## COLLEGE LETTERS OF RECOMMENDATION

### COUNSELOR LETTER OF RECOMMENDATION

Juniors applying to four-year colleges next year will most likely need a counselor letter of recommendation. However, they will find out for sure by checking the "application requirements" on the websites of the colleges to which they are applying. In order to write a letter of recommendation, counselors will need to be told in advance that students need a letter. **Learn more about transcripts and letters of recommendation on Canvas, [here](#).**

### TEACHER LETTER(S) OF RECOMMENDATION

Juniors applying to four-year colleges next year will most likely need one to two teacher letters of recommendation. However, they will need to find out the exact number required by checking the "application requirements" on the websites of the colleges to which they are applying. Students should ask teachers for letters of recommendation **IN PERSON**, and they should be teachers from their junior year (e.g. this year). Students should ask:

- One **STEM** teacher (math or science)

\*\*To request a teacher letter of recommendation, please follow the steps listed on the [Teacher Recommendation Letter Guide](#).

## STANDARDIZED TESTING INFO & RESOURCES

### STANDARDIZED TESTING FAQ

Be sure to look at Ms. Erikson's '[Standardized Testing](#)' Canvas page for detailed information on the following:

- *SAT + ACT registration instructions*
- *SAT + ACT study resources*
- *Fee waiver information*
- *Testing accommodations*
- *TOEFL registration*

#### **Important SAT/ACT Test Day Information:**

Make sure you bring what you need for test day! This includes a printed copy of your admissions ticket, a photo ID (a school ID is valid), No.2 pencils, and an approved calculator (the list can be found [here](#)).

**Need help registering?** Contact Ms. Erikson ([rschmid@framingham.k12.ma.us](mailto:rschmid@framingham.k12.ma.us))

#### **What is the Difference Between the SAT/ACT?**

There are a few key differences between the SAT and the ACT. ACT scores range between 1-36, and SAT scores range between 800-1600. The ACT allows a calculator to be used for all math sections; the SAT only permits a calculator on some sections (though, both tests focus on arithmetic, Algebra I&II, Geometry, and Trigonometry). ACT does have a science focus, unlike the SAT. \*Both the ACT & SAT are accepted by almost all colleges/universities in the U.S.

#### **Should I take the ACT/SAT Combo Practice Test?**

**Yes!** For all the reasons above, you may have a standardized test preference. The only way to find out which one you have is to take a sample of each test. Contact Ms. Erikson for details on how to find an online combo practice test.

#### **Do I Qualify for a Fee Waiver, & Where Do I Get One?**

Do you have free/reduced lunch and/or receive any financial assistance? If so, you qualify for a SAT fee waiver! A fee waiver covers the cost of up to two SAT tests and three SAT Subject Tests. If you need an **SAT or ACT fee waiver** please contact Ms. Erikson ([rschmid@framingham.k12.ma.us](mailto:rschmid@framingham.k12.ma.us)) and she will get you a code and help you register.

#### **How do I Send Schools my ACT/SAT Scores?**

Official [SAT/ACT](#) scores must be submitted through their respective websites. **Scores are NOT sent by FHS students' respective colleges.** Four score sends are covered by the registration

fee for both the SAT and ACT. Students who qualify for free/reduced lunch get up to eight free score sends.

*\*\*\*While some options are listed below, Framingham High cannot endorse any particular tutors or tutoring companies. We recommend that students/families conduct their own research prior to starting services.*
