# How do I link additional students to my account in the Canvas Parent app on my iOS device?

 Document created by **Canvas Doc Team**  on Aug 2, 2019  
 **Version 1**

 Like • 1     Comment • 0    

You can link your Canvas account to additional student accounts from the Canvas Parent app. To link your account, you will need a student pairing code provided by your student, their instructor, or an admin from your student's institution.

Learn more about [pairing codes](#).

## Open User Menu

The screenshot shows a mobile application interface with a blue header bar. On the left of the header is a menu icon (three horizontal lines) enclosed in a red circle. To its right is a circular profile picture of a person with red hair, followed by the name "Emily Boone" and a downward-pointing chevron. Below the header, the main content area lists three courses, each separated by a horizontal line:

- BIO 102**  
BIO 102  
No Grade
- Biology 101**  
Biology 101  
C- 72.94%
- Biology 102**  
BIO 102  
B+ 87.41%

Below the course list is another horizontal line, followed by the text "Chat 101" and "Chat 101", and "No Grade". At the bottom of the screen is a navigation bar with three icons: a book icon labeled "Courses", a calendar icon labeled "Week", and a bell icon labeled "Alerts" with a red circle containing the number "3" next to it.

Tap the **Menu** icon.

## Manage Students

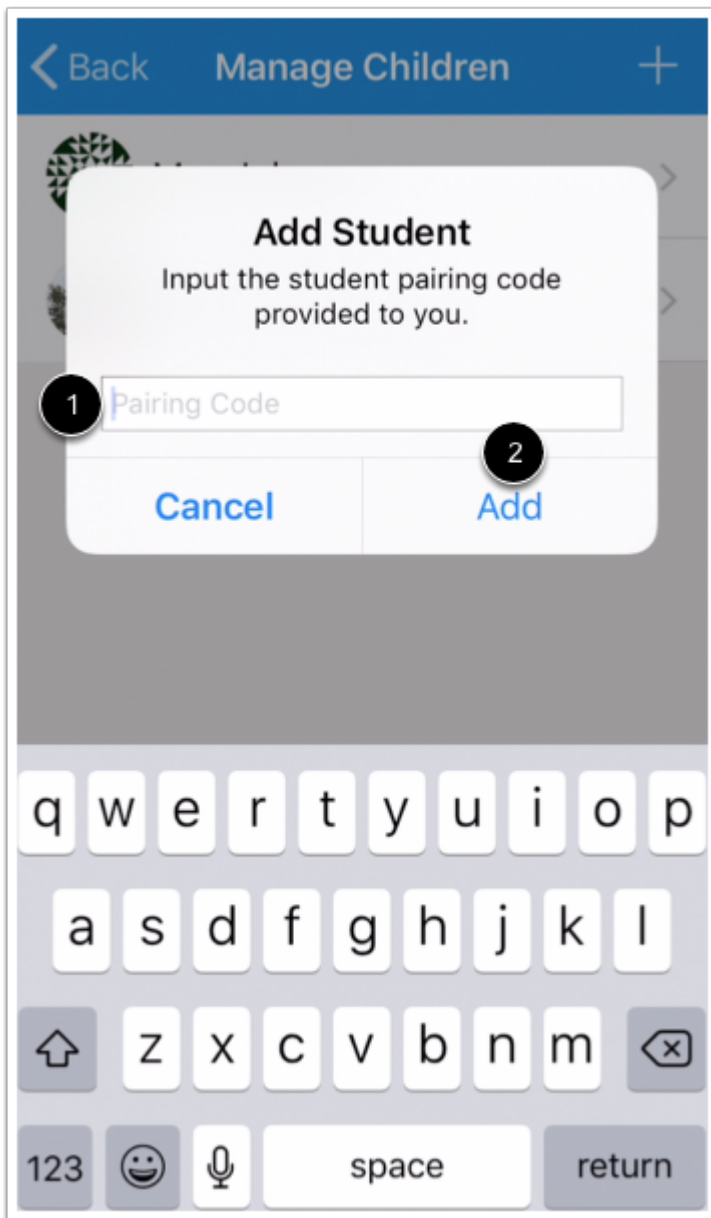

Tap the **Manage Children** link.

## Add Student

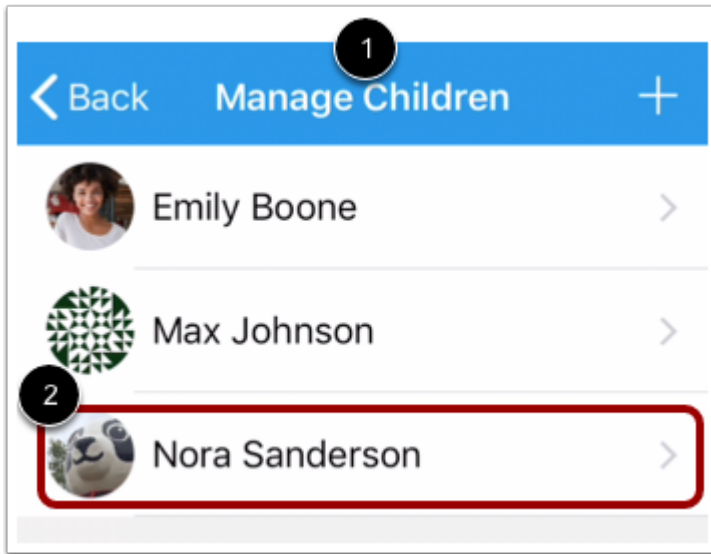

To link a student to your account, tap the **Add Student** link.

## Enter Pairing Code

Type the student pairing code into the **Pairing Code** field [1]. Then click the **Add** button [2].

## View Managed Students

View a list of your managed students on the Manage Children page [1]. To manage a student, tap a student's name [2].
