Early Decision

Students can pick a single school to apply to, under a binding agreement – if they are admitted, they must attend.

Early Decision I

This is the main attempt for students to apply ED to a given school – and usually has the most advantage for students in terms of admit rates.

Early Decision II

For students who aren't admitted in the first ED wave, some schools offer another round –there isn't usually as much advantage in admit rates here, but still better than regular admission.

Typical deadline: **November 1st**

Typical decision release: **December 15th**

Early Action

Students apply earlier in the timeline. They aren't bound to enroll if they're admitted.

Regular Early Action

Students apply earlier in the cycle, to as many schools as they'd like. There's a slight advantage to admit rate, and students also get the benefit of learning the decisions earlier in the process.

Single-Choice Early Action

Students apply earlier in the cycle, but for these schools, they are only allowed to apply to a single school. There's a slight advantage to admit rate.

Typical deadline: **November 1st**

Typical decision release: **December 15th**

Regular Decision

Students apply to as many schools as they'd like, and are not bound to enroll if they are offered admission.

Typical deadline:

January 1st

Typical decision release:

April 1st
