

10. Use ***powerful words*** to describe your Person Who Changed the World. The following is an excellent example. Please note that the citations are the pages that had the information on the Da Vinci innovations and art works. However, you may not require the same citations. Being the Renaissance Man, Da Vinci has so many achievements he required chapters of detail.

10. Tenacious

Leonardo Da Vinci shows tenacity in the way he overcomes challenges. By being persistent and not giving up when adversity is staring him in the face he accomplishes many of his goals.

Innovative

Leonardo Da Vinci is one of the most accomplished scientists, engineers, and artists ever to live on this Earth. These accomplishments were due to his great desire for knowledge and his impressive innovation. This allowed him to invent thousands of different machines (Field 164) and create a great deal of paintings and other works of art (Field 324).

Artistic

Along with copious inventions developed by Da Vinci, countless paintings were also created. Da Vinci is renowned for his beautifully accurate and majestic art. Some of the most illustrious works of art were created by Da Vinci (Field 324).
