Fort Gibson Tigers:

We hope this letter finds you well and ready to begin the 2022-23 year! We want to inform you that we will be participating in the State of Oklahoma voluntary Covid-19 testing program. This program is available to assist school districts and communities in widening the availability of Covid-19 Testing. We know availability of testing was scarce during previous surges in Covid-19 cases and hope this will be an opportunity to offer a more convenient option for our families. I want to stress to all families that this is a voluntary program and you can opt-in or opt-out of the program at any time. Opting in to this program will allow us to test your student if the need arises with only verbal permission from a parent/guardian. **Please complete the section below for the option you would like to choose.** We encourage you to select the option that best suits your desire.
