

# SUMMER PACKET

Complete during July and August. All completed packets will count for your first ELA and Math grades and will get you a special treat surprise! See you in September!

From,

Mrs. Taylor & Mrs. Melino

Name: \_\_\_\_\_

1 Draw a line to match each subject with a predicate.

- Shelly •
- The ducks •
- The girls •
- play in the park.
- jumps rope.
- swim in the pond.

2 Circle or color the picture that rhymes with the given word.

tune

3 Rewrite the sentence on the line with correct capitalization, punctuation, and spelling.  
juliet live in minneapolis.

\_\_\_\_\_

6 Which shape has 6 sides equal in length?

- (A) pentagon
- (B) hexagon
- (C) octagon

7 Which word describes the relationship between the two lines?

- (A) parallel
- (B) perpendicular
- (C) intersecting

$$\begin{array}{r} 892 \\ + 27 \\ \hline \end{array}$$

$$\begin{array}{r} 746 \\ - 50 \\ \hline \end{array}$$

Write each group of words in ABC order.

4 seed, flower, plant, tree

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

5 playground, library, park, museum

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

9 Write the time.

\_\_\_\_\_

10 Kenji buys 80 beads to make bracelets. If each bead costs 5¢, how much will all the beads cost?

Answer: \_\_\_\_\_

Name: .....

# Let's review 2nd MATH

Write the number sentence in the correct place.

|  |  |
|--|--|
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |

$3 \times 3$

$4 \times 6$

$5 + 5 + 5$

$1 \times 6$

$2 \times 5$

$3 \times 6$

$5 \times 3$

$6 \times 6$

Name: .....

# Let's review 2nd MATH

Fill in the blanks to show how many hundreds, tens and ones.

..... + ..... + .....

..... + ..... + .....

..... + ..... + .....

..... + ..... + .....

..... + ..... + .....

..... + ..... + .....

..... + ..... + .....

Name: .....

# 3 MATH REVIEW

Write a multiplication equation to represent the total number of bubbles:

.....

Round each number to nearest ten:

54 .....

169 .....

587 .....

26 .....

Lucas bought an orange which weighed 170 grams and an apple which weighed 150 grams. How many grams of fruits did Lucas buy in all?

Paul bought 3 bags of cookies with 4 cookies in each bag, How many cookies did Paul buy in all?

Solve the result:

$6 \times 10 = \dots\dots\dots$  |  $6 \times \dots\dots\dots = 24$

$3 \times 10 = \dots\dots\dots$  |  $\dots\dots\dots \times 5 = 15$

$10 \times 7 = \dots\dots\dots$  |  $2 \times \dots\dots\dots = 8$

What time is it?

□ : □

$35 \div 7 = \underline{\hspace{2cm}}$       $11 \times 6 = \underline{\hspace{2cm}}$

$81 \div 9 = \underline{\hspace{2cm}}$       $4 \times 3 = \underline{\hspace{2cm}}$

Write how much money in all.

Name: .....

# 3 MATH REVIEW

Mary needs 4 buckets of sand to make a tower on her sand castle. If her castle has 5 towers, how many buckets of sand will she need?

It takes Jane 6 minutes to blow up a float. If she needs to blow up 7 floats how long will it take?

Jackie has 2 pair of sunglasses for every day of the week. How many pair of sunglasses does she have?

John's 3 brothers each caught 9 fish each. How many fish did all the boys catch?

Andrew went to the beach 4 days. Each day he collectec four sea shells. How many shells did he collect?

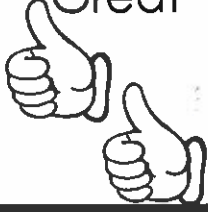

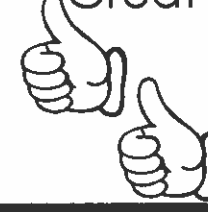

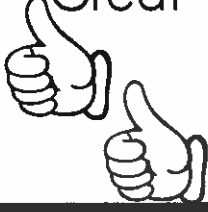

Mark off each square that you do this summer.  
One book can count for more than one square.

## WHAT IS CO-TEACHING?

Co-teaching is when a general education teacher and a special education teacher share the responsibilities of planning lessons, delivering instruction, and assessing skills in a heterogeneous classroom.

Co-teaching allows for all students to receive a standards based education in a least restrictive environment.

## THINGS TO REMEMBER

All kids can learn.

All kids can make friends.

All kids can be a friend.

All kids can participate.

All kids can be successful.

All kids can have fun.

All kids can contribute.

All kids have strengths.

# CO-TEACHING

*In Your  
Child's  
Classroom*

---

## A PARENT GUIDE

---

# THE BENEFITS OF BEING IN A CO-TAUGHT CLASSROOM

- Increased appreciation of differences
- Increased teacher time and attention
- Alternate methods of teaching
- Social skills instruction
- New and lasting friendships
- Increased self-esteem and self-confidence
- Strong sense of a classroom community
- Study skills instruction
- Increased test scores

Countless other benefits!

# WHAT DOES CO-TEACHING LOOK LIKE?

|                        |  |
|------------------------|--|
| One Teach, One Observe | One teacher leads the instruction while the other observes and gathers data to be reviewed after the lesson.   |
| One Teach, One Assist  | One teacher leads instruction while the other circulates the room and provides assistance to students as needed. This method should be used the least.               |
| Parallel Teaching      | Both teachers teach the same content, but to a divided class. This allows for differentiation. The teachers should alternate the group they work with.               |
| Team Teaching          | Both teachers share the delivery of the same content at the same time to the whole group. This is the most complex co-teaching style and requires the most planning. |
| Station Teaching       | Both teachers divide content and students. Students spend time with each teacher. A third station can be added for independent work.                                 |
| Alternative Teaching   | One teacher delivers instruction to the whole class while the other works in small groups to provide reteaching and relearning, as needed.                           |

# FREQUENTLY ASKED QUESTIONS

So, which one is my child's teacher?

*Both!*

Contact Information:

Mrs. Jennifer Taylor

[jtaylor@germantownncsd.org](mailto:jtaylor@germantownncsd.org)

Mrs. Elizabeth Melino

[emelino@germantownncsd.org](mailto:emelino@germantownncsd.org)

What if the pacing is too slow or too fast because of the varying levels?

*Because there are extra*

*adults in the room, your child will get a custom education.*

*ALL students receive improved instruction!*
