

The Germantown School District is a comprehensive, rural public school district that is dedicated to providing opportunity, resources, environment, and instruction so that all students may be productive, successful, independent, responsible, and contributing members of our global society.

As a small rural district, Germantown CSD is the center of learning and community life in picturesque Columbia County. The district serves approximately 500 students in a single PK-12 building. The personalized nature of our building empowers students to learn in a supportive environment that encourages academic excellence and lifelong learning. Students are also encouraged to participate in extracurricular activities such as academic/leadership clubs, volunteerism, and sports. The District is located 40 miles south of New York State's Capital, Albany, and 120 miles north of New York City with spectacular views of the Catskill Mountains and Hudson River which have long served as the backdrop for artists.

Our District goals are to provide a safe, inclusive environment for all, promote community engagement and to continue to develop innovative PreK-12 curriculum, instruction and assessment.

Germantown CSD has an anticipated opening(s) for the 2024-2025 school year and is now accepting applications for a full-time probationary English Teacher for grades 7-12.

Minimum Qualifications:
ELA 7-12 Certification

The ideal candidate will be able to work successfully in a collaborative setting and will be able to engage in effective data collection and analysis. This assignment will be in grades 7-8, with a special education co-teacher in some of the sections. Our average classes are 10-15 students, with a maximum of 25 students.

The outcomes for the position include:

Thorough knowledge of 7-12 content standards

Collaborative co-planning

Continuous Curriculum development

Effective differentiation

Proactive home-school communication

Accurate evaluation of student learning

Promoting student engagement

Successful lesson planning
