Dear Mr. Rivers:

Cochrane Ventilation Inc. (CVI) has completed the cleaning of HV-2's associated make-up air supply ductwork and the identified five (5) fan-coil units (FCUs) serving the classrooms off HV-2 at the Fuller Middle School, 31 Flagg Drive, Framingham, MA.

The cleaning was completed on August 12, 2014.

Included with this report are the pre- and post-cleaning photographs documenting the cleaning project.

Should you have any questions or wish further assistance, please feel free to call us at 1-800-974-9055. Cochrane Ventilation Inc. appreciates the opportunity to work with you on this project.

Sincerely,

Brett Moore
