APPLYING TO COLLEGE - PLEASE READ:

- Make sure you double check your deadlines and submit ahead of time (be sure to hit submit in Common App or electronic application). You do not have to wait until school documents are submitted for you to submit your application. You may submit your application when you are done!
- Be sure you have spoken with your counselor.
- Check in with the teachers who are writing your letters of recommendation to make sure they know a) which colleges to which you would like their letters sent b) the deadlines for your colleges.
- If Standardized Test Scores are required, make sure you send your scores from the College Board or ACT website as soon as possible.
- Check the financial aid requirements and deadlines for each of your schools.

***Once you have submitted, make sure you do the following in the days and weeks after your deadlines:

- If your schools have portals, be sure to log in to make sure that your colleges have all the materials they need and that you have a complete application.
- Please be sure to check your email every day. Colleges let students know about missing materials AND admissions decisions using email.
- If you are not able to check in a portal, you can call the admissions offices to make sure that they have a complete file. This should happen a couple of weeks after the deadline, as it takes colleges some time to process all materials.

THE COMMON APPLICATION

The **COLLEGE APPLICATION** is the backbone of all of the information a college/university needs to know about you to assess if you'd be a good fit for their school. The majority of schools use the [Common Application](#) as their application portal. Some schools have an application portal built into their website, and other schools use an application portal called the [Coalition App](#) (similar to the Common App; see schools that use the Coalition App [here](#)). Creating an account on any of these portals is free, but most colleges/universities have a cost associated with applying. All applications are created and submitted online.

For step-by-step directions about applying to college and FAQs, please visit Ms. Erikson's [The College Application](#) Canvas page.
