place virtually. School board members will meet by phone. Pursuant to ORS 192.670, the meeting will be open to the public via live broadcast on KRVM 1280-AM and via the internet at www.4j.lane.edu/stream. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2020 as approved by the Eugene School District 4J Budget Committee and to hold a public budget hearing. Send public comment via email to board@4j.lane.edu.

Clearly label the subject line as: "Public Comment"

 Public comment received prior to the start of the board meeting will be published in board materials, linked on the district's website within 48

hours of the board meeting.

Action on the budget is scheduled for June 17, 2020. A summary of the budget is presented below. A copy of the budget may be inspected online at https://www.4j.lane.edu/finance/docs/ or obtained by mail via email request to budget@4j.lane.edu or via phone message request to 541-790-7927. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the basis of accounting used during the preceding year.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

Resources: For fiscal year 2020-21, the Eugene School District 4J budget is based on budgetary estimates developed prior to the current COVID-19 emergency. The future economic impact of this emergency on available federal, state and local resources is not yet known and may not be quantified before the District's June 30th legal deadline for budget adoption. To address this concern, the Eugene School District Board plans to meet in 2020-21, when funding levels have been finalized, to review the budget and make any necessary adjustments through supplemental budget or board resolution. General Fund resources included in this budget are \$238.5 million, a \$12.1 million increase over the prior year budget of \$226.4 million. The primary sources of change in resources are an increase in projected property tax collections of \$3.0 million and additional funding from the State School Fund of \$9.4 million next year. Projections from the State School Fund assume a K-12 statewide budget appropriation of \$9.0 billion split 49%/51% over 2019-20 and 2020-21 respectively, and tax collections assume property valuation growth of 3.0% a year. Changes to other funds include a significant increase in Federal, State and Local Programs funding from the Student Success Act, with approximately \$13.5 million from the Student Investment Account and a \$1.8 million increase to the High School Success grant. Of note, the decline in beginning fund balance for 2020-21 is related to spending in 2019-20 related to bond-funded purchases and capital projects.

Requirements: District General Fund operating requirements are projected to rise by \$11.5 million to \$230.8 million, excluding the unappropriated ending fund balance of \$7.7 million. While this increase reflects a wide variety of adjustments to the 2020-21 operating budget, \$3.3 million of the increase maintains current operations; \$2.6 million supports elementary, middle school and nutrition services program staffing additions, and \$4.25 million provides continued funding for technology, curriculum and equipment reserves. Changes to other funds include increased expenditures in the Federal, State and Local Programs Fund related to the Student Success Act, with \$13.5 million budgeted to support activities detailed in the District's Student Investment Account plan and an additional \$1.8 million for the High School Success program.

Board Action - Adopting the 2020-21 Budget

Eugene School District 4J 200 North Monroe Street Eugene, OR 97402-4295

ITEM FOR ACTION (Second Read)

Date of Meeting

June 17, 2020

Title

APPROVE A RESOLUTION ADOPTING THE 2020-21 BUDGET, MAKING APPROPRIATIONS, IMPOSING AND CATEGORIZING TAXES

Presenters

Cydney Vandercar, Assistant Superintendent for Administrative Services, and Andrea Belz, Director of Financial Services

Background

In compliance with Oregon Revised Statute (ORS) Chapter 294.453, on June 3, 2020 the Board conducted a public hearing on the budget document as approved by the Budget Committee on May 20, 2020.

In accordance with ORS Chapter 294.456(1)(a), prior to July 1, 2020, the Board must adopt the 2020-21 budget, make appropriations, declare and categorize property tax amount or rate to be certified to the assessor for the ensuing year and to itemize and categorize the ad valorem property tax amount or rate as required under ORS 310.060. The Board may make limited amendments to budgetary appropriations as stated in ORS 294.456(1)(c).

Approved Budget

For fiscal year 2020-21, the Eugene School District 4J budget is based on budgetary estimates developed prior to the current COVID-19 emergency. The future economic impact of this emergency on available federal, state and local resources is not yet known and may not be quantified before the District's June 30th legal deadline for budget adoption. To address this concern, the Eugene School District Board plans to meet in 2020-21, when funding levels have been finalized, to review the budget and make any necessary adjustments through supplemental budget or board resolution.

General Fund resources included in this budget are \$238.5 million, a \$12.1 million increase over the prior year budget of \$226.4 million. The primary sources of change in resources are an increase in projected property tax collections of \$3.0 million and additional funding from the State School Fund of \$9.4 million next year. Projections from the State School Fund assume a K-12 statewide budget appropriation of \$9.0 billion split 49%/51% over 2019-20 and 2020-21, respectively, and tax collections assume property valuation growth of 3.0% a year. Changes to other funds include a significant increase in Federal, State and Local Programs funding from the Student Success Act, with approximately \$13.5 million from the Student Investment Account and a \$1.8 million increase to the High School Success grant. Of note, the decline in beginning fund balance for 2020-21 is due to spending in 2019-20 related to bond-funded purchases and capital projects.

District General Fund operating requirements are projected to rise by \$11.5 million to \$230.8 million, excluding the unappropriated ending fund balance of \$7.7 million. While this increase

reflects a wide variety of adjustments to the 2020-21 operating budget, \$3.3 million of the increase maintains current operations; \$2.6 million supports elementary, middle school and nutrition services program staffing additions, and \$4.25 million provides continued funding for technology, curriculum and equipment reserves. Changes to other funds include increased expenditures in the Federal, State and Local Programs Fund related to the Student Success Act, with \$13.5 million budgeted to support activities detailed in the District's Student Investment Account plan and an additional \$1.8 million for the High School Success program.

Options and Alternatives

The ORS does not provide for any alternatives to this process. The Board may request limited adjustments in the budget prior to adoption at the June 17th meeting.

Budget/Resource Implications

The budget must be adopted by June 30, 2020 to provide spending authority and certify to the tax assessor an ad valorem tax rate and debt service levy for the fiscal year beginning July 1, 2020.

Board/Superintendent Goals

This item is related to the Board goal to provide prudent stewardship of District resources to best support student success, educational equity and choice.

Recommendation

The Superintendent recommends approval of a resolution adopting the 2020-21 budget, making appropriations, and imposing and categorizing taxes. A copy of the resolution is included in your agenda packet.

Resolution No. 2021-01

Eugene School District 4J 200 North Monroe Street Eugene, OR 97402-4295

RESOLUTION No. 2021-01

ADOPTING THE BUDGET

BE IT RESOLVED that the Board of Directors of the Eugene School District No. 4J hereby adopts the budget for fiscal year 2020-2021 in the total amount of \$603,670,202. This budget is now on file at the District Finance Office, 200 North Monroe Street, Eugene, OR.

MAKING APPROPRIATIONS

BE IT RESOLVED that the amounts for the fiscal year beginning July 1, 2020 and for the purposes shown below are hereby appropriated as follows:
