NEWS:

Student art work is visible around the school. Paper quilling is a recently completed project in Studio Art. The Elementary, Middle, and High School archery competition in Syracuse on Friday, March 10, went fantastic! The students had so much fun on the trip and we even had a student place for a medal! Seventh grade math students are coming up with a statistical question and then researching or interviewing students to collect data. They will then use this data to create box plots and compare two samples and present their conclusions of the samples. Some examples are heights of the modified girls' and boys' basketball teams at GCS, time students spend playing video games, high temperatures for two different months in a state, and heights of professional basketball players. Students completed arena scheduling on Monday, where they met with members of each department and chose electives for next year. Yearbooks are on sale. Order yours at Jostens.com. Memories that last a life time (\$55). The Senior Class will be selling Krispy Kreme Donuts the week of March 20. If you are interested in ordering, please contact a member of the senior class, Mrs. Meyers, or Mrs. Spence. Wizard of Oz tickets are now on sale at ghsdc.booktix.com.

Students attended an archery competition in Syracuse.
