

Request for Proposals for Construction Manager / General Contractor
Services for Multi Site High School Athletic Improvements

Addendum #2

The following addition is hereby made part of the Bidding and Project Documents, effective this date:

October 30, 2020

Answers to questions received.

In sections 5.1 to 5.7 there are mentions of how many points each section is worth. This does not agree with the point values listed on page 18. Which information is correct?
[As shown on Page 18.](#)

Question 5.2 #1 asks us to respond to the Statement of Values in Section 3.2C. I can not find that section in the RFP. It skips from 3.2B to 3.2D. I did find reference to these values in 5.2 #4 – we are asked to respond to them in both #1 and #4. Assume we can just respond to this once. [Yes - that is the correct reference - one response needed.](#)

Are there any basic site plans we can see for the three schools? [Use Google Maps - we have none marked up - that is part of the project.](#)

Also wondering if Appendix 1 section 5.1 will be updated with 2019 as the most recent year instead of 2018? [No - use provided document and year.](#)
