- D. If access is required at times when the school office is not staffed, contact the Facilities Office, 541-790-7432, for assistance.

- B. Quoters shall certify to non-collusion practices on the form included as part of the Quote Form, to be submitted with the Quote Form.
  - 1. A Non-Collusion Affidavit is required for any contract awarded pursuant to the quote. According to the Oregon Public Contracts and Purchasing Laws, a public contracting agency may reject any or all quotes upon a finding of the agency that it is in the public interest to do so (ORS 279C.395). This agency finds that it is in the public interest to require the completion of this affidavit by potential contractors.
  - 2. The Non-Collusion Affidavit must be executed by the member, officer or employee of the quoter who makes the final decision on prices and the amount quoted in the quote.
  - 3. Quote rigging and other efforts to restrain competition, and the making of false sworn statements in connection with the submission of quotes are unlawful and may be subject to criminal prosecution. The person who signs the Affidavit should examine it carefully before signing and assure himself or herself that each statement is true and accurate, making diligent inquiry, as necessary, of all other persons employed by or associated with the quoter with responsibilities for the preparation, approval or submission of the quote.

  - 6. Failure to file an Affidavit in compliance with these instructions will result in disqualification of the quote.
- C. Quoters shall certify to non-discrimination in employment practices on the form, included as part of the Quote Form, to be submitted with the Quote Form. COVID-19 Vaccine Attestation and  
Waiver of Liability Addendum for Contractors

---

This COVID-19 RELATED VACCINE ATTESTATION AND WAIVER OF LIABILITY ADDENDUM, (herein referred to as the “Addendum”) amends the terms of the Agreement between Parties.

*All terms of the Agreement are incorporated herein by this reference.*

The novel coronavirus (“COVID-19”), has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, federal, state, and local governments and federal and state health agencies have provided orders, regulations, and guidance regarding COVID-19.

**COVID-19 Liability.** Contractor understands the hazards of COVID-19 and is familiar with the Centers for Disease Control Prevention (“CDC”) guidelines; and federal, state, and local orders regarding COVID-19. Contractor acknowledges that it understands the circumstances regarding COVID-19 and will take all necessary precautions as provided by the CDC and federal, state, and local governments. Contractor shall indemnify, defend, and hold harmless District from and against any and all claims, demands, lawsuits, judgments, losses, or expenses of any nature arising out of Contractor’s failure to follow the CDC, federal, state, or local orders or guidance regarding COVID-19 and that leads to, directly or indirectly, the infection of COVID-19 or any other illness or injury related to COVID-19.

**Masks.** Contractor attests that it understands that as of August 2, 2021, all contractor’s employees and agents are required to wear a mask or face covering when in an indoor school setting pursuant to OAR 333-019-1015, and when outdoors when children are present. "Face covering" means a cloth, polypropylene, paper or other face covering that covers the nose and the mouth and that rests snugly above the nose, below the mouth, and on the sides of the face. The school retains the ability to deny access to its facilities to any contractor who does not comply with the school’s health and safety protocols.

**COVID-19 Vaccine Mandate.** Contractor attests that it understands that as of October 18, 2021, all of contractor’s employees and agents, who are 16 or older and who are “engaged to provide goods or services to or at a school through any formal or informal agreement, whether compensated or uncompensated...” and “providing goods or services at or for a school that includes direct or indirect contact with students” are required to be vaccinated pursuant to OAR 333-019-1030.

The district has determined that:

- Contractor is not engaged in providing goods or services at or for a district program or facility that includes direct or indirect contact with students; based on OAR 333-019-1030 and exceptions outlined in the FAQs, **vaccines are not required.**

\_\_\_\_\_(initials of contractor) I understand that if at any time service changes and Contractor anticipates that it will provide services at a facility that includes direct or indirect contact with students, Contractor must notify the contract administrator or purchasing because Contractor may be subject to requirements below and it may be necessary to execute a new addendum.

Contractor is engaged in providing goods or services at or for a district program or facility that includes direct or indirect contact with students; **vaccines are required.**

**By initialing on each line below, Contractor agrees to the following requirements:**

\_\_\_\_\_ I attest that, per Oregon Administrative Rule ~~333-019-1030~~, any people within my organization who will have direct or indirect contact with 4J students under this Agreement scope, whether at 4J sites or other sites, are already fully vaccinated by October 18, 2021.

\_\_\_\_\_ I attest that I, or those with authority within my organization, have reviewed and verified the proof of vaccination of any people who will have direct or indirect contact with 4J students under the above contract scope. "Proof of vaccination" means documentation provided by a tribal, federal, state or local government, or a health care provider, that includes an individual's name, date of birth, type of COVID-19 vaccination given, date or dates given, depending on whether it is one dose or two-dose vaccine, and the name/location of the health care provider or site where the vaccine was administered.

\_\_\_\_\_ I attest that my organization, as required by Oregon Administrative Rule ~~333-019-1030~~, will maintain the proof of vaccination\* for any such person (a) in accordance with applicable federal and state laws, and (b) for at least two full years. I attest that my organization will provide such documentation to the Oregon Health Authority upon request. Documentation may include but is not limited to a COVID-19 vaccination record card or a copy or digital picture of the vaccination record card, or a print-out form from the Oregon Health Authority's immunization registry.

\_\_\_\_\_ I attest that any of its employees or agents who are assigned to provide services under the terms of this Agreement has provided Contractor with proof of vaccination showing they are fully vaccinated. Contractor will accommodate employees who qualify for an exception to the vaccination requirement due to medical conditions or sincerely held religious beliefs in a manner that does not place them at a 4J site performing services (or providing goods) that include direct or indirect contact with students. "Documentation of a medical or religious exception" means that Contractor is in receipt of a written request for a medical or religious exception, made on a form prescribed by the Oregon Health Authority, and in compliance with the requirements set forth in OAR ~~333-019-1030~~.

\_\_\_\_\_ I attest that no unvaccinated person (myself or any employee or agent) will have direct or indirect contact with 4J students in District contracted activities after October 18, 2021.

~~\_\_\_\_\_ I attest that any people within my organization who will have direct or indirect contact with students will follow 4J's protective measures including wearing face coverings, distancing from others, and isolating or quarantining if exposed to or contracting COVID-19~~

~~\_\_\_\_\_ I understand and agree that failure to comply with these requirements may result in immediate termination of my contract.~~

**Additional Health and Safety Protocols.** Contractor understands that District is permitted to require more stringent health and safety protocols than is required under the law. As such, the school retains the ability to deny access to its facilities to any contractor who does not comply with the school's health and safety protocols.

**COVID-19 Termination.** District may terminate this Agreement immediately and without notice if it is found that Contractor has failed to follow any regulations, orders, or guidance as provided by the CDC and federal, state, and local governments.

**Force Majeure.** Neither District nor Contractor shall be responsible for delay, default, or termination of contract caused by any contingency beyond their control, including, but not limited to war or insurrection (whether declared or not); plague, epidemic, pandemic, outbreaks of infectious disease or any other public health crisis, including, but not limited to quarantine or other restrictions as directed by state or federal government; compliance with any law or governmental order, rule, regulation or direction; strikes or lockouts by the Parties' own employees; walkouts by the Parties' own employees; fires; natural calamities; riots; or requirements of governmental agencies.

**Signatures.** The person signing this Addendum must be in a position that has authority to legally bind the entity, and must be able to confirm that the business entity, organization, or public entity is verifying and keeping records of their employees and agents vaccination status in accordance with OAR 339-019-1030.
